#### HI- TECH LUBRICANTS LTD.

INTEGRATED ANNUAL REPORT 2024

FUELING GROWTH DRIVING PROGRESS WITH SUSTAINABILITY

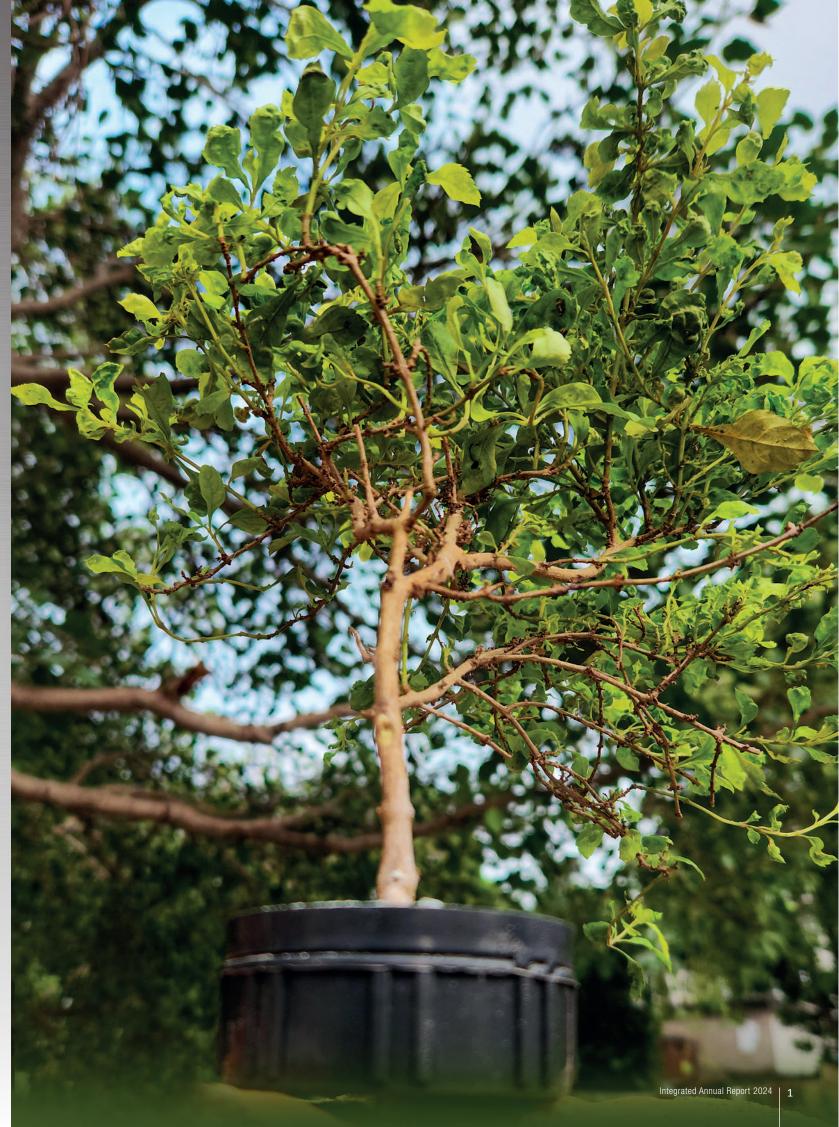

Hi-Tech Lubricants Limited (HTL) is celebrated for its remarkable growth and resilience in navigating challenging landscapes. Our steadfast commitment to core values not only bolsters team morale but also ignites a collective drive for success. In the face of a difficult economic climate affecting the nation and the business community, HTL embraces the belief that perspective is key. HTL remain dedicated to maintaining an optimistic outlook and focusing on the twin pillars of long-term sustainability and expansion.

Our strategic approach, anchored in relentless innovation and customer-centric solutions, enables us to mitigate the impact of economic fluctuations. We achieve this by continuously diversifying our product portfolio and exploring emerging markets.

At HTL, our responsibility goes beyond delivering premium products; it encompasses our commitment to sustainable practices. Guided by our vision statement, we aim to minimize our environmental footprint and delivering unparalleled product performance. Customer trust is fundamental to our business, and we ensure that our products not only meet the highest performance standards but also contribute positively to a sustainable future.

As foreign brands withdraw from the Pakistani market due to economic and political challenges, HTL views this as a transformative opportunity. We are determined to emerge as a local leader, reinforcing our presence with resilience. Our in-depth understanding of Pakistan's landscape, coupled with innovation, positions us to not only grow but also empower local industries and address market gaps.

Looking ahead, HTL is committed to driving growth through sustainable progress. We believe that true success lies in responsible growth, guided by the principle of creating long-term value. Together with our people, partners, and customers, we are dedicated to fueling the future with responsibility, innovation, and integrity.

# **INSIDE THIS REPORT**

# Section 1 **Basis of the Report:**

- 4 Integrated Reporting Approach
- Our Reporting Suite

# Section 2 **Glimpse of HTL**

- Company Overview
- 10 Vision, Mission, and Corporate Values
- Key Brands Product & Services
- 27 Ownership, Operating Structure and Relationship with Group Companies
- 28 Marketing Excellence
- 32 Geographical Presence
- Journey So Far
- Calendar of Major Events

# Section 3 **How We Create Value**

- Value creation Business Model
- Value Chain
- **SWOT Analysis**
- 50 PESTEL Analysis
- Strategic Direction and objectives
- Strategic Resource Allocation Plan
- Risk Management
- Risk and Opportunities

#### Section 4 **Future Outlook & Leadership** Message

- 70 Chairman's Review
- 72 CEO's Message
- ED's Review, The Future Outlook
- CFO's Message

# Section 5 **Commitment to Governance**

- 80 Board at a Glance
- 82 Board of Directors' Profile
- **Board Committees**
- 93 Report of the Board Audit Committee
- 96 Report of the Human Resource and Remuneration Committee
- 98 Directors' Report
- 106 Statement of Compliance
- Company Policies 108
- 111 I.T Governance & Cybersecurity
- Independent Auditor's Report 113

#### Section 6 **Engagement with Stakeholders and Community**

- Stakeholders Relationship and Engagement
- 120 Statement of Value Addition and its Distribution
- Pattern of Shareholding 121
- Notice of AGM 124

#### Section 7 HTL Sustainability Report

Driving Progress with Sustainability 134

#### Section<sub>8</sub> **Financial Performance** & Analysis

- Analysis of Financial Statements 172
- 191 **Unconsolidated Financial Statements**
- 192 Auditor's Report
- 261 Consolidated Financial Statements
- 349 **Proxy Form**

#### **Other Information**

- 351 Best Corporate Report (BCR) Mapping
- 358 Global Reporting Initiative (GRI) Mapping

#### INTEGRATED REPORTING APPROACH

Hi-Tech Lubricants Limited (HTL or the Company) is a distinguished leader in our industry. Upholding our commitment to exceptional governance and transparency, we focus on delivering comprehensive and well-rounded performance reports to our stakeholders, partners, and the communities we engage with. This commitment is embodied in HTL's Integrated Report 2024, which goes beyond financial outcomes to incorporate discussions on sustainability and future prospects. This approach ensures that our stakeholders gain a clear perspective on our strategic path for the short, medium, and long term.

#### **OUR REPORTING BOUNDARIES**

This Integrated Report (IR) encompasses the reporting period from July 1, 2023, to June 30, 2024, unless specified otherwise. The information provided addresses the risks, opportunities, and outcomes of the Group's activities, including those of our subsidiary.

Organizational overview, Strategy, including key strategic trade-offs

Value Creation Business model, including value created for stakeholders and its engagement

External environment, including sustainability driven initiatives

Commitment to Governance and Future Outlook

# Financial **Reporting**

# Boundary

Including our operating subsidiary

#### Non-Financial

# Reporting Boundary

Cover our operating subsidiary

# ABOUT OUR COMMITMENT TO EXCELLENCE IN CORPORATE REPORTING AND TRANSPARENCY (BCR AWARDS)

#### OUR APPROACH TO DELIVERING IMPACT IS GUIDED BY

We have focused on 12 of the 17 Sustainable Development Goals (SDGs) where we can make the most significant impact through our core business operations and initiatives.

#### OUR REPORTING SUITE

HTL (Hi-Tech Lubricants) is a leading integrated lubricants and oil marketing enterprise, underpinned by a strong and diverse stakeholder network. The trust and confidence of our stakeholders are paramount to our long-term sustainability. To reinforce this trust, we are committed to providing clear, transparent insights into our business strategy, performance, and future direction, while meticulously identifying and communicating the material risks, we encounter.

#### THE INTEGRATED IR REPORT 2024

The Integrated Report 2024 (IR) of Hi-Tech Lubricants (HTL) aims to furnish our stakeholders with a comprehensive and balanced evaluation of our financial and non-financial performance. Through this report, stakeholders will gain an in-depth understanding of our business operations, sustainability initiatives, performance metrics, governance practices, risk management, and future outlook. This report underscores our unwavering commitment to transparency and is designed to strengthen the trust and confidence of our stakeholders. Our governance section provides extensive coverage of our Corporate Governance activities, including the Corporate Governance Overview Statement, Nomination and Remuneration Committee Report, Board Audit Committee Report, Board Sustainability and Risk Committee Report, and the Statement on risk and opportunities arising thereof.

#### FINANCIAL **REPORT 2024 (FR)**

Our Financial Report 2024 (FR) encompasses the Directors Report, Audited Financial Statements and Independent Auditors' Report. This comprehensive document provides in-depth financial insights to our shareholders, investors, analysts and other key stakeholders ensuring a clear and thorough understanding of our financial health and performance.

#### SUSTAINABILITY REPORT 2024 (SR)

Hi-Tech Lubricants' (HTL) Sustainability Report 2024 (SR) presents a detailed account of our performance across Economic, Environmental, Social, and Governance (EESG) dimensions. The report highlights our initiatives and their outcomes, aimed at generating positive and sustainable impacts for all our stakeholders.

#### **CORE FRAMEWORKS APPLIED**

Following frameworks and International Standards applied for preparing the integrated report.

CORE FRAMEWORKS APPLIED	IR	FR	SR
GRI Standards	✓		✓
United Nation SDGs	✓		✓

\*these are not mandatory and applied partially for better practices

#### Note: Disclosure beyond BCR Criteria

The Company has also mapped its report with additional disclosure which are beyond the criteria of BCR by ICAP and ICAMP to ensure further transparency, consistency, comparability and presentation of information for its stakeholders.

# INTEGRATED ANNUAL REPORT COMPILATION & STRUCTURING

This integrated Annual Report 2024, is compiled and structured by M/S Tayyab Arshad & Co., Chartered Accountants.

# RESPONSIBILITIES OF MANAGEMENT

The responsibility for the preparation and presentation of the non-financial indicators in accordance with the applicable reporting criteria rests with the management of Hi-Tech Lubricants (HTL) Pakistan. This includes establishing and maintaining appropriate internal controls relevant to the preparation of the non-financial indicators and ensuring that they are free from material misstatement

# INDEPENDENT ASSURANCE STATEMENT

Assurance for financial and other information mentioned in this report is provided by our Board of Directors and supported by independent assurance by M/S Riaz Ahmed & Company, Chartered Accountants

# INDEPENDENT LIMITED ASSURANCE STATEMENT

Independent Limited assurance is given by M/S Muhammad Salman Naseem & Co., Chartered Accountants on sustainability report prepared on the GRI standards criteria.

#### **FEEDBACK**

HTL is committed to constantly enhancing the quality of our reports and we greatly value input from our stakeholders. If you have any questions or suggestions,

Please contact the following: Name: Mr. Fraz Amjad Khawaja

Position: Company Secretary and Chief Compliance Officer

Phone: +92-42-111-645-645 Fax: +92- 42-3631-18-14

# COMPANY **OVERVIEW**

Hi-Tech Lubricants Limited (HTL) is a leading player in Pakistan's lubricants industry, with 27 years of experience. Serving automotive, industrial, and marine segments, HTL offers top-quality lubricant solutions available at around 12,156 retail outlets and wash stations. The company employs 138 people across Pakistan and operates over 300 distribution vans for door-to-door delivery. HTL's product portfolio includes Passenger Car Motor Oil (PCMO), Diesel Engine Oil (DEO), and Motorcycle Oil (MCO), with synthetic and semi-synthetic options.

In 2017, HTL launched HTL Express Centers for vehicle maintenance and adopted a franchise model in 2020, now present in Lahore, Gujranwala, Rawalpindi, and Karachi. The company diversified into petroleum products in 2020 with HTL Fuel Stations in Punjab. In 2023, HTL secured authorization from the Oil and Gas Regulatory Authority (OGRA) to expand into Khyber Pakhtunkhwa. HTL remains committed to high-quality products and services, leveraging its network and expertise to maintain its trusted name in the industry.

#### PRINCIPLE BUSINESS ACTIVITIES OF

#### THE COMPANY

HTL offers a wide range of premium synthetic and semi-synthetic lubricants under the ZIC brand, primarily serving the automotive and industrial sectors. As the sole authorized distributor of ZIC

in Pakistan, HTL imports a variety of products from SK Enmove Co., Ltd. (formerly SK Lubricants, Ltd.), a leading South Korean manufacturer.

Through its wholly owned subsidiary, Hi-Tech Blending (Private) Limited (HTBL), HTL operates a state-of-the-art blending plant. This facility, equipped with advanced bottle processing and automated filling lines, produces lubricants adhering to international quality standards. HTBL imports bulk lubricants from SK Enmove and packages them locally. In collaboration with SK Enmove, HTL has also initiated local blending of ZIC-branded lubricants in Pakistan. The facility includes a Hi-Tech Testing Laboratory, which supports both internal and external testing needs.

HTL has expanded into the polymer segment through HTBL, installing cutting-edge machinery to produce polymer products for external clients. This strategic diversification aims to meet industry demands and support the company's growth.

Additionally, HTL offers vehicle maintenance services through its HTL Express Centers and operates petroleum stations under the HTL Fuel Stations brand in Punjab, dealing in petrol and diesel. The company is expanding its petroleum operations into Khyber Pakhtunkhwa Province, highlighting its commitment to growth and diversification.

Rs. 623 Million

2023: Rs.399 Million

# **OUR VISION**

Our Vision is a steadily progressive Pakistan where the wheels of transport and industries are incessantly moving to take the country and it's people to greater heights of development, economic wellbeing and a better quality of life.

# **OUR MISSION**

Our Mission is to provide the finest quality lubricants, fuels and polymer products to a great variety of our customers, from owners of a single motorcycle to the managers of giant industrial plants, that assist them in attaining their objectives efficiently and economically.

# CORE AND ETHICAL VALUES

We are guided by our core qualities of integrity, quality, respect and responsibility. We are committed to conducting all our operations ethically, transparently and in strict compliance with all laws striving to maintain a healthy and happy balance between the interests of all our stakeholders including shareholders, employees, business associates and the society at large.

RESPECT	INTEGRITY	QUALITY	RESPONSIBILITY
Consideration, fairness, honor with HTL	We uphold the highest ethical standards, personal and professional integrity,	Boosting competitiveness and corporate value via innovation, global expansion, and financial stability.	Committed to employee well-being and environmental protection through responsible practices.

# CODE OF BUSINESS CONDUCT AND ETHICS

# ETHICAL CONDUCT & PERSONAL MAINTENANCE

Employees must maintain integrity, honesty, and high personal standards, including proper hygiene, to ensure client satisfaction and support organizational values and goals.

#### **WORK ETHICS**

Employees should use the STAR method (Stop, Think, Act Responsibly) in decision-making and adhere to HTL values, rules, and regulations, particularly for employment inquiries and attendance.

#### HEALTH AND SAFETY

Employees must maintain a safe, healthy work environment, stay fit, avoid performance-impairing substances, and not take naps or extended breaks, except for prescribed medications used as directed.

As per the job nature, employees observe all the safety rules and instructions provided by supervisor and use safety equipment where required.

# ANTI-BULLYING & ANTI-DISCRIMINATION

HTL's zero-tolerance policy covers all forms of bullying and discrimination, with supervisors responsible for prevention and resolution to avoid liability.

#### SEXUAL HARASSMENT **AT**

#### **WORKPLACE**

HTL has a zero-tolerance policy for sexual harassment, including unwelcome advances, demeaning behavior, and retaliation, with supervisors held accountable for preventing, addressing, or engaging in such conduct.

#### ABUSE OF **COMPANY RESOURCES**

HTL equipment is for job use only, must not be used personally or removed without approval, and employees must follow information security policies and standard operating procedures.

#### MEDIA & SOCIAL **NETWORKING**

Only officially designated employees may speak on behalf of HTL in any media; unauthorized statements will result in personal liability for the employee.

#### CONFIDENTIALITY

Employees and directors must keep all entrusted information confidential, disclosing it only when authorized or legally required.

# FRAUD, DECEPTION, DISHONESTY, BRIBERY & ANTI-CORRUPTION MEASURES

HTL strictly prohibits fraudulent acts, including bribery and corruption, and ensures that business partners adhere to the same ethical standards.

#### CONFLICT **OF INTEREST**

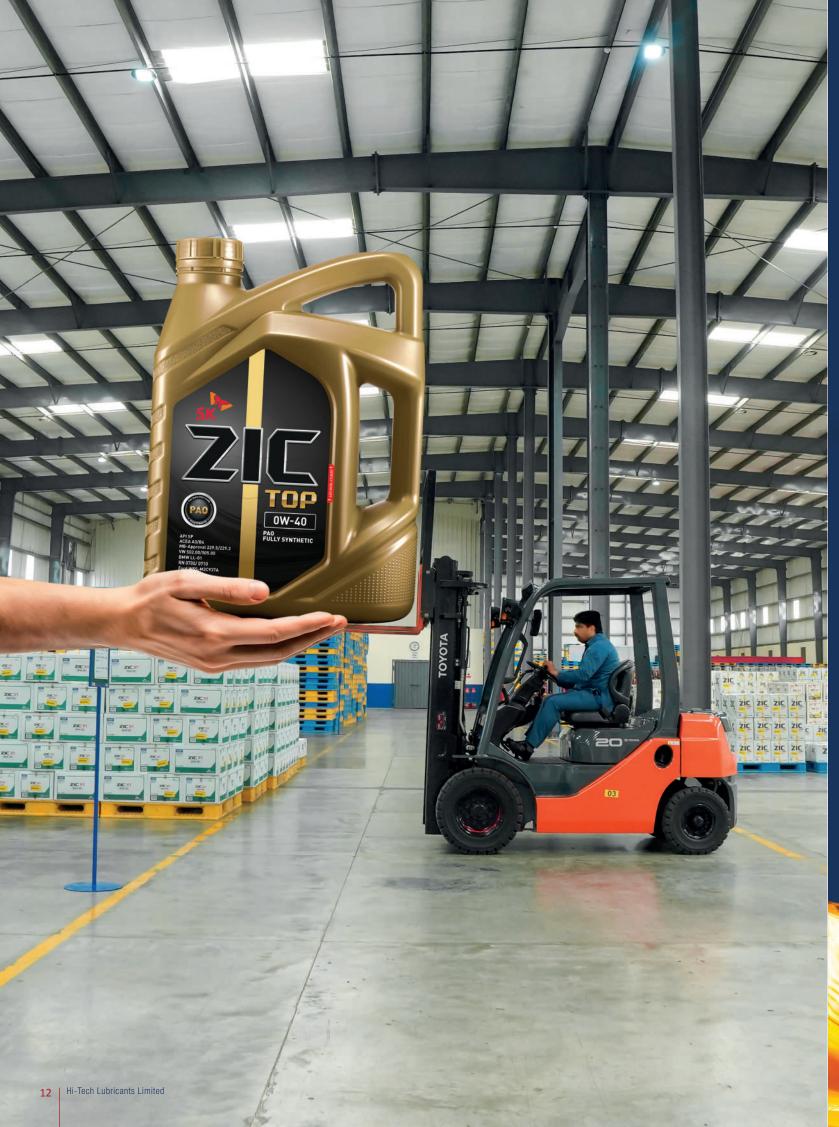

HTL upholds uniform standards and ensures honest, fair dealings by addressing any conflicts of interest where personal interests may interfere with the Company's interests.

#### TRADE **REGULATIONS**

HTL strictly adheres to national trade laws and regulations in its import dealings, ensuring compliance with international trade sanctions and rules.

#### SOCIALLY RESPONSIBLE BUSINESS

HTL is dedicated to fairness, equality, and diversity, respects human rights, and actively contributes positively to the community as a socially responsible business.

# KEY BRANDS **PRODUCT & SERVICES**

#### ZIC Oil

The Company's product portfolio consists of four major categories:

- Mineral / Classic Oil
- Semi Synthetic Engine Oils
- Synthetic Engine Oils
- Fully synthetic

#### MINERAL OIL

- Refined from crude oil
- Conventional oil

#### SYNTHETIC OIL

- Artificially prepared chemically
- Tailored according to the need or requirements of the vehicle

#### **SEMISYNTHETIC OILS**

- Mixture of both mineral and synthetic oil
- Composition

# GASOLINE ENGINE (GEO)

ZIC Synthetic Oil is based on Very High Viscosity Index (VHVI) technology offering various grades (issued by SAE). Fully Synthetic Oil provides superior engine protection and is also fuel efficient. ZIC Gasoline Engine Oil is used for vehicles working on Petrol, LPG, and CNG. In Gasoline Engine Oil, ZIC offers a wide series such as ZIC Top, X9, X7, X5, X3 and X1. Among these ZIC TOP, X9, X7 FE and X7 are fully synthetic engine oil and are of premium quality targeting the luxury car market, X5 is synthetic whereas X3 and X1 are classical. All ZIC X 7 ranges has been upgraded to API SP grading this fiscal year. The grading such as ZIC OW30 and 5W40 are done on the bases of their viscosity. SAE is involved in multi grading of oil considering viscosity and temperature resistance. Both of the above mentioned grades provides better Oil Drain Intervals (ODI), thus keeping the engine protected and fuel efficient in all conditions (temperature and heavy load while driving). Fuel Efficiency benefits up to 10% as compared to conventional motor oils and delivers better performance.

#### **TOP-0W-40**

(Fully Synthetic)

- Extend your engine life
- Protect from wear
- Prevent corrosion

(Fully Synthetic)

Light duty diesel vehicles such as:

- Pickup trucks
- SUVs without after-treatment devices

#### X7-0W-30

(Fully Synthetic)

Recommended for:

- Gasoline engines of passenger cars
- Diesel engines of passenger cars
- Gas engines of passenger cars

#### X7-0W-20

(Fully Synthetic)

Recommended for:

Gasoline/ CNG/ LPG and Ethanol blended fuel

#### X7-5W-20

(Fully Synthetic)

- Outstanding engine protection
- Maximum fuel efficiency

(Fully Synthetic)

- Helps extend engine life
- Protects your engine from wear
- Keeps the engine clean

#### X5-20W-50

(Synthetic)

Recommended for

Gasoline engines CNG/LPG

(Economy)

- Prevents corrosion
- Reduces the risk of engine damage

#### DIESEL ENGINE OILS

Diesel Engine oil is used in vehicles having heavy duty engines like trucks, buses, trawlers etc. Under DEO, ZIC is offering X7000, X5000, X3000 and X1000. X7000 and X5000 are high quality fully synthetic engine oils, X3000 is a classical mineral oil while X1000 is prepared in HTBL. The strength lies that ZIC uses YUBASE (Group III base oil with viscosity index of 120 or higher) with blend of different additives. The use of YUBASE (refined base-III) results in maintaining better viscosity than any other engine of low quality base oil.

The enhanced viscosity improver used in ZIC provides ultimate long term protection to diesel engines vehicle. The hydrocarbon grading in DEO such as CI-4, CH-4 and CF-4 is given by American Petroleum Institution which shows the chemical strength of additives. As most of lubricant products in Pakistan are HVI but ZIC has a competitive advantage of offering VHVI technology resulting in engine protection, long oil change intervals and fuel efficiency.

#### X1000-20W-50 (CF/SF)

(Economy

- Off-road diesel engines
- Indirect injection diesel engines
- Engines using a broad range of fuel types, including high sulfur fuels

(Fully Synthetic)

Provides outstanding protection to engines for:

- On-highway applications
- Off-highway applications

#### X7000-15W-40 (CI-4)

(Fully Synthetic)

Provides outstanding protection to engines for:

- On-highway applications
- Off-highway applications

(Synthetic)

- On and Off-highway applications with enhanced power.
- Heavy duty diesel engines (including turbocharged)

# **X5000-15W-40 (CH-4)** (Synthetic)

Heavy duty diesel engines (including turbocharged)

Suitable for both on-highway and off-highway applications

- Trucking
- Construction
- Agricultural industries

#### X3000-20W-50 (CF-4/SG)

Heavy-duty applications Operating environments found in:

- Trucking
- Construction
- Agricultural industries

#### X3000-SAE-40 (CF/SF) (Classic)

Engineered to provide good protection to engines for:

- On-highway applications
- Off-highway applications

#### X3000-SAE-50 (CF/SF)

(Classic)

Applicable for use in heavy-duty diesel equipment, such as:

Construction machinery

# MOTOR CYCLE OILS (MCO)

ZIC MCO is offering a wide range of products which includes ZIC M9 and M7 are fully synthetic and M5 is high quality semi synthetic. ZIC Synthetic series provides exceptional lubrication, best performance and protection against piston scuffing and rust. In classic category, the Company provides M3 which is blended with highly refined base oil and selected additives. M1 is multi viscosity motor oil specially designed for 3 wheeler's engine keeping in mind its requirements. ZIC MCO provides complete lubrication for engine, clutch and gear unlike other conventional oils.

#### M1-20W-50

Recommended for:

4-stroke motorcycles.

#### M3-20W-50

Recommended for:

- Provides good engine protection against high operating temperatures
- Protects against wear at start-up

#### M9-10W-40

Recommended for:

- Protection for your engine
- Protection for your clutch
- Protection for your gearbox

#### M5-20W-40

- Provides protection for your engine
- Provides protection for your transmission
- Provides protection for your gears

#### M7-10W-40

4-stroke engines of:

- Modern sports motorcycles
- Road motorcycles
- Off-road motorcycles
- Scooters
- Quadricycles

#### INDUSTRIAL PRODUCTS

#### **Industrial** oil

#### Grease

ZIC Crown Grease

#### **Hydraulic** oil

ZIC VEGA

ZIC VEGA LX

- ZIC Coolants have high quality long life for radiators that (ethylene glycol based) provides outstanding performance in all cooling systems. ZIC coolants are pre-diluted for customer's convenience mixed (50:50) with water and ethylene glycol.
- ZIC Vega series is a high quality hydraulic oil providing semi anti-wear performance coupled with excellent oxidation stability. It has great low temperature performance by applying SK's proprietary technology, VHVI Tech and holds its viscosity under high temperature operating conditions.
- ZIC Dexron is fully synthetic ATF engineered with SK's proprietary VHVI Tech and advanced additive technology. It meets all the stringent requirements of all kind of automotive transmission requirements and is fully backward / serviceable.
- ZIC Super Gear EP Series is premium quality extreme pressure gear oils.
   They contain Sulfur / Phosphorous extreme pressure additive system giving load carrying ability and protection against wear. In addition, these oils provide excellent protection against corrosion of steel and copper containing alloys.
- SK Super Freeze refrigeration oil series is made from high quality naphthenic base stock and high quality additive package which is intended to be used in refrigeration compressors.
- SK Super Compressor oil series is formulated from premium quality, high viscosity index base stock combined with selective additives to satisfy the lubrication requirements of all kind of rotary screw / rotary vane compressors used in industrial applications.
- SK Super Therm 300 is formulated from high quality base stock with advance additive package system which provides high stability when heated for heat transfer applications.
- SK Super Brake Fluid is a high quality brake fluid providing outstanding performance for all hydraulics brake systems.
- ZIC Royal Grease series is multipurpose lithium soap-thickened grease available in NLGI grades 0, 1, 2, and 3, formulated with paraffinic mineral oil base oils, and also containing additives to control oxidation and rust formation. ZIC Greases can be used in a wide range of industrial and automotive applications, where there is no requirement for load-carrying properties.

### POWER GENERATION GEN-SET OILS

- ZIC is composed of YUBASE (Group III base oil with a viscosity index of 120 or higher). The use of YUBASE guarantees that ZIC will maintain viscosity better than any other Oil of which viscosity index is artificially enhanced by viscosity index-enhancing agents mixed with low-quality base oil.
- ZIC Diesel Generator Engine oils provide excellent wear protection along with advance fuel economy. ZIC 7000 Power and SD 7000 are synthetic Formula lubricants which provide long drain capability, low emission with exhaust treatments for equipment like catalytic converters and DPF.

# HI-TECH BLENDING (PRIVATE) LIMITED

WHOLLY OWNED SUBSIDIARY COMPANY

#### **BLENDING PLANT**

Our capabilities are expanding to meet the growing demand for ZIC Lubricants in the country. As our customer base continues to grow, the consistent and reliable supply of our premium lubricants remains a top priority. To ensure that we can consistently provide ZIC Lubricants to our valued customers, we established Hi-Tech Blending (Private) Limited (HTBL), a wholly owned subsidiary. HTBL is equipped with an independent and state-of-the-art Hi-tech Testing Laboratory, filling lines, and stringent quality control checks.

This facility has been designed to produce cans and caps in-house and locally blend lubricants for our ZIC mid-tier products. Its advanced technology eliminates any risk of contamination during the blending and bottling process. To meet the increasing demand for ZIC Lubricants, the Company has successfully completed its blending facilities expansion project, further enhancing our ability to meet our customers' needs.

# HI-TECH TESTING LABORATORY TESTING LABORATORY

The HTBL blending plant is complemented by a cutting-edge Hi-Tech Testing Laboratory, equipped with the latest lubricant testing technology. This state-of-the-art laboratory enhances the accuracy and precision of our quality control operations, ensuring that our lubricant products meet the highest standards.

In addition to supporting our internal quality assurance processes, the laboratory also offers commercial lubricant testing services. This strategic move aims to make quality assurance more accessible to customers and, in doing so, has the potential to reduce the prevalence of substandard lubricant products in the market.

To maintain the highest levels of quality and eliminate any risk of contamination in the final product, HTBL has invested in cutting-edge machinery that stands out in the region for its exceptional output capacity, quality, energy efficiency, and cost-effectiveness. Notably, the bottling section is equipped with an extrusion blow molding machine known as the Innova 130 SE. This state-of-the-art machine, capable of producing bottles ranging from 3 to 10 liters, not only enhances our bottle quality but also significantly reduces production costs due to its low energy consumption.

Additionally, the bottling section boasts an injection molding machine, which underwent an upgrade in 2019. This upgrade effectively doubled our cap production rate without necessitating additional resources, thereby reducing cap manufacturing costs by half. Our commitment to continuous improvement extends to our bottling facility, which continues to advance in terms of sophistication and capacity. This ensures the consistent enhancement of bottle quality and increased bottling output rates, meeting our lubricant business requirements and paving the way for potential business opportunities where high-quality bottle production is needed.

#### POLYMER SEGMENT

During the year, HTL achieved a significant milestone by launching its polymer segment operations through HTBL. This strategic move involved the installation of state-of-the-art machinery, reflecting the company's commitment to staying at the forefront of technological advancements. To complement this advanced infrastructure, the Company effectively leveraged its existing pool of highly skilled professionals and their wealth of experience to drive this cutting-edge venture.

In this newly established polymer segment, the company now engages in the order-based production of plastic products for its external customers. This expansion into polymer manufacturing underscores HTL's dedication to diversifying its product offerings and serving a broader market base. With a focus on quality, innovation, and meeting customer demands, HTL's foray into the polymer segment exemplifies its commitment to growth and excellence in all aspects of its business operations.

# HTL FUEL STATIONS

HTL Fuel Stations embody our vision of providing a one-stop solution for vehicle users, offering high-quality fuel, complete vehicle maintenance services through HTL Express Centres, and essential consumer goods at HTL Marts. Currently operating 40 dealer-managed stations primarily in Punjab, we are expanding into Khyber Pakhtunkhwa Province with formal approval from OGRA for 35 stations, fifteen of which have commenced operations.

Our goal is to revolutionize road travel by consistently delivering excellence across all products and services, establishing HTL Fuel Stations as a leader in the oil marketing sector. With a focus on customer needs, we aim to set new industry standards and make HTL the brand of choice in fuel and service quality.

# HTL DEPOTS

HTL's OMC Business has two oil depots are mainly located in Sahiwal (Punjab) and Taru Jabba (KPK) which allows HTL to operate in two provinces of Pakistan. We are in expansion phase and will plan strategic investment in increasing the capacities and new geographical presence in other provinces of Pakistan.

# HTL EXPRESS **CENTERS** (Franchise Model)

HTL Express Centers offer a comprehensive and customer-centric vehicle maintenance solution, serving as a one-stop destination for all vehicle maintenance needs. Our services encompass a wide range of offerings, including oil changes, wash / service, tire and battery services, air conditioning maintenance, and vehicle accessories.

Our commitment to long-term vehicle health and durability is evident through our use of advanced diagnostic tools at all our facilities, enabling us to predict and prevent potential defects. We uphold stringent quality standards by sourcing only high-quality branded products, ensuring the reliability and performance of every service we provide.

Our unwavering dedication to international quality benchmarks mirrors our overarching commitment to excellence in all aspects of our business. In alignment with our evolving strategy, we have transitioned to a franchise model for HTL Express Centers in 2021. Currently, we have established thirteen franchise locations across different cities of Pakistan.

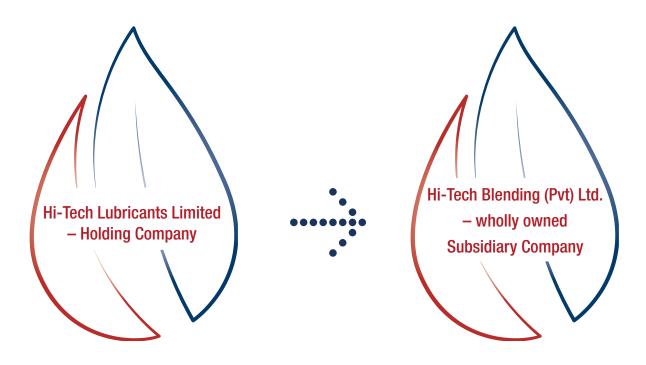

# OWNERSHIP, OPERATING STRUCTURE AND RELATIONSHIP WITH GROUP COMPANIES AND NATURE OF THOSE RELATIONS

The Company is a part of Hi-Tech Lubricants Group. The Group comprises of two companies i.e. Hi-Tech Lubricants Limited and Hi-Tech Blending (Private) Limited.

#### **Hi-Tec Lubricants Limited**

Hi-Tech Lubricants Limited (HTL) is the holding company of Hi-Tech Blending (Private) Limited. In March 1997, HTL started its business as an Association of Persons (AOP) and in 2011 it was first converted into private limited company and later on converted into a public unlisted company. In 2016, HTL finally got listed on Pakistan Stock Exchange.

#### **Hi-Tech Blending (Private) Limited**

Hi-Tech Blending (Private) Limited (HTBL) is a wholly (100%) owned subsidiary of HTL and was incorporated in Pakistan as a private Company limited by shares on 13 March 2014 under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The principal activity of the Company is to construct, own and operate oil blending plant.

#### Foreign Holding / Subsidiary company

HTL does not have any Foreign Holding or subsidiary companies, as part of its corporate structure.

#### SIGNIFICANT CHANGE FROM PRIOR YEAR

There is no significant change from prior year in operating and ownership structure

#### MARKETING **EXCELLENCE**

#### ENHANCING DIGITAL PRESENCE WITH AUTOREADY

In our relentless drive for innovation and customer-centric solutions, Hi-Tech Lubricants Limited is advancing into the digital realm with strategic investments designed to transform the market and anticipate the evolving needs of our customers. Recognizing the growing demand for convenience and automation, our new digital platform, AutoReady, is set to extend our reach while delivering enhanced benefits and seamless experiences for our customers.

At the beginning of the year, we launched a campaign introducing AutoReady, a platform that complements our existing e-commerce channels while further solidifying our digital presence. AutoReady is more than just a robust platform with a digital payment gateway—it is a crucial element in strengthening our brand in an increasingly digital landscape. By offering a streamlined and user-friendly shopping experience, AutoReady empowers us to engage with a broader audience, efficiently manage inventory, orders, and customer service, and ensure consistent, reliable service.

Moreover, AutoReady is integral to our broader strategy of harnessing consumer data, adapting to shifting consumer behaviors, and capitalizing on the rising trend of online shopping. By leveraging advanced data analytics, AutoReady allows us to gain valuable insights into consumer behavior, design targeted promotional campaigns, and offer instant rewards through loyalty points and cashbacks redeemable via Foodpanda and Daraz vouchers. This data-driven approach enables us to execute marketing campaigns more effectively, reducing discrepancies and enhancing overall efficiency.

Additionally, AutoReady empowers our customers to verify both product authenticity and retailer legitimacy through a customized QR code placed at all authorized retailers. This feature instills confidence in our users, ensuring they can trust the products and retailers they engage with. As we continue to expand and refine AutoReady, we believe it will become a key driver of sales and a cornerstone of our digital transformation.

AutoReady also establishes a two-way communication channel with our customers, facilitating instant complaint resolution and elevating the overall consumer experience. This platform not only complements our traditional motor oil sales network but also enables our OMC retail unit to effectively execute consumer promotions and loyalty programs for fuel.

Through these initiatives, Hi-Tech Lubricants Limited is not just enhancing its online capabilities but also reinforcing its position as an industry leader with a forward-thinking vision for the future.

### HTL EXPRESS & HTL STATIONS

Throughout the year, HTL expanded its network by introducing new HTL Stations and HTL Express centers. To ensure a consistent and impactful brand presence, these new locations were carefully branded according to HTL's established guidelines. This approach not only enhances brand recognition but also fosters customer loyalty and trust.

The strategic launch of these new HTL stations was designed to make a significant market impact and generate positive word-of-mouth. Each site was prominently branded with lights, balloons, danglers, and music, and featured a consumer promotion offering a discount of Rs 4/- per liter for early adopters.

Understanding the importance of connecting with younger generations, HTL Stations also implemented a thoughtful initiative aimed at children. Visitors were given toy erasers, key chains, and flag badges, creating a memorable experience for the younger audience and strengthening long-term loyalty. This gesture was well-received by customers and further solidified the positive relationship between HTL and its clientele.

#### ACCOLADE TO OUR VALUED OFFICERS

During Ramadan, HTL reinforced its commitment to community support by distributing Iffar boxes to the dedicated police officers on duty along Ring Road. This thoughtful initiative was designed to strengthen the connection between HTL and the wider community, particularly those who work tirelessly to uphold law and order. The gesture was warmly received by the police department and provided a meaningful way to recognize and appreciate the hard work of those dedicated to serving the public.

HTL has long recognized and valued the dedicated service of the traffic police, particularly their unwavering commitment in challenging weather conditions. In line with our ongoing dedication to supporting their crucial work, we undertook a significant initiative this year.

We focused on refurbishing and enhancing traffic police cabins throughout Lahore City. Additionally, to support their well-being and operational efficiency, we distributed umbrellas to officers stationed at key locations across the city. This provision helps them perform their duties effectively, regardless of adverse weather.

HTL is deeply committed to fostering positive relationships with public service agencies and contributing to the community's well-being. Our initiatives, including the refurbishment of traffic police cabins, distribution of umbrellas, and provision of water coolers, reflect our enduring dedication to supporting those who tirelessly serve our city.

#### BTL ACTIVITIES SHOP BOARDS

Establishing a prominent point-of-sale presence is a top priority for our brand. HTL ZIC remains steadfast in enhancing brand visibility through strategic partnerships with our retail collaborators. This approach not only boosts our brand's visibility but also acts as a powerful catalyst for increasing brand recognition among potential customers.

Our strategy for achieving this enhanced visibility involves the effective use of shop boards and in-store branding, reflecting a sustained and impactful advertising approach. HTL ZIC has strategically placed these elements in key retail locations nationwide, with the aim of creating a strong and lasting impression on our valued customers. This focused effort also strengthens our relationships with retailers, reinforcing our commitment to enduring partnerships.

#### RAMADAN HAMPERS

Each year, HTL reaffirms its commitment to support and community service during the sacred month of Ramadan. This year was no exception, as HTL continued its tradition of distributing essential Ramadan Ration Hampers at our distribution centers and retail oil change locations across Pakistan. This initiative reflects our core values of caring for our ZIC family and reinforces the spirit of partnership that defines our organization.

## PHA COLLABORATION

In our ongoing commitment to environmental sustainability, HTL is proud to report the donation of 10,000 trees to the Parks & Horticulture Authority for planting across Lahore. This initiative is part of our broader effort to enhance urban green spaces and improve air quality in the city. In order to leave a more lasting impact in the society, children of Sabra Hamida trust were invited to actively participate in the plantation process which not only offered them a practical learning opportunity but also inculcated a sense of responsibility towards the environment among the young generation.

To highlight our dedication to this important cause, we sponsored a prominent board on a major road, showcasing our involvement in this significant environmental project. This strategic placement not only underscores our commitment to sustainability but also enhances HTL's visibility and reinforces our role as a leader in corporate social responsibility.

Through these efforts, HTL continues to contribute positively to the environment while strengthening our brand's presence and commitment to community well-being.

# GEOGRAPHICAL PRESENCE

HTL boasts a robust geographical presence in Pakistan with 142 distributors, 12,156 retail outlets, 13 Express Centers, 27 regional offices, 55 fuel stations, and 300 distribution vans, ensuring extensive accessibility and customer service nationwide.

# JOURNEY SO FAR

# 2013 INVESTMENT

#### IN BLENDING PLANT

In 2013, HTL devised the strategy of diversification and decided to invest in a wholly owned subsidiary, Hi-Tech Blending (Pvt.) Limited (HTBL), a state of the art blending plant in Bhai Kot adjacent to Sunder Industrial Estate, Lahore.

#### **2010** ISO **CERTIFICATION**

In 2010, HTL got ISO 9001:2008 certifications to ensure excellent quality management system.

#### 1997 BUSINESS **ESTABLISHED**

In March 1997, Hi-Tech Lubricants (HTL) started its journey as an Association of Persons (AOP). The main business was to import the lubricants from YU Kong Ltd. (now known as SK Lubricants Ltd.) and market the same in Pakistan.

#### **2006** CUSTOMIZED **ERP IMPLEMENTATION**

In the year 2006, HTL purchased customized ERP Software and Online Customer Web Portal. This customized ERP software helped HTL to record and support its business activities.

#### **2011** CONVERSION OF AOP INTO PUBLIC UNLISTED COMPANY

In 2011, HTL management decided to go one-step further and got a status of a Pvt Ltd. company by fulfilling the legal requirements. In the same year, HTL got converted into a public unlisted company.

# 2007 ESTABLISHMENT OF

#### SEPARATE PRODUCT SEGMENTS

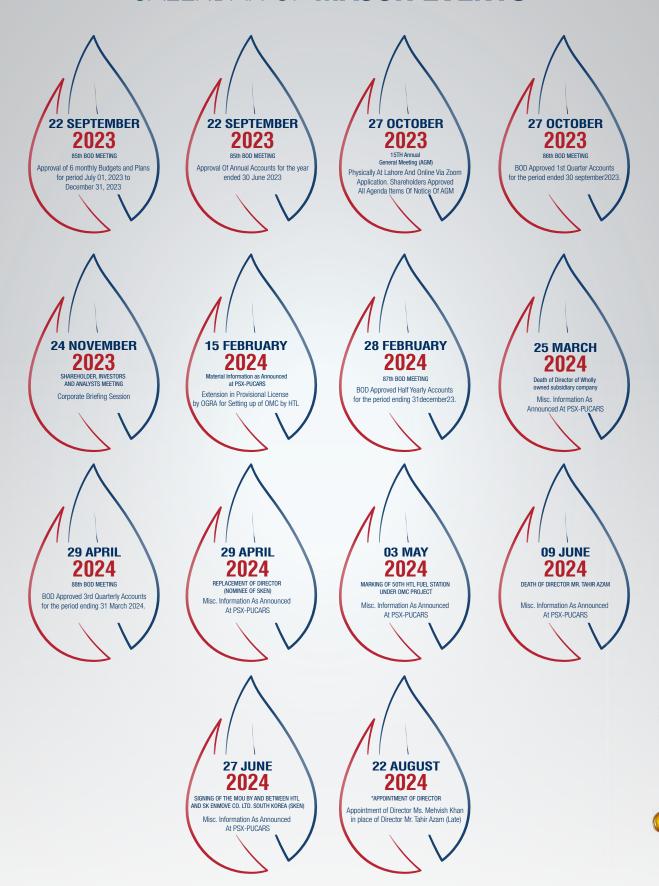

In order to boost sales revenue, HTL introduced Mid-Tier products. This establishment of new product segment and separate reporting lines helped HTL to focus deeply on both the categories through a dedicated sales force.

# 2000 EXPANSION

After the struggle of three (03) years, HTL succeeded to create its brand name in the lubricants industry, hence expanded its distribution network in other cities of Pakistan.

# LUBRICANTS SEGMENT VALUE CHAIN

Finished Product is imported from SK Lubricants in ISO sealed containers for few Products

Bottles and caps are manufactured under controlled environment at HTBL

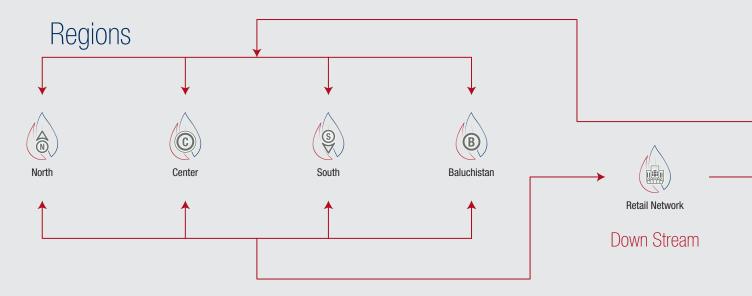

Local Blending with Imported Additives

The product is then filled in Bottles and packed at HTBL with 99% automation

Up Stream Mid Stream

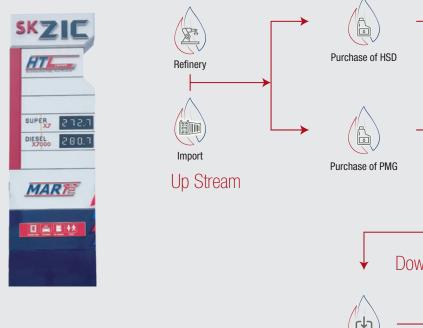

# Manufacturing

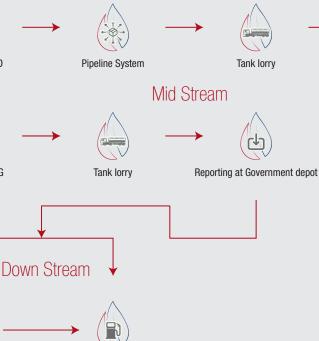

Decanting at Sahiwal

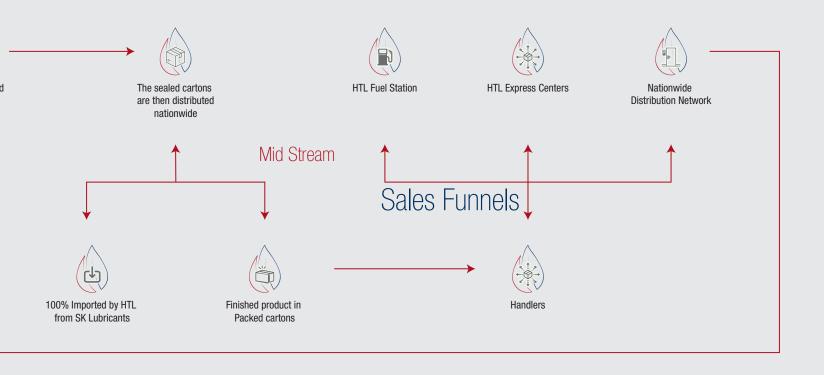

& Taru Jabba Depots

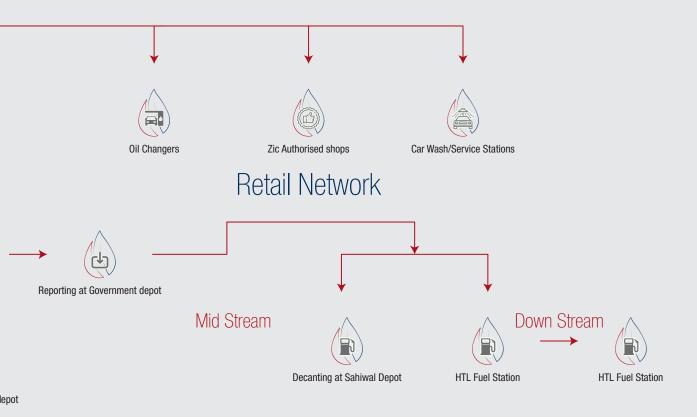

# PETROLEUM SEGMENT VALUE CHAIN

**HTL Fuel Station** 

# POLYMER SEGMENT

# **STRENGTHS**

- Top management's consistent vision of growth
- Strong nation-wide distribution network and marketing database
- Economies of scale through blending plant facility available at HiTech Blending
- Strong brand recognition and increasing brand equity
- Started polymer segment operations through HTBL (diversification)
- With HTL Fuel Stations increased market presence & turnover
- Direct access to end consumers through 🥤 Premium quality products **HTL Express Centers**

# **WEAKNESSES**

- Decreased turnover due to price war \ \ Low industrial sales and new entrants into market
- Storage capacity legal constraint and less fuel stations
- Over reliance on promotional schemes

# **OPPORTUNITIES**

- > Expansion of marketing and sale of lubricants through HTL Fuel Stations in Punjab and KPK Provinces
- **>** Grasping potential foreign markets by exporting the products to those countries
- Expansion into retail market through franchise model i.e. HTL Express Centers
- Increase local production through HTBL to reduce foreign exchange risks
- Polymer segment customer base enhancement
- Investment into green technologies and products

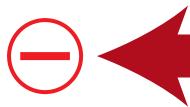

# **THREATS**

- Imposition of new / enhanced taxes, duties and other levies
- Threats associated with the prevention of intellectual capital
- International crude oil price fluctuation and other regulatory compliance matters
- Foreign exchange risk and non-availability of exchange cover for POL products
- > Stiff competition in the lubricant market and increasing new entrants

# STRATEGIC DIRECTION AND OBJECTIVES

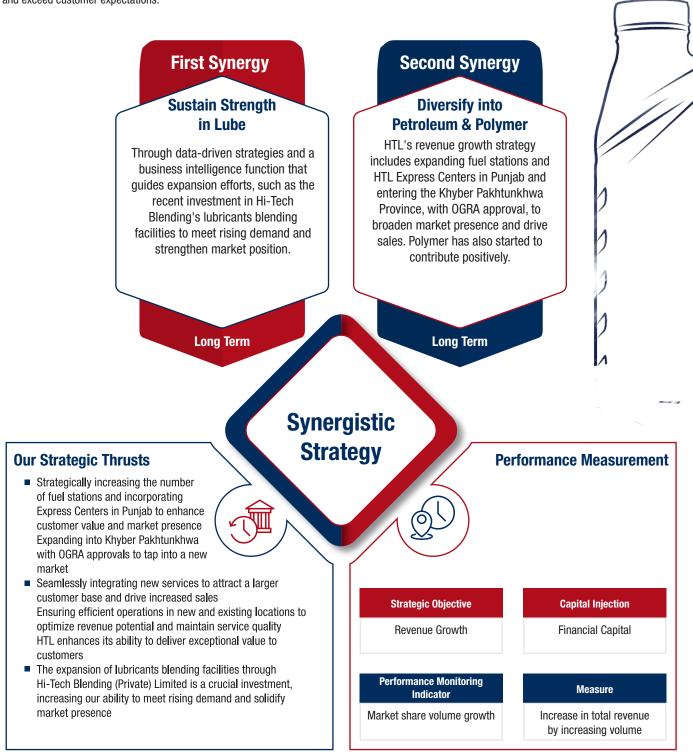

To support value creation for all stakeholders, HTL focuses on delivering four strategic priorities aimed at sustainable growth and cost efficiency via adopting synergistic strategy approach. Everyone at HTL contributes to achieving these priorities. The management carefully establishes strategies and plans to meet these strategic objectives.

### **REVENUE GROWTH**

Hi-Tech Lubricants (HTL) is driving substantial revenue growth through strategic expansion of its fuel stations and HTL Express Centers, and by entering new markets like Khyber Pakhtunkhwa and new business segments i.e Polymer business. By integrating new services/ products and leveraging data-driven strategies, HTL aims to enhance market presence, attract a broader customer base, and significantly boost sales.

### LINKAGE OF STRATEGIC OBJECTIVE WITH COMPANY'S OVERALL VISION

Our strategy drives the company towards our vision of becoming the leading lubricant provider by delivering innovative solutions that fuel revenue growth and exceed customer expectations.

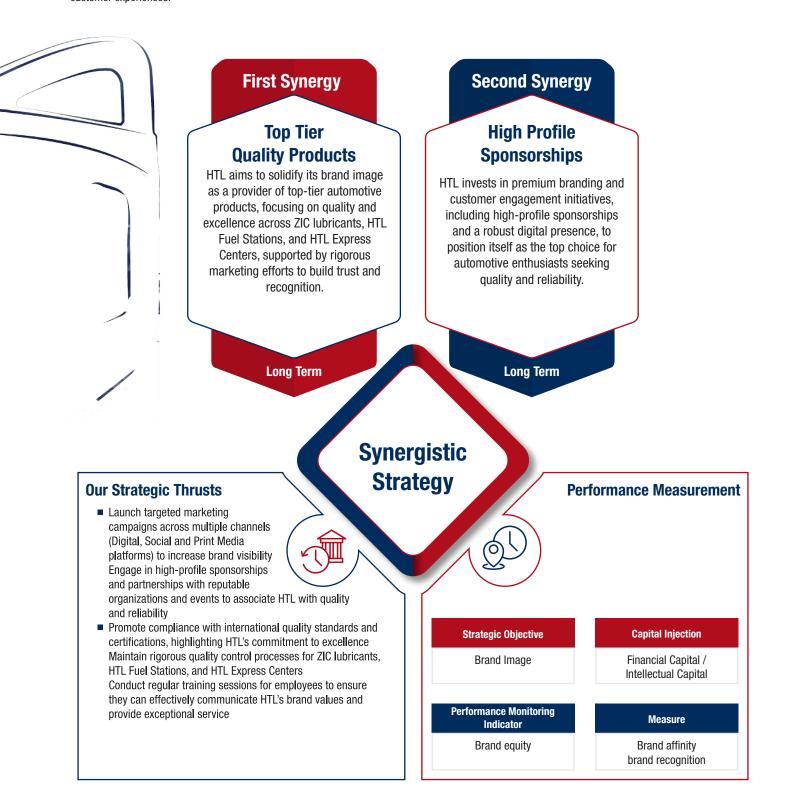

### **BRAND IMAGE**

Hi-Tech Lubricants (HTL) strives to enhance its brand image by delivering unparalleled quality in ZIC lubricants, HTL Fuel Stations, and HTL Express Centers. By investing in premium branding initiatives and engaging customer experiences, HTL positions itself as the top choice for automotive enthusiasts and industry professionals.

### LINKAGE OF STRATEGIC OBJECTIVE WITH COMPANY'S OVERALL VISION

Our strategy advances our goal of establishing the company as the premier lubricant brand, recognized for delivering innovative solutions and exceptional customer experiences.

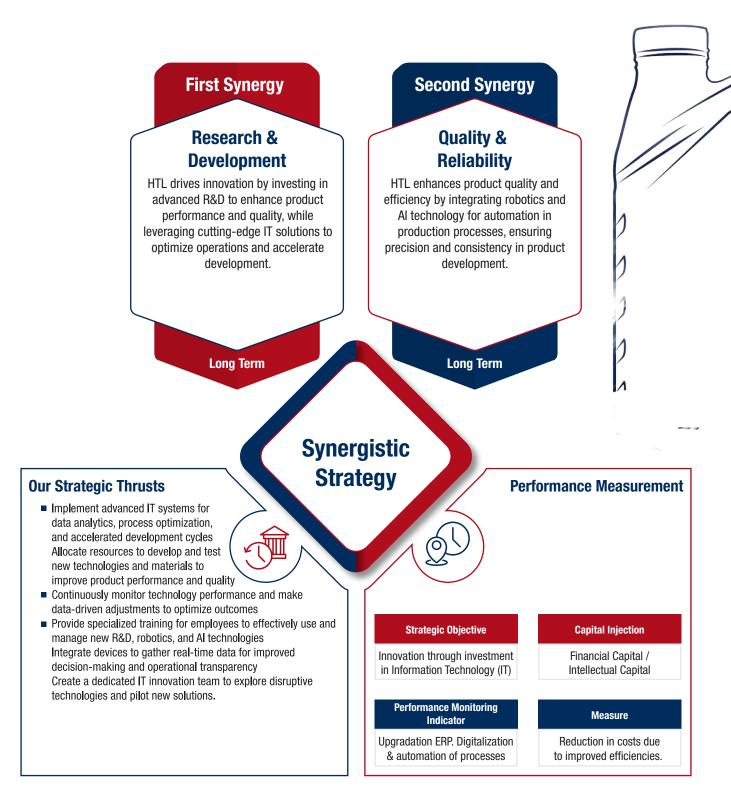

### INNOVATION THROUGH INVESTMENT IN INFORMATION TECHNOLOGY (IT)

Hi-Tech Lubricants (HTL) is dedicated to driving innovation through strategic investments in Information Technology, aiming to enhance operational efficiency, streamline processes, and deliver cutting-edge solutions that support business growth and meet evolving market demands.

### LINKAGE OF STRATEGIC OBJECTIVE WITH COMPANY'S OVERALL VISION

Our strategy aims to lead the lubricant industry through advanced technology and innovation, while also enhancing social well-being by adopting sustainable practices and supporting community initiatives.

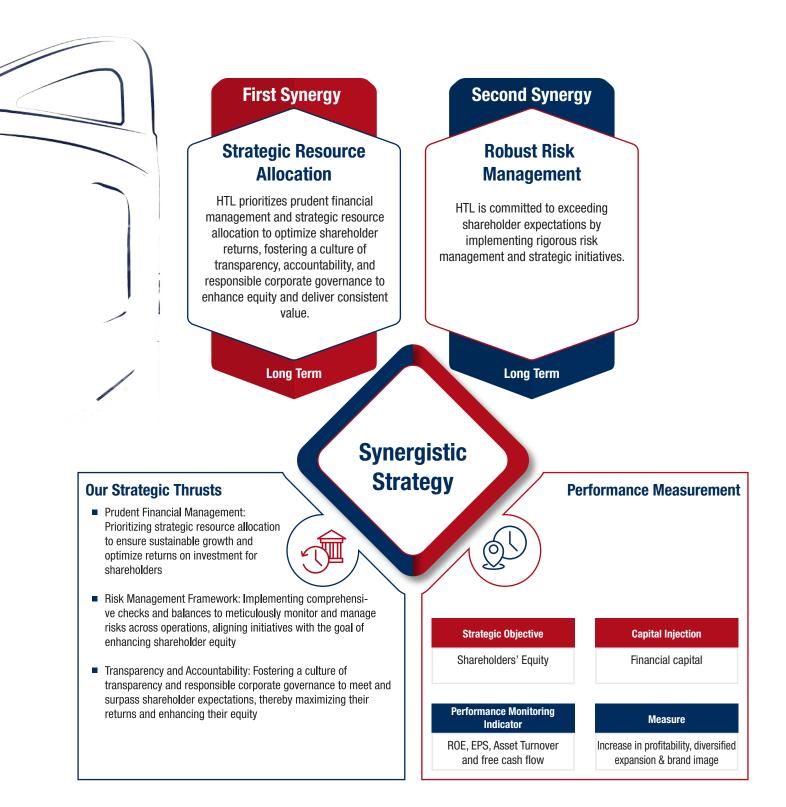

### SHAREHOLDERS' EQUITY

HTL is committed to exceeding shareholder expectations by implementing rigorous risk management and strategic initiatives aligned with enhancing shareholder equity.

### LINKAGE OF STRATEGIC OBJECTIVE WITH COMPANY'S OVERALL VISION

Through prudent financial management and responsible corporate governance, we aim to generate sustainable growth, maximize returns, and deliver consistent value to our shareholders.

# THE LEGITIMATE NEEDS, INTERESTS OF KEY **STAKEHOLDERS AND INDUSTRY TRENDS**

HTL is committed to addressing stakeholder needs by fostering strong relationships and adapting to industry trends. The company prioritizes sustainability and innovation, investing in eco-friendly lubricants to meet evolving customer demands. By enhancing operational efficiency and adopting advanced technologies, HTL maintains its competitive edge and contributes to environmental sustainability and industry excellence.

We are committed to meeting the legitimate needs of our stakeholders by ensuring transparency, fairness, and compliance with all regulatory requirements. Our focus is on delivering value-driven solutions that align with both the operational goals of our business and the expectations of our customers, employees, investors, and partners. We prioritize ethical practices in every aspect of our operations, ensuring that all resources are utilized efficiently to achieve sustainable growth while maintaining trust and accountability across the value chain.

# COMPETITIVE LANDSCAPE AND MARKET POSITIONING

In response to the competitive landscape, industry standards, and the need to maintain a significant market share, there exists a persistent requirement to introduce trade schemes to stimulate additional sales. The Company has undertaken comprehensive market surveys and rigorous analysis to explore opportunities for reducing the dependency on and cost of these promotional schemes. Our aim is to optimize the effectiveness and efficiency of these initiatives while maintaining our market position.

### • Threat of New Competitors and Substitute Products

- -Intense competition due to new entrants and substitute products
- -HTL leverages exclusive rights to SK enmove to stay competitive.
- -Continuous innovation and product development keep HTL ahead.

### Bargaining Power of Customers and Suppliers

- -Customers have influence due to price sensitivity and multiple alternatives.
- -HTL builds strong, long-term customer relationships through superior service.
- -Strong supplier partnerships ensure favorable terms and consistent product quality.

### Strengths and Weaknesses of Competitors

- -Competes with local and international lubricant companies.
- -HTL differentiates itself through exclusive SK enmove rights and focused market expertise.
- -Strong distribution network and investment in technology give  $\ensuremath{\mathsf{HTL}}$  a competitive edge

#### Customer Demand and Market Trends

- -Increasing demand for eco-friendly, sustainable products.
- -We align its offerings with market trends by developing energy-efficient products.
- -Commitment to sustainability positions HTL as a forward-thinking leader.

### Intensity of Competitive Rivalry

- -High competition in terms of pricing, product performance, and distribution.
- -HTL's exclusive rights to SK ZIC give it a strong advantage in product quality.
- -Proactive investment in marketing and customer engagement ensures HTL maintains its market leadership. Competitive Landscape and Market positioning

# LEGISLATIVE AND REGULATORY ENVIRONMENT IN WHICH THE COMPANY OPERATES

HTL operates within a dynamic legislative and regulatory environment, where compliance with evolving laws and industry standards is essential for sustainable growth.

Income Tax, Sales Tax, Custom Act, FED Laws, OGRA Regulations, SECP Regulations and Companies Act 2017, Pakistan Stock Exchange Regulations, Listing Regulations, Code of Corporate Governance, SBP Laws, Labor Laws, ISO & AML Compliance, Environmental, Safety and Quality Standards are the key regulatory requirements applicable to HTL Group. By proactively monitoring changes in legislation and regulatory requirements, HTL ensures that its processes, products, and practices meet the highest legal and ethical benchmarks.

### SEASONAL **VARIATION**.

The dynamics of Pakistan's economy are closely intertwined with its agriculture sector, which holds a pivotal position. This sector, contributing significantly to the GDP at 24 percent, also serves as the primary employer for 50 percent of the nation's workforce. Consequently, consumer spending patterns are intricately linked to the agricultural harvest seasons and the corresponding crop availability in the market. As a result, the Company experiences a noticeable upsurge in sales during these peak harvesting periods, reflecting the seasonal variations that influence consumer behavior and economic activity. Seasonal variation is also evident from our quarter wise analysis mentioned on page 184, where highest revenue is in 4th Quarter, harvesting season, representing 35 % of the total sales.

# KEY RESOURCES AND CAPABILITIES WHICH PROVIDE US SUSTAINABLE COMPETITIVE ADVANTAGE

HTL, with over 27 years of experience, is a leading provider of lubricants to automotive, industrial, and retail sectors. Our substantial market share highlights unwavering commitment to customer satisfaction. We are committed to efficient resource management, a cornerstone of our leadership in sustainable performance. Through strategic initiatives, we have cultivated key resources and capabilities that solidify HTL's competitive advantage:

Extensive Distribution Network: HTL's nationwide network of distributors, offices, HTL Express Centers, and warehouses ensures comprehensive coverage and exceptional service. Strategically placed HTL Fuel Stations enhance accessibility, reinforcing HTL's commitment to convenience, efficiency, and reliability as a market leader.

Strong Marketing and Branding: Our company enhances brand visibility with targeted marketing and a strong reputation, leveraging key brands like ZIC, HTL Fuel Stations, and HTL Express Centers. ZIC's premium lubricants, HTL's top-quality fuel stations, and efficient

automotive solutions reinforce HTL's commitment to excellence and innovation, solidifying our market leadership in Pakistan.

Customer Relationship Management: Our company develops and maintains customer relationship through offering value-added services to retain and reward existing customers and also offers consumer schemes. The company provides robust customer support systems to handle inquiries, complaints, and service requests effectively.

Sales and Distribution Efficiency: HTL's sales force is skilled and knowledgeable about the lubricant market, with strong relationships with key distributors and retailers. The company uses multiple sales channels, including primary and secondary sales, online platforms, and retail partnerships, to reach various customer segments.

Market Intelligence and Analysis: Our company utilizes data-driven insights and market research to understand customer preferences, market trends, and competitive dynamics. This information is crucial for strategic planning and decision-making, including market entry and expansion strategies.

State of the Art Blending Plant Facility: Through its subsidiary, HTL operates advanced blending facilities that highlight our dedication to excellence. Equipped with cutting-edge technology and top-tier infrastructure, these facilities enable us to meet market demands with precision, giving us a distinct competitive advantage.

# RISK OF SUPPLY CHAIN DISRUPTION DUE TO AN ENVIRONMENTAL, SOCIAL OR GOVERNANCE INCIDENT

Throughout 2024, Hi-Tech Lubricants has not encountered any supply chain disruptions due to environmental, social, or governance incidents. We have proactively implemented a robust strategy for monitoring and mitigating potential risks. This approach ensures that we remain vigilant and prepared to address any emerging issues that could impact on our supply chain.

# SIGNIFICANT PLANS AND DECISIONS

The Board affirms that the Company has no intention of pursuing corporate restructuring or discontinuing any operations. Currently, there are no plans for further expansion or cessation of activities beyond those outlined in the Directors' Report.

# STRATEGY TO MANAGE REPAYMENT OF DEBTS

Our debt repayment strategy is deeply rooted in responsible financial management principles, reflecting our unwavering dedication to preserving the long-term sustainability of our business.

We operate with a robust capacity to generate cash flows, eliminating any risk of defaulting on any financial obligation. This underscores our financial resilience and unwavering commitment to financial prudence.

# BOARD STRATEGY TO OVERCOME LIQUIDITY PROBLEMS AND PLANS TO MEET OPERATIONAL LOSSES.

Our treasury section manages the funds proactively and ensures the availability of financial resources as required. We manage working capital, operations and expansions through a mix of equity, long term and short-term financing. To bridge the gap of uncertain requirements, credit lines are being committed with reputable banks having good credit ratings.

The Company has been allotted a credit rating of A and A-2 (positive outlook) for the long-term and short-term financing respectively. This depicts our ability to meet our obligations timely and denotes a stable liquidity position.

# STRATEGY & RESOURCE ALLOCATION PLAN

### **RESOURCE / MEAN**

### **STRATEGY**

### FACTOR EFFECTING TECHNOLOGICAL CHALLENGES

### FINANCIAL CAPITAL

- Strong expertise in managing cash flow and regulatory compliance.
- Well-supported by shareholders' equity and long-term debt.
- Focused on improving internal cash flows, reducing costs, and addressing short-term financing needs.
- Maintaining strong connections with banks and financial institutions.
- Technological advancements risk making HTL's systems and equipment obsolete.
- Keeping up with new technology requires substantial capital investment.
- These investments can strain financial resources.

### MITIGATION STRATEGIES

- HTL prioritizes essential upgrades to manage technological risks.
- Explores cost-effective solutions to minimize investment strain.
- Leverages grants or incentives to support technology upgrades.
- Conducts regular financial assessments to ensure investments align with long-term goals.

### **HUMAN CAPITAL**

- Diverse team with ongoing training and support.
- Technical expertise driving sales performance.
- IT, HR, Marketing, Finance, Administration, Compliance, Audit, Supply Chain, and Warehouse professionals working together.
- Hands-on experience and dedication ensure project success.

- New technologies can create skill gaps among staff.
- May lead to reduced productivity if not managed effectively.
- Requires proper training to bridge skill gaps and maintain productivity.

### MITIGATION STRATEGIES

- Invests in comprehensive training for staff.
- Upskills employees to handle new technologies effectively.
- Fosters a culture of innovation and adaptability to maintain productivity.

# MANUFACTURED CAPITAL

- Comprehensive range of physical assets and infrastructure.
- State-of-the-art production facilities, specialized equipment, buildings, depots, and warehouses.
- Meticulously developed and maintained to enhance performance and competitiveness.
- Well-equipped inventory supports effective strategy execution and business growth.

- New technologies can cause compatibility issues with existing systems.
- May lead to maintenance challenges and increased costs.
- Can disrupt logistics and product handling processes.

### MITIGATION **STRATEGIES**

- Assesses the impact of new technologies on distribution and product management.
- Provides staff training to handle new technologies effectively.
- Maintains systems to ensure smooth operations.
- Ensures improvements in efficiency and product handling.

Resource Shortages: There are no shortages of resources to implement the strategy.

# FACTOR EFFECTING SUSTAINABILITY REPORTING AND CHALLENGES

- Implementing sustainability initiatives can lead to significant financial expenditures.
- Costs may include investments in green technologies.
- Compliance with reporting standards incurs additional expenses.
- Associated administrative tasks also contribute to overall costs.

### MITIGATION STRATEGIES

- Prioritizes sustainability investments with long-term cost savings
- Focuses on energy-efficient technologies to reduce future expenses.
- Implements waste reduction programs to lower costs and environmental impact.

# INITIATIVE TAKEN BY THE COMPANY IN PROMOTING AND ENABLING INNOVATION

- Invested in advanced ERP, Oracle, for financial and nonfinancial business visibility, including cash flows and forecasting.
- Implemented digital platforms for seamless financial transactions.
- Supporting the innovation through allocating funds for sustainability and technology advancements.

- Employees need to acquire new skills for sustainability reporting and environmental management.
- Creates challenges in training and development.
- Attracting and retaining skilled employees with sustainability expertise can be difficult.

### MITIGATION STRATEGIES

- Implements comprehensive training programs for sustainability practices.
- Equips employees with necessary skills and knowledge.
- Creates a work environment that values sustainability.
- Offers professional development opportunities to attract and retain talent.
- Adapting physical assets to sustainability standards can be costly.
- May involve significant operational disruptions.
- Requires careful planning and investment to manage effectively.
- Involves additional costs for upgrades and compliance.
- Requires ongoing investment to ensure equipment meets standards.

### MITIGATION STRATEGIES

- Plans and implements equipment upgrades in phases.
- Spreads out costs over time to manage financial impact.
- Minimizes operational disruptions during upgrades.
- Investing in energy-efficient technologies reduces long-term maintenance costs.
- Sustainable manufacturing technologies help lower operational expenses over time.
- Contributes to overall cost savings and improved efficiency.

- Ongoing training on the latest technological advancements, improving employee skills.
- Encourages the culture of innovation by rewarding employees in terms of HIPOs, re-creational trips and Incentives based on their performance
- Facilitates cross-department collaboration to foster innovative thinking and skill development.

- Invests in cutting-edge production technologies to streamline processes and reduce waste.
- Implements automation and IT-enabled systems for monitoring and improving operational efficiency.
- Adopts sustainable technologies to improve equipment lifecycle and product innovation.

### **RESOURCE / MEAN**

### **STRATEGY**

### FACTOR EFFECTING TECHNOLOGICAL CHALLENGES

# INTELLECTUAL **CAPITAL**

- Includes esteemed brands ("ZIC," "HTL Express Centers," "HTL Fuel Stations") and advanced ERP systems.
- Integration of Oracle, Business
   Intelligence Tools, Handler Management
   Systems, Distributor Management
   Systems, and Claim Management
   System.
- Enhances efficiency, decision-making, and growth, strengthening the company's competitive position.
- Rapid technological changes can challenge the maintenance of intellectual property.
- May create difficulties in protecting patents and proprietary technologies.
- Requires ongoing efforts to safeguard innovations.

### MITIGATION STRATEGIES

- Strengthens intellectual property management to safeguard assets.
- Monitors technological trends to stay ahead of potential risks.
- Invests in legal services to secure patents and protect innovations.

## SOCIAL AND RELATIONSHIP CAPITAL

- Continual enhancement of measures.
- Beyond compliance, with significant contributions to social and charitable initiatives.
- Education, healthcare, and environmental protection.
- Fostering positive relationships and contributing to community well-being.
- Technological changes can disrupt relationships with stakeholders
- May cause integration challenges with customers and suppliers.
- Requires effective management to maintain strong stakeholder relationships.

### MITIGATION STRATEGIES

- Maintains transparent communication with stakeholders.
- Manages expectations to prevent misunderstandings.
- Invests in support and collaboration to ensure smooth technological transitions.

# • Focused on sustainable practices in marketing and distribution.

- Committed to resource efficiency, waste reduction, and eco-friendly technologies.
- Adoption of green logistics, energyefficient facilities, and sustainable packaging.
- Support environmental conservation, maintain supply chain integrity, and enhance overall sustainability.
- Technological advances can lead to increased energy use.
- They may generate higher levels of waste.
- Poor management of these advances can exacerbate environmental risks.

### MITIGATION STRATEGIES

- Adopts energy-efficient technologies to reduce environmental impact.
- Uses sustainable lubricant formulations to minimize waste.
- Implements environmentally friendly practices.
- Supports efforts with regular audits and compliance checks.

# NATURAL CAPITAL

Resource Shortages: There are no shortages of resources to implement the strategy.

# FACTOR EFFECTING SUSTAINABILITY REPORTING AND CHALLENGES

- Developing new sustainable technologies requires significant expertise.
- Involves substantial investment in research and development.
- HTL may face challenges in acquiring or retaining necessary intellectual resources.
- Innovation can be hindered by these challenges.

### MITIGATION **STRATEGIES**

- Invests in research and development to foster innovation.
- Develops new sustainable technologies through R&D.
- Partners with research institutions and industry experts.
- Enhances intellectual capital and supports innovation efforts.
- Managing stakeholder expectations and maintaining transparent reporting can be challenging.
- Balancing various interests and regulatory requirements adds complexity.
- Failure to report effectively on sustainability initiatives can impact HTL's reputation.
- May harm relationships with customers, investors, and the community.

### MITIGATION STRATEGIES

- Engages in clear and transparent communication with stakeholders.
- Shares information about sustainability efforts and achievements.
- Actively involves stakeholders in sustainability initiatives.
- Addresses stakeholder concerns to strengthen relationships.
- Sustainability reporting requires accurate tracking of natural resources.
- HTL may face difficulties in measuring environmental impacts.
- Effectively reducing environmental impacts can be challenging.
- Meeting environmental regulations can be challenging.
- Changes in regulations or increased scrutiny can complicate compliance.
- Requires ongoing efforts to stay updated and adhere to standards.

### MITIGATION **STRATEGIES**

- Invests in advanced environmental management systems.
- Enhances accuracy in tracking resources and assessing impacts
- Supports better compliance with environmental regulations.
- Implements sustainable sourcing practices.
- Focuses on reducing waste to manage natural capital effectively.
- Enhances compliance with environmental regulations.

# INITIATIVE TAKEN BY THE COMPANY IN PROMOTING AND ENABLING INNOVATION

- Strengthens partnerships with tech companies to stay ahead in product innovation and intellectual property protection.
- Creates internal innovation hubs where employees can work on developing new technologies and solutions.
- Leverages data analytics and latest technologies to optimize decision-making and growth strategies.

- Development of ILMGAH School Systems, providing educational opportunities for deserving students.
- Collaborates with NGOs and PHA to develop innovative environmental and social responsibility programs.
- Drives social innovation by supporting sustainable development initiatives in local communities.

- Invests in sustainable energy technologies to minimize environmental impact and optimize resource use.
- Implement recycling of plastic waste in the polymer segment to promote sustainability and reduce environmental impact.
- Encourage environmental and safety management systems to enhance sustainability in operations.

# HTL'S STRATEGY ON MARKET, PRODUCT, **AND SERVICE DEVELOPMENT**

HTL is focused on expanding its market presence both geographically and across different sectors. Our strategy includes:

- Geographic Expansion: We are extending our reach within Pakistan by expanding the network of HTL Fuel Stations and HTL Express Centers, particularly in Punjab and Khyber Pakhtunkhwa provinces. This geographic diversification helps us tap into new markets and cater to a broader customer base.
- 2. Strategic Partnerships: We actively seek strategic partnerships and alliances to penetrate new markets and enhance our distribution capabilities. Collaborating with reputable local and international partners enables us to strengthen our market presence and access new customer segments.
- Customer Segmentation: We continually analyze market data to identify new customer segments and tailor our marketing efforts to meet their specific needs. This targeted approach allows us to optimize our market penetration and grow our customer base effectively.

#### PRODUCT DEVELOPMENT:

Innovation is at the core of HTL's product development strategy. We are committed to:

 Research and Development: Our principal company, SK Enmove, recently launched E-Flow, a cutting-edge sustainable product designed to minimize environmental impact while enhancing performance, reflecting a strong commitment to sustainability.

- 2. Product Diversification: Expanding our product portfolio through diversification in polymer segment, expanding our portfolio to meet the growing demand for eco-friendly, high-quality polymers and delivering innovative solutions across various industries.
- Quality Assurance: Ensuring the highest standards of quality across our product range and certified with ISO 9001:2015.
   We employ rigorous testing and quality control measures to guarantee that our products meet or exceed industry standards and customer expectations.

### **SERVICE DEVELOPMENT:**

HTL aims to enhance its service offerings to provide exceptional value to customers. Our service development strategy includes:

- Customer Support: Strengthening our customer support infrastructure to offer timely and effective assistance. Our dedicated support teams are trained to address customer queries and provide solutions promptly.
- 2. Value-Added Services: Introducing value-added services such as HTL Express Centers, where customers can benefit from comprehensive automotive services, including oil changes, maintenance checks, and other related services. This not only enhances customer satisfaction but also drives repeat business.
- Digital Transformation: Leveraging technology to improve service delivery. We have implemented advanced Oracle ERP systems and digital tools to streamline operations, enhance customer interaction, and provide real-time updates and support to our clients.
- By focusing on market development, product innovation, and enhanced services, HTL is well-positioned to drive sustainable growth and maintain its leadership in the lubricants industry.

# **RISK MANAGEMENT**

HTL BOD have set out the detailed mechanism for risk assessment and control evaluation matrix (RACM) and maintained risk register in this regard. Our Risk management framework is based on the blend of COSO framework, ISO 31000 and ERM. It outlines following:

### **IDENTIFICATION AND ASSESSMENT OF PRINCIPAL RISK:**

As per the BOD approved framework, first step in the risk management is the identification and robust assessment of the principal risk faced by the Company, including those that would threaten business model, future performance and solvency or liquidity.

### RISK EVALUATION, IMPLEMENTATION OF CONTROL AND RISK REPORTING:

In the next step, evaluation is being carried out to assess its magnitude, impact and likelihood, risk champion and responsible person. Through, reporting process Board is apprised on such risk along with mitigation strategy and implementation of the control.

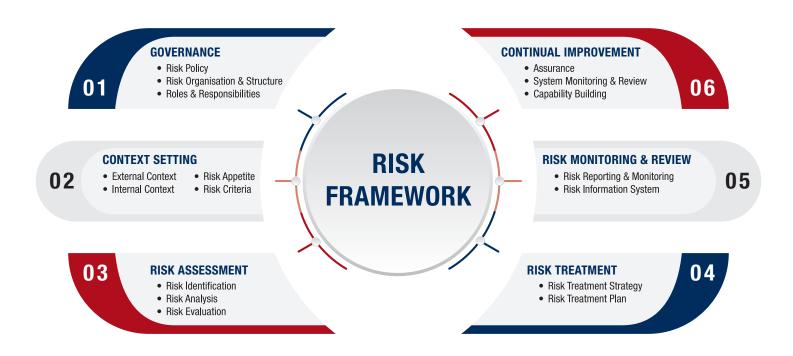

### **RISK MANAGEMENT POLICY:**

BOD have set out and approved the below risk assessment framework in the shape of risk management policy that additionally include risk types i.e strategic risk, commercial risk, operational risk and financial risk.

## **RISK MANAGEMENT METHODOLOGY**

Qualitative and quantitative analysis are used to manage risks. This methodology utilizes tools such as Key Risk Indicators, scenario analysis and Root Cause Analysis to evaluate and prioritize risks. We remain committed to regularly reviewing and updating this methodology to ensure its relevance.

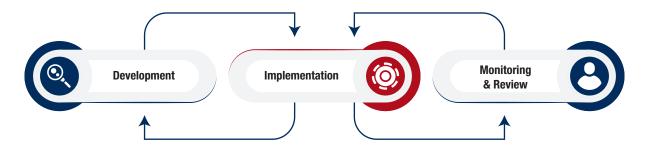

## **RISK MANAGEMENT FRAMEWORK**

### **RISK APPETITE AND TOLERANCE**

BOD has defined risk appetite and risk tolerance levels that outlines the materiality and level of risk we are willing to accept in pursuit of our strategic objectives, while risk tolerance sets specific thresholds for acceptable risk levels. A strong monitoring is conducted to ensure that Company is operating within the risk appetite.

## **BOARD AND COMMITTEES**

The Board oversees the risk management process primarily through its committees:

### 1.THE AUDIT **COMMITTEE**

The Audit Committee diligently upholds the principles of transparency and accountability within the organization. Its primary purview encompasses the meticulous oversight of financial matters, regulatory compliance, and associated risks. To fulfill its responsibilities effectively, the Committee convenes quarterly or on an as-needed basis to address pertinent issues and concerns. This regular engagement underscores the Committee's commitment to upholding the highest standards of corporate governance and risk management.

# 2.THE HUMAN RESOURCE AND **REMUNERATION COMMITTEE**

The Human Resource and Remuneration Committee maintains a dedicated focus on managing risks within its purview. This encompasses a thorough evaluation of compensation programs, ensuring that they are designed to mitigate rather than amplify corporate risk. Additionally, the Committee places a strong emphasis on succession planning, with the strategic objective of securing a continuous pool of highly skilled human resources across all critical facets of the Company's operations. This diligent approach underscores the Committee's commitment to promoting sound governance and safeguarding the Company's interests.

### 3.THE RISK & SUSTAINABILITY COMMITTEE

The Risk & Sustainability Committee assumes responsibility for vigilant oversight of critical control mechanisms, encompassing financial, operational, and compliance aspects. Its core mandate is to rigorously assess and fortify risk mitigation measures, thereby upholding the veracity of financial data and the effectiveness of operational safeguards. This dedicated approach underscores the Committee's commitment to upholding the highest standards of risk management and preserving the integrity of financial information.

### 4.THE INVESTMENT **COMMITTEE**

The Investment Committee holds a pivotal role in shaping the overarching investment policies, strategies, and risk management procedures. It meticulously guides the decision-making process regarding investments and divestments, ensuring strict alignment with the Company's objectives and investment policy.

### INTERNAL AUDIT FUNCTION

The Internal Audit Function operates in accordance with the Board-approved plan, conducting independent and objective evaluations. It reports directly to the Audit Committee, delivering assessments of the effectiveness of governance, risk management, and control processes. This structure ensures a rigorous and impartial examination of these critical aspects within the organization.

# **CONTROL ACTIVITIES**

Control activities encompass a comprehensive spectrum of preventive, detective, and corrective measures. The senior management diligently evaluates prevailing risks and implements well-considered controls to effectively mitigate and respond to these risks. This strategic approach ensures a robust and proactive stance in managing risk factors across the organization.

# POLICIES AND PROCEDURES

Policies and procedures have been adopted by the Board and its Committees are integrated into the Company's risk governance framework to ensure the management of financial, operational and compliance risks. These are based on best practices, promoting a culture of ethics and values with authority delegated to senior management for appropriate implementation to senior management for appropriate implementation.

# CONTINUOUS IMPROVEMENT

The Company's risk management system is in a state of continuous improvement, acknowledging that its level and scope will evolve in tandem with the development and expansion of the Company's operations. This commitment to ongoing enhancement ensures that the risk management system remains effective and responsive to emerging challenges.

### **KEY SOURCES OF UNCERTAINTY**

In order to ensure compliance with the International Financial Reporting Standards (IFRS), every financial statements involves judgments, estimates and assumptions that affect accounting policies and the reported amounts of assets and liabilities, income and expenses. Eventually after the reporting period, actual results may be different. These estimates and underlying assumptions are reviewed on an ongoing basis.

# RISKS AND **OPPORTUNITIES**

We have identified risks being faced by HTL that can be a hurdle in achieving associated strategic objective. Related Capial and source of risk also considered in this exercise with careful evaluation and due diligence. In response to these risks we have developed mitigation strategy to eliminate risk and sieze the opportunites that may arise.

### **RISK: INFORMATION SYSTEM AND CYBER SECURITY RISK**

Information technology risks involve system breakdowns, delayed recovery, outdated technology, and inadequate data classification, which can result in data security and privacy issues.

HTL has activated its Business Recovery Plan (BRP) and Business
- Continuity Plan (BCP) to manage extended disruptions effectively. To reduce FCY impact, local blended products are also produced by HTBL- wholly owned subsidiary company.

# CHAIRMAN'S **REVIEW**

Dear Stakeholders,

We sincerely appreciate your continuous support and trust in Hi-Tech Lubricants Group, including Hi-Tech Lubricants Limited and its wholly owned subsidiary, Hi-Tech Blending (Private) Limited. We are dedicated to fulfilling our commitment to create value for all our stakeholders.

Fiscal Year 2024 presented significant challenges for Hi-Tech Lubricants Limited, as global and domestic instability persisted due to geopolitical conflicts, rising inflation, and ongoing energy and climate crises. These disruptions affected economies worldwide, including our industry. Despite these adversities, our company remained resilient, adapting swiftly to the evolving landscape while maintaining our commitment to sustainable growth and operational excellence.

The Group recorded a consolidated net loss of Rs. 137 million, translating to a loss per share of Rs. 0.99. This result is primarily due to a significant rise in the cost of sales within the lubricants segment, driven by higher input costs. Additionally, the segment's sales volume declined, mainly due to high competition among market players and a sharp 37.4% downturn in Pakistan's automobile sector over the past fiscal year. This decline stems from production and sales slowdowns caused by import restrictions, decreased purchasing power due to high inflation, and a tightened monetary policy, which has led to a contraction in auto financing. The management is proactively addressing these complex challenges and is committed to strengthening the Group's financial stability moving forward.

In positive news, we managed to achieve 96% and 114 % increase in yearly sales revenue of its OMC and polymer segment, respectively. Further growth in these segments is expected. HTL Express centers have sustained sales revenue at the same level as the previous year.

Given the current economic conditions, HTL is streamlining its market operations and improving demand management by aiming to transition the entire range of imported products to local blending and filling at our plant through a contract with SK Enmove Co., Ltd. - our principal supplier and long term partner, for the supply of unblended raw material. This shift is helping us save valuable foreign exchange for the country while lowering HTL's foreign exchange risk and improving our cost competitiveness which has become increasingly important in this economy. This is a significant development for the Company and we are quite encouraged by its long term prospects for our lubricants segment in Pakistan.

### **Board's Overall Performance**

In accordance with the requirements set forth in the Listed Companies (Code of Corporate Governance) Regulations, 2019, the Company has instituted a formal, comprehensive, and effective internal mechanism for the annual evaluation of the performance of the Board, its individual members, and its committees. This framework, which was established following the Board's approval, has been successfully implemented to ensure continuous improvement in governance and strategic oversight.

During the fiscal year 2024, the Board's performance was systematically evaluated against a set of clearly defined metrics, ensuring a rigorous and objective assessment. These key performance indicators (KPIs) reflect the critical areas necessary for the Board to effectively support the Company in achieving its strategic objectives and driving long-term value for shareholders. The criteria used for the evaluation included:

- Composition and Quality of Membership
- Committees' Understanding of the Company's Business and Industry
- Ethics and Compliance
- Conduct of Meetings
- Overall Rating

Based on the consolidated evaluation results for FY 2024, the Board, its individual members, and committees have demonstrated strong performance across all key areas. The average rating achieved reflects that the Board is functioning effectively and continues to operate at a high level, fulfilling its fiduciary duties and supporting the Company's strategic objectives.

The Company remains committed to continually enhancing the effectiveness of the Board through regular evaluations, training programs, and the refinement of governance processes to align with global best practices.

By maintaining a high standard of governance, the Board reinforces its commitment to sustainable growth, effective risk management, and the creation of long-term value for all stakeholders.

### **Corporate Social Responsibility**

HTL is strongly dedicated to nation-building. This commitment drives us to thoughtfully choose areas where our efforts can create the most meaningful and positive influence on society, ensuring that our contributions truly benefit the communities we serve.

HTL's Board of Directors is currently overseeing the Sabra Hamida Trust with the heartfelt intention of making a positive impact on education through our schools "Ilmgah School System" having two campuses. The school system seeks to empower communities by providing high-quality education, with the ultimate goal of transforming ordinary lives into extraordinary ones. We're pleased to have a thriving student body of over 550, all benefiting from our well-rounded curriculum and a committed teaching team of 30. Since the school's founding in 2011, more than 1,500 students have graduated with a 100% pass rate. We look forward to shaping the future of our students as they embark on their educational journey with us.

Ilmgah Schools also offers vocational computer training to underprivileged communities. Courses cover basics of computers, Microsoft Office, internet, C++, and graphic design. Nine batches completed, with 100+ individuals trained, including 77 in 2024, enhancing digital skills for future opportunities.

We also support environmental sustainability through our partnership with the Parks and Horticulture Authority (PHA). We fund PHA's plantation initiatives to enhance green spaces and promote ecological balance. In 2024, we planted 5,000 trees with PHA, fostering a greener environment and supporting long-term sustainability goals.

We are also committed to fostering eco-friendly initiatives by establishing vegetable gardens at both our school and the Hi-Tech Blending facility. These projects provide hands-on learning opportunities that cultivate environmental awareness and promote sustainable practices among students and staff alike.

Sabra Hamida Trust operates in full compliance with regulations, proudly holding recognition under the Income Tax Ordinance, 2001, and accreditation from the Pakistan Centre for Philanthropy. This demonstrates its firm commitment to enhancing Pakistan's educational landscape and creating a brighter future for all.

HTL is deeply committed to giving back to the community in meaningful ways. This commitment is clearly exemplified by the HTL Group's generous donation of Rs. 22.74 million to various charitable organizations, which showcases our unwavering dedication to social responsibility. This significant contribution not only reflects our core values of philanthropy and community support but also emphasizes our goal of creating positive change in society. We believe that by investing in our community, we can help foster a brighter future for everyone involved.

# Sustainability, Wellness & Safety

HTL integrates sustainability into its core business practices by addressing various Economic, Environmental, Social, and Governance (EESG) issues. The company's approach is comprehensive, focusing on innovation, operational resilience, and the well-being of its employees, communities, and the planet.

HTL puts a strong focus on keeping the environment clean, and making sure everyone stays healthy and safe. We want to create a workplace and business setting that does well, but also looks after our workers, customers, and the planet. We care about eco-friendly ways of doing things in all parts of our work, making products that don't pollute and give off less harmful gases. We also make the health and safety of our team a top concern. We put in place tough rules and keep training our people to make sure the workplace is secure and good for their health. At HTL, what we believe in matches up with a future that can last. We tried our best to protect nature and take care of everyone involved with us.

# Company's Structure, Processes And Internal Control System

At HTL, we focus on establishing a capable and sound Corporate Governance System that has embedded in it proper management of the company and that contributes towards the strategic goals of the company to drive sustainable growth. The Board of Directors plays a central role in overseeing the company's management and ensuring adherence to high standards of governance, ethical practices, and regulatory compliance.

Our organizational structure is built to promote effective decision-making, transparency, and responsibility. The Board consists of a skilled and diverse team

of professionals, each contributing their unique expertise to provide comprehensive guidance and leadership for the company's strategic direction.

The Board is supported by the distinct committees, each having specific terms of reference that guide their functions.

HTL's board has established a sound internal control system that addresses the practical operations of the business and its compliance with the related legal provisions. The internal control system of our company integrates key functions which are geared towards the protection of our company's assets as well as the overall management of risks in the provision of accurate and timely financial and operational reports.

For the duration of the fiscal year, the Board and the Audit Committee routinely undertook the evaluation of the various internal control systems of the company. These assessments had sought to measure the efficiency of other preventive measures such as risk management, code compliance and financial reporting controls. Besides, there have been external audits and internal reviews to enhance effectiveness and accountability.

Therefore, from the findings of these evaluations the Board can assert that there is a comprehensive and efficient internal control system in place to facilitate the operations of the company, manage its finances and meet its legal obligations as a going concern Hi-Tech Lubricants Limited. Admittedly, no system is totally proof against risks, yet every effort will be made to enhance and solidify internal control to minimize possible risks and preserve value for stakeholders. These systems have been developed and will be updated by the Board to better address the current business environment in order to sustain the organization in future.

#### **Ethical Values**

At HTL, our actions are driven by the core values of Integrity, Respect, Quality, and Responsibility. These principles define who we are and shape the image we strive to uphold. We are committed to ensuring that every decision and action reflects these values, helping us build lasting relationships with our stakeholders, including distributors, institutions, customers, employees, suppliers, and the communities we serve. Through this commitment, we aim to foster long-term success and trust with all those connected to our business.

### **Risk Management**

The Board, with the support of its Risk and Sustainability Committee, is responsible for overseeing the Company's risk management. The Risk and Sustainability Committee assists the Board by monitoring, managing, and mitigating key and emerging risks, while also advising the Board and senior management on the Company's risk appetite, tolerance, and strategy. The Board regularly reviews risk management updates and any significant changes in risk through various operational and financial reports, including risk assessments and internal and external audit reports. Management is tasked with implementing and maintaining effective controls. The Board has conducted a thorough risk assessment to identify and address these risks.

# **Envisioning The Future**

Despite challenges of fiscal consolidation, monetary tightening, geopolitical tensions, and persistently high inflationary pressure, the economy has witnessed a moderate recovery in FY2024 due to government's effective policy measure. Pakistan remains steadfast on path to macroeconomic stabilization, gearing towards a shift to an era of sustainable and inclusive growth. Government has renewed its focus on high potential sectors like IT, SMEs, mines and minerals, tourism, exports and agriculture. Economic activities are showing gradual improvement, inflation rates are on a decline, and external factors have become stable. Moving forward, the economy is expected to have favourable external and domestic economic prospects. The Stand-by Arrangement with the IMF, signed by the Government at the outset of FY2024 was concluded successfully as Pakistan now looks forward to an extended stabilization and home-grown growth program.

Lastly, I take this opportunity to thank our valued customers for the trust they continue to place in us, the management team and employees for their sincere efforts, the Board of Directors for their guidance and all stakeholders for their continuous support.

SHAUKAT HASSAN CHAIRMAN

### CFO'S MESSAGE

Fiscal year 2024 commenced under challenging conditions with several factors affecting Pakistan's economy including severe floods, political instability, disruptions in global supply chains, and inflation driven by the commodity super-cycle resulting from the Russia-Ukraine conflict. This period saw record-high inflation rates, a depreciating national currency, and rising import costs. However, the situation began to improve in the latter half of the fiscal year. Effective government policies and administrative measures contributed to a revival in economic activities. Notable improvements were seen in the agricultural sector, along with a reduction in inflation and an improved current account balance. Inflation has been declining since the third quarter of FY 2024, with the Consumer Price Index (CPI) averaging 23.4% in June. In response, the State Bank of Pakistan's Monetary Policy Committee reduced the Policy Rate by 150 basis points, lowering it to 20.50% in June 2024. The GDP grew by 2.4% during the fiscal year. Additionally, rising foreign exchange reserves helped stabilize the PKR/USD exchange rate, supported by a successful \$3 billion Stand-By Arrangement with the IMF. Resultantly, HTL reported a net profit of Rs. 312 million in the last two quarters, a significant improvement compared to a net loss of Rs. 201 million in the first two quarters. This turnaround was primarily driven by a substantial increase in revenue and a reduction in import costs during the latter

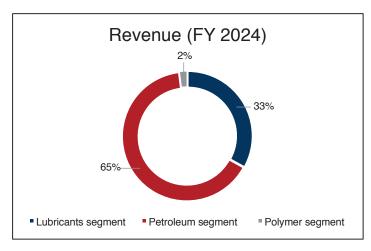

I am pleased to share an overview of the year, highlighting the challenges faced and noteworthy milestones achieved by Hi-Tech Lubricants Limited (HTL). During the year in review, on an unconsolidated basis, HTL incurred a net profit of Rupees 111 million, translating to earnings per share of Rupees 0.80.

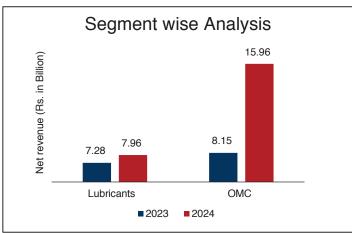

On a consolidated basis, your Group (Hi-Tech Lubricants Limited and its wholly owned subsidiary, Hi-Tech Blending (Private) Limited) unfortunately incurred a net loss of Rupees 137 million, translating to a loss per share (LPS) of Rupees 0.99 down from last year LPS of Rupees 1.77. This loss mainly consists of depreciation of 172 million on account of capital spending in OMC Business through IPO Funds. Our management is actively and diligently formulating strategies to navigate these intricate challenges, with a steadfast commitment to enhancing the Group's financial resilience as we move forward.

In a year characterized by numerous significant challenges, HTL displayed remarkable resilience and unwavering determination. HTL is streamlining its market operations and improving demand management by aiming to transition the entire range of imported products to local blending and filling at our plant through a contract with SK Enmove — our principal supplier and long term partner, for the supply of unblended raw material. This shift is helping us save valuable foreign exchange for the country and protect HTL from foreign exchange losses. This strategic shift is anticipated to increase group's market share through more competitive pricing and it is expected to occur in second quarter of FY 2025.

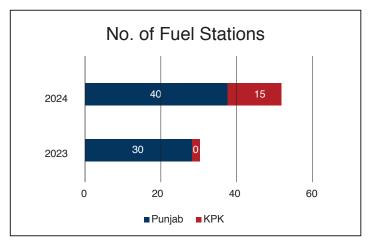

#### **SEGMENTAL REVIEW**

The group's revenue from the lubricants sector shown a 9% increase, reaching Rs. 7.96 billion, up from Rs. 7.28 billion in the prior year. While the group's OMC business shown a significant increase of 96%, reaching Rs. 15.96 billion from Rs. 8.15 billion in prior year.

Over the course of the year, the company expanded its network of fuel stations by opening 25 new locations, bringing the total to 55 stations. Approval for a total of 52 OMC sites in Punjab Province and 35 in Khyber Pakhtunkhwa Province was secured from OGRA by the year end. Additionally, the company's OMC Business revenue saw a substantial rise, increasing by Rs. 7.8 billion, which represents a 96% growth compared to the previous year.

In 2023, HTL ventured into the polymer sector through its subsidiary, Hi-Tech Blending (Private) Limited, which features cutting-edge technology. The company started selling polymer products to external customers, effectively expanding its market reach. During FY 2024, HTL reported sales of 3.71 million bottles, 3.75 million caps, and 205,036 injection moulding parts. This strategic expansion not only aims to enhance HTL's profitability but also diversifies its revenue streams. mitigating overall business risk.

The Company has a well-established history and a strong track record of actively contributing to the betterment of society and the communities in which it operates. Our commitment to making a real impact on society and finding solutions to global challenges is deeply ingrained in our business philosophy. To guide our efforts, we have set clear goals that prioritize the adoption of the best environmental, social, and governance practices across all our operations. Our primary focus in our Corporate Social Responsibility initiatives remains on the education sector, healthcare, and environmental sustainability. These areas align with our mission to make a meaningful and positive difference in the world.

I extend heartfelt appreciation to our Chairman and esteemed Board members, particularly our Executive Director, Mr. Ali Hassan. Their guidance and support have been invaluable. Gratitude to our stakeholders for their enduring confidence and to our dedicated team for their unwavering commitment. HTL looks forward to a promising next year with optimism for improved performance and growth.

HASSAN TAHIR

### FUTURF **OUTLOOK**

Given the current economic conditions, Hi-Tech Lubricants Limited (HTL) is streamlining its operations and enhancing demand management by transitioning its entire range of imported products to local blending and filling at our domestic plants. This strategic shift not only conserves valuable foreign exchange for the country but also protects HTL from currency exchange losses. Additionally, we are actively expanding our network of distributions in Lubricant Business by adding high net worth individuals with experience of the business. Our fuel station network and growing valuable customer base in polymer segment, strengthens our positive outlook for the year ahead. With focus on innovation, supply chain initiatives, customer service, and operational efficiency, we anticipate improved financial performance and increased value for our shareholders and all the stakeholders.

Hi-Tech Lubricants Limited (HTL) stands to gain substantial export opportunities through its collaboration with SK Enmove Co. Ltd. Leveraging SK Enmove's broad network, which includes production facilities in Europe and Asia and partnerships worldwide, HTL will access a supply chain that reaches over 50 regions globally. This strategic partnership positions HTL to enhance its market reach outside of Pakistan and meet international demands for high-quality lubricants.

Looking ahead, HTL is also positioned to lead the electric vehicle (EV) lubricant market through our partnership with SK Enmove Co., Limited, a global leader in raw materials and technology. With SK Enmove's goal of becoming a top-tier player in energy-efficient lubricants by 2040 through its ZIC e-FLO product line, we are well-placed to explore new markets and continue collaborating with global vehicle manufacturers and Tier-1 suppliers to deliver advanced, high-performance EV fluids that enhance efficiency, safety, and durability.

# Projections About Known Trends And Uncertainties

Pakistan's automotive sector dominates the lubricant market, and it is poised for further growth. This expected increase in auto sales is fueled by gradually reducing inflation and financing rates. Consequently, the demand for lubricants is projected to escalate.

The group forecasts a year-on-year (YoY) net revenue growth of 93% for FY 2025, followed by 8% in FY 2026 and 9% in FY 2027. Additionally, it anticipates turning its loss before taxation into profit, with projected PBT margins of 2% for FY 2025 and FY 2026, and 3% for FY 2027.

Particulars	2025	2026	2027
rai ucuiai s	Rs. In billion		
Revenue	46.81	50.74	55.16
Net Profit	0.9	1.15	1.48
NP %	1.94%	2.28%	2.69%

We are envisioning a brighter and greener future with increase in the revenue and bottom line in the coming three years. The aforesaid projected group profits indicate substantial profits, enabling the group to offset available business losses, minimum tax and unabsorbed depreciation in accordance with the provision of income tax ordinance, 2001.

HTL's strong position continues to be a key strength as it works toward its vision of improving operational efficiency, making strategic investments, and increasing shareholder value. By carefully investing in local expansion initiatives, the company remains dedicated to capitalizing on opportunities and delivering long-term value to its shareholders.

# Explanation As To How The Performance Of The Entity Meets The Forward-Looking Statement In The Previous Year

Matter reported in forward look- ing statement	Actual performance
Increase in local blending and filling through Hi-Tech Blending (Private) Limited – wholly owned subsidiary company	During the year, company has increased local blending and filling at its own blending plant by shifting almost 90 - 95% of imported product portfolio to the plant.
Expansion of fuel station network	During the year, company has inaugurated 25 new fuel stations which includes 15 of those in KPK province, where company had no fuel station previously. Total no. of fuel stations has reached a no. of 55 as compared to 29 as at prior year end.

## **Status Of Capital Projects**

The Company steadily expanding its petroleum segment operations. During the year, the Company initiated the sale and marketing of petroleum products through a network of 15 HTL Fuel Stations in Khyber Pakhtunkhwa Province. These efforts underscore our commitment to strategic expansion within the petroleum sector. Presently, the HTL manages a network of 40 dealer-operated HTL Fuel Stations within the Punjab Province and 15 dealer-operated HTL Fuel Stations in Khyber Pakhtunkhwa Province. We have approval of 52 and 35 fuel stations in Punjab and KPK from our regulatory body.

The Company successfully signed a contract with SK Enmove Co., Ltd. - principal supplier and long term partner, for the supply of unblended raw material aiming to transition the entire range of imported products to local blending and filling at its own plant. This shift is helping us save valuable foreign exchange for the country and protect HTL from foreign exchange losses.

# **Sources Of Information And Assumptions Used For Projections / Forecasts**

Future projections and forecasts are diligently crafted, underpinned by a comprehensive set of assumptions, which encompass:

- Thorough examination of macroeconomic conditions
- Historical patterns, and
- Potential forthcoming developments.
- Hypothetical assumptions

External data, including macroeconomic indicators and market dynamics, are sourced from reputable publications and authoritative sources such as:

- State Bank of Pakistan
- Government of Pakistan, Finance Division, Economic Advisor's Wing.

Internally, a collaborative approach involving multiple departments within the Company is employed to gather pertinent internal information. The management, through a rigorous corporate planning exercise, extrapolates future revenues and identifies trends, while taking into consideration market dynamics, supply-demand dynamics, seasonal variations, and global oil price fluctuations. To formulate these future projections, the management applies their discernment and expertise.

It is noteworthy that the Board exercises rigorous scrutiny of budgets and forecasts, particularly when contemplating new expansion and diversification projects. Their meticulous analysis and strategic evaluation inform decisions regarding the Company's future trajectory.

Regards,

**Ali Hassan** Executive Director

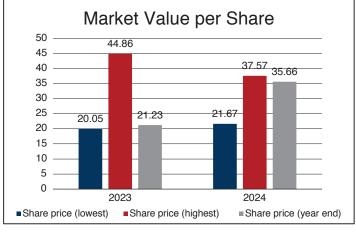

### CFO's **REVIEW**

In FY 2024, HTL achieved earnings per share of Rs. 0.80, a substantial improvement from the loss per share of Rs. 0.67 in FY 2023, highlighting a significant enhancement in profitability. The Price Earnings (P/E) ratio also saw a notable increase, moving from a negative 31.64 times in FY 2023 to a positive 44.61 times in FY 2024, reflecting positive earnings growth and potentially boosting investor confidence.

However, despite this improvement, HTL has not declared a dividend for FY 2024, in contrast to the dividend per share of Rs. 2 issued in FY 2023. This decision reflects the challenges faced by the company during the year and underscores the impact on key investor-related metrics.

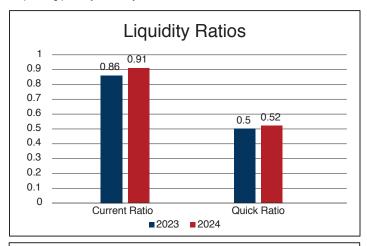

HTL's market capitalization saw a significant rise of 68%, growing from Rs. 2.96 billion at the close of FY 2023 to Rs. 4.96 billion by the end of FY 2024. This increase is attributed to the share price appreciating from Rs. 21.23 at the previous year's close to Rs. 35.66 by the end of FY 2024.

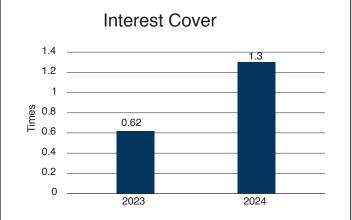

HTL's liquidity position in FY 2024 presented a mixed outlook compared to FY 2023. While there were some improvements in the current ratio and quick ratio, the company faced challenges in other areas, particularly with reduced ratios related to

capital expenditures and cash flow coverage. A key concern is the significant rise in net cash used for operating activities, which increased sharply from Rs. 129 million last year to Rs. 704 million this year.

On a positive note, the current ratio saw a modest improvement, increasing from 0.86 to 0.91, reflecting enhanced short-term liquidity. Additionally, it is important to highlight that the company remains free of long-term borrowings. However, the finance cost has risen by 15% compared to the previous year, largely due to higher interest rates, bank charges, and commissions. On the upside, the interest coverage ratio improved from 0.62 in FY 2023 to 1.30 in FY 2024, driven by a 141% increase in operating profits year over year.

On a consolidated basis, the Group (Hi-Tech Lubricants Limited and its wholly-owned subsidiary, Hi-Tech Blending (Private) Limited) recorded a net loss of Rs. 137 million. Despite this, the Group's total assets grew by Rs. 1.24 billion, representing a 10.2% increase and bringing the total assets to Rs. 13.41 billion. Additionally, the Group continues to maintain a robust cash position, with a balance of Rs. 411 million, ensuring a strong financial footing.

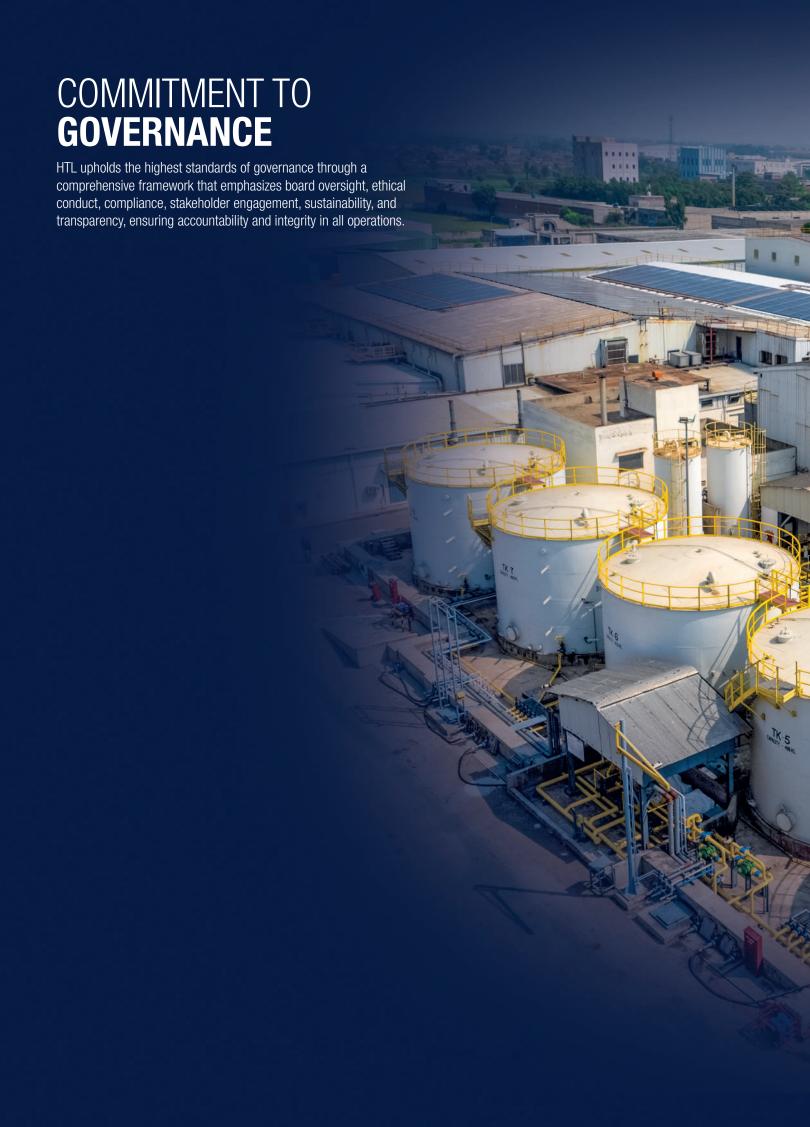

In line with our strong commitment to sustainability, we have strategically allocated financial resources to advance key sustainability initiatives. This includes channeling

capital into projects that align with our sustainability goals, while implementing clear investment guidelines to ensure the successful execution of these endeavors. Recognizing the importance of managing sustainability-related risks, particularly those related to climate change, we have established a comprehensive strategy and governance framework. This approach not only mitigates potential risks but also identifies opportunities within these challenges, ensuring alignment with our broader organizational objectives.

Navigating an economic environment characterized by uncertainties, the OMC sector is expected to face continued pressure on pricing and profit margins. Despite these challenges, the lubricant market is poised for a favorable outlook, driven by projected growth in automobile sales as a result of lower financing costs and reduced inflationary pressures.

Despite the challenges of the past year, we remain fully committed to creating value for our shareholders. Our resilience and ability to adapt have allowed us to overcome uncertainties and emerge in a stronger position. Looking forward, we are optimistic about the opportunities on the horizon and confident in our capacity to sustain growth and generate long-term value for our shareholders. We sincerely appreciate your continued trust and support as we move forward on this journey together.

MUHAMMAD IMRAN Chief Financial Officer

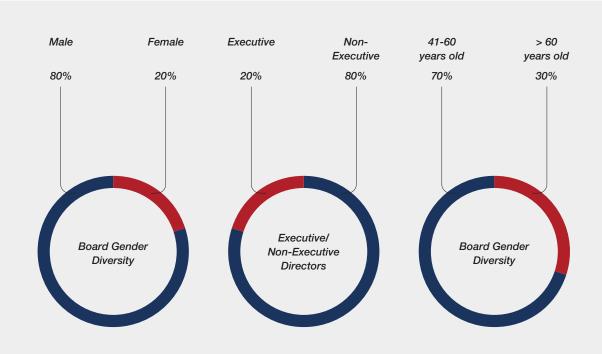

### CORPORATE GOVERNANCE OVERVIEW STATEMENT

## BOARD AT A GLANCE

Our Board remains vigilant of the evolving corporate governance landscape and is steadfast in its commitment to delivering effective leadership.

The Board is confident that it possesses the right blend of skills, experience, independence, and knowledge to drive forward its strategic growth agenda.

#### **Industry Background:**

- Oil Marketing (OMC)
- Lubricant Marketing

#### **International Experience:**

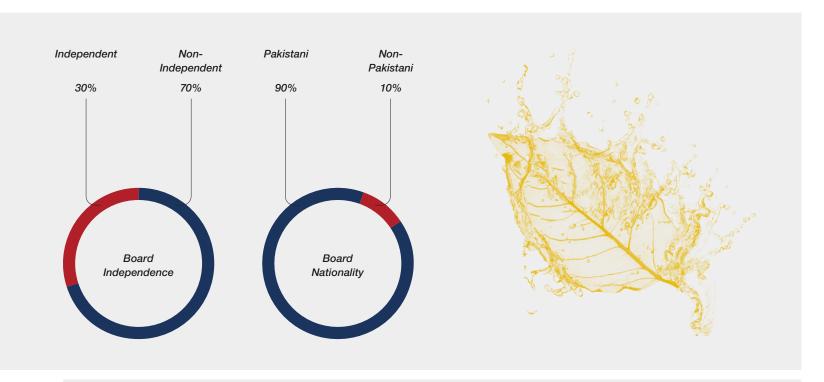

- Global
- Regional

#### **Functional Experience:**

- Supply Chain
- Logistics
- Legal/Regulatory
- Operations
- Commercial/Marketing
- Economics
- Finance
- Audit
- Risk Management
- Sustainability
- Corporate Strategy
- Technology
- Human Resource
- Project Management

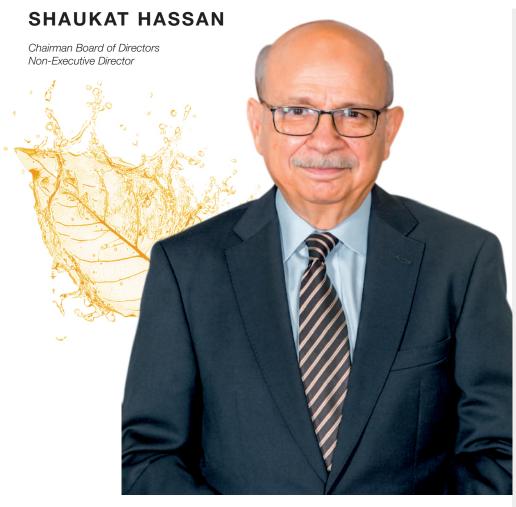

### CORPORATE GOVERNANCE OVERVIEW STATEMENT

AS AT 30 SEPTEMBER 2024

#### ATTENDANCE OF BOARD MEETINGS DURING THE FINANCIAL YEAR

Nationality: Pakistani
Gender: Male

# INITIAL DATE APPOINTED TO THE BOARD

1 September 2008

#### LENGTH OF SERVICE AT HTL

16 years

# ACADEMIC/PROFESSIONAL QUALIFICATION:

 Master's Degree in Economics from Punjab University Lahore

#### **PRESENT APPOINTMENTS:**

- Chairman Board of Directors at Hi Tech lubricant Ltd.
- Director at MAS Associates (Pvt.) Ltd.
- Director at WASL Investment Finance
   I.td.
- Director at Gulf Rubber Works (Pvt.) Ltd
- CEO of MAS Infosoft (Pvt.) Ltd.

#### **CHAIRMAN / TRUSTEE AT:**

- HTL EPF Trust
- HTBL EPF Trust
- MAS Services EPF Trust
- Sabra Hamida Trust
- President of Alliance Francaise De Lahore (AFL) Foundation

#### PROFESSIONAL EXPERTISE:

Core Partner since 1976 Contributed significantly to the establishment and growth of the business at HTL.

He possesses special skills in enhancing employee skills, retention, and overall development.

He has experience in collaborating with multinational organizations. Successfully facilitated the sale of equipment to leading Exploration and Production (E&P) companies globally.

He has been actively involved in initiatives aimed at improving education and supporting financially underprivileged communities.

#### TAHIR AZAM

(LATE 1951-2024)

Ex-Non-Executive Director

#### **Tribute to the Late TAHIR AZAM**

We are deeply saddened to share the passing of our esteemed Director, Tahir Azam, who left us during the last financial year. As one of the founding members of Hi-Tech Lubricants Limited (HTL), Tahir Azam was a cornerstone of our journey, contributing his vision, dedication, and leadership for over 24 years.

His invaluable guidance and strategic insights were instrumental in shaping HTL's growth and establishing the company's strong foundation in the lubricants industry. Despite his health challenges, Tahir Azam remained committed to HTL's mission, attending the board meetings and actively participating in discussions during the past financial year. His steadfast commitment, wisdom, and experience were a source of inspiration for the entire team.

The legacy of Tahir Azam will continue to be felt across our organization, and his impact on HTL's success will be cherished forever. We extend our heartfelt condolences to his family and express our deepest gratitude for his outstanding service and dedication to HTL.

### **ROLF OF THE CHAIRMAN**

Chairman of the HTL's Board is responsible for providing effective leadership to the Board particularly during Board and shareholders meetings. The Chairman conducts the Board meeting and has the responsibility to lead the Board and ensure its effective functioning and continuous development. He creates the conditions and environment conducive for overall effectiveness of the Board and encourages the contribution of executive, nonexecutive, and independent directors in carrying out the Board's business in line with applicable laws, rules and regulations.

### ROLF OF THE CEO

The CEO of the Company is responsible for the management of the Company, in accordance with all statutory obligations and subject to the oversight and directions of the Board. He is responsible for management of the Company's core businesses and affairs by ensuring that the executive team implements the policies and strategies approved by the Board. He keeps the Board updated on significant and sensitive issues that might affect the Company. He ensures that operational plans and control systems are in place and regularly monitors actual performance against plans and takes necessary measures.

# ELIGIBILITY CRITERIA FOR INDEPENDENT DIRECTORS:

- Independent Directors have and shall have sufficient knowledge, skills and expertise to play effective roles as independent directors.
- (ii) At least two of the Independent Directors are required to chair Board's committees such as Chairman of Board's Audit Committee and Board's Human Resource and Remuneration Committee.
- (iii) Independent Directors have and must have attend Directors Training Program from SECP's approved institutions.
- (iv) Names of Independent Directors have and must have been registered in the Data Bank maintained by Pakistan Institute of Corporate Governance (PICG) along with their written consents.
- (v) Independent Directors are and must be eligible in terms of criteria of independence as mentioned in section 166(2) of the CA-2017, and must be willing to act as Independent Directors on the Board of listed company as required under the provisions of section 166(1) of CA-2017.
- (vi) None of circumstances, as mentioned under proviso (b) to subsection 2 of section 166 of CA-2017, shall exist in relation to Independent Directors.
- (vii) The directors, sponsors, majority shareholders and their relatives shall not be interested, directly or indirectly, in the selection of Independent Directors except to the extent of shares that are held by them in the Company.

# DECISIONS AND MATTERS TAKEN BY THE BOARD AND DELEGATED TO MANAGEMENT FOR EXECUTION

The Board of Directors at HTL holds the authority to exercise all powers on behalf of the Company, fulfilling their duties and responsibilities in compliance with relevant laws and regulations. Their primary obligation is to ensure that the senior management effectively pursues the Company's objectives, in a manner that serves the best interests of both the Company and its shareholders.

The management team is entrusted with the execution of strategies as approved by the Board. Their core responsibility involves overseeing the day-to-day business operations, including but not limited to short-term investments, contractual negotiations, policy implementation, treasury functions, taxation, litigation management, and inventory control. These operations are carried out with a commitment to efficiency, ethics, and alignment with the strategic goals outlined by the Board. Management is also tasked with identifying and managing key risks and opportunities that may affect the Company's performance.

Furthermore, management ensures that the Board is kept fully informed of any changes in the operational landscape. Under the Board's supervision and with the support of the Audit Committee, management is also responsible for preparing financial statements that accurately reflect the Company's financial position, adhering to applicable accounting standards and legal requirements.

# FORMAL ORIENTATION AT INDUCTION

At the time of joining the Board, newly co-opted directors were provided with an orientation pack comprising of Companies Act, 2017, Securities Act, 2015, Rulebook of Pakistan Stock Exchange Ltd., Listed Companies (Code of Corporate Governance) Regulations, 2019, HTL's Policy for Directors Remuneration and Memorandum and Articles of Association through an email from the Chairman of the Board.

# DETAILS OF BOARD MEETINGS HELD OUTSIDE **PAKISTAN DURING THE YEAR**

No Board meeting of HTL's Directors was held outside Pakistan during the year ended 30 June 2024.

# PRESENCE OF THE CHAIRMAN OF THE AUDIT COMMITTEE AT AGM

Our respected Chairman of the audit committee, Dr. Safdar Ali Butt, was present at the 15<sup>th</sup> Annual General Meeting (AGM) to answer the questions of the shareholders on audit committee's activities and matters within the scope of the audit committee's responsibilities.

# STATEMENT ON MANAGEMENT RESPONSIBILITY

HTL's management is responsible for the preparation and presentation of the financial statements in accordance with the accounting and reporting standerds as applicable in Pakistan.

# **BOARD COMMITTEES**

The Board has formed the following committees to assist it in various functions. To see the details and composition of these committees please refer to the directors report section of the report.

  of Directors; to draw up procedures related thereto and to oversee the
  effective implementation of such procedures. The Board shall decide
  as to who shall be designated for initial receipt of all internal whistleblowing intimations.

#### INVESTMENT COMMITTEE OF THE BOARD

- Setting investment and risk mitigating policies and guidelines.
- Making decisions regarding investment and divestment in line with the objective of the policy and ensuring consistency with the policy documents and conditions.
- Record and sign its decisions along with rationale and objective for buying or selling each security and highlighting the limits including price, quantity etc. for each investment.
- Maintaining minutes and proper record of Committee meetings and investment/divestment decisions.
- Ensure that investment decisions are implemented with due care, diligence and in an ethical manner.
- Reviewing the performance of the investments on a regular and timely hasis
- Reviewing the financial risk that includes currency risk, other price risk of financial instruments, interest rate risk, credit risk and liquidity risk on a regular and timely basis.

# RISK & SUSTAINABILITY **COMMITTEE OF THE BOARD**

- The Chairman/Chairperson of the RSC shall be amongst the members of the Board
- The Chairman/ Chairperson shall oversee the effective functioning of the RSC and to demonstrate leadership and awareness in ensuring the RSC's functions meet the objectives of the RSC
- Develop sustainability framework and ensure conduct of risk assessment of sustainability and climate change.
- Identify and prioritize material matters related to sustainability and climate change
- Consider Risks and Opportunities related to EESG Sustainability (i.e. Economic Sustainability, Environmental Sustainability, Social Sustainability and Governance Sustainability).
- Monitoring and review of all material controls (financial, operational, compliance);
- Risk mitigation measures are robust and integrity of financial information

is ensured;

- Appropriate extent of disclosure of company's risk framework and internal control system in Directors' report.
- Recommend the risk profile and risk appetite for the Company for approval by the Board;
- Recommend the Governance and Risk Management Policy for approval by the Board;
- Recommend to the Board and oversee the process developed by management to identify principal risks, evaluate their potential impact, and implement appropriate systems to manage such risks;
- Make recommendations to the Board as to the exposure limits and risktaking authority to be delegated by the Board, to the CEO and executive management:
- Receive reports from management concerning the risk implications of new and emerging risks, organizational change and major initiatives, in order to monitor them:
- With respect to specific categories of risk, review, from time to time, principles, policies, limits, standards, guidelines, management committee mandates and other significant procedures established by management;
- Review issues raised by the CEO, Executive Director, Chief Financial Officer, External Auditors, Company Secretary or Internal Auditors that impact the risk management framework or the Group's risk management;
- Review and make recommendations to the Board on draft statutory statements covering governance and risk management issues in accordance with the requirements of regulators; and
- Direct any special investigations deemed necessary, and engage and consult independent experts where considered necessary or desirable to carry out its duties and rely on the advice of such experts.

### CORPORATE SOCIAL RESPONSIBILITY

#### **COMMITTEE OF THE BOARD**

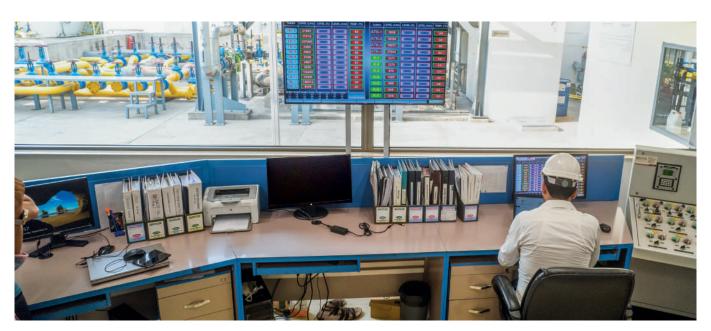

- Building sustainable, evolving, dynamic models of social & economic infrastructure through Corporate Social Responsibility (CSR) Programs independently as well as in partnership with government & nongovernment bodies including other stakeholders at national, regional, district, village or block level.
- Providing services and solutions to address social issues with highest

- social priority for the poor, marginalized and under privileged in line with the business philosophy of providing affordable medicines for most prevalent disease.
- Planning and executing the programs that would benefit the communities in and around its work-sites e.g. plant locations in order to enhance the quality of life of the community in general and the poor in particular.
- Building, nurturing and reinforcing identity of the Company as a socially and ethically responsible corporate entity through its CSR initiatives for benefit of diverse stakeholders in the society.
- Carrying out activities that would create increased happiness and empowerment of the stakeholders.
- Acting as a catalyst through direct intervention and social investment to address the immediate needs of the poor as well as long term development concern.
- Responding to natural disasters, calamities at global as well as national level in the areas of operations to provide relief, reconstruction and rehabilitation support as and when required.
- Setting up sustainable CSR Programs for the long term welfare of the nation.
- Ensuring that all the relevant provisions of Code of Corporate Governance as well as CCGR are complied with in so far as they relate to CSR and disclosure of CSR activities.
- To advise the Board on all CSR related issues and to prepare a draft of Annual CSR Report for consideration/approval by the Board and inclusion in Company's Annual Report.
- SRC will formulate, review, revise and update HTL's CSR Policy, which will be approved by the Board of the Company. CSRC will suggest strategies and focus areas of intervention and operation to the Board as per requirement.
- CSR Committee initiates internal process to develop an Annual Action Plan in consultation with the implementing bodies to develop CSR plan and modify the same after Board review and approval.

#### NOMINATION COMMITTEE OF THE BOARD

#### The nomination committee is responsible for:

- Considering and making recommendations to the Board in respect of the Board's committees and the chairmanship of the Board's committees; and
- Keeping the structure, size and composition of the Board under regular review and for making recommendations to the Board with regard to any changes necessary.

## ADVANCEMENT IN DIGITAL TRANSFORMATION TO IMPROVE TRANSPARENCY AND GOVERNANCE

In the past few decades, a fourth industrial revolution has emerged, known as Industry 4.0. Industry 4.0 takes the emphasis on digital technology from recent decades to a whole new level with the help of interconnectivity through the Internet of Things (IoT), access to real-time data, and the introduction of cyber-physical systems. It connects physical with digital, and allows for better collaboration and access across departments, partners, vendors, product, and people. Industry 4.0 empowers business owners to better control and understands every aspect of their operation, and allows them to leverage instant data to boost productivity, improve processes, and drive growth. There are hundreds of concepts and terms (ERP,IoT,RPA,Block chain,Al,Big data, Cloud Computing etc) that relate to Industry 4.0, but we have to decide in which domain we want to invest in Industry 4.0 solutions as per our business requirement. In Our case we have implemented ORACLE.

# EDUCATION AND TRAINING TO MITIGATE CYBER SECURITY RISKS

IT team regularly inform and organize training for the Company's end users to follow best standard practises to avoid any cybersecurity threats and risks. IT team regularly conduct information security awareness session. The purpose of security awareness is to focus attention on security, creating sensitivity to the threats and vulnerabilities of Computer systems and recognition of the need to protect data, information and systems. Security awareness training helps to minimize risk, thus preventing the loss of Personal Identification Information (PII), Internet Protocols (IP), and money or brand reputation. An effective awareness training program addresses the cybersecurity mistakes that employees may make when using email, the web and in the physical world such as tailgating or improper document disposal.

# DISCLOSURE ON COMPANY'S USE OF ENTERPRISE RESOURCE PLANNING (ERP) SOFTWARE

# DESIGN AND INTEGRATION OF CORE BUSINESS PROCESSES IN A SINGLE SYSTEM

Oracle stands as the preeminent ERP (Enterprise Resource Planning) software solution globally, offering a comprehensive suite of integrated business modules designed to capture and manage day-to-day operational transactions. At HTL, Oracle serves as the cornerstone for both transactional data storage and financial reporting. This encompassing framework comprises multiple modules, encompassing Sales, Finance, and Inventory Management, among others, which function seamlessly in harmony with one another, thus ensuring data integrity and fortified process controls. The inherent strength of Oracle ERP lies in its close-knit integration and centralized database architecture, obviating the need for redundant data entry. This seamless synergy enables the frictionless flow of information between various Oracle components, thus fostering operational efficiency. For HTL, the Oracle ERP system plays a pivotal role by providing the automation, integration, and intelligent capabilities essential for the smooth orchestration of all daily business operations. Furthermore, HTL relies heavily on Oracle ERP as the primary repository for organizational data, consolidating it into a singular, unassailable source of truth that permeates throughout the entirety of the business operations.

# MANAGEMENT'S SUPPORT IN CONTINUOUS UPDATION OF FRP

The management team assumes a pivotal role in orchestrating the organization's technological advancement and ensuring its ongoing currency with the latest technological developments and updates. Its primary responsibility lies in the inception and implementation of novel initiatives within the organization, aimed at optimizing operational processes, enhancing efficiency, and fortifying controls to foster effective business management.

#### ORACLE USER TRAININGS

Our Information Technology department organizes a diverse range of training programs throughout the calendar year, tailored to meet the unique needs and objectives of various organizational departments.

# MANAGEMENT OF CONTROL RISK FACTORS ON FRP PROJECTS

Prior to the initiation of the ERP project, a comprehensive and diligent study is conducted, encompassing all facets of the implementation process. This meticulous preparation involves the creation of a detailed 'to-be' document, which comprehensively outlines the anticipated changes resulting from the project, while also addressing the associated risks. The 'to-be' document serves as a holistic blueprint, encapsulating the entire process map, which garners unanimous support and commitment from all business functions. This inclusive approach ensures a unified vision of the impending transformation.

In the pursuit of excellence, the processes undergo rigorous testing and scrutiny, with meticulous attention to detail, prior to finalization. This rigorous examination is designed to ensure that all requirements are met and that the requisite controls are in place, thus ensuring the achievement of effective and efficient business outcomes.

#### SYSTEM SECURITY AND ACCESS CONTROLS

The company enforces stringent system security measures, including multifactor authentication and regular security audits, to safeguard sensitive data and protect against unauthorized access.

Access controls are meticulously maintained, with role-based permissions and continuous monitoring, to ensure that only authorized personnel can access critical systems and information.

### CHAIRMAN'S SIGNIFICANT COMMITMENTS **AND ANY CHANGES THERETO**

Mr. Shaukat is serving Hi-Tech Lubricants Limited as the Chairman of the Board. He does not have any significant commitment other than being the Chairman of the Board.

# EXTERNAL SEARCH CONSULTANCY FOR APPOINTMENT OF ANY DIRECTOR

External Search Consultancy for Appointment of any Director. No external search consultancy was used for appointment of any director on the Board.

# REPORT OF THE **BOARD'S AUDIT COMMITTEE**

It is immense pleasure for the Board's Audit Committee (BAC) of Hi-Tech Lubricants Limited ("the Company") to present its report for the year ended 30 June 2024.

The BAC is governed by the mandate given to it vide Listed Companies (Code of Corporate Governance) Regulations, 2019 and by the Terms of Reference (TORs) set by its Board of Directors. The BAC assists the Board to effectively carry out its supervisory & oversight responsibilities on financial reporting and compliance, internal controls and risk management, internal and external audit functions of the Company.

### TERMS OF REFERENCE

The salient features of TORs are stated below which BAC is pleased to affirm that they were carried out diligently in the year under report:

- Review effectiveness of internal controls.
- Review integrity of financial information.
- Review internal and external audit reports, and where necessary recommend appropriate action.
- Oversee compliance with applicable laws relating to Company's operations and disclosure requirements.
- Assure conformity of management decisions with the Company objectives.
- Review related party transactions to ensure their probity.
- Assess accounting estimates, going concern assumption, changes in accounting policies and compliance with accounting standards.
- Make recommendation(s) on external auditors' appointment, based on independence, integrity and satisfactory rating with ICAP.

## COMPOSITION AND **ATTENDANCE**:

The BAC is composed of five members including the Chairman, including two independent and three non-executive directors. All Committee members possess significant economic, financial, and business expertise, and all Directors are financially literate.

During financial year 2023-24, the BAC held four meetings, including one mandatory meeting in every quarter of the financial year with meaningful participation of all the members.

Name	Directorship Type	Status in BAC	No. of meetings attended in the financial year ended 30.6.24
Dr. Safdar Ali Butt	Independent Director	Chairman / Member	4
Mr. Shafiq Ur Rehman	Independent Director	Member	4
Mr. Shaukat Hassan	Non- Executive Director	Member	4

Mr. Faraz Akhtar Zaidi	Non- Executive Director	Member	4
Mr. Tahir Azam	Non- Executive Director	Member till June 9, 2024	3

### SUMMARY OF KFY **ACTIVITIES:**

The BAC has concluded its annual review of the Company's conduct and operations for the financial year ended June 30, 2024, and hereby reports the following:

### COMPLIANCE WITH **REGULATIONS**:

The Company adhered, without any material departure, to both the mandatory and voluntary provisions of the Listed Companies (Code of Corporate Governance) Regulation, 2019, Companies Act 2017 and Company's own Code of Conduct and Values throughout the year. The BAC separately met the external and internal auditors independently at least once in the year and the Chairman BAC remained present in last Annual General Meeting.

### STATEMENT OF **COMPLIANCE**:

The Company has issued a Statement of Compliance with the Regulations, which has been reviewed and certified by the external auditors of the Company.

# ACCOUNTING POLICIES AND **DISCLOSURE:**

Appropriate accounting policies were consistently applied and financial statements of the Company have been prepared on a going concern basis, which present fairly the state of affairs, results of operations, cash flows and changes in equity of the Company.

# ACCOUNTING ESTIMATES AND **RECORDS**:

The BAC satisfied itself and advised the Board about its opinion that all accounting estimates have been made based on reasonable and prudent judgment. The Company has maintained proper and adequate accounting records in accordance with applicable laws, and its financial reporting is consistent with management processes and sufficient to meet the needs of shareholders.

# FINANCIAL **STATEMENTS**:

The financial statements for the year ended June 30, 2024, have been prepared on a going concern basis in accordance with approved accounting standards applicable in Pakistan. The approved accounting standards comprise International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board and notified under the Companies Act, 2017 (the Act), and the Act's provisions and directives. In case of any conflicts, the provisions of or directives under the Act take precedence.

# REVIEW OF FINANCIAL STATEMENTS:

The BAC has reviewed the quarterly, half-yearly, and annual financial statements of the Company and recommended them for approval by the Board of Directors with observations / comments and / or suggestions, where deemed necessary. Additionally, it has reviewed preliminary announcements of results prior to publication.

### ATTENDANCE OF CEO AND CFO:

The CFO and internal auditors were regularly invited to the meetings for explanation / elaboration on accounts and other relevant issues. The Chief Executive Officer and Executive Director attended BAC meetings by invitation, when deemed necessary.

# ENDORSEMENT OF FINANCIAL STATEMENTS:

The CEO, Executive Director and CFO have duly endorsed the Company's financial statements, acknowledging their responsibility for a true and fair presentation in accordance with approved accounting standards applicable in Pakistan.

# FAIR AND UNDERSTANDABLE ANNUAL REPORT:

The BAC has reviewed the Annual Report and confirms that it provides a fair, balanced, and understandable representation of the Company. The Annual Report discloses information necessary for shareholders to assess the Company's position, performance, business model, and strategy and presents fairly the integrated performance during the year, and future prospects to various stakeholders of the Company. Because of meeting the aforesaid objectives, the Company was able to secure the 4th position in the category of 'Oil and Gas Sector' for its Annual Report for the year ended June 30, 2022 in the Best Corporate & Sustainability Report Awards 2022 jointly conducted by Institute of Chartered Accountants of Pakistan and Institute of Cost and Management Accountants of Pakistan.

# **RELATED PARTY TRANSACTIONS:**

The BAC has reviewed and, where appropriate, made recommendations for the approval of all significant related party transactions to the Board.

# **REVIEW OF ANNUAL BUDGET:**

The BAC reviewed and discussed annual budgets and plans of the Company for the year and, where appropriate, made recommendations to the Board for consideration and approval of the same.

# COMPLIANCE MECHANISM OF **REPORTED ISSUES:**

The BAC has also set up a formal mechanism to ensure compliance with the recommendations given by the BAC to the management of the Company. With every meeting, a compliance status of the recommendations is reviewed by the BAC and the management provides appropriate explanation as to any impediment in its compliance in the Internal Audits' compliance reports.

# EVALUATION OF **COMMITTEES AND MEMBERS**:

The BAC believes that it has carried out its responsibilities to the full, in accordance with terms of reference approved by the Board. Performance of the BAC is annually reviewed by the Board of Directors and the Board acknowledges the BAC's effective role in an efficient review of the conduct of Company's financial affairs in general, its financial statements and its internal audit function in accordance with its mandate.

### INTERNAL AUDIT AND RISK MANAGEMENT

#### **ROLE OF INTERNAL AUDIT:**

The Internal Audit function plays a vital role in enhancing the overall control environment of the Company.

#### **INDEPENDENTAUDITS:**

The Internal Audit function has carried out independent audits in accordance with audit plan, formulated by the BAC and approved by the Board of Directors. The BAC has reviewed all material internal audit findings, making appropriate recommendations to the relevant operational managers, and/or bringing the matters to the Board's/ other Committees of the Board for their attention/ action, where required.

### HEAD OF INTERNAL AUDITOR (HIA):

The HIA attended all Audit Committee meetings and also served as the Secretary to the Audit Committee. The Listed Companies (Code of Corporate Governance) Regulations, 2019 defines the mandate of internal audit function as well as the responsibilities of HIA. BAC has ensured the compliance thereto.

#### **ACCESS TO CHAIRMAN AND STAFFING:**

The HIA has direct access to the Chairman of the Audit Committee, and the Committee has ensured the presence of personnel with sufficient internal audit expertise.

### **REVIEW OF INTERNAL AUDIT REPORTS:**

The Audit Committee reviewed the internal audit reports presented by the HIA, which encompass audit findings, opportunities for process improvement, control weaknesses, and recommendations. A risk rating system based on likelihood and impact was utilized, resulting in the assignment of high to low risk ratings. Through the internal audit reports, the BAC and the Board kept a regular watch on safeguarding the assets of the Company and the shareholders' wealth at all levels within the Company. The annual internal audit cycle comprises of risk assessment, audit planning, audit execution, audit reporting, management action plan and monitoring.

# INTERNAL CONTROL AND **RISK MANAGEMENT SYSTEMS:**

The Company's internal control systems, including financial and operational controls, accounting systems, and reporting structure, are designed to manage and mitigate the risk of not achieving some of business objectives. However, these systems can only provide reasonable assurance, not absolute certainty, against material misstatement or loss. The BAC has determined that the risk management and internal control systems are adequate and effective. The independent Internal Audit function of the Company regularly monitors the implementation of financial and operational controls, whereas the BAC reviews the effectiveness of the internal control framework.

# EXTERNAL **AUDIT**ACCESS TO **EXTERNAL AUDITORS:**

The External Auditors have been allowed direct access to the BAC, thereby ensuring the effectiveness, independence and objectivity of the Auditors. The External Auditors attended all the BAC meetings where their reports were discussed and the External Auditors also attended General Body Meetings of the Company during the year.

# KEY AUDIT MATTERS AND MANAGEMENT LETTER:

The BAC has reviewed and discussed the audit process, all the Key Audit Matters and other audit observations identified during the external audit including compliance with applicable regulations and draft Management Letter with the External Auditors. Final Management Letter is required to be submitted within 45 days of the date of the Audit Report on financial statements under the Code of Corporate Governance and shall accordingly be discussed in the next BAC meeting.

# RETIRING AND REAPPOINTMENT OF **EXTERNAL AUDITORS**:

The present auditors, M/s Riaz Ahmad & Co. Chartered Accountants will retire at the conclusion of the upcoming Annual General Meeting and, being eligible, offer themselves for reappointment, and have confirmed attendance of the upcoming Annual General Meeting. The BAC discussed the appointment of external auditors and fixing of their audit fee, and recommended to the Board the re-appointment of M/s Riaz Ahmad & Co., Chartered Accountants, as external auditors for the year 2023-24.

#### TAX CONSULTANTS:

The Company has obtained taxation related services from M/s. AF Ferguson and Company, Chartered Accountants as it is among the most reputed firms in provision of said services and has sufficient professional competence to ensure quality of tax advice and compliance of independence.

#### DR. SAFDAR ALI BUTT

Chairman, Board's Audit Committee

# REPORT OF THE HUMAN RESOURCE &

# REMUNERATION COMMITTEE

The Human Resources and Remuneration Committee (HRRC) of Hi-Tech Lubricants Limited (HTL or "the Company") is pleased to present its report for the fiscal year ending June 30, 2024. Governed by the mandate outlined in the Listed Companies (Code of Corporate Governance) Regulations 2019 and overseen by the Board of Directors, the HRRC plays a pivotal role. It advises the Board on Human Resources Management Policy and provides regular updates on the performance, compensation, training, development, and succession planning of the entire workforce, ensuring comprehensive oversight of human resources-related operations.

### COMPOSITION OF HRRC

The HRRC membership consists of four board members selected by the Board based on their competence and skills relevant to the Committee's objectives. All members are seasoned professionals with extensive expertise and experience in corporate management and human resource management specifically.

Sr. No.	Name	Directorship Type	Status in HRCC

#### b. Management Trainee & Internship Programs

The Management Trainee & Internship Program at Hi-Tech Group is crucial for nurturing the growth and development of recent graduates. It offers valuable real-world experience by rotating participants through various departments within the organization. Besides grooming fresh graduates, a primary goal of the program is to identify talented individuals for potential permanent positions within the company. In the past year, a total of 6 management trainees and 18 interns were recruited across different departments.

#### c. Career Fairs

Hi-Tech Lubricants Limited actively participated in career fairs organized by prominent universities nationwide. These events facilitate interaction between students and employers, fostering professional connections and exploring job and internship prospects. The company also utilized these occasions to promote its services, enhance its brand visibility in the community, and gather insights into competitors and industry activities. The career fairs resulted in the registration of 739 students and the collection of resumes from 307 individual students.

Hi-Tech Lubricants took part in career fairs organized by the following educational institutions:

- UMT
- LSE
- LUMS
- FCCU
- UET
- FAST
- COMSATS (Islamabad)

#### d. Key Performance Indicators

i.	Head Count	384
ii.	Employee Turnover (at all levels)	1.7%
iii.	Training Programs Conducted	39
iv.	Number of persons trained	188
٧.	No. of Employee satisfaction level surveys conducted:	2
vi.	Employees' Satisfaction Rate attained	over 849

# SUPPORT TO THE BOARD

The HRRC provided essential support to the Company's Board Performance Exercise by offering recommendations and reports on critical issues. Additionally, the HRRC implemented significant interventions within its expertise, receiving positive feedback from the board. With a carefully selected membership, including key individuals, this committee plays a crucial role in enhancing the overall performance of the board. All activities are meticulously planned through a structured calendar of events and major policy initiatives. The HRRC remains committed to advancing contemporary practices that foster employee professional development and ensure a safe working environment across the organization. Future plans include comprehensive reviews of compensation and benefits, alongside ample opportunities for learning and growth for employees. These initiatives are integrated into HR's annual strategy document, closely aligned with HTL's overarching business strategy for sustainable growth and profitability.

### MFFTINGS OF HRRC

The HRRC convened three times throughout the fiscal year: in September '23 and February '24 with one member absent in both meetings, and in November'23 with full attendance. Apart from the formal presentations delivered during these meetings, the HR Department issues a monthly activity report to all HRRC members, ensuring they are well-informed about ongoing HR matters within the organization. This report is also distributed to department heads and the Board of Directors.

#### DR. SAFDAR ALI BUTT

Chairman, HRRC

# DIRECTORS' REPORT TO THE SHAREHOLDERS

# IN THE NAME OF ALLAH, THE MOST BENEVOLENT, THE MOST GRACIOUS

The Directors of Hi-Tech Lubricants Limited ("HTL" or the "Company") are pleased to present the Annual Report along with standalone and consolidated audited financial statements for the year ended June 30, 2024.

### PAKISTAN'S **ECONOMIC REVIEW**

During the start of fiscal year 2024, Pakistan's economy encountered significant challenges, including high inflation rates and a depreciating currency. These adverse economic conditions placed considerable pressure on the petroleum and lubricants sector. The high inflation led to increased operational costs, and the weakened Pakistani Rupee escalated cost of imports. Additionally, regulatory uncertainties and fuel price volatility further strained the industry, affecting pricing, distribution, and overall profitability. The inflation is trending downward steadily since third quarter of FY2024, with the headline Consumer Price Index (CPI) averaging at 23.4% in June 2024, compared to 29.4% during the corresponding period in the previous financial year.

In response to these economic conditions, the Monetary Policy Committee (MPC) of the State Bank of Pakistan (SBP) has reduced its Policy Rate (benchmark rate) by a cumulative 250 basis points, bringing the benchmark rate to 19.50% in June 2024. This stability has been further supported by the successful completion of a \$3 billion Stand-By Arrangement (SBA) with the IMF. Despite these positive developments, Pakistan continues to grapple with the challenge of managing high debt servicing costs and external payments. The forecast, therefore, remains highly uncertain, with significant risks posed by both external and internal factors.

### FINANCIAL PERFORMANCE ON A CONSOLIDATED BASIS

In the consolidated financial performance of your Group (Hi-Tech Lubricants Limited and Hi-Tech Blending (Private) Limited its wholly owned subsidiary), it is imperative to note the significant challenges that impacted group's performance in the fiscal year 2024. A notable increase in net revenue by 55.78%, primarily due to the OMC business volume increase and polymer segment introduction (in the previous year). However, the cost of sales increased by 66.51% due to a mix of factors including significant regulatory uncertainties, fuel price volatility and other price hikes. The Group struggled to pass these higher costs onto the customers, resulting in a 2.60% contraction in gross profit. Additionally, finance costs surged by 10.95% as a response to the elevated policy rate maintained by the State Bank of Pakistan until June 2024. These compounded challenges, along with broader economic pressures, unfortunately led to a financial loss for the company during the year.

Detailed consolidated financial performance of your Group is presented below:

Particulars		Consolidated Year ended 30 June		
	2024	2023	(+/-)	
	PK	R IN MILLION	% age	
Gross Revenue	27,114	17,617	53.91%	
Net Revenue	24,317	15,610	55.78%	
Gross Profit	2,364	2,427	-2.60%	
% of Revenue	9.72%	15.54%	-	
Operating Profit	623	399	56.14%	
Finance Cost	801	722	10.94%	
(Loss) / Profit before tax	(178)	(322)	-44.72%	
(Loss)/ Profit after tax	(137)	(247)	-44.53%	
(Loss) / Earnings Per Share	( 0.99)	(1.77)	-44.24%	

### OPFRATIONAL **PERFORMANCE**

### HI-TECH BLENDING (PRIVATE) LIMITED ("HTBL")

HTBL is a wholly owned subsidiary of your Company. HTBL continuously added new products to its portfolio and has also expanded its blending facilities. We are further planning to shift our imported lubricants to blend at HTBL and to reduce the cost of lubricants for end customers and to create new marketing avenues.

State-of-the-art blending plant, located near Sundar Industrial Estate, Lahore, has a significant production capacity and incorporates advanced technology for blending and filling operations. HTBL also produces HDPE bottles and caps for lubricants at this facility.

#### POLYMER SEGMENT EXPANSION

During the preceding financial year, HTL, through its wholly owned subsidiary, undertook a significant initiative aimed at diversification by entering the polymer segment. FY 2024 marked significant improvements in production for external clients (A key milestone on our strategic growth path). This expansion not only strengthens our product portfolio but also showcases our capability in delivering customized, value-added and sustainable solutions for our customers and partners.

This is because as we strengthen and deepen our presence in this growing sector, we continue to commit ourselves to offering high-quality polymer products. We further welcome new collaborations and opportunities for innovations that shall result in continued industry growth.

#### **HTL EXPRESS CENTERS**

HTL Express persists in its endeavour to revolutionize the vehicle maintenance industry by providing exceptional services, employing highly skilled professionals, and utilizing cutting-edge technology, thereby steadily broadening its operational presence. With 13 franchised HTL Express centres currently in operation, the company maintains a commitment to enhancing its customer base within the preventive vehicle maintenance sector. Furthermore, HTL is increasing the number of outlets by establishing HTL dealer-operated fuel stations. Up until now, the integration of the franchise model with the fuel station model has resulted in establishment of 68 centers, and with increase in fuel stations this will continue to grow.

# HTL FUEL STATIONS (OIL MARKETING COMPANY)

Presently, the company is operating 55 HTL Fuel Stations 40 in Punjab and 15 in Khyber Pakhtunkhwa (KPK) province. Setting up of more fuel stations is planned in both the provinces. Revenue of OMC increased by 98% due to this expansion. This carefully planned and meticulously executed expansion is a significant milestone in our growth strategy in OMC sector and a reflection of the company's commitment to offer reliable services to expanded customers through our franchise. This will not only strengthen our greater presence in the OMC market, but will also contribute to the economic development and creation of employment opportunities in both the provinces. We are pleased to mention that customers' confidence in the quality of our products and service in highly satisfactory. Moving forward, we are confident that this sector will contribute profitability for our shareholders.

# MANAGEMENT OF LIQUID RESOURCES

# CASH MANAGEMENT & STRATEGIC DECISION MAKING

Cash management and liquidity control are the core focus of the company's

strategic decision-making processes With highly skilled financial, technical, marketing and internal audit professionals, HTL has developed efficient financial, quality, marketing and internal audit systems. With periodic budgeting and forecasting controls your management is trying its best to steer the company successfully during prevailing tough economic situation of the country. Working capital needs are carefully forecasted and managed in this very high financial cost era.

#### CAPITAL **EXPENDITURE**

Capital expenditures is carefully reviewed from profitability and risk management angels. Internal audit department and the audit committee reviews all capital expenditure for timely completion with the approved budget parameters. Capital expenditure for the year ended June 30, 2024, was PKR 371 million as compared to PKR 495 million for the previous year.

The Board is pleased to mention that there are no financial constraints that may impede company's ability to invest in long-term projects.

#### CONTRIBUTION TO NATIONAL EXCHEQUER

HTL Group has contributed Pkr. 3.98 billion to the national exchequer in 2024 through WPPF, Custom duties, petroleum levy and sales and income taxes.

#### APPROPRIATION OF **PROFITS**

In view of the overall monetary, fiscal and inflationary pressures, that has adversely impacted financial results of the Company for the year 2024, the Board of directors has not proposed any dividend entitlement for the year ended June 30, 2024. As soon as the earning per share on un-consolidated improve, the Board will consider any dividend in future.

#### IPO FUNDS

Note 52 to the unconsolidated financial statements of the Company for the year ended June 30, 2024 provides detailed information on the utilization of IPO proceeds.

Particulars	Rupees
Un-utilized IPO proceeds as at 01 July 2023	395,898,356
Add: Profit on term deposit receipt	29,946,368
Add: Profit on bank deposits	2,258,005
Add: Dividend on investment in mutual funds	41,333,595
Add: Gain on disposal of investment in mutual fund	338,810
Add: Unrealised gain on investment in mutual funds	1,069,581
Less: Payments made relating to OMC Project	(241,564,271)
Less: Withholding tax on profit	(4,830,656)
Less: Withholding tax on dividend from mutual funds	(6,200,039)
Less: Withholding tax on disposal of mutual funds	(127,701)
Less: Bank charges	(6,142)
Un-utilized IPO proceeds as at 30 June 2024	218,115,906

### FUTURE OUTLOOK

Considering the current economic situation, exchange risks, the company is consolidating its market position with focus on cutting costs and thus has resorted to increased local blending and filling at blending plant, with active support from Korean joint venture partners, 90% of the company's products will be produced at state-of-the-art blending plant. This will also help the company to offer its products at more competitive prices.

At the same time we are increasing our foot prints in OMC segment by systematically increasing more filling stations.

Our polymer segment is now also having more presence in the markets and serving the customers in a highly satisfying manner. Polymer segment's

product line and customer base is steadily expanding.

With cost saving efforts in our lubricants segments, expansion in OMC segment and gradual increase in polymer segment operations, our Board is confident to provide a solid financial base to our valued shareholders.

#### MATERIAL CHANGES AND **COMMITMENTS**

- There have been no material changes since June 30, 2024 and none of the group companies have entered into any commitment, which would affect financial position of any group company at the date except those included in the unconsolidated and consolidated financial statements of the Company for the year ended June 30, 2024.
- There has been no modification in the Auditor's Report in relation to any group company at any stage.
- There has been no default in payment of any debt by any of the group companies during the year.

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- ii. Provisions of and directives issued under the Companies Act, 2017.
- Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.
- iv. There has been no material departure from the Best Practices of Corporate Governance, as detailed in the Listing Regulations and Listed Companies (Code of Corporate Governance) Regulations, 2019.
- The key operating and financial data from the formation of company (i.e. for the last 6 years) is given elsewhere in this annual report.
- The Auditors have expressed unqualified opinions on the financials statements of each of the group companies.

# COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

The mandatory requirements of the Listed Companies (Code of Corporate Governance) Regulations, 2019 have been duly complied with and a Statement of Compliance to this effect along with external auditor's review report thereon is annexed in the Annual Report.

#### **AUDITORS**

The present auditors M/s Riaz Ahmad & Co., Chartered Accountants, retire and offer themselves for re-appointment. They have confirmed achieving satisfactory rating by the Institute of Chartered Accountants of Pakistan (ICAP) and compliance with the Guidelines on the Code of Ethics of the International Federation of Accountants (IFAC) as adopted by ICAP. As suggested by the Audit Committee, the Board of Directors has recommended their reappointment as Auditors of the Company for the year ending June 30, 2025, at a fee to be mutually agreed.

#### PATTERN OF **SHAREHOLDING**

A statement of the pattern of shareholding of certain class of shareholders as at June 30, 2024, whose disclosure is required under the reporting framework, is included in the annexed in the Annual Report.

#### **BOARD COMMITTEES**

The Board oversees the risk management process primarily through its various committees. Audit Committee ensures transparency and accountability by focusing on financial, regulatory and compliance risks. The Committee meets quarterly or more frequently if it is so required. Human Resource and Remuneration Committee focuses on the risks in its area of

oversight, including assessment of compensation programs to ensure they do not escalate corporate risk, in addition to an ongoing succession planning exercise with a view to ensure availability of competent human resources in each critical area of Company operations. Risk and Sustainability Committee monitors, reviews all material controls (financial, operational and compliance) and develops robust risk mitigation measures to sustain the integrity of financial information. Investment Committee is responsible for formulating the overall investment policies, strategies and procedures for risk management in investments

#### ADEQUACY OF INTERNAL CONTROLS

The directors are committed to its values of good governance and adequacy of internal controls. The Company has sound system of internal control in design which is firmly integrated across all functions, effectively implemented and regularly monitored. The Board's Audit Committee reviews the Company's system of internal control to ensure that systems are in place and are adequate to safeguard the Company's assets, prevention & detection of error or fraud, compliance with laws & regulations and ensure the reliability of financial statements. Internal audit department provides its independent evaluation on the effectiveness of corporate governance, risk management and controls while reporting directly to the Board's Audit Committee. HTL keeps on strengthening and rationalizing its system of effective corporate governance, comprising of internally developed code of conduct, policies and procedures, and synchronized with industry's best available governance practices.

### RISK MANAGEMENT

The Company has a comprehensive Risk Management Policy that has assigned specific responsibilities to directors and senior management. Three main players in the policy are the Board of Directors, Audit Committee and Risk and Sustainability Committee who regularly review the risk matrix in terms of impact and probability of occurrence. The senior management team, led by the Chief Executive Officer, Executive Director and Non-Executive Directors are responsible for risk mitigation measures and developing proposals thereof for consideration by the Board.

The Company's activities expose it to a variety of financial risks; market risks (including currency risk, price fluctuations risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. Risk management is carried out by the Company's finance department under policies approved by the Board of Directors.

The Company's finance department evaluates and hedges financial risks where possible. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk, liquidity risk and investment of excess liquidity. All treasury related transactions are carried out within the parameters of these policies.

The major risks to which Company is exposed as explained in Note 46 of the unconsolidated financial statements. Measures adopted for their mitigation are as follows:

#### CREDIT RISK

Credit risk represents the risk that one party to a financial instrument may cause a financial loss for the other party by failing to discharge an obligation. HTL does not generally extend credit other than to financially sound industrial customers and such exposure is immaterial to total revenues of the Company, as regards financial assets, their carrying amounts represent the maximum credit exposure. The Company believes that it is not exposed to major concentration of credit or market value fluctuation risks. Exposure is managed through application of diversification of its investment portfolio placed with 'A' ranked banks and financial institutions.

#### LIQUIDITY RISK

Liquidity risk is the risk that the Company may not be able to meet its financial

obligations as they fall due. The Company manages liquidity risk by maintaining sufficient cash and bank balances and the availability of funding through an adequate amount of committed credit facilities. The Company's fund management strategy aims at managing liquidity risk through internal cash generation. HTL has been allotted credit rating of A and A-2 for long and short term financing respectively. This depicts our ability to meet our obligations timely, and denotes a stable liquidity position. Low level of receivables balance and availability of sufficient credit lines, due to stable liquidity position, the Company is able to meet all its contractual commitments.

#### FOREIGN EXCHANGE RISK

Foreign currency risk arises mainly where receivables and payables exist due to transaction in foreign currencies. The Company is mainly exposed to short term USD/PKR parity on its import of finished lubricants, raw materials and plant and machinery in the Company and in its wholly owned subsidiary. As POL products are restricted from obtaining any forward cover as per guidelines of State Bank of Pakistan, the Company has to bear these and manage the impact of fluctuations in rupee versus dollar value on an ongoing basis. However, as more of our volumes shift to our blending unit we are able to mitigate this risk to certain extent, by curtailing as our lead times and effectively managing the need for buffer inventories.

Moreover, Board and the Risk and Sustainability Committee also carry out a robust and regular assessment of the principal risks facing the Company, including those that would threaten the business model, future performance, solvency or liquidity on a regular basis.

### **RISK GOVERNANCE**

The Company has a well-defined Risk Management Policy that clearly spells out the roles and responsibilities at various levels of our risk management programs and processes as outlined in our risk governance structure.

### POLICIES AND PROCEDURES

Policies and procedures have been adopted by the Board and its Committees and integrated into the Company's risk governance framework to ensure the smooth management of financial, operational and compliance risks. These are based on best practices, promoting a culture of ethics and values with necessary authorities delegated to senior management for appropriate implementation.

# SUSTAINABILITY AND CORPORATE SOCIAL RESPONSIBILITY (CSR)

At Hi-Tech Lubricants, sustainability is fueled into the engine of our business strategy, powering our commitment to integrate Economic, Environmental, Social, and Governance (EESG) principles into every facet of our operations. We acknowledge that sustainable business practices extend beyond mere responsibility; they represent a critical impetus for fostering long-term success for our company, stakeholders, and the environment.

The path to implementing our strategy is a better future in keeping with international guiding principles and standards involving sustainability.

At the core of our principles lies sustainability

	Governance				
Ecor	nomic	Environ	Environmental Social		ial
1 NO POVERTY	3 GOOD HEALTH AND WELL-BEING	4 QUALITY EDUCATION	5 GENDER EQUALITY	6 CLEAN WATER AND SANITATION	7 AFFORDABLE AND CLEAN ENERGY
8 DECENT WORK AND ECONOMIC GROWTH	9 NOUSTRY, PROVIDENCE AND INFRASTRUCTURE	10 REDUCED INEQUALITIES	12 RESPONSIBLE CONSUMPTION AND PRODUCTION	13 CLIMATE ACTION	16 PEACE, JUSTICE AND STRONG INSTITUTIONS

Marketing Excellence	Product Stewardship	Community Engagement
Supply Chain	Environmental	Talent management &
Excellence	Stewardship	Well-Being
Commercial Excellence	Energy Conservation	Health and Safety

At HTL, sustainability is enshrined in our core business strategy, as guided by our Sustainability Principles. We look to address emerging trends, risks, and opportunities while continuing to create stakeholder expectations. As a leading oil and lubricant marketing company, we pledge to provide sustainable energy solutions that create long-term value for our stakeholders and the environment. We have pegged our Sustainability Agenda, anchored in Economic, Environmental, Social, and Governance Pillars, on the key areas to have great impact with, and we align these with the United Nations Sustainable Development Goals.

Our commitment to global best practices is realized by the progress we have made towards a better working world. We are also working towards alignment with IFRS S1 and S2 to be more transparent in managing sustainability and climate-related risks.

Metrics and targets for sustainability and climate change has been set out at HTL with careful analysis and due consideration to Global Reporting Initiative (GRI) Topic Standards. These metrics also guide our climate mitigation and management strategies.

# IDENTIFIED MATERIAL TOPICS FOR

#### **SUSTAINABILITY**

Business Strategy & Financial Resilience, Supply chain management, Innovation and Product Stewardship, Cybersecurity and Digitalization, Community Engagement, Environment Stewardship, Climate Change, Human Resource, Talent Management and Well-Being, Safety and Health and Governance. Our approach, how it matters to HTL, progress and impact and achievements against such metrics and targets are set out in below chapters. HTL assumes a pivotal role in promoting sustainability and corporate social responsibility across critical sectors in Pakistan, with a particular focus on education, healthcare, and the environment. Our unwavering commitment to these sectors is deeply rooted in our belief that sustainable progress is intrinsically linked to the well-being of society. We actively align our efforts with the Sustainable Development Goals (SDGs) for 2030, recognizing them as a guiding framework for global progress. At HTL, we are dedicated to driving meaningful change, contributing to a more sustainable, equitable, and prosperous Pakistan in harmony with the SDGs.

In the realm of education, HTL's Board of Directors has taken a pioneering step by establishing the Sabra Hamida Trust. This trust is driven by a primary mission: to make a significant impact on education by empowering communities through the provision of high-quality teaching, with the ultimate vision of transforming ordinary lives into exemplary ones. Committed to its cause, the trust operates in full compliance with relevant regulations and has obtained all the requisite accreditations, including recognition under section 2(36) of the Income Tax Ordinance, 2001. Additionally, the Sabra Hamida Trust proudly holds accreditation from the esteemed Pakistan Centre for Philanthropy (PCP), further underscoring its dedication to excellence and its unwavering commitment to enhancing the educational landscape in Pakistan. HTL Group has demonstrated its commitment to philanthropy and social responsibility by contributing a significant sum of Rupees 19 million towards various charitable endeavors. It reflects our ongoing dedication to giving back to society and making a meaningful difference in the communities we serve, aligning our corporate values with our commitment to creating a better, more sustainable world. Detailes along with comprehensive information about the specific activities undertaken, can be found in the dedicated Sustainability and Corporate Social Responsibility section of this year's annual report.

#### Please read sustainability report for detailed initiative and strategies.

#### ENVIRONMENT, **HEALTH & SAFETY**

HTL places a paramount emphasis on environmental sustainability, health, and safety measures. We are committed to fostering a workplace and business environment

that not only thrives but also safeguards the well-being of our employees, customers, and the planet. Our dedication to environmentally responsible practices extends to every facet of our operations, by products that are pollution free with low emissions. Additionally, we prioritize the health and safety of our workforce, implementing robust protocols and continuous training to ensure a secure and healthy workplace. At HTL, our values align with a sustainable future, ensuring that we play our part in preserving the environment and protecting the welfare of all stakeholders. Our detailed activities have been presented in Sustainability and Corporate Social Responsibility section of this annual report.

#### CONTRACTS WITH **RELATED PARTIES**

During the year, HTL revised related party contracts for Contractual Employment with Mr. Moeen-Ud-Din and Mr. Zalmai Azam (siblings of Non-executive directors, namely, Mr. Shaukat Hassan and Tahir Azam (Late) respectively). In pursuance of the Contractual Employment Agreements with these related parties, both the resources continue to provide professional services for HTL Express and HTL Stations (OMC) projects respectively. While securing commercial and business interests of the Company coupled with due consideration to the requirements of Companies Act, 2017 and guidelines of Listed Companies (Code of Corporate Governance) Regulations, 2019, the Board approved the above mentioned contract revisions.

# THRESHOLD FOR **CONSIDERATION AS EXECUTIVES**

The Board has fixed the threshold of employees for consideration as Executives of the Company which includes CEO, CFO, Company Secretary, Head of Internal Audit, all the Heads of Departments and such other employees as may be specified by Human Resource and Remuneration Committee keeping in view their scope of performance affecting the organization's key objectives and drawing monthly salary package of PKR 500,000/- or above.

# **DIRECTORS TRAININGS**

The Company has complied well above the legal requirements in respect of Directors' Trainings and 10 directors have already obtained Directors Training Certificates whereas 02 new appointed directors on 02 casual vacancies will also obtain the required certification within prescribed time frame of one year from their respective appointments.

### **EVALUATION OF PERFORMANCES**

The evaluations of performances of the Board, its Members, Committees, the Chairman and CEO for the year ended June 30, 2024 have been conducted internally by Board's Human Resource & Remuneration Committee in coordination with Human Resource Department of the Company.

### DIRECTORS' REMUNERATION POLICY

An extract of Directors Remuneration Policy is appended below as required under Listed Companies (Code of Corporate Governance) Regulations, 2019. Human Resources and Remuneration Committee of the Board (HR & RC) has been authorized by the Board to design and oversee the implementation of the Company's Directors' Remuneration Policy. Its salient features are enumerated below:

The objectives of the policy are two-fold:

- to attract, motivate and retain directors of the highest caliber with broad commercial experience, and
- to comply with all the provisions of all relevant laws, rules and regulations applicable to directors' remunerations.

The Policy has been drawn considering the following:

- a. Company's strategic aims and goals.
- b. Company's corporate social responsibility.

- c. Company's core principle of business integrity.
- d. The market conditions for desired talent;
- A need for maintaining a work atmosphere that is conducive to efficiency, maturity of thought, motivation to progress and attainment of corporate goals; and
- Remuneration structure for directors in similar businesses in Pakistan as well as other companies of comparable size.

The upper limit of base pay and benefits to be allowed to directors is approved by Board of Directors.

- However, while setting the remuneration package of any individual director, the following factors are considered:
- b. a. The particular qualifications, relevant experience and stature of the director.
- c. b. The prevailing market value of his/her particular talent.
- d. c. The nature of association of the director with the company, i.e. type of

#### SUMMARY OF REMUNERATION FOR DIFFERENT CLASSES OF DIRECTORS

directorship held.

 d. Remuneration of Independent Directors is restricted to Directors / Meetings Fees only.

# REVIEW BY THE BOARD

# THE DISASTER RECOVERY & BUSINESS CONTINUITY PLANNING

IT and MIS play pivotal role within HTL setup. The IT department ensures the organization's computing systems are up, available and functional. The HTL IT team has implemented strict information security policies and access controls with information security standards compliance and best practices for the use of network and operating systems while assisting business units.

All the systems help to ensure business continuity for the core domains (i.e. financials, supply chain, procurement, sales, HR, marketing, OMC, HTL Express), employees and external customers (i.e. distributors, vendors and business partners).

# BUSINESS CONTINUITY **PLANNING** (**BCP**)

In order to ensure that internal/ external customers receive minimum down time for business transactions, a transparent failover solution has been deployed. We have configured all the key servers as part of clustered environment using state-of the-art cluster services at the main data center area to make it highly available. We have hosted all the servers in a dedicated proper data center. The state-of-the-art data center provides redundancy in connectivity, power, controlled temperature and physical security. Trained, qualified and experienced personnel have been hired to ensure the uninterrupted and professional support as and when needed. Proper system and configuration exist for protection against spyware, viruses, malicious apps, data leakage, botnets & servers from external threat and to establish the VPN connection from head office to Disaster Recovery site.

# DISASTER RECOVERY (DR)

To ensure the availability of IT services in case of disaster, an alternate disaster recovery site has been established. In case of any disruption/disaster, HTL requirement is zero data loss. Our site ensures the zero data loss setup for all the data, customer portals, HR systems and internal/external customers in real time.

# BOARDS' EFFORTS TOWARDS UNDERSTANDING THE VIEWS OF SHAREHOLDERS

The Board is cognizant of its responsibilities to all minority shareholders. Both board members and the management team hold conversations with large institutional holders of the stock and brokerage houses to understand areas of focus for shareholders or any concerns. The goal of the Board of Directors is to attract a high caliber of shareholders who are well informed about the Company's prospects and its strategy. Members of the Board have physically as well as virtually interacted with shareholders in Annual General Meeting held on October 27, 2023 to understand the views of shareholders of the Company and will do so again at this year's AGM which is planned to be conducted both physically and online. The Company further plans to hold at least One CBS on the basis of Annual Audited Financial Statements of the Company for the year ended June 30, 2024 within one month of the holding of upcoming AGM as permitted by PSX.

# COMPANY'S STAFF AND CUSTOMERS

We wish to record our gratitude to all the Company employees' for their sheer hard work and commitment to the Company's objectives and for achieving good results in a challenging year for the country's economy. We are also thankful to Company's stakeholders especially our customers for their continued confidence in our products and services.

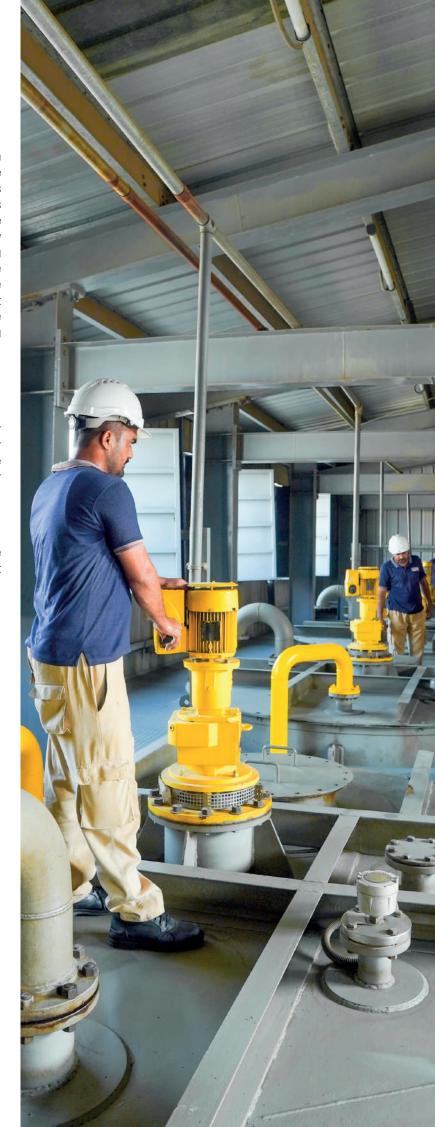

# WEBSITE OF THE COMPANY

All the information as required to be placed on Company's website under statutory/regulatory requirements is appropriately placed at www.hitechlubricants.com

**MR. HASSAN TAHIR**

- 18. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with;
- 19. Explanations for non-compliance with requirements, other than regulations 3, 6, 7, 8, 27, 32, 33 and 36 are below:

Sr. No.	Requirement	Explanation of Non-Compliance	Regulation Number
1	Role of the Board and its members to address Sustainability Risks and Opportunities  The board is responsible for governance and oversight of sustainability risks and opportunities within the Company by setting the Company's sustainability strategies, priorities and targets to create long term corporate value.	During the year, SECP introduced new regulation 10A in the Regulations on 12 June 2024. Currently, the management is assessing this amendment and compliance thereof, as applicable, will be performed in due course of time.	10(A)
2	Directors' Training It is encouraged that by 30 June 2022, all directors on the Board have acquired the prescribed certification under any director training program offered by institutions, local or foreign, that meet the criteria specified by the Commission and approved by it.	Eight directors of the Company have acquired Directors' Training Program certification The Company has planned to arrange Directors' Training Program certification for remaining two directors before 30 June 2025.	19(1)
3	Directors' Training  Companies are encouraged to arrange training for at least one female executive every year under Directors' Training Program from year July 2020.	The Company is in the process of complying with this non-mandatory provision of the Regulations for arranging Directors' Training Program for its female staff during the year ending on 30 June 2025.	19(3)
4	<b>Directors' Training</b> Companies are encouraged to arrange training for at least one head of department every year under the Directors' Training Program from July 2022.	The Company has planned to arrange Directors' Training Program certification for head of department in next few years.	19(3)
5	Responsibilities of the Board and its members  The Board is responsible for adoption of corporate governance practices by the Company.	Non-mandatory provisions of the Regulations are partially complied. The Company is deliberating on full compliance with all the provisions of the Regulations.	10(1)

20. The three elected independent directors have requisite competencies, skills, knowledge and experience to discharge and execute their duties competently, as per applicable laws and regulations. As they fulfill the necessary requirements as per applicable laws and regulations, hence, appointment of a fourth independent director is not warranted.

SHAUKAT HASSAN

### COMPANY POLICIES

### CORPORATE SOCIAL RESPONSIBILITY

HTL's sustainability and CSR policy shows the commitment of the company towards the well-being of the society. The company's sustainability and CSR policy is in line with SECP's CSR Voluntary Guidelines 2013 and Companies Act 2017. The main purpose of this policy is to give a direction to the company at all levels that how can it contributes in the betterment of the society in which it operates. This policy of the company revolves around the three main areas of the social interest that includes Education, Environment and Healthcare. Overall company's strategies are made by considering all these important factors. HTL is bestowed by various awards in recognition of its extra ordinary efforts towards improving the lives of the people. HTL has adopted the standards introduced by United Nation Global Compact (UNGC) and also got certified from it. On effective compliance of the guidelines, HTL is awarded a second prize from UNGC.

### SOCIAL AND ENVIRONMENTAL RESPONSIBILITY

The main objective of this policy is to ensure that HTL's business operations and activities will not have adverse effects on the society as well as the environment in which it operates. Having a social and environmental policy in hand makes the HTL responsible to comply with all legislations and other requirements that is associated with its business operations and activities. HTL is committed to sponsor social welfare programs and to work for greener Pakistan initiative to avoid environmental pollution

### TRANSACTIONS WITH **RELATED PARTY**

The purpose of this policy is to ensure the proper approval and reporting of transactions between the company and its related parties, subsidiary and associated undertakings by following the guidelines of Companies Act 2017, Code and any other relevant law, if any. The policy enumerates identification and disclosure mechanism. The nature of the transactions that take place between HTL and related parties includes but not limited to sale, purchase or supply of any goods or materials, selling or otherwise disposing of, or buying, property of any kind, leasing of property of any kind, availing or rendering of any services, appointment of any agent for purchase or sale of goods, materials, services or property and such related party's appointment to any office or place of profit in the company, its subsidiary company or associated company. In cases where company has entered in any transaction with related party disclosures are required to be made, that includes but not limited to, in respect of name of company or undertaking, nature and amount of transaction, method used for transaction and arm's length.

### SAFETY OF **RECORDS**

HTL has devised an effective policy for the safety of records, which ensures the security of all physical and electronic data / record by including access controls besides 'real-time' on-site and remote backup of all data. The purpose of the policy is to ensure the preservation of Company records of significant or permanent value for periods exceeding the legally stipulated timeframe in an efficient, secure and easy to retrieve manner either physically or in electronic format or both. Our IT department is responsible for backups of all the electronic records. Proper SOP's are also in place for complete guidelines.

### CONFLICT OF INTEREST

Conflict of Interest Policy has been developed to inform members of the Board of their principal legal obligations to HTL and to provide a method for identification, disclosure and resolution of potential conflicts of interest under the guidelines, if any, of Companies Act, 2017, the Article of Association of the Company, other relevant laws and best practices. This policy also aims to provide a framework for all Board Members to disclose actual and perceived conflicts of interest. It provides guidance on what constitutes a Conflict of Interest and how it will be managed and monitored by HTL. The Board encourages directors to resolve any issues or concerns at the earliest opportunity. While some conflicts will be resolved by an informal discussion between the parties, others will need a process for successful resolution.

### SECURITY CLEARANCE OF FOREIGN DIRECTORS

HTL's Board has defined the complete procedure for the appointment and security clearance of any foreign national as a member of the Board. As per the policy, Company secretory is responsible for all the matters regarding security clearance of foreign director. Company Secretory files all the required forms, declarations, certified undertaking and other particulars to the SECP for clearance from the relevant Govt. Agencies.

### INFORMATION TECHNOLOGY (IT) GOVERNANCE

Our IT Governance Policy delineates guidelines to ensure the effective input and decision making for achieving the organizational goals. Due to importance of IT in HTL, CEO directly oversees IT governance and input on strategic alignment, value delivery and resource management. Board oversees investment and risk regarding IT through Investment Committee (IC) and Risk & Sustainability Committee (RMC) respectively.

IT governance policy includes following key aspects:

- Data security
- Data storage and backup
- Availability of data in a manner to ensure informed decision making
- Ensuring safety of IT assets and resources
- Promoting transparency, accountability and governance
- Alignment of IT objectives with the corporate strategy

### WHISTLE **BLOWING**

HTL have a properly documented and implemented whistle blowing policy to ensure doing the business lawfully, ethically and with integrity. The prime objective of the formulation of this Whistle-blowing Policy (WBP) is to encourage employees and professional associates of the Company to formally bring to the notice of an appropriate official their concerns about or knowledge of an actual or suspected wrongdoing noticed by them. No whistle-blower is subjected to any harassment or victimization (including informal pressures). If however, an allegation is made frivolously, maliciously or for personal gain, it will be treated as a breach of discipline and dealt with in accordance with applicable rules.

Due to strong governance and sound ethical practices, no instance of whistle blowing was witnessed at HTL.

### **DIVERSITY**

To ensure the diversity at HTL's Board, a female, Ms. Mavira Tahir, has been appointed as non-executive director. Diversity at Hi-Tech Lubricants Limited is about commitment to equality and the treatment of all individuals with respect. HTL is dedicated to growing a rich culture, diverse workforce and a work environment in which every employee is treated fairly, respected and has the opportunity to contribute to business success, while being given the opportunities to realize their full potential as individuals. HTL further ensures that employment and employee development decisions are purely objective and encourages every individual to feel important part of the organization. Our purpose is to ensure a diverse workplace where all the people are encouraged to perform at a significant level irrespective of the following characteristics:

- age
- disability
- gender
- marital status
- maternity and other medical conditions
- race (includes color,cast, nationality and ethnic origins)
- religion and or belief
- physical appearance

### COMMUNICATION

The Board of Directors of HTL has defined and implemented Communication Policy while considering the fact that Clear, Correct, Complete, Concrete, Concise, Considered and Courteous communication (7-Cs of Communication) are essential for positive, and effective internal communication and for a productive and satisfying work environment, which is also one of the extremely critical elements of creating a successful and highly engaged organization.

### **HUMAN RESOURCE**

#### HIRING

The objective of this policy is aimed at, and committed to, building and maintaining a diverse workforce with high standards and expectations for excellence. The Hi-Tech Lubricants Limited is an equal opportunity employer and seeks to employ individuals based upon their qualifications, experience, and ability to perform the position responsibilities. All applicants can expect a fair and completed evaluation of their application.

### EMPLOYEE HEALTH & MATERNITY

Hi Tech Lubricants Limited provides health insurance policy to all its employees for medical reimbursement in case of outpatient as well as emergency treatment along with the employee's dependents. The maternity care is also covered by the company as per pre-defined limits for each employee level.

### **LEARNING & DEVELOPMENT**

The aim of the Learning and Development policy is to provide the framework for comprehensive training and development opportunities for all employees within the Company. The purpose of this policy is to ensure following;

- · High standards of work performance
- Greater understanding and appreciation of factors affecting work performance
- Sharing ideas and dissemination of good practice

- Effective management and implementation of change
- Building strong and effective teams
- Increased motivation and job satisfaction for individuals
- Professional development

### **JOB ROTATION**

The purpose of this policy is to emphasize that the Company will exercise its discretion in transferring employees to other department/location or rotate them to other jobs within the organization in order to fulfill some specific operational conditions/requirements while keeping their future career progression in mind.

The policy mainly focuses upon achieving the following:

- To exercise flexibility of employment at inter & intra department and at cross functional level;
- To have additional trained management work force available;
- To facilitate and ensure smooth transition for employees earmarked to assume high level position.

### PERFORMANCE MANAGEMENT

Performance management system is widely recognised as a bedrock policy upon which rests all other various functional activities and procedures. Hence, a well-designed performance management system helps us to attract, nurture, retain and develop human resource potentials of an organization.

Performance appraisal system is an integral part of the overall performance management system of Company, which creates favorable and enabling circumstances for inculcating fairness, internal & external equity and above all increasing employee motivation and job satisfaction.

### SUCCESSION PLANNING

Succession planning is the Company strategic, systematic and deliberate activity that will ensure the availability and sustainability of a supply of capable employees that are ready to assume key or critical organizational roles as they become available within the company.

Succession planning entails development of high potential employees to become business leaders in future. HTL firmly believes in the growth of its employees and continuously focuses on the development of its existing talent.

# INFORMATION TECHNOLOGY GOVERNANCE AND CYBER SECURITY

### STATEMENT ON THE EVALUATION AND ENFORCEMENT OF LEGAL AND REGULATORY IMPLICATIONS OF CYBER RISKS

As part of its evaluation of all risks facing the business, the Board has also evaluated the cyber risks and enforcement of legal and regulatory implications in case of any breaches. The Company has taken sufficient measures to ensure its network security and has implemented stringent controls to protect its data privacy, the Board has not rated the cyber risks at a high level.

Our IT Governance Policy delineates guidelines to ensure the effective input and decision making for achieving the organizational goals. Due to importance of IT in HTL, CEO directly oversees IT governance and input on strategic alignment, value delivery and resource management. Board oversees investment and risk regarding IT through Investment Committee (IC) and Risk & Sustainability Committee (RMC) respectively.

IT governance policy includes following key aspects:

- Data security
- Data storage and backup
- Availability of data in a manner to ensure informed decision making
- Ensuring safety of IT assets and resources
- Promoting transparency, accountability and governance
- Alignment of IT objectives with the corporate strategy

### IT GOVERNANCE AND CYBER SECURITY PROGRAMS

The Company has developed detailed information security policies, procedures and control framework which are benchmarked with high-level global standard for information security.

### CYBERSECURITY AND BOARD'S RISK

Board oversees investment and risk regarding IT and cybersecurity through Investment Committee (IC) and Risk & Sustainability Committee (RMC) respectively. The budgets and capex for Network upgradation and strengthening cyber security are approved by the Board, after detailed presentation by the management. The objective of Information Security is to ensure continuity of business of the Company and minimize business damage by preventing and limiting the impact of security incidents

## COMPANY'S CONTROLS ABOUT EARLY WARNING SYSTEM

The company has implemented robust controls and procedures, including an early warning system supported by Incident Management policies. IT administrators are promptly alerted to external system attacks through the configuration of Smart Alerts via email, ensuring swift response and mitigation.

# POLICY RELATED TO INDEPENDENT SECURITY ASSESSMENT OF TECHNOLOGY ENVIRONMENT

In adherence to the Company's policy, comprehensive third-party assessments and reviews of the technology environment and network infrastructure are regularly conducted, complementing internal audits and reviews. These assessments ensure robust control mechanisms are in place to mitigate cybersecurity risks and assess the Company's readiness to respond to potential security incidents. Additionally, regular vulnerability assessments are performed to identify and address potential weaknesses.

Half-yearly external and internal penetration testing is also conducted, utilizing advanced tools such as Nessus, Kali Linux, and NMAP. The latest security assessment, completed recently, reflects the Company's commitment to maintaining a secure and resilient technology infrastructure.

### CONTINGENCY AND DISASTER RECOVERY PLAN

The Company has an updated Disaster Recovery Plan in place to ensure the continuity of its business and operations during extraordinary circumstances. This comprehensive plan is designed to safeguard the company's operations and assets, including regular archival and system backups. The Disaster Recovery Plan is regularly tested to ensure the readiness of IT systems in case of a disaster. Additionally, an SOP is available and in place to ensure that business-critical applications are operated without interruption, both on-site and off-site.

The key highlights and actions of HTL's Recovery Plan are as follows:

- Management has implemented robust IT security systems, real-time data backups, identification of primary and secondary sites, and critical personnel for disaster recovery. The development of this plan takes into account ongoing business needs and the operational environment.
- A company-wide, detailed process documentation activity has been completed, mapping all processes to serve as SOPs and work instructions.
- Employees receive multi-skill training to ensure the continuity of business activities.
- Fire alarm systems are installed across all office premises, along with adequate fire extinguishing systems, to protect employees and assets.
- The company ensures that both physical and virtual assets are backed up. Physical assets are insured, while virtual assets and data are routinely backed up.
- Regular audits are conducted by the in-house internal audit function and third-party service providers to ensure that data recovery processes operate effectively.

This thorough disaster recovery approach provides HTL with strong resilience against operational disruptions and ensures uninterrupted functioning of business-critical applications which are operated without interruption (off site/on site).

## ADVANCEMENT IN DIGITAL TRANSFORMATION TO IMPROVE

### TRANSPARENCY AND GOVERNANCE

At the start of this year, we introduced AutoReady, a cutting-edge platform designed to enhance our existing e-commerce channels while reinforcing our digital presence. More than just a payment gateway, AutoReady is a pivotal component of our strategy to strengthen brand positioning in today's digital economy. By providing a seamless, user-centric shopping experience, the platform enables us to reach a wider audience, streamline inventory management, orders, and customer service, and ensure consistent, dependable service delivery.

This initiative aligns with the principles of the Fourth Industrial Revolution, or Industry 4.0, which revolutionizes business operations through interconnectivity, the Internet of Things (IoT), real-time data access, and cyber-physical systems. Industry 4.0 bridges the gap between the physical and digital, fostering enhanced collaboration across departments, partners, vendors, products, and teams. It empowers businesses to gain deeper control and insights into every facet of their operations, utilizing instant data to drive productivity, optimize processes, and fuel growth.

In this context, there are numerous technologies, such as ERP, IoT, RPA, Blockchain, Al, Big Data, and Cloud Computing, that underpin Industry 4.0. Companies must selectively invest in the technologies that best serve their strategic goals. In our case, we have implemented ORACLE as the foundation for leveraging Industry 4.0 solutions, enabling us to integrate digital innovation seamlessly into our business operations and ensure sustained growth and operational excellence in this transformative era.

### EDUCATION AND TRAINING TO MITIGATE **CYBER SECURITY RISKS**

A comprehensive training session was conducted by an external expert for two of our IT administrators, providing in-depth knowledge and hands-on experience in managing and securing our network infrastructure through NG-Firewall systems. The training also covered advanced practices in Endpoint Security, equipping the administrators with the necessary skills to enhance the company's overall cybersecurity posture.

## DISCLOSURE ON COMPANY'S USE OF ENTERPRISE RESOURCE PLANNING (ERP) SOFTWARE

### DESIGN AND INTEGRATION OF CORE BUSINESS PROCESSES IN A SINGLE SYSTEM

Oracle stands as the preeminent ERP (Enterprise Resource Planning) software solution globally, offering a comprehensive suite of integrated business modules designed to capture and manage day-to-day operational transactions. At HTL, Oracle serves as the cornerstone for both transactional data storage and financial reporting. This encompassing framework comprises multiple modules, encompassing Sales, Finance, and Inventory Management, among others, which function seamlessly in harmony with one another, thus ensuring data integrity and fortified process controls. The inherent strength of Oracle ERP lies in its close-knit integration and centralized database architecture, obviating the need for redundant data entry. This seamless synergy enables the frictionless flow of information between various Oracle components, thus fostering operational efficiency. For HTL, the Oracle ERP system plays a pivotal role by providing the automation, integration, and intelligent capabilities essential for the smooth orchestration of all daily business operations. Furthermore, HTL relies heavily on Oracle ERP as the primary repository for organizational data, consolidating it into a singular, unassailable source of truth that permeates throughout the entirety of the business operations.

### MANAGEMENT'S SUPPORT IN CONTINUOUS UPDATION OF ERP

The management team assumes a pivotal role in orchestrating the organization's technological advancement and ensuring its ongoing currency with the latest technological developments and updates. Its primary responsibility lies in the inception and implementation of novel initiatives within the organization, aimed at optimizing operational processes, enhancing efficiency, and fortifying controls to foster effective business management.

#### ORACLE USER TRAININGS

Our Information Technology department organizes a diverse range of training programs throughout the calendar year, tailored to meet the unique needs and objectives of various organizational departments.

### MANAGEMENT OF CONTROL RISK FACTORS ON FRP PROJECTS

Prior to the initiation of the ERP project, a comprehensive and diligent study is conducted, encompassing all facets of the implementation process. This meticulous preparation involves the creation of a detailed 'to-be' document, which comprehensively outlines the anticipated changes resulting from the project, while also addressing the associated risks. The 'to-be' document serves as a holistic blueprint, encapsulating the entire process map, which garners unanimous support and commitment from all business functions. This inclusive approach ensures a unified vision of the impending transformation.

In the pursuit of excellence, the processes undergo rigorous testing and scrutiny, with meticulous attention to detail, prior to finalization. This rigorous examination is designed to ensure that all requirements are met and that the requisite controls are in place, thus ensuring the achievement of effective and efficient business outcomes.

### SYSTEM SECURITY AND ACCESS CONTROLS

The company enforces stringent system security measures, including multifactor authentication and regular security audits, to safeguard sensitive data and protect against unauthorized access.

Access controls are meticulously maintained, with role-based permissions and continuous monitoring, to ensure that only authorized personnel can access critical systems and information.

### CHAIRMAN'S SIGNIFICANT COMMITMENTS **AND ANY CHANGES THERETO**

Mr. Shaukat is serving Hi-Tech Lubricants Limited as the Chairman of the Board. He does not have any significant commitment other than being the Chairman of the Board.

## EXTERNAL SEARCH CONSULTANCY FOR **APPOINTMENT OF ANY DIRECTOR**

No external search consultancy was used for appointment of any director on the Board.

# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF HI-TECH LUBRICANTS LIMITED

## REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Hi-Tech Lubricants Limited (the Company) for the year ended 30 June 2024 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2024.

# ENGAGEMENT WITH STAKEHOLDERS AND COMMUNITY

At HTL, we value our Stakeholder, our Engagement Policy serves as the cornerstone of our commitment to building and nurturing robust relationships with our diverse stakeholders.

### STAKEHOLDERS RELATIONSHIP

### **AND ENGAGEMENT**

### STAKEHOLDERS POLICY

At HTL, our Stakeholder Engagement Policy serves as the cornerstone of our commitment to building and nurturing robust relationships with our diverse stakeholders. We recognize that our stakeholders encompassing:

play integral roles in our business ecosystem. Our policy underscores our unwavering dedication to principles of transparency, accountability, and responsible corporate governance.

Through meticulous assessments, we have identified our stakeholders based on their relevance and influence on our operations. We are committed to fostering open and transparent communication, actively seeking stakeholder input, and promptly addressing inquiries and concerns. Leveraging a multifaceted approach to engagement, including meetings, surveys, digital platforms, and our corporate website, we endeavor to gather valuable insights and foster an environment of collaborative dialogue. Stakeholder feedback drives our continuous improvement efforts, enabling us to enhance our business practices, products, and services while upholding ethical and sustainable standards. Our commitment extends to legal compliance, and we conduct assessments to gauge the effectiveness of our engagement initiatives.

By adhering to these principles, we aim to cultivate enduring, mutually beneficial relationships with our stakeholders, driving shared value and contributing to the long-term success and sustainability of our organization.

### STAKEHOLDER IDENTIFICATION

Our process of stakeholder identification is a rigorous and ongoing endeavor. It involves a thorough analysis of the relevance and impact of various stakeholder groups on our operations. Our engagement initiatives are focused on those stakeholders who have a genuine interest and influence on our business. This process ensures that our interactions and communication efforts are strategic, meaningful, and aligned with our commitment to responsible corporate citizenship and ethical business practices.

### STAKEHOLDERS' ENGAGEMENT PROCESS AND

### THE FREQUENCY OF SUCH ENAGEMENTS DURING THE YEAR

Our stakeholder engagement process is designed to maintain open and constructive dialogue with key stakeholders, recognizing the impact they have on our business. Here's an overview of our engagement process and the frequency of engagements during the year for each stakeholder group

### 1. SHAREHOLDERS

A major reason why we exist is because our shareholders continue to place trust in our ability to increase the value of their investment. They are the owners of the Company. The Company protects their interest by providing return on their investment in the shape of dividend and by making decisions in line with increasing their wealth.

### **IDENTIFICATION**

We identify shareholders, both institutional and individual, holding shares in our company.

### FREQUENCY OF SUCH ENGAGEMENTS

Nature of engagement	Frequency		
Annual general meeting	Annually		
Reporting	Quarterly, half yearly and annually		
Corporate briefing session	Annually		
Website	Continuous		
Any other material information	Promptly through PSX		

### IMPACT ON PERFORMANCE AND VALUE OF THE COMPANY

Positive relationships with shareholders can lead to increased confidence on the Company, improved stock performance, and reduced volatility.

### MANAGEMENT OF RELATIONSHIP WITH SHAREHOLDERS

The Company manages these relationships and ensures timely and accurate communication.

### 2. CUSTOMERS

At HTL, we place a high value on engaging with our customers to build strong relationships, gather feedback, and provide excellent service. Our customer engagement process is designed to ensure consistent and meaningful interactions throughout the year. Here's an overview of our customer engagement process and the frequency of engagements:

### **IDENTIFICATION**

We maintain a comprehensive database of our customers, including both current and past clients. This database allows us to identify and categorize customers based on factors such as purchase history, industry, and engagement level.

### STEPS TAKEN TO ENCOURAGE THE MINORITY

### SHAREHOLDERS PARTICIPATION IN THE ANNUAL GENERAL MEETING

The Company places significant importance on fostering a strong and inclusive relationship with all its shareholders, particularly minority shareholders, who play a vital role in our corporate community. To encourage their active participation in the Annual General Meeting (AGM), we have implemented the following steps:

To encourage our minority shareholders' active participation in the Annual General Meeting (AGM), we have implemented the following steps:

- Notice of AGM is disseminated at least twenty-one days before meeting.
- Notice of AGM is published in one English and one Urdu newspaper having country-wide circulation.
- Notice of AGM is placed on Company's website
- Notice of AGM is placed on PSX website through PUCAR.
- We also enhance accessibility by providing a QR code for the annual report

along with the printed proxy form to all shareholders along with the AGM notice. This QR code simplifies access to the annual report, while the proxy form empowers shareholders to designate a representative for attending and voting on their behalf at the meeting.

In addition to above, all the shareholders are given right to speak and ask questions, as per the legal requirements, to encourage their participation and involvement.

### INVESTORS' RELATIONS SECTION ON THE

### **CORPORATE WEBSITE**

In adherence to our commitment to transparency and strong shareholder relations, HTL maintains a dedicated and regularly updated investor section on its corporate website, accessible at https://www.hitechlubricants.com/investor. This section offers a wealth of comprehensive information that is valuable and informative for both current and potential investors. Included within this section are extensive details encompassing corporate information, annual reports, financial highlights, quarterly and half-yearly reports, and other essential information pertinent to investor interests. The website undergoes frequent updates to ensure that all investors and stakeholders have access to open, accurate, and current information. In full compliance with pertinent laws and regulations, HTL ensures that all relevant details are readily accessible on its official website

### CORPORATE BRIEFING SESSION (CBS)

HTL maintains a robust relationship with the investor community through annual corporate and analyst briefings. These sessions facilitate direct interaction between HTL's management and investors, providing a platform to share insights on financial performance, business outlook, the competitive landscape, and the Company's operational perspective. HTL enjoys strong ties with institutional investors and analysts.

Additionally, in compliance with Pakistan Stock Exchange regulations, HTL conducted its formal Corporate Briefing Session for the year ended June 30, 2023, on November 24, 2023, via video link using the Zoom application. This session was open to all shareholders and analysts.

During the session, our management delivered a comprehensive presentation covering operational and financial performance, the competitive business environment, challenges, and our future outlook. The presentation was followed by an engaging question and answer session that effectively addressed the audience's queries.

### ISSUES RAISED IN THE LAST ANNUAL GENERAL MEETING

During the Fourteenth (15th) Annual General Meeting (AGM) convened on October 27, 2023, shareholders sought clarifications related to the Company's financial performance and published financial statements. It is worth noting that these queries were effectively addressed and resolved to the satisfaction of the shareholders. Beyond these routine inquiries, no substantial issues were raised during the meeting.

### REDRESSAL OF INVESTOR COMPLAINTS

Throughout the fiscal year, no formal complaint was lodged by any of the Company's shareholder, reflecting our commitment to transparent and effective shareholder relations.

#### VIDEO PRESENTATION

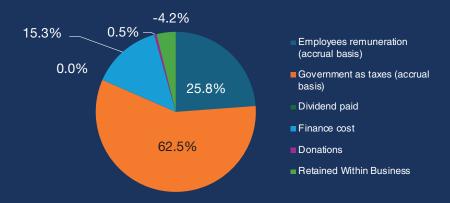

The Chief Executive Officer's video presentation has been uploaded and is now accessible on the Company's official website, which can be visited at www.hitechlubricants.com.

# STATEMENT OF MATERIAL FACTS U/S 134(3) OF THE COMPANIES ACT, 2017 This Statement sets out Material Facts pertaining to the **Special Businesses to be transacted** at 16th AGM of Hi-Tech Lubricants Limited which is to be held on **Saturday October 26, 2024 at 11:30 Hours** at the Auditorium of Lahore Chamber of Commerce and Industry (LCCI) ,11-Shahrah-e-Aiwan-e-Tijarat, Lahore and via video link / Zoom application.

#### 1. Agenda Item No. 5 of Notice of AGM:

#### (a) Ratification and Approval of Related Party Transactions with SHT

All the transactions with Sabra Hamida Trust (SHT), an associated undertaking of the Company, during the period from July 01, 2023 to June 30, 2024 are entered into by the Company in the ordinary course of business and at Arm's Length Basis under Related Party Transactions Policy of the Company and under approval of the Company's shareholders in Annual General Meeting held on October 27, 2023 to the Board of Directors of the Company regarding authorization to the Board to approve all related party transactions of the Company with SHT during the financial year 2023-2024. Record consisting of details of all the transactions along with all supporting documents is maintained as per legal requirements and available in the registered office of the Company. All Contributions to SHT are Tax Exempted under Clause (C) of Sub Section (36) of Section 2 of Income Tax Ordinance 2001 Vide FBR Letter No.2769/J Dated: Jan.14, 2014.

Nature and amount of Transactions along with applicable Pricing Policy are detailed below:

Name(s)	Nature of Transac- tions	Amount (PKR)	Pricing Policy
Sabra, Ha- mida Trust (SHT)	Donations under CSR Policy	18,000,000/-	As per approved CSR Policy of the Company, and approval of the Company's shareholders in AGM dated 27-10-2023 regarding authorization to the Company's Board of Directors to approve all transactions of the Company with SHT during the financial year 2023-24.

The transactions of the Company with SHT have been approved by the Board in the quarterly/annual financial statements during the fiscal year 2023-24 under the authority given by the shareholders in AGM held on October 27, 2023 to the Board of Directors of the Company, however, the Board decided to place above related party transaction concluded during the fiscal year 2023-24 before the shareholders in AGM for ratification and approval due to the interests/concerns of directors named as (i) Mr. Hassan Tahir, (ii) Mr. Muhammad Ali Hassan, (iii) Mr. Tahir Azam (Late) (interest/concern ended on June 09, 2024 due to death), (iv) Mr. Shaukat Hassan, (v) Ms. Mavira Tahir and (vi) Ms. Mehvish Khan (interest / concern arisen since August 22, 2024 after filling casual vacancy by her on the Board of HTL) in the above referred related party transactions due to common directorship/Trusteeships and/ or relationships amongst common Directors-Trustees and further in compliance to special resolution passed by the shareholders in last AGM.

### (b) & (c) Authorization for the Board of Directors to approve related party transactions during the financial year ending June 30, 2025

The company is and shall be conducting transactions of Donations under CSR Policy of the Company with SHT during the financial year ending June 30, 2025, and subsequently, in the ordinary course of business and at Arm's Length Basis as per the approved policy with respect to transactions with related parties in the normal course of business, and therefore, all the future transactions with SHT shall be approved by the Board of Directors on quarterly basis. Considering the

interests/concerns of Directors due to their common directorship/trusteeship and/or relationship with Trustees of SHT, the related parties' transactions of the fiscal year 2024-25 are suggested to be placed before the shareholders.

Accordingly, approval of shareholders is being sought to authorize Board of Directors of the Company to approve all transactions carried out and to be carried out with SHT during the financial year ending June 30, 2025 and upto next AGM, which transactions shall be deemed to be approved by Shareholders upto the extent of mount mentioned above. The nature and scope of such related party transactions is explained above in the statement of relevant agenda item. The related party transactions are and to be conducted during the financial year ending June 30, 2025, shall then be placed before the shareholders in the next AGM for their formal approval/ ratification.

The directors, sponsors, majority shareholders and their relatives are not interested, directly or indirectly, in the above special business except to the extent of their respective shareholdings in the Company and to the extent of their common directorship/Trusteeships and/or relationships amongst common Directors-Trustees.

#### 2. Agenda Item No. 6 of Notice of AGM:

#### (a) Ratification and Approval of Related Party Transactions with HTBL

All the transactions of the Company with Hi-Tech Blending (Pvt) Ltd. (HTBL), the

wholly owned subsidiary of the Company, during the period July 01, 2023 to June 30, 2024 are entered into by the Company in the ordinary course of business and at Arm's Length Basis under Related Party Transactions Policy of the Company and under approval of the Company's shareholders in Annual General Meeting held on October 27, 2023 to the Board of Directors of the Company regarding authorization to the Board to approve all related party transactions of the Company with HTBL during the financial year 2023-2024. Record consisting of details of all the transactions along with all supporting documents is maintained as per legal requirements and available in the registered office of the Company.

HTL is parent company of HTBL and controls it, where as other commercial reasons for entering into RPTs with HTBL are the following.

- a. To tap domestic market through localization and to obtain benefits of the market as it has grown appreciably in latest many years and major brand has a vast gap to tap retail segments of the country along with high end industrial and corporate sectors with major volumes.
- b. State of the art and elaborated testing facilities at subsidiary company.
- c. To ensure smooth supply chain and to avoid shortages.
- d. To ensure freight cost saving by building warehouses at the land of subsidiary so as to make cohesion between purchase and dispatch management.

Nature and amount of Transactions along with applicable Pricing Policy are detailed below;

Name(s)	Nature of Transactions	Amounts (PKR)	Pricing Policy
	Sale of Lubricants	1,926,474	As per approved contract between the Company & HTBL, related party policy and approval of shareholders in AGM dated 27.10.2023.regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.
	Sales of packaging materail and parts	105,257,378	As per Comparable uncontrolled price method and approval of shareholders in AGM dated 27.10.2023 regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.
	Purchase of Lubricants	6,064,354,523	As per approved contract between the Company & HTBL, related party policy and approval of shareholders in AGM dated 27.10.2023.regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.
Hi-Tech Blending (Private) Limited	Dividend Received	650,000,300	As per approvals of shareholders in HTL AGM dated 27.10.2023 regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.
(HTBL) HTBL is a wholly owned subsidiary company of HTL	Lease Rentals Paid	3,000,000	As per approved lease agreement, Comparable uncontrolled price method and Market Rent Prevalent in the vicinity and approval of the Company's shareholders in AGM dated 27-10-2023 regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.
	Short term loan given	391,900,000	As per approved contract between the Company & HTBL, related party policy and approval of shareholders in AGM dated 27.10.2023.regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.
	Short term loan repaid	877,400,000	As per approved contracts between the Company & HTBL, related party policy and approval of shareholders in AGM dated 27.10.2023 regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.
	Interest Received on Short Term loan	115,829,997	As per approved contracts between the Company & HTBL, related party policy and approval of shareholders in AGM dated 27.10.2023 regarding authorization to the Company's Board of Directors to approve all transactions of the Company with HTBL during the financial year 2023-24.

The transactions of the Company with HTBL have been approved by the Board in the quarterly/annual financial statements during the fiscal year 2023-24 under the authority given by the shareholder in AGM held on October 27, 2023 to the Board of Directors of the Company, however, the Board decided to place above related party transaction concluded during the fiscal year 2023-24 before the shareholders in AGM for ratification and approval due to the interests/concerns of directors named as (i) Mr. Hassan Tahir, (ii) Mr. Muhammad Ali Hassan, (iii) Mr. Tahir Azam (Late) (interest / concern ended on June 09, 2024 due to death), (iv) Mr. Shaukat Hassan, (v) Ms. Mavira

Tahir (vi) Ms. Mehvish Khan (interest / concern arisen since August 22, 2024 after filling of casual vacancy by her on the Board of HTL) and (vii) Mr. Faraz Akhtar Zaidi (interest / concern arisen since August 23, 2024 after filling of casual vacancy by his spouse on the Board of HTBL) in the above referred related party transactions due to common directorship and/or relationships amongst common Directors Trustees and further in compliance to special resolution passed by the shareholders in last AGM.

### (b) & (c) Authorization for the Board of Directors to approve related party transactions during the financial year ending June 30, 2025

The company is and shall be conducting transactions with HTBL including sale and purchase of goods, loan disbursements and payment of lease rentals etc. during the financial year ending June 30, 2025 and subsequently, in the ordinary course of business and at Arm's Length Basis as per the approved policy with respect to transactions with related parties in the normal course of business, and therefore, all the future transactions with HTBL shall be approved by the Board of Directors on quarterly basis. Considering the interests/concerns of Directors due to their common directorship and/or relationship with Directors of HTBL, the related parties' transactions of the fiscal year 2023-24 are suggested to be placed before the shareholders.

Accordingly, approval of shareholders is being sought to authorize Board of Directors of the Company to approve all transactions carried out and to be carried out with HTBL during the financial year ending June 30, 2025, which transactions shall be deemed to be approved by Shareholders. The nature and scope of such related party transactions is explained above in the statement of relevant agenda item. The related party transactions are and to be conducted during the financial year ending June 30, 2025, shall then be placed before the shareholders in the next AGM for their formal approval / ratification.

All other statements of related party transactions during financial year were executed at Arm's Length Basis and under Related Party Transactions Policy of the Company, and approved by Board on recommendations of Audit Committee There was no departure from the guidelines mentioned in applicable Corporate Governance Regulations for such transactions.

The directors, sponsors, majority shareholders and their relatives are not interested, directly or indirectly, in the above special business except to the extent of their respective shareholdings in the Company and to the extent of their common directorship and/or relationships amongst common directors.

#### 3. Agenda Item No.7 of Notice of AGM:

#### Disposal and sale of Company's Asset (freehold land)

The Board of Directors initially approved the sale/disposal of freehold land of the Company measuring 1 Kanal and 5 Marlas situated at 22 - A, Zafar Ali Road, Lahore in its meeting held on September 22, 2023 for presentation before the members of the Company and the members of the company approved the same on October 27, 2023. Aforesaid approval of the members of the Company was valid for one year from the date of approval in terms of relevant provisions of Companies Act, 2017.

Due to certain unavoidable circumstances the transaction has not yet been concluded, and therefore, the Board of Directors has again approved the sale/disposal of freehold land of the Company measuring 1 Kanal and 5 Marlas situated at 22 - A, Zafar Ali Road, Lahore subject to approval of members of Company in Annual General Meeting. The information required under SRO 423(I)/2018 dated 03 April 2018 is as follows:

Description of Asset	Cost as at 30-06-2024	Book Value as at 30-06- 2024 (with surplus on revaluation)	Revalued Amount / Fair Value / Current Market Value	Date of acquisition
			Rupees	
Freehold land				
Location – 22 - A, Zafar Ali Road, Lahore (Commercial Land) 1 Kanal and 5 Marlas	61,833,100	135,000,000	135,000,000	03 June 2016

The above Asset of the Company has been revalued by M/s Anderson Consulting (Pvt.) Ltd. on 30 June 2023.

#### The proposed manner of disposal

A reputed transaction advisor shall be engaged by the Company for managing the disposal of freehold land of the Company measuring 1 Kanal and 5 Marlas situated at 22-A, Zafar Ali Road, Lahore (the Asset).

#### Purpose of the disposal of the Asset

Reduced dependence upon bank borrowings for business growth of OMC Project of the Company and to reduce finance cost of the Company as interest rates in the Country at the moment are at highest level. Capital gain on offer by way of disposal of this freehold land is lucrative.

#### Utilization of the proceeds received from the transaction

For business growth of OMC Project of the Company.

#### Effect on operational capacity of the Company, if any

Sales of the Company are expected to increase as a result of injection of funds from sale of the Asset in business operations of OMC project of the Company.

### Quantitative and qualitative benefits expected to accrue to the members

Reduced finance cost shall contribute ultimately to the profit of the Company. Sale proceeds of the Asset after being utilized in business growth will result in more sales and more profits. Capital gain on sale of the Asset is expect to be Rupees 73,166,900 which shall have positive impact on shareholders' equity.

The disposal of the Asset under reference is expected before next AGM.

None of the Directors have any direct or indirect interest in the sale/disposal of the said Asset except to the extent of their respective shareholdings in the company and to the extent of their common directorship and/or relationships amongst common directors.

#### **Availability of Relevant Documents**

The documents pertaining to agenda no. 7 are available for inspection at the Registered Office of the Company on any working day up to 25 October 2024 during business hours and also at the time of the Meeting. The Directors of the Company have certified that they have carried out necessary due diligence for the sale of Asset. A due diligence report duly signed by the directors with recommendations shall be made available for inspection of members in the Meeting.

# Section 4 **Auditors Report On Sustainability**

168 Limited Assurance Statement By Independent Auditor's

### DRIVING PROGRESS WITH SUSTAINABILITY

#### Dear Stakeholders,

In 2024, the global situation continued to be defined by considerable socio-economic uncertainties, exacerbated by geopolitical tensions, a lackluster rebound from recession, and increasing inflationary stress. Amid these difficulties, the pressing need to tackle climate change became more urgent, as the world observed yet another year when temperature highs were smashed, driving home the imperative for swift and coordinated international effort.

This underscores the urgent need for greater efforts to curb the acceleration of global temperature rise as reiterated most recently during the 2024 United Nations Climate Change Conference. The increasing global temperature is accelerating climate change, leading to adverse effects on the economy, livelihoods and communities worldwide.

HTL recognises the urgency of climate change and has continued to step up its actions to mitigate impacts, including resilience against climate risk. At Hi Tech Lubricants Limited, our commitment to sustainability reflects a purpose-driven approach that integrates economic, social, and environmental dimensions. This report highlights how our sustainability focus areas align with our company's mission and the ongoing efforts to uphold our commitments in these areas. We provide an in-depth view of our actions and strategies for growth across our key priorities—environmental stewardship, with a focus on climate action; social responsibility, centered on talent, diversity, and inclusion; and economic development, with a focus on empowering communities. Each focus area is guided by clear objectives aimed at embedding sustainable practices into our business through strong leadership, ultimately driving long-term value creation.

This report follows the framework of the International Integrated Reporting Council (IIRC) and the Global Reporting Initiative (GRI) Standards. We recognize that companies able to proactively address Environmental, Social, and Governance (ESG) risks and opportunities within their broader business strategies are best positioned for success, sustainability, and future growth. Hi Tech Lubricants Limited remains dedicated to continually improving our ESG disclosures and advancing our mission to provide innovative, sustainable solutions that help our customers maximize the value of essential resources.

### **OUR REPORTING BOUNDARY**

This report covers the core operations and corporate functions of Hi Tech Lubricants Limited. The economic and social data encompasses activities at the company's production facilities and head office, while environmental data includes the environmental impacts of energy consumption, such as fuel and electricity at Hi Tech Blending Plant.

### **OUT REPORTING PERIOD**

This report is issued annually, with the 2024 edition covering the period from July 1, 2023, to June 30, 2024. Where relevant, prior-year data is included to provide a comprehensive view of our progress to date. This is the first sustainability report of HTL.

### REPORT METHODOLOGY

Data presented in this report is based on scientifically grounded measurement methods and mathematical calculations. Where direct data was unavailable, logical estimation methodologies have been applied. This report has been compiled in accordance with stakeholder engagement results, the IIRC Framework, and GRI Standards, IFRS S-1 and S-2 initial selective disclosures, UN SDG's and CSR Volunatry Guidelines issued by SECP. All material topics, including those reflecting the significant economic, environmental, social and governance impacts of our activities, are comprehensively addressed.

### **MATERIAL TOPICS BOUNDARIES**

Topic boundaries have been defined based on the location of impact for each material topic and the extent of the company's involvement in those impacts.

### **EXTERNAL ASSURANCE**

An independent review of this report has been conducted by Muhammad Salman Naseem & Co., Chartered Accountants. The assurance process was carried out in line with GRI Standards requirements, ensuring principles of inclusivity, materiality, and responsiveness. A statement from the independent external reviewer, which includes the scope of the assurance, key activities, and opinions, is provided at the conclusion of this report.

Best regards,

Faraz Zaidi

**Chairman Of Risk and Sustainability Committee** 

### SUSTAINABILITY **STRATEGY**

At Hi-Tech Lubricants, sustainability is fueled into the engine of our business strategy, powering our commitment to integrate Economic, Environmental, Social, and Governance (EESG) principles into every facet of our operations.

We acknowledge that sustainable business practices extend beyond mere responsibility; they represent a critical impetus for fostering long-term success for our company, stakeholders, and the environment.

The path to implementing our strategy is a better future in keeping with international guiding principles and standards involving sustainability.

### AT THE CORE OF OUR PRINCIPLES LIES SUSTAINABILITY

At HTL, sustainability is enshrined in our core business strategy, as guided by our Sustainability Principles. We look to address emerging trends, risks, and opportunities while continuing to create stakeholder expectations. As a leading oil and lubricant marketing company, we pledge to provide sustainable energy solutions that create long-term value for our stakeholders and the environment. We have pegged our Sustainability Agenda, anchored in Economic, Environmental, Social, and Governance Pillars, on the key areas to have great impact with, and we align these with the United Nations Sustainable Development Goals.

Our commitment to global best practices is realized by the progress we have made towards a better working world. We are also working towards alignment with IFRS S1 and S2 to be more transparent in managing sustainability and climate-related risks.

Established to address issues like poverty, inequality, and lack of access to basic services. MAP Equalities update through programs that provides the programs and the programs are provided educational programs.	
theMAP	access to basic services, MAP Foundation works through various programs that provide educational opportunities, healthcare services, and vocational training.	
FOUNDATION		

### SUSTAINABILITY FRAMEWORK

HTL is committed to implement International Financial Reporting Standards (IFRS) on Sustainability reporting. We have initiated the process of adoption of the new standards issued by SASB i.e. IFRS-S1 (General Requirements for Disclosure of Sustainability related financial information) & IFRS-S2.

#### IFRS-S1

The main objective of IFRS-S1 is to disclose all information about sustainability-related risks and opportunities

We are focusing on below key aspects emanated from these standards:

- Governance
- Strategy
- Risk Management
- Metrics and Targets

### **GOVERNANCE**

HTL's Board is fully committed to lead the sustainability agenda at its core and its unmatched dedication and unwavering commitment for addressing the challenges of sustainability and climate changes can be reflected from the Governance structure and composition of the Board.

### **Board's Role in Shaping the Sustainability Policy**

The Board at HTL assumes a crucial role in defining and directing the company's sustainability policy, thereby ensuring its alignment with long-term success and stakeholder value. It establishes the strategic direction concerning the company's values, ethics, and business practices, approving significant plans related to the sustainability agenda, budgets, and investments while providing guidance for sustainability initiatives that aim to maximize positive impacts and minimize negative effects on the economy, environment, and society.

### Our sustainability governance structure

Comprises of the Board, Risk and Sustainability Committee, and dedicated sustainability department to ensure transparent and effective execution of our sustainability agenda. The clear roles and responsibilities enable to meet the sustainability requirements and its implementation.

Our Board of directors sit at the top who provides leadership, guidance and Committees and department assist to the Board for execution of sustainability agenda approved by the Board.

#### IFRS-S2

The IFRS-S2 focuses on specific climate-related information to be disclosed.

### **Board**

Governance, Strategic Direction, Approval and Oversight

### **Risk and Sustainability Committee**

Assistance to BOD for sustainability

Monitoring and devising progress and policies

### **Sustainability Department** (proposed)

Ensuring implementation of Board Sustainability agenda Execution of sustainability activities and engagement with departments

### **Plant, Depots and Stations Sustainability Wing**

### **Corporate Office Wing**

Management teams implement the Board's directives, and the Board ensures that performance, risk management, and compliance are accordingly monitored. The Chairman, assisted by the Company Secretary and senior management, ensures that Board members receive all relevant information necessary to fulfill their roles.

We have defined ambitious and measurable sustainability goals that aim to reduce our impact on the environment, enhance social responsibility, and strengthen governance.

The key priorities include:

- Economic Goals: Marketing, Operational, supply chain and growth delivery is cornerstone for maintaining the sustainable growth and financial
  resilience. It acts as safeguard against the challenging economic conditions of Pakistan and its geopolitical instabilities and climate change
  impacts.
- Environmental Objectives: To achieve a significant reduction in carbon emissions, ensure energy efficiency in all operations, and establish effective waste management practices.
- Social Goals: Promoting diversity and inclusion at all organizational levels, ensuring the health and safety of our workforce, and contributing positively to the communities in which we operate.
- Governance Goals: Upholding transparency, ethical decision-making, and accountability throughout the company

### POLICIES, STANDARDS & **GUIDELINES**

Material Matters	Policies, Standards & Guidelines	Aim of Policies Standards & Guidelines
Climate Change	International Financial Reporting Standards-S2 (Climate Change) Emissions Guidelines/standards of Govt. regulatory bodies	To provide guidance on climate risks management To provide guidance on GHG accounting methodology and standards
Environmental Stewardship	HTL ESG Policy Social And Environmental Responsibility ISO 14001: 2015	To iterate HTL's aspiration and commitments to attain and sustain excellence in environmental matters  To strengthen our governance of responsible environmental management  To ensure that HTL's business operations and activities will not have adverse effects on the society as well as the environment in which it operates.
Innovation & Product Stewardship	ISO 9001: 2015 Customer Relationship Management (CRM)	Quality Management Customer Portal to pilot customers for trial implementation
Safety & Health	HTL's HSE policy HSE management committee ISO 45001:2018	Setting high standards for Hygiene, Safety & General working conditions  To make resources available to achieve the set standards
Supply Chain Management	Code of Conduct HTL's Procurement Standards & Policies Compliance Clauses Ethics and Anti-Bribery, Anti-Money Laundering	To strengthen the implementation of HTL's Human Rights Commitment and practices across the business value chain  To secure the best value in the procurement of goods and services while upholding good procurement governance  To mitigate legal, financial and reputational risks to HTL, which extend to our supply chain
Community Engagement	Compliance with SDG's requirements Code of Conduct	Setting up of Schools for Underprivileged Setting of Skill Development Learning Initiatives To define the standard procedures and guidelines for donation management To provide guidance for the planning, implementing and executing strategic communications activities.
Talent Management & Well-Being	Hiring Policy Workplace Diversity Policy Professional development programs Whistle blowing HR Benefits Policy	Building and maintaining a diverse workforce with high standards and expectations for excellence.  To provide the framework for comprehensive training and development opportunities for all employees within the Company.  To create a ready pool of talents that are agile and well-equipped with the necessary skills and experience to thrive in the long term through the right exposure from the early stages of their career.
Corporate Governance	HTL's Anti-Bribery and Corruption Policy & Guidelines Code of Conduct Whistleblowing Policy (WBP) Risk management policy Procurement Standard Board's Conflict of Interest Management Policy	Providing guidance for improper solicitation, bribery and corruption activities and issues that may arise in the course of business.  WBP is to encourage employees and professional associates of the Company to formally bring to the notice of any actual or suspected wrongdoing  To be a risk resilient organization in achieving business objectives with Risk Management Policy.  To inform members of the Board of their principal legal obligations and guidance on what constitutes a Conflict of Interest and how it will be managed and monitored by HTL.
Business Strategy & Financial Resilience	Business strategy Management System	To provide the minimum requirements to manage plant operations safely and efficiently  To ensure the effective management of product quality throughout the supply chain
Human Rights	HTL's Human Rights Commitment CoCHR UNGP on Business and Human Rights Standard Labor Laws with Fundamental Principles & Rights at Work	To strengthen the implementation of HTL's Human Rights Commitment and practices across the business value chain  To guide business in managing human rights across the value chain
Cybersecurity & digitalization	Information Technology (IT) Governance and Cybersecurity SAFETY OF RECORDS	To ensure the effective input and decision making for achieving the organizational goals  Setting out the purpose, commitment, and governance and records management  To provide a single consolidated view of the frameworks, standards and guidelines required to govern and manage cybersecurity across the organization, with clear lines of accountability

### RISK MANAGEMENT

### **Sustainability Risk Management**

We have initiated Sustainability risk management process which will be integrated into our overall risk management, which includes identification, assessment, prioritization and monitoring mechanisms:

- 1. Identification of risks
- 2. Assessment of likelihood and impact
- 3. Prioritization of material matters
- 4. Monitoring and continuous validation
- 5. Risk reporting

Our risk assessment will be supported by our risk appetite and determines our risk response. This includes risk management controls and procedures to ensure that our risk is eliminated either through direct controls or mitigating controls. **Sustainability risk is considered high risk due to its impact, criticality and our Board's commitment.** 

### **Climate Risk Management**

As climate change is international agenda and it is universal, we have adopted an all-inclusive approach to manage climate-related risks and their interrelations with our strategy. IFRS S-2, categorize it into physical and transition risks, which will be proactively and regularly assessed starting from the FY 2025, by setting out the below mentioned approach:

- 1. Define Climate Scenarios as required by IFRS S-2
- 2. Define risk and Opportunity
- 3. Evaluation of likelihood & Impact
- 4. Qualitative scenario assessment
- 5. International and National Benchmarking
- 6. Risk and Rating Based on impacts and external factors
- 7. Strategic respond to mitigate risk and seize opportunity
- 8. Monitoring of risks and continuous validation

### **STRATEGY**

Our sustainability and climate change strategy are determined by the guidelines set out by SASB IFRS S1 and S2 standards, where we assess industry trends, operating challenges and stakeholder expectations. Further, we have started to effectively identify sustainability-related risks and opportunities that could reasonably impact our business model, value chain, strategy, and decision-making processes. Materiality assessments are integral to our sustainability journey, as they enable us to identify and prioritize sustainability trends and topics that are significant to our business and stakeholders. The material matters were aligned against national and global reporting frameworks such as the Global Reporting Initiative (GRI) Standards and the SASB Standards.

### **Identifying of Sustainability and Climate Risks and Opportunities:**

Our business is exposed to sustainability and physical and transitional climate-related risks. Sustainability risk is principal risk and if not managed can affect our business model, supply chain and continuity. Physical risks include changes in weather patterns, such as extreme weather events, which could disrupt our operations and supply chains. Transitional risks, such as regulatory changes and shifts in consumer preferences towards sustainable products, also affect our business. To mitigate these risks, we have committed to halving the greenhouse gas emissions of our products in short to medium time horizons and achieving low and then net zero emissions across our operations in the long run.

### **Resource Allocation and Financial Impact:**

As part of our sustainability strategy, We are committed to allocate budget and other capitals. Our principal supplier and long-term partner, SK Enmove, is increasing capital investments in low-carbon innovations. In FY 2021 SK Enmove changed its name from SK lubricants, with the aim of becoming known as an energy-saving company and allocated significant amount in Clean Future programs, which focuses on reducing the carbon footprint of products. This includes sourcing more focus on renewable or recycled materials in the medium to long term.

Please see below our step-by-step approach for setting out the strategy:

### 1.Materiality Review

We have started to review the trends, risks and opportunities that affected our strategic direction, which enabled us to identify our most pertinent business issues.

We plotted the identified topics onto a matrix to prioritize the top material matters that impacted business growth and stakeholder decisions.

#### 3.Stakeholder Engagement

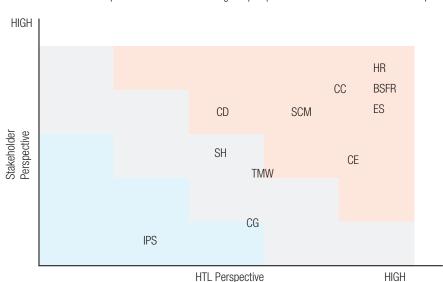

We analyzed feedback received from selective initial internal and external stakeholders via interview and surveys to determine the top stakeholder concerns.

#### 4. Validation

We submitted the identified material matters to our Board Committee and Board for deliberation, validation and approval to manage the sustainability-related risks and opportunities identified. Moving forward, we aim to assess the resilience of our strategy and business model in relation to these risks.

#### 5.Material matter prioritization

Material matters plotted on chart considering the perspective of HTL and Stakeholders Perspective

Sr. No.	Legends	Material Matter
1	IPS	Innovation & Product Stewardship
2	SCM	Supply Chain Management
3	CD	Cybersecurity & Digitalization
4	BSFR	Business Strategy & Financial Resilience
5	CC	Climate Change
6	ES	Environmental Stewardship
7	HR	Human Rights
8	SH	Safety & Health
9	TMW	Talent Management & Well-Being
10	CE	Community Engagement
11	CG	Corporate Governance

#### SUSTAINABILITY & CLIMATE RISKS AND OPPORTUNITIES

Our risks are categorized into principal and emerging risks. Sustainability risk is a principal risk in FY 2025 and moving forward we will be conducting regular assessment to determine its risk rating. We are aware of the need to proactively manage and alleviate sustainability risk to ensure the resilience and longevity of our business. It may impact our business and operations and business model if not managed properly.

Cliamte risk include two types of risk, namely, Physical risk and Transition risk. IFRS S-2 require scenario anlysis exercise for risk assessment of cliamte related risk. We are in process of initiating the exercise through our committee and external consultant support. Sustainability department development is also in process of approval from Board. We will initiate by determining the time horizons (Short upto 3 years, medium upto 10 years and long upto 20 years) and scenarios to be used for the scenario analysis will be guided by the standards, data and rules set out by the International Organizations. Physical and transition risks will be identified by this process to review the impact to HTL.

### RISK AND **OPPORTUNITIES**

Material Matters	Risk and Opportunity	Time Horizon
Climate Change	Risk: Regulatory changes could impose stricter emissions standards, affecting product formulation and transportation logistics.  Opportunity: Develop and market eco-friendly lubricants to cater to environmentally conscious customers, gaining a competitive edge.	Medium to Long Term
Environmental Stewardship	Risk: Increasing pressure from consumers and stakeholders to adopt sustainable practices could lead to higher operational costs and compliance requirements  Opportunity: Implement sustainable sourcing and production processes to enhance brand reputation and attract environmentally conscious investors.	Short Term Long Term
Innovation & Product Stewardship	Risk: Rapid technological advancements may render current products or marketing strategies obsolete, potentially losing market share.  Opportunity: Innovate and develop new products with enhanced performance and lower environmental impact, allowing differentiation in the market.	Medium Term Long Term
Safety & Health	Risk: Non-compliance with safety standards can lead to accidents, legal liabilities, and damage to company reputation, affecting operations and profitability  Opportunity: Promote a culture of safety and health, reducing accidents and building loyalty among employees, while also appealing to customers who value safety	Short Term
Supply Chain Management	Risk: Disruptions due to geopolitical issues, natural disasters, or supplier instability could lead to product shortages or delays, impacting sales and customer satisfaction.  Opportunity: Implement resilient and diversified supply chain strategies, ensuring consistent product availability and reducing dependency on single suppliers	Short Term Medium Term
Community Engagement	Risk: Inadequate engagement with local communities may lead to opposition or resistance, affecting the company's social license to operate.  Opportunity: Build strong relationships and partnerships with communities through sustainability initiatives, enhancing brand loyalty and support.	Short Term Long Term
Talent Management & Well-Being	Risk: Difficulty attracting and retaining skilled talent could reduce competitiveness, while poor employee well-being may lead to high turnover and productivity losses.  Opportunity: Create employee development and well-being programs to attract top talent, improve retention, and enhance overall productivity.	Medium Term Long Term
Corporate Governance	Risk: Lack of transparency, accountability, or ethical practices can lead to regulatory penalties, legal challenges, and loss of investor and stakeholder confidence.  Opportunity: Adopt transparent governance practices and ethical standards, building investor trust and establishing a positive reputation in the industry	Long Term
Business Strategy & Financial Resilience	Risk: Fluctuations in oil prices, rupee depreciation, market demand, or economic downturns can significantly impact profitability and financial stability.  Opportunity: Venturing into new diversified sustainable business with the use of cutting edge ecological technologies. Change in the business model including the capital injection to maximise shareholders equity through sustainable means.	Short Term Medium Term Long Term
Human Rights	Risk: Non-compliance with human rights standards could lead to legal challenges, negative publicity, and harm to the company's reputation.  Opportunity: Position the company as a leader in ethical practices by ensuring human rights compliance, attracting socially conscious customers, partners, and investors.	Short Term Medium Term Long Term
Cybersecurity & digitalization	Risk: Cyber threats, data breaches, or system failures could disrupt operations, compromise sensitive data, and result in financial losses or reputational damage.  Opportunity: Invest in advanced cybersecurity measures and digital technologies to protect assets, optimize marketing and distribution, and gain a competitive advantage	Short Term

<sup>\*</sup>Each material matter is falling under Our Operations in Value Chain.

#### **Climate Strategy**

IFRS S-2 requires scenario analysis exercise for risk assessment and to determine the risk and opportunities related to climate change. Intergovernmental Panel on Climate Change (IPCC) and the International Energy Agency (IEA) also issued guidelines and data for such assessments. We are in process of initiating the climate change risk assessment exercise to not only identify material climate-related risks and opportunities but also to develop response measures for managing the identified risks and opportunities.

#### **Assessment by SK Enmove**

HTL, major lubricant product and brand ZIC Lubricant Oil is supplied by our principal supplier and long term business partner "SK Enmove". Our business is dependent on the product delivered by SK Enmove. Major business and product sustainability risk relates to the SK Enmove business model, operations and uninterrupted supply chain. SK Enmove have made significant advancement in ESG, Sustainability and combating with climate risks. Please see below the climate risks assessment and strategy adopted by our principal supplier and business partner:

#### **Loss Risks due to increasing Physical Climate Risks**

SK Enmove used S&P Global's Climanomics® hazard modelling to get quantifiable estimates on financial impacts of physical risk factors associated with acute and chronic environmental changes and hence readily prepared for potential risks among the risk and opportunity factors

**Scope of Target I** They applied 4 IPCC RCP scenarios to a total of major domestic and overseas business sites and physical assets of their 6 subsidiaries and analyzed physical risks forecast. Primary focus was on RCP 8.5 which entails the most serious physical risks as the global temperature is assumed to rise by more than  $4^{\circ}$  C due to failed control; greenhouse gas reduction and also on RCP 4.5 forecasting the global temperature will go up by  $1.7 \sim 3.2^{\circ}$  C.

**Analysis Method I** Based on risks associated with climate change, socio-economic data, and econometric models, they estimated asset value lost to seven major climate risks (temperature rise coastal flooding, drought, wildfire, tropical cyclone, water stress, and river flooding) and the loss rate by a 10-year period.

Risk Category	Risk Rating (Modeled Avg. Annual Loss (MALL)		
Climate Risks	IPCC RCP 4.5	IPCC RCP 8.5	
Extreme Temperature	0~3%	0~3%	
Sea level rise	0~3%	0~3%	
Drought	0~3%	0~3%	
Wildfire	0~3%	0~3%	
Typhoon	n/a	n/a	
Water scarcity	n/a	n/a	
River flooding	0~3%	0~3%	

<sup>\*</sup>Modeled avg. annual loss (MAAL): Ratio of loss to the current asset value

<sup>\*</sup>N/A: There are no resources of the concerned risk factor. Or, the business site are located in coastal areas or are not reflected on the analysis model due to limited data.

Risk score	Higher than 16%	~16%	~10%	~6%	0~3%	n/a
Risk Category	*Very High	*High	*Moderate	*Low	*Limited	No risk

Under both RCP 4.5 (The global temperature rises 1.5° C or above between 2022-2029) & RCP 8.5 (the global temperature rises 4°C or above), the asset loss rates of the business sites (Korea, Japan, Indonesia, US, Europe) of SK Innovation's subsidiaries are estimated to be lower than the material risk levels

Material risk levels: The asset loss rate is 16% or higher on the annual average (S&P Global rating "Red")

In the case SK Innovation's business sites, the asset loss rates caused by the seven risk factors are estimated to be less than 1% until 2030, meaning that increasing physical risks associated with climate change will have an insignificant impact on the company

River flooding (0.8%) and abnormal temperature (0.7%) are expected to have the most Impacts across the SK Innovation's subsidiaries business sites and production plants, while tropical cyclones will have the least influence. Therefore, those subsidiaries whose major oil refineries are situated close to the coast may come under relatively more impacts by river flooding, sea level rise, and abnormal temperatures, but the absolute level of risk is not likely to be significant until 2030 At HTL Pakistan, our Board is committed to shaping its climate risk strategy and process for engaging the stakeholders and environment and ESG experts.

#### Summary of Average Transition Risk/Opportunities framework to be executed

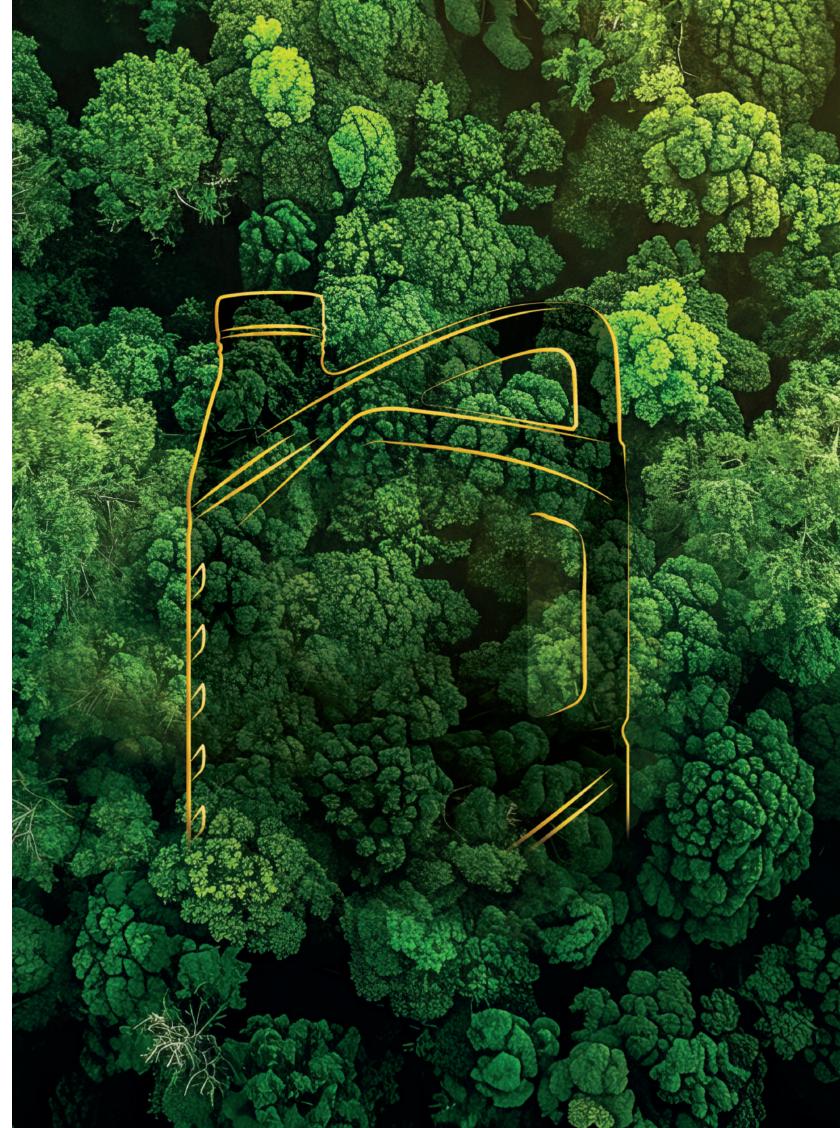

Transition Driver	Туре	Time Horizons
Mandatory carbon pricing	Risk	*
Carbon border adjustment mechanism (CBAM) and climate-related trade Barriers	Risk	*
Increase in demand for bio-based and more efficient products	Opportunity	*
Near zero emission technologies for blending	Risk	*
Energy efficiency and electrification	Opportunity	*
Tightened access to capital for carbon intensive activities	Risk	*
Increasing stakeholder scrutiny over climate disclosures	Risk	*

#### **Metrics and Targets**

Metrics and targets at HTL are set out with careful analysis and due consideration to Global Reporting Initiative (GRI) Topic Standards. These metrics also guide our climate mitigation and management strategies.

These standards are set out against the supply chain, resource efficiency, product stewardship, innovation, cybersecurity, community engagement, energy, emissions, human resource, talent management, safety and health, climate change and governance. Our approach, how it matters to HTL, progress and impact and achievements against such metrics and targets are set out in below chapters.

Material Matters	Sustainability Targets
Climate Change	Continue to maintain low-emission operations in distribution and logistics.  Explore innovative technologies to further minimize carbon footprint.
Environmental Stewardship	Continue Source packaging materials from recycled or sustainable sources.  Expand sustainable sourcing to cover additional product lines and packaging materials.  Introduce refillable packaging options to reduce waste in the supply chain.
Innovation & Product Stewardship	Introduce eco-friendly lubricant products with biodegradable properties.  Invest in R&D to develop sustainable product formulations, reducing environmental impact.
Safety & Health	Safety compliance and training standards external.  Introduce advanced safety technologies and programs to further reduce workplace risks.
Supply Chain Management	Continue working with suppliers who meet sustainability criteria.  Expand the supplier sustainability program to include more stringent environmental and social requirements.
Community Engagement	Maintain community investment and engagement programs.  Develop partnerships with more communities to promote environmental awareness and recycling practices.
Talent Management & Well-Being	Sustain employee well-being and development programs.  Introduce new initiatives to enhance workforce diversity, inclusivity, and skill development.
Corporate Governance	Continue adhering to ESG reporting standards.  Strengthen governance practices with additional transparency and ethical guidelines.
Business Strategy & Financial Resilience	Diversify revenue streams by introducing new product lines focused on sustainable solutions.  Maintain sustainable growth with a notable share of revenue from sustainable products.
Human Rights	Continue ensuring compliance with human rights standards. Establish a grievance mechanism accessible to all stakeholders.
Cybersecurity & Digitalization	Implement robust cybersecurity protocols to prevent data breaches.  Transition a majority of customer interactions to digital platforms to improve efficiency and reduce paper usage.

# COMMUNITY ENGAGEMENT

#### **SDGs**

SDG GOAL: 1 - NO POVERTY

SDG GOAL: 3 - GOOD HEALTH & WELLBEING

SDG GOAL: 4 - QUALITY EDUCATION

SDG GOAL: 8 - GOOD JOBS & ECONOMIC GROWTH SDG GOAL: 17 - PARTNERSHIPS FOR THE GOALS

## How it matters to HTL and its Community

At HTL, our steadfast dedication to making a positive impact on the communities we serve is reflected in HTL Community Engagement and Social Impact Programs. Fostering trust and empowering communities through impactful initiatives allow us to generate long-lasting effects on the well-being of the local communities where we operate. It is our corporate duty to contribute to society, nurturing trust and promoting community well-being even in challenging circumstances.

#### **HTL Management Approach**

Our community engagement initiatives are centered around three key pillars of the HTL Social Impact Strategy: Environmental Stewardship, Educational Support, and Community Development and Well-being. To deepen our integration within these communities, we collaborate with non-governmental organizations (NGOs) and local government agencies, ensuring that our programs are tailored to meet the unique needs of each community. Additionally, we encourage our employees to participate in volunteer activities, fostering a workforce committed to making meaningful contributions and enhancing the quality of life for those we serve.

**Amount Contributed (5 Years)** 

**Rs.** 101.7 Million

**Amount Contributed (2024)** 

Rs. 18 Million 2023: Rs.18 Million Ilmgah Schools

# Our Progress and Impact Imparting Education through our schools

#### "ILMGAH SCHOOL SYSTEM"

Our mission is to provide quality education and empower young minds with the tools they need for the success. Currently, we are proud to have a growing community of 550+ students enrolled, all benefiting from our comprehensive curriculum and dedicated teaching staff of 30. Total of more than 1,500 students have been passed out with 100% pass result since school establishment in 2011. We look forward to shaping the future of our students as they embark on their educational journey with us.

#### **ACTIVITIES CONDUCTED AT ILMGAH SCHOOL:**

#### **Vocational Computer And Teacher Training:**

We are conducting vocational computer trainings at Ilmgah Schools where underprivileged communities with limited access to quality computer education and get trained with the fundamentals of computers, operating systems, Microsoft Office Suite, internet navigation, C++, and graphic design.

**Project Outcome:** Successfully completed 9 batches, training over 100 individuals, with 77 students trained in 2024 alone, empowering them with essential digital skills for future opportunities.

TEACHERS TRAINING	Facilitator	2023	2024
Academic Excellence	External	5	1
Motivational Sessions	External	1	1

#### **Annual Prize Distribution and Sporting Event**

# **Strengthening Green Spaces with PHA Collaboration**

We are dedicated to supporting environmental sustainability through our partnership with the Parks and Horticulture Authority (PHA). We contribute financial resources to PHA's plantation initiatives, aiming to enhance green spaces and promote ecological balance. This collaboration underscores our commitment to environmental stewardship and contributes to the creation of healthier, more vibrant communities. By investing in these planting efforts, we help foster a greener environment and support long-term sustainability goals. We planted 5,000 trees with the collaboration of PHA in 2024.

#### **HEALTH AND WELLBEING OF COMMUNITY**

#### **Green Food**

We are committed to fostering sustainability by establishing dedicated vegetable gardening areas within both our school and the Hi-Tech Blending plant. These initiatives provide practical learning opportunities, promoting ecological awareness and sustainable practices among students and employees alike.

# HUMAN RIGHTS,

# TALENT MANAGEMENT AND WELL BEING

#### **SDGs**

SDG GOAL: 8 - GOOD JOBS & ECONOMIC GROWTH SDG GOAL: 10 - REDUCED INEQUALITIES

## How it matters to HTL and its Stakeholders:

We believe that every individual must be accorded with dignity, fairness, respect and equality, regardless of their gender, religion or race. We proudly champion an inclusive culture where disabled persons are not just provided opportunities but are empowered to thrive, contributing their unique strengths to drive our collective success. Respecting human rights allows us to build trust with our employees, consumers, suppliers and communities, and provides us our license to operate.

We also recognize the critical role of building a highly skilled and productive workforce in fostering resilience and enabling the execution of our strategic priorities. Engaged employees are key to driving innovation. By aligning individual development goals with organizational objectives, we create a performance-driven culture that enhances productivity and supports the overall efficiency of our operations.

#### **HTL Management Approach**

Proper risk assessment has been conducted to manage potential social risks in business activities through relationships with partners and contractors, aiming to minimize and mitigate any risks that may arise from operations. Four main elements were assessed: labour and working conditions, responsible security, community impact, and supply chain management. Workers and employees have the right to raise their complaints freely without fear of discrimination, harrasment or abuse.

We also strive to empower our employees through our training programs, assessments and learning platforms to expand their skillsets, knowledge and capabilities to enhance agility while facing current challenging and evolving demands of work. Our proactive measures for talent management includes:

- Flexible work arrangements
- Generous leave policies
- A wide array of employee benefits aimed at promoting work-life balance and well-being
- Diversity and Inclusion (D&I) policy

#### Our Key Principles (Code of Conduct on Human Rights) CoCHR

- Freedom of Labour
- Prevention of Child Labour
- Wages and Benefits
- Working Hours
- Establish Grievance Mechanism
- Non-discrimination
- Freedom of Association
- Human Treatment
- Foreign and Migrant Workers

#### PROGRESS AND IMPACT

#### **Facilities Provided to the Employees**

#### **Bonuses and incentives**

HTL has the policy to provide bonuses and incentives to its employees to ensure employees are appreciated and encouraged. Total bonuses and incentives of 71 million paid in 2024.

#### **Provident Fund**

HTL also has the policy to provide long term benfits to its employees and paid 30 million pkr in 2024 in shape of Provident Fund.

	2024	2023
Bonuses and Incentives	71,375,930	76,644,082
Facilities provided to the Employee (PF)	30,574,917	25,427,845

**Total Employee Remueration (5 years)** 

Rs. 4.88 Billion

**Total Employee Remueration (2024)** 

Rs. 1.14 Billion

2023: Rs.1.19 Billion

#### Long term service benefits

HTL Employee who reaches 60 years age or serves 30 years will be entitled to long term service benefit ranging from 5 gross salaries to 15 gross salaries or even more with the Director approvals. During the year 2024, 3 employees were awarded with long term service benefits by HTL.

#### **Work Flexibility**

Implementation of flexibility at work to nurture work-life balance such as Flexible Working Hours (FWH), connectivity assistant and flexible attire at work.

#### **Special Needs**

Financial assistance through insurance is offered to employees to cover the treatment expenses related to their immediate family medical needs.

#### Sustainability factors are linked to employees' performances.

HTL by aligning individual goals with the company's sustainability objectives. Employees are encouraged to incorporate sustainable practices into their daily tasks, with performance evaluations considering their contributions to environmental and social initiatives.

#### **Employee Appreciation**

We provide performance-based incentives to employees through a structured evaluation process conducted by the respective department heads. Additionally, the company recognizes employee contributions with recreational trips and awards, fostering motivation and engagement across the organization.

#### **Transition Assistance Programs**

We promote the physical health of our employees by organizing cricket matches every alternate Friday and providing hygienic, nutritious lunches daily, ensuring a healthy and active work environment that supports overall well-being.

#### **Employee trainings**

At HTL, employee training is a cornerstone of our commitment to excellence and continuous improvement. We invest in comprehensive training programs to enhance our team's skills, ensuring they stay at the forefront of industry advancements.

# BUSINESS STRATEGY AND FINANCIAL RESILIENCE

#### **SDGs**

SDG GOAL: 8 – Decent Work and Economic Growth SDG GOAL: 11 – Sustainable cities and Communities

## How it matters to HTL and Its Stakeholders

Strategy is foundation in maintaining the sustainable growth and financial resilience. It acts as safeguard against the challenging economic conditions of Pakistan and its geopolitical instabilities and climate change impacts.

Our road towards implementation of the Sustainability Accounting Standards Board (SASB) inaugural standards - International Financial Reporting Standards (IFRS) S1 and S2, foster transparency and accountability. Our strategy is the core to enable stakeholders to have a clear view on how sustainability and climate-related risks and opportunities are addressed.

#### **HTL Management Approach**

Our business strategy and business model are guided by input of capitals grind by our strategic thrusts such as marketing excellence, supply chain excellence and commercial excellence. Our sustainability is governed by the EESG elements throughout the supply chain to ensure maximum value for our stakeholders and by ensuring that we remain sustainable to our society and environment.

To further strengthen, we continuously improve our HTBL plant operations to remain sustainable. We will strive to accelerate the integration of sustainability and digitalization into our operations and enhance project delivery to improve growth outcomes.

# PROGRESS AND IMPACT Enhanced operational measures

Investment into solar energy system of Pkr 73 million to be environment friendly in using energy.

Budget allocation to sustainability agenda achievement including sustainability department formation.

#### **Financial Resilience**

Strategically allocated financial resources to support identified sustainability initiatives, for example by directing capital towards projects aligned with sustainability goals.

Strengthened our internal monitoring and tracking mechanisms for investments and expenditures related to sustainability activities.

Our investment decisions are also taking consideration of environment friendly initiatives.

#### **Economic value generated and retained**

	Particulars	GROUP	
	rarticulars	2024	2023
Economic Value	Revenue (Net)	24,317,223,350	15,610,395,350

# SAFETY & HEALTH

SDG GOAL: 3 — GOOD HEALTH AND WELL BEING SDG GOAL: 6 — CLEAN WATER AND SANITATION

# Importance of Health and Safety at HTL

At HTL, we are committed to ensuring a healthy and safe work environment for all employees and workers, recognizing that their physical, emotional, and mental well-being is directly linked to the overall success of our operations.

Health, Safety, and Environment (HSE) considerations are embedded in every decision and action we take. This not only enhances investor confidence but also reinforces the trust of our stakeholders, reflecting our commitment to sustainability and corporate responsibility.

By fostering a culture of protection and safety, we improve the overall well-being and morale of our workforce, resulting in higher job satisfaction, increased productivity, and a continuous drive toward operational excellence.

Furthermore, our employees are encouraged to voice concerns about potential risks or hazards, fostering a proactive approach to risk management. This empowerment ensures collaborative efforts towards effective, long-term solutions that not only protect our workforce but also safeguard the surrounding communities and environment.

#### **HTL Approach**

HTL's HSE Policy describes the process for the reporting and investigation of all types of incidents and near misses within HTBL Plant and the duties of all employees in this regard. To recognize HTBL obligation to ensure that all accidents and incidents are reported, recorded and investigated. Accidents and incidents are investigated in consultation with a Health and Safety Representative and/or relevant stakeholders. Agreed preventative and corrective actions are implemented, monitored and reviewed for effectiveness

# PROGRESS AND IMPACT HSE Governance

HSE Governance is carried out through committee at HTBL plant, please see below its structure, members and roles:

Committee Member Name	Designation of member	Roles
Mr. Muhammad Ali Hassan	CEO	Oversight, approvals and reporting to BOD
Mr. Yaqub Aziz	Chief Operating Officer	Monitoring and act as bridge between top to bottom hierarchy
Mr. Syed Ahmad Mujtaba	QHSE Coordinator	Execution and reporting

#### Culture

At HTL policies and procedures are communicated properly to every employee in the organization Culture of encouragement of the reporting the HSE committee and eliminating the issue through proper mechanism.

#### **Compliance & Competency**

Our policy applies equally to incidents involving employees, visitors, stakeholders who are affected by the work of the organization. When an incident occurs, and especially if it is of a health and safety nature, the first response is to make the situation safe. All evidence is protected and secured. It is essential that an Incident Report Form is completed for all incidents and near misses. Incidents are managed in accordance with the processes and timescales.

All serious incidents are verbally reported immediately to QHSE Coordinator followed by high priority email containing a full description of the incident. The QHSE Coordinator then determines the appropriate response and action.

#### **Hazard Identification**

Maintained risk assessment register for Production, Labs, Stores and Utilities with respect to all departments. Identified hazards and its impacts and assigned risk ratings keeping in view likelihood and severity. Devised preventive / control measures for each risk as mitigating strategy and re-assessing the risk ratings keeping in view likelihood and severity thereof. Made arrangements such as Treatment/ First Aid Box availability for all Hazards identified

# INNOVATION & PRODUCT STEWARDSHIP

#### **SDGs**

SDG GOAL: 12 — RESPONSIBLE CONSUMPTION AND

## How it matters to HTL and Its Stakeholders

The lubricant manufacturing unit of SK Enmove, our principal supplier and long term business partner, has been showing a keen interest in liquid immersion cooling (LIC) technology for thermal management of data centers, energy storage systems and EV batteries.

#### **HTL Management Approach**

We dismiss the view that demand for lubricant oil will falter in the era of electric vehicles (EVs), we anticipate that EVs also need a dedicated lubricant that cools motors and reduces the friction resistance of gears to enhance energy efficiency. We are leading the EV lubricant oil market globally with a competitive edge in raw materials and technologies through SK Enmove, our principal supplier and long term business partner. With the technology, data centers can enhance cooling efficiency by 30 percent, compared with conventional air-cooling methods.

#### **OUR PROGRESS AND IMPACT**

SK Enmove has been producing lubricants for EVs since 2013, as the size of the global e-fluid market is expected to grow to \$9 billion by 2040.

Our Principal Supplier, SK Enmove unveiled its goal of becoming a global top-tier company in the energy-efficient lubricant market by 2040 with ZIC e-FLO, its new product named after its signature internal combustion engine oil brand.

In FY 2021, our principal supplier and long term business partner, changed its name from SK lubricants to SK Enmove, with the aim of becoming known as an energy-saving company.

We will be recognized in the global market as a company enhancing electrical efficiency, as well as fuel efficiency.

Due to the explosive increase in data usage, enhancing energy efficiency through thermal management will emerge as a core business sector in the future. Based on SK enmove's competitiveness in high-quality lubricant manufacturing and its R&D capabilities, we will explore new markets.

#### **Product Stewardship**

#### **Customer Relationship Management**

Remained responsive to customer feedback, ensuring positive customer experiences - Continued to execute effective customer engagement by improving responsiveness to customer requests, as well as increase our product and application knowledge based on key learnings from the previous Customer Satisfaction Survey (CSS) in business and sales support

Conducted regular technical exchanges with associates and customers to impart knowledge and guidance on our products and applications to maximize customer benefits

# ENVIRONMENTAL

# **STEWARDSHIP**

#### **SDGs**

SDG GOAL: 12 - RESPONSIBLE CONSUMPTION AND

PRODUCTION

SDG GOAL: 15 - LIFE ON EARTH

## How it matters to HTL and the environment

We are dedicated to ensuring compliance with evolving environmental regulations, enhancing its brand reputation by meeting the growing consumer demand for sustainable products. By minimizing environmental impact, the company reduces operational risks while improving supply chain resilience and business continuity. Through the adoption of sustainable practices, HTL creates long-term value and positions itself as a leader in eco-friendly innovation within the industry. These efforts safeguard the company's future business sustainability and reinforce its commitment to environmental responsibility.

#### **HTL Management Approach**

We adhere to all relevant environmental regulations across our locations and are guided by stringent environmental standards. Our commitment to high standards is evidenced by the ISO 14001:2015 certification of the majority of our operations, reinforcing HTL's credibility and dedication to effective environmental management systems. We have reported zero non-compliance to environmental policies, rule and regulations during the FY 2024.

#### **Bio Diversity**

Biodiversity is crucial for maintaining the balance of ecosystems, providing resources like food, clean water, and medicine, and supporting processes like pollination, climate regulation, and nutrient cycling. Activities, such as deforestation, pollution, and climate change, can threaten biodiversity, making its protection essential for environmental health and sustainability.

Our processes in Pakistan are eco-friendly, designed to minimize any significant impact on biodiversity. We are fully committed to protecting and preserving biodiversity through sustainable practices and continuous improvement in our environmental efforts

# OUR PROGRESS AND IMPACT Water and Wastewater Management

We are committed to responsible water management by operating with waterless processes, ensuring that we do not have any water intake. This approach reflects our dedication to sustainability and efficient resource utilization, eliminating water waste from our operations.

#### **Waste Management**

We prioritize effective waste management by partnering with EPA (Environmental Protection Agency) approved waste management company Ali Trade Waste Management (ATWM) to handle our waste. Through this collaboration, we ensure that our waste is properly managed and processed, reinforcing our commitment to environmental responsibility and sustainable practices.

#### **Drinking Water Analysis**

HTL ensures 100% compliance with drinking water quality standards, as verified through rigorous water testing, providing safe and reliable drinking water with no reported issues.

#### **Waste & Effluents**

Effective management of waste and effluents is essential for environmental protection and sustainable development. Efficient waste and effluent management are integral parts of sustainable development.

Our blending process does not generate excessive wastes keeping HTL Eco Friendly. HTL's operations are designed to be environmentally friendly, generating almost negligible hazardous and non-hazardous waste, ensuring a sustainable and responsible approach to our processes.

# CLIMATE

# **CHANGE**

#### **SDGs**

SDG GOAL: 12 - RESPONSIBLE CONSUMPTION AND

**PRODUCTION** 

SDG GOAL: 13 - CLIMATE ACTION

## How it matters to HTL and the Environment

Climate change continues to exert devastating effects on the planet, causing profound disruptions to the global environment, social structures, and economic systems. These impacts are intensifying pressures on both nature and humanity at large.

Extreme weather events pose a significant risk to HTL's supply chain, potentially disrupting the sourcing, transportation, and distribution of lubricants. To mitigate these climate-related risks, building a resilient supply chain is essential for maintaining business continuity. Additionally, growing consumer concern for environmental issues is driving an increasing demand for eco-friendly and sustainable products, making it crucial for HTL to adapt to these evolving market preferences.

#### **HTL Management Approach**

Implement a robust system for monitoring and reporting on climate-related risks, emissions, and sustainability performance. Utilize frameworks such as the GRI (Global Reporting Initiative) for transparent and standardized reporting. Collaborate with key stakeholders, including customers, suppliers, and investors, to drive sustainability initiatives. This includes transparent communication on climate-related risks, mitigation efforts, and progress toward sustainability goals. We undertake climate risk assessments to better identify the risk and opportunities that could impact our business to identify and put in place mitigation and adaptation strategies that would improve HTL's climate resilience.

#### **OUR PROGRESS AND IMPACT**

HTL recognizes the urgency of climate change and has continued to step up its actions to mitigate impacts, including resilience against climate risk. At Hi Tech Lubricants Limited, our commitment to sustainability reflects a purpose-driven approach that integrates economic, social, and environmental dimensions.

Climate change performance refers to the effectiveness and sustainability for HTL activities, processes, and products in relation to their impact on the environment. It involves assessing, managing, and improving environmental practices to minimize negative effects on ecosystems, natural resources, and human health while maximizing positive contributions to environmental conservation and sustainability.

#### **Environmental management system**

Implementing an EMS, such as ISO 14001, to establish Climate/ environmental policies, objectives, and procedures for monitoring, evaluating, and improving environmental performance across all organizational levels.

#### **Pollution prevention**

Implementing pollution prevention practices to reduce emissions, discharges, and waste generation. This includes adopting cleaner production techniques, using environmentally friendly materials, and investing in pollution control technologies.

#### Renewable energy sources

Transitioning to renewable energy sources like solar and implementing energy-efficient technologies to reduce greenhouse gas emissions and mitigate climate change impacts.

#### **Environmental/Climate Compliance**

Ensuring compliance with environmental regulations, permits, and standards set by governmental authorities and industry best practices. This includes regular monitoring, reporting, and auditing of environmental performance indicators

#### **Continuous improvement**

Establishing a culture of continuous improvement by setting targets, conducting performance reviews, benchmarking against industry peers, and implementing corrective actions to enhance environmental performance over time.

#### **Emissions**

We are committed to reducing our GHG emissions, advancing the energy transition, and enabling the global shift to lower carbon industries, infrastructure, and value chains. It is a priority for us to innovate—to offer lower carbon products and services, improve our operational efficiency, and reduce our emissions.

Scope I and II contains CO2 emissions from direct & indirect sources while Scope III emission contains wastewater treatment-related emissions which are not incorporated in Scope I. Since, it is our first time adoption of sustainability reporting, Scope III Emissions will be reported from next year including intensity ratios and reduction from the last year.

Some of the Greenhouse gases are obtained from 3rd party measurement reports, including SOx and NOx emissions. Third party is engaged by our company to measure, monitor and assess the emissions. Moreover, the conversion factors are sourced from "UK Government GHG conversion factors for company reporting."

Type of Emissions	UOM	2024	2025 Target
Direct Emissions Scope-I	CO2e (Kg)	130,738	2.0/ raduation
Indirect Emissions Scope-II	CO2e (Kg)	801,340	2 % reduction (Minimum)
Total (Scope 1 & 2)	CO2e (Kg)	932,078	
NOx	mg/Nm3	410.275	F 0/ Doduction
SOx	mg/Nm3	209.036	5 % Reduction

#### **Energy**

We are committed to energy efficiency by implementing energy-saving technologies and practices across its operations, reducing energy consumption and minimizing environmental impact. We have invested Rupees 73 million in Solar Energy.

#### **Total Energy Savings**

In 2024, HTL successfully conserved energy by optimizing our chiller plant operations, significantly reducing energy consumption and enhancing operational efficiency.

Particulars Particulars	UOM	2024	2023

Solar Energy	KWH	1,209,668	999,398

# SUPPLY CHAIN

Implementation of sustainable practices promotes trust and confidence, enhancing supply reliability and reputation, which are all evident in our commitment to create value for stakeholders.

Adopting sustainable practices in supply chain management creates positive impacts across the economy, environment, and our communities. It plays a vital role as an integrated ecosystem, connecting suppliers, vendors, investors, and customers, while driving responsible and efficient operations.

#### **HTL Management Approach**

We uphold rigorous integrity standards in our procurement processes and activities to promote strong governance throughout our supply chain management.

Strong working relationships and open communication are essential in driving a sustainable supply chain ecosystem. We maintain close relationships within our supply chain environment in advancing sustainability within the industry. This is conducted through collaborative multi-stakeholder efforts and partnerships with industry and trade associations. Among our efforts are supporting vendors capability development, conducting vendor assessments, and engagements, incorporating sustainability criteria in contracts and adopting the Ecofriendly framework.

#### **PROGRESS AND IMPACT**

We have started to implement vendor screening to ensure that our suppliers align with our sustainability and ethical standards, enhancing the integrity of our supply chain.

We initiated the development of a comprehensive risk management framework to proactively identify, assess, and mitigate potential risks, ensuring greater operational resilience and sustainability.

We launched sustainability awareness training to educate and engage employees on best practices and principles, fostering a culture of environmental responsibility and sustainable development

# CYBER SECURETY

# & DIGITALIZATION

# How it matters to HTL and its Stakeholders

At our company, we prioritize digital and technology enhancements to improve integration across business operations. This strategic focus allows us to be more agile, flexible, efficient, and productive, ultimately delivering world-class services to our customers and enhancing our competitive edge. Leveraging digital advancements offers us a holistic view of our operations, enabling us to scale, make inform decisions, be ahead of our competitors and pivot new business models.

However, with the increased adoption of digital technologies, there comes an elevated risk of cybersecurity breaches and attacks. Cybercriminals frequently target customers, employees, and partners using methods such as phishing, targeted ransomware, and cyber warfare. Recognizing this threat landscape, we are committed to strengthening our cybersecurity defenses and resilience, providing reassurance to our stakeholders about the protection of our data and digital infrastructure.

#### **HTL Management Approach**

Our IT Governance and Cybersecurity Programs provide a structured framework aligned with our corporate strategy, enabling proactive management of cyber risks. The Cybersecurity and Board's Risk Oversight involves active monitoring by our Board, ensuring that cybersecurity risks are consistently evaluated and managed. To further enhance our defense, we have established Company Controls for an Early Warning System to detect and respond to potential threats, ensuring timely intervention.

HTL's policy mandates an Independent Security Assessment of the Technology Environment, conducted by certified cybersecurity service providers, ensuring unbiased evaluation and identification of vulnerabilities. We also maintain a comprehensive Contingency and Disaster Recovery Plan to ensure business continuity in the event of any disruptions.

Our commitment to transparency and governance is evident through the Advancement in Digital Transformation, where we utilize Oracle software to integrate core business processes within a single ERP system, enhancing efficiency and oversight.

We recognize the importance of employee awareness in mitigating cybersecurity risks. Therefore, we conduct Education and Training Programs, including compulsory modules on cybersecurity, social engineering, and scam awareness.

#### PROGRESS AND IMPACT

In our ongoing commitment to IT governance and cybersecurity, HTL has made significant progress across various initiatives:

Our robust IT governance framework, overseen by our Board through the Risk and Sustainability Committee, is designed to ensure that our digital infrastructure remains secure, aligned with our corporate strategy, and capable of adapting to emerging threats. Our IT governance policy addresses key aspects such as data security, data storage and backup, availability of data for informed decision-making, safety of IT assets and resources, transparency, accountability, and alignment with corporate objectives.

**Employee Training & Awareness:** In 2024, one employee completed external training on AWS, enhancing our cloud security capabilities. In 2023, two IT administrators received training on Gateway Level, Email Security, and Endpoint Security, bolstering our defenses. Additionally, an external trainer conducted specialized training on NG-Firewall and Endpoint Security for two IT administrators, improving our threat management expertise.

**Cybersecurity Assessments & Tests:** Phishing test results showed a 0% failure rate for both 2024 and 2023, indicating a high level of employee vigilance against phishing attacks.

**Digital Transformation & Operational Excellence:** In 2024, significant progress was made in deploying systems such as the EBS on HTBL Polymer and FPMS JD, along with the Payable Dashboard in EBS, and FPMS for HBTL Polymer, PF. Systems like GMS, PMS, and ASM were also integrated. In 2023, we upgraded our EBS from version 12.1.3 to 12.2.10 and Oracle DB, implemented OS OEL 7.9, deployed EBS in HTBL, developed HMS & DMS, and established an employee portal, demonstrating our continued advancement in digital transformation.

Security Monitoring & Protection: Smart Alerts via email have been configured, ensuring that IT administrators are promptly informed about any external system attacks, allowing quick response and mitigation.

**Penetration Testing & Security Assessments:** Half-yearly internal and external penetration testing was conducted using advanced tools like Nessus, Kali Linux, and NMAP, with the last security assessment completed on December 2, 2023. This rigorous testing regime helps in identifying vulnerabilities and reinforces our cybersecurity posture.

**Business Continuity & Disaster Recovery:** An SOP and a robust disaster recovery plan are in place to ensure the uninterrupted operation of business-critical applications, with provisions for both on-site and off-site contingencies.

These initiatives reflect our proactive approach to IT governance and cybersecurity, ensuring resilience, preparedness, and the protection of our digital assets and infrastructure.

Information Required	2024	2023
Phishing tests fail results	Zero	Zero
Cyber incidents	Zero	Zero
Business critical system downtime	3%	2%
Substantiated complaints concerning breaches of customer privacy and losses of customer data	Zero	Zero

# CORPORATE

# **GOVERNANCE**

## How it matters to HTL and the environment

At HTL, strong and effective corporate governance is fundamental to our operations, safeguarding stakeholder interests and ensuring the organization's long-term sustainability. As a publicly listed company, we are dedicated to a robust governance framework that prioritizes integrity, compliance, transparency, and accountability.

In an increasingly competitive and dynamic market, corporate governance is essential for strategic development. By adhering to best governance practices, HTL enhances its credibility with stakeholders, fosters trust, and strengthens risk management capabilities. This commitment not only boosts stakeholder confidence but also facilitates timely and transparent disclosures, reinforcing our reputation in the market.

Our focus on corporate governance is aligned with our mission of long-term value creation, allowing HTL to cultivate meaningful and lasting relationships with stakeholders. Through these efforts, we support our journey toward sustainable success, ensuring that our organizational practices contribute positively to our community and the environment.

#### **HTL Management Approach**

At HTL, we understand that responsible governance is essential for our commitment to sustainability and long-term success. Our governance framework is meticulously designed to safeguard stakeholder interests while promoting ethical business practices, accountability, and transparency.

We adhere to the Listed Companies (Code of Corporate Governance) Regulation, 2024, and uphold a Statement of Compliance that has been reviewed and certified by our external auditors. This commitment ensures our governance practices align with industry standards and best practices, thereby enhancing stakeholder trust.

Our governance structure is anchored in strong processes and effective internal controls, supported by a leadership team dedicated to transparency and accountability.

#### PROGRESS AND IMPACT

At HTL, our commitment to robust corporate governance is integral to our sustainability framework and operational integrity. As a listed company, we understand that strong governance not only safeguards stakeholder interests but also enhances our resilience in an increasingly complex business environment.

Risk management framework, policies and procedures, proper organization structure is approved by the Board to ensure robust corporate governance.

In line with our dedication to sustainability, we have started to implement the (IFRS) S-1 & S-2 on sustainability reporting, ensuring our practices align with global best standards. This strategic move reflects our commitment to transparency and accountability.

In alignment with our sustainability goals, we are going to establish a Risk and Sustainability Committee, which will be supported by the Sustainability Department. This committee will oversee our sustainability initiatives across the Plant and Depot Wings, ensuring that our operations are environmentally responsible and socially beneficial. Its functions will encompass evaluating risks and opportunities associated with Economic, Environmental, Social, and Governance (EESG) sustainability.

By recommending the establishment of HTL's EESG sustainability strategies, priorities, and targets to the Board, the committee aims to create long-term corporate value. This proactive approach reinforces our commitment to corporate governance, ensuring that sustainability is not just an add-on but a core component of our business strategy.

Through these initiatives, HTL is poised to not only enhance its corporate governance framework but also to drive meaningful progress in sustainability, ultimately benefiting our stakeholders and the communities we serve.

## FRAUD, DECEPTION, DISHONESTY, BRIBERY & ANTI-CORRUPTION MEASURES

HTL strictly prohibits fraudulent acts, including bribery and corruption, and ensures that business partners adhere to the same ethical standards.

Directors' training has been conducted the details of which is mentioned in Directors Report Section in Integrated Annual Report.

#### CERTIFICATIONS ACQUIRED FOR BEST SUSTAINABILITY AND CSR PRACTICES

HTL has made a profound history of achievements toward best business practices and sustainability as shown below;

Living the Global Compact Sustainability Award	Second Position in Large National Companies	2021	UN Global Network Pakistan

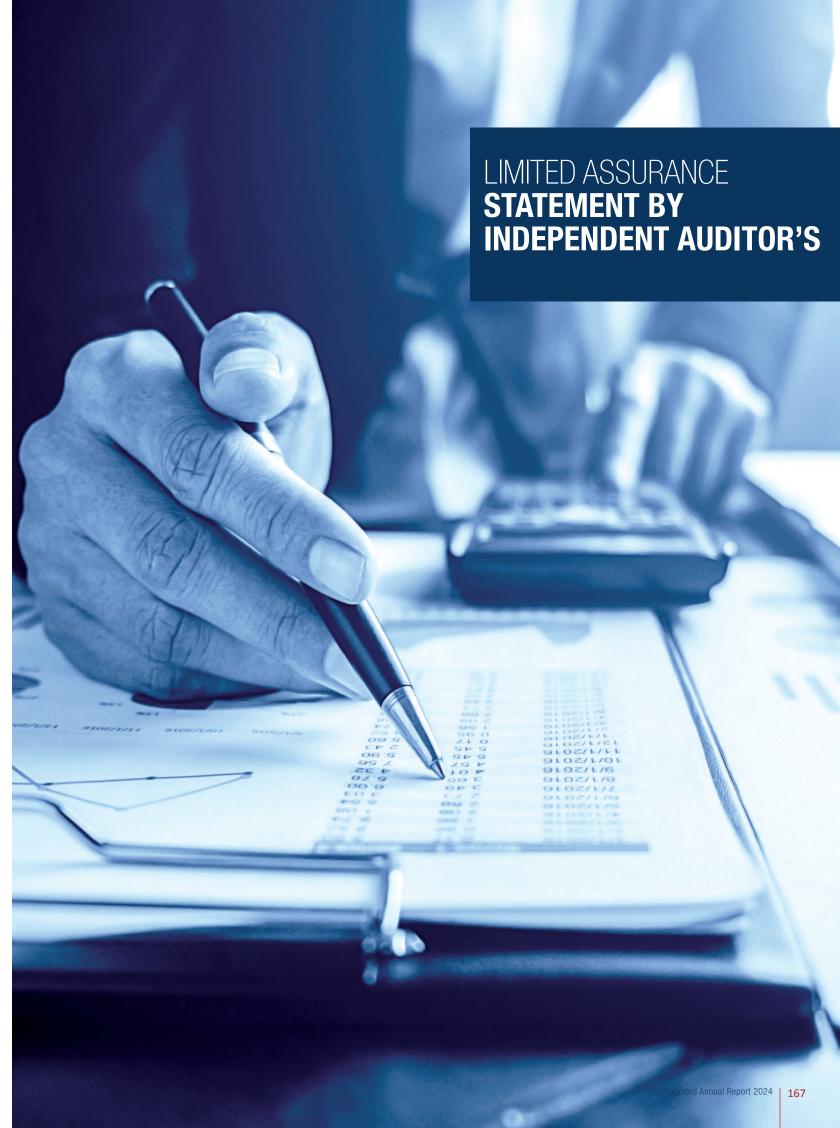

### UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS 2030 AS OUR ROAD MAP TOWARDS A SUSTAINABLE SOCIETY

HTL has embraced the United Nations Sustainable Development Goals (SDGs) as a foundational blueprint for our strategic journey toward sustainability. In the present year and beyond, our steadfast commitment to aligning our practices with these Global Goals by 2030 remains resolute. The incorporation of the SDGs has illuminated our path, guiding us to perceive sustainable development as an inherent business response to the challenges confronting our society. We recognize the imperative of utilizing business-driven approaches to engender enduring economic growth, address societal needs, and empower communities. The UN Sustainable Development Goals furnish us with a shared framework and a well-defined roadmap to strive towards a better future. We regard the SDGs as a mutually beneficial opportunity, one that not only advances the betterment of the world for future generations but also aligns seamlessly with our vision of becoming a value-driven, sustainable company.

Out of the 17 United Nations goals, we have purposefully integrated twelve SDGs into our business operations. Furthermore, we have diligently crafted action plans to seamlessly incorporate sustainable development principles into our overarching business strategy. This integrated approach underscores our commitment to contributing meaningfully to the achievement of these critical global objectives.

GOAL	WHAT IT MEANS TO US	EXAMPLES OF OUR CONTRIBUTION
1 NO POVERTY	Our aim: End poverty through social protection, community welfare, and access to basic services for our employees and local vulnerable	HTL prioritizes employee empowerment with competitive pay packages, in compliance with minimum wage laws.

4 QUALITY EDUCATION	Our aim is to provide quality education to the underprivileged segments of the community.	Education holds a central place in Company's CSR strategy. Through the Sabra Hamida Trust, we operate llam Gah School System, dedicated to serving the underprivileged segments of the community.
5 GENDER EQUALITY	Our aim is to foster gender equality, ensure a safe workplace, and provide equal opportunities and compensation for all employees.	We are a proud equal opportunity employer, dedicated to promoting gender diversity across all organizational levels. We offer equal opportunities, compensation, and benefits to our female employees as we do to their male counterparts. Women are represented at all organizational levels, including the Board of Directors. We have policies ensuring a harassment-free workplace for female employees.
6 CLEAN WATER AND SANITATION	Incorporating water conservation into our business strategies for a	Installation of RO plant Bhai Kot Sundar Lahore to provide safe and clean drinking water for the community.
7 AFFORDABLE AND	sustainable future.	Installation of various clean water pumps in village areas.
CLEAN ENERGY	Increase the use of clean energy at the Company's production facilities and utilize technology to provide solar energy solutions to the community.	HTL has successfully installed Solar Energy Power Project at Hi-Tech Blending (Private) Limited its wholly owned subsidiary company
8 DECENT WORK AND ECONOMIC GROWTH	To be a preferred employer, promote holistic economic growth, train youth for enhanced employability, and upskill our current workforce.	HTL provides comprehensive employee facilities, including competitive pay, safe workplaces, healthcare, equal opportunities, and gender diversity. We prioritize employee training and upskilling for economic growth.
9 MOUSTRY, INNOVATION AND INFRASTRUCTURE	Our goal: Sustainable economic growth through responsible industrialization, improving living standards and access to life's essentials for all.	HTL embraces industry innovations and invests in infrastructure development.
10 REDUCED INEQUALITIES	We aim to reduce inequalities by providing equal access to opportunities through leadership, network, and technology solutions.	HTL upholds strict HR policies for equal and fair compensation, gender promotion, merit-based hiring, and cultural diversity.
12 RESPONSIBLE CONSUMPTION AND PRODUCTION	We are committed to the responsible management of our operations, reducing our environmental footprint, and fostering responsible conduct among all our stakeholders.	As an environmentally conscious company, we take pride in advocating for sustainable business practices throughout our value chain and in public forums.
13 ACTION	Our objective is to expedite action on mitigating the impact of climate change.	HTL is actively engaged in an ongoing tree plantation drive to protect the environment.
16 PEACE JUSTICE AND STRONG INSTITUTIONS	We are dedicated to the responsible and ethical management of our operations. Our commitment includes promoting transparency and accountability in all interactions with both internal and external stakeholders.	Our Anti-Bribery and Corruption Policy is an integral component of our code of conduct. We firmly discourage all forms of such behavior, emphasizing our commitment to ensuring equal and equitable opportunities for all.

# INDEPENDENT LIMITED ASSURANCE REPORT TO HI-TECH LUBRICANTS LIMITED ON THE SUSTAINABILITY

#### INTRODUCTION

We, M. Salman Naseem and Co., Chartered Accountants (MSN, we, us, our), were engaged by the Management of Hi-Tech Lubricants Limited (the 'Company') to provide limited assurance under International Standard on Assurance Engagement (ISAE) 3000 "Assurance Engagement Other Than Audit or Review of Historical Financial Information" on the Sustainability Report for the year ended June 30, 2024 of the Company.

#### CRITERIA

The criteria used by the Company to prepare the report is Global Reporting Initiative (GRI) standards 2021 (the 'criteria'), as disclosed in the report.

# MANAGEMENT'S **RESPONSIBILITIES**

Management is responsible for the preparation and presentation of the report in accordance with the criteria for determining the Company's objectives with respect to sustainable development performances and reporting, including the identification of stakeholders and material issues, and for establishing and maintaining appropriate performance management and internal control systems from which the reported performance information is derived.

Management is also responsible for preventing and detecting fraud and for identifying and ensuring that the Company complies with laws and regulations applicable to its activities through its internal due diligence mechanisms and framework.

Management is additionally responsible for ensuring that staff involved in the preparation and presentation of the Sustainability Report is adequately trained, information systems are appropriate updated, any changes in the Report encompass all significant business units.

#### INHERENT **LIMITATIONS**

Non-financial information is subject to inherent limitations compared to financial data due to its subjective nature and the varying interpretations involved in determination relevance, materiality, and accuracy. The methods used to gather and assess this data may evolve over time, impacting the criteria used and precision of the information provided.

Due to the inherent limitations of any internal control structure, it is possible that errors or irregularities in the information presented in the Report may occur and may not be detected. Our engagement is not designed to detect all weaknesses in the internal controls over preparation and presentation of the Report, as the engagement has not been performed continuously throughout the period, and the

procedures performed were undertaken on a test basis.

# OUR INDEPENDENCE AND OUALITY CONTROL

We have complied with the Code of Ethics for Professional Accountants issued by the Institute of Chartered Accountants of Pakistan (ICAP), which includes independence and other requirements on the fundamental principles of integrity, objectivity, professional competence and due care, confidentiality, and professional behavior. The firm applies the International Standard on Quality Control 1 "Quality Control for firm that perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements", and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

#### OUR RESPONSIBILITIES

Our responsibility is to carry out a Limited Assurance engagement on the Company's Sustainability Report and to express a conclusion based on the work performed. We conducted our limited assurance engagement in accordance with the International Standard on Assurance Engagements ISAE 3000 (Revised), 'Assurance Engagements Other than Audits or Reviews of Historical Financial Information' (ISAE 3000) as issued by the International Auditing and Assurance Standards Board (IAASB). This standard requires that we comply with independence requirement and plan and perform the engagement to obtain limited assurance on the Sustainability Report.

#### PROCEDURES PERFORMED

A limited assurance engagement on a sustainability report consists of making inquiries, primarily of persons responsible for the preparation of information presented in the Report, and applying analytical and other evidence-gathering procedures, as appropriate. These procedures included:

- Interviewed the relevant staff responsible for presenting and disclosing the information in the Report;
- Gain an understanding from the relevant key personnel of Company to understand current control and processes in place for capturing sustainability performance data, and the progress made during the reporting period;
- Review adherence to the requirements of the GRI Standards 2021;
- Evaluated the related disclosures are appropriately presented, described and clearly expressed;
- Reported any deviations/gaps and documented any reasoning, if any:
- Read the information presented in the Report to determine

- whether its arrangement is in line with GRI 2021; and
- Obtained written representation from the management regarding the completeness and authenticity of the information contained in the report, their responsibilities regarding preparation of report and underlying measurements and calculations in accordance with the criteria.

The procedures performed in a limited assurance engagement vary in nature and timing and are less in extent than for a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

#### I IMITATIONS ON **SCOPE OF WORK**

Our limited assurance engagement scope excludes:

- Data and information outside the defined reporting period i.e.
   July 01, 2023 to June 30, 2024;
- The Company's statements that describe the expression of opinion, belief, aspiration, expectation, aim or future intention and national or global socio-economic and environmental aspects; and
- Data and information on the economic and financial performance of the Company, which, we are informed, are from the Company's audited financial records and statements.

## LIMITED ASSURANCE CONCLUSION

Our conclusion has been formed on the basis of, and is subject to, the matters outlined in this report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our limited assurance conclusion. Based on our limited assurance engagement, nothing has come to our attention that causes us to believe that the report is not prepared, in all material respects, in accordance with the criteria

#### However, following improvements can be made for the next reporting cycle:

- We recommend complete calculation of Depots and supply chain, energy and emissions foot prints and aligning the targets with climate science to reduce the impact; and
- The report acknowledges the Company's exposure to climate related risks and opportunities. However, it does not explain the impact and implications to the Company in short, medium and long term.

#### RESTRICTION ON DISTRIBUTION

Our report should not be regarded as suitable for use or relied upon by any party wishing to acquire rights against us other than the management of the Company for any purpose on in any other context. Any party other than Hi-Tech Lubricants Limited who obtains access to our report or a copy thereof and chooses to rely on our report (or any party thereof) will do so at its own risk. To the fullest extent permitted by law, we accept or assume no responsibility and deny any liability to any party other than Hi-Tech Lubricants Limited for our work, this independent Limited Assurance report, or the conclusions we have reached.

M. SALMAN NASSEM & G.

#### **PROFITABILITY RATIOS**

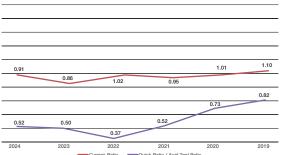

#### PROFITABILITY RATIOS

#### Operating Leverage RATIOS

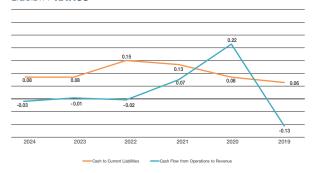

#### LIQUIDITY RATIOS

#### PROFITABILITY RATIOS

- In FY 2024, the Company's overall financial performance has improved compared to FY 2023. However, The Gross Profit Ratio decreased from 10.22% to 6.02%, indicating a lower gross profit margin, likely due to increased costs.
- The Company reported a positive Net Profit to Revenue ratio of 0.46% in FY 2024, compared to a negative 0.60% in FY 2023, indicating a profit.
- The EBITDA Margin to Revenue ratio fell from 0.59% in FY 2023 to -0.07% in FY 2024, showing reduced operating profitability.
- The Operating Leverage Ratio decreased from 6.09 times to 2.04 times, suggesting that
  change in sales can now have a smaller impact on profits due to a less fixed cost structure.
- ROE improved from -2.44% to 2.83%, indicating ineffective use of shareholder equity to generate profits.
- ROCE improved from -1.48% to positive 1.75%, signaling that capital investments were generating positive returns.
- Shareholders' funds decreased from 51.70% to 43.71% of total assets mainly due to significant increase in stock-in-trade and trade debts, but Return on Shareholders' Funds increased significantly due to the net profit in FY 2024 as compared to the net loss in FY
- In summary, FY 2024 saw an improvement in profitability, decreased operating leverage, and positive returns on equity and capital employed compared to FY 2023, with shareholders' funds decreasing, but returns improved by the net profit.

#### LIQUIDITY RATIOS

#### LIQUIDITY RATIOS

- In FY 2024, the company's liquidity position exhibited a mixed performance when compared to FY 2023:
- The current ratio increased from 0.86 in FY 2023 to 0.91 in FY 2024, indicating an improvement in the company's ability to cover short-term liabilities with current assets.
- The quick ratio slightly improved from 0.50 in FY 2023 to 0.52 in FY 2024, signaling an enhanced capacity to meet immediate obligations without relying on inventory.
- The cash to current liabilities ratio remained same in FY 2024 i.e. 0.08 as it was in FY 2023, suggesting no change in cash position relative to short-term obligations.
- The cash flow from operations to revenue ratio experienced a slight decline, shifting from -0.01 in FY 2023 to -0.03 in FY 2024. While the ratio remains negative, it reflects a continuing need for the company to enhance its cash generation from core operations and improve financial efficiency moving forward.
- The cash flow to capital expenditures ratio significantly decreased from -0.95 in FY 2023 to -2.38 in FY 2024, suggesting significant decrease in cash flow from operations. The negative value implies inadequate cash to adequately fund capital investments.
- The cash flow coverage ratio deteriorated from -0.05 in FY 2023 to -0.31 in FY 2024. This indicates a significant decrease in operating cashflows, and the negative value signifies that the company's cash flow are insufficient to comfortably cover its debt obligations.

In summary, the company's liquidity position in FY 2024 showed a mix of improvements and challenges compared to FY 2023, with positive signs like an improved quick ratio and reduced ratios related to capital expenditures and cash flow coverage.

#### INVESTMENT / MARKET SHARE RATIOS

In FY 2024, the company reported earnings per share of Rupees 0.80, marking a significant improvement from the loss per share of Rupees 0.67 in FY 2023, which underscores a notable improvement in profitability. The Price Earnings Ratio (P/E) also exhibited a marked incline, transitioning from a negative 31.64 times in FY 2023 to a positive 44.61 times in FY 2024, signifying positive earnings and raising potential investor confidence.

The company has not declared dividend for FY 2024 as compared to the dividend per share of Rs. 2 in FY 2023. This reflects the company's challenges in FY 2024 and its impact on investor-related metrics.

#### CAPITAL STRUCTURE RATIOS

In FY 2024, the company's financial performance exhibited a slight decrease in its Financial Leverage Ratio, which descended from 0.65 in FY 2023 to 0.62. This shift indicates a slightly less reliance on debt in relation to equity during the period.

Conversely, both the Long-term Debt to Equity Ratios, based on Book Value and Market Value, remained unaltered at 0.00%, signifying no change in the company's long-term debt relative to its equity, both from an accounting and market perspective.

However, it's worth noting that the Net Assets per Share experienced an increase, inclining from Rupees 27.46 in FY 2023 to Rupees 28.29 in FY 2024, reflecting a slight increase in the company's net assets per share over the course of the year.

Furthermore, the Interest Coverage Ratio witnessed a substantial increase, ascending from 0.62 in FY 2023 to 1.30 in FY 2024. This substantial increase indicates a potential increase in the company's capacity to cover its interest expenses with its operating income during the fiscal year.

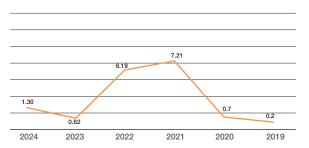

#### **ACTIVITY / TURNOVER RATIOS**

In FY 2024, the company's activity / turnover metrics witnessed notable shifts:

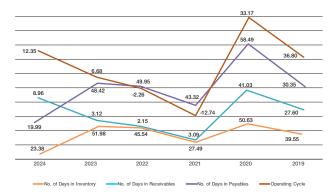

- Total Assets Turnover Ratio increased from 2.10 to 2.67, indicating improved asset utilization for revenue generation.
- Fixed Assets Turnover Ratio increased from 6.00 to 8.66, suggesting an increase in fixed asset efficiency.
- The number of days in inventory reduced from 51.98 days to 23.38 days, indicating a shorter inventory turnover period, potentially tying up less capital in unsold goods and improving liquidity.
- Days in receivables significantly increased from 3.12 days to 8.96 days, signaling a slower collection of payments from customers, which may impact cash flow and working capital.
- Days in payables decreased from 48.42 days to 19.99 days, showing a major improvement in supplier payment timelines, warranting continued monitoring to maintain favorable supplier relationships.
- The operating cycle increased significantly from 6.68 to 12.35 days, raising concerns about cash flow and liquidity.

In summary, while certain efficiency improvements were observed, challenges in accounts receivable collection need attention. Addressing the lengthened operating cycle is vital to maintaining healthy liquidity and working capital levels.

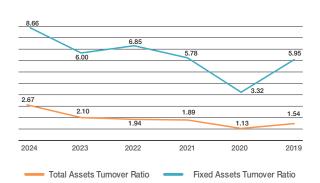

#### INTEREST COVERAGE RATIO

#### ACTIVITY/TURNOVER RATIOS

#### ACTIVITY/TURNOVER RATIOS

#### SEGMENTAL **REVIEW** LUBRICANTS

The operations within our Lubricant segment encompass the procurement and sale of lubricants, parts, and the provision of associated services. It is notable that the net revenue within the Lubricants segment has encountered an increase of 9.13% in comparison to the previous year.

Detailed segment information has been presented in note 53 of the financial statements

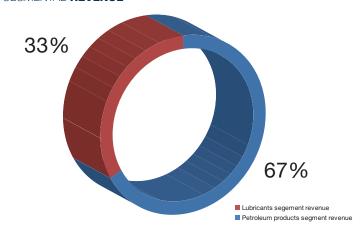

#### PETROLEUM PRODUCTS

The petroleum segment of our operations primarily encompasses the marketing and sale of petroleum products through HTL Fuel Stations. While the net revenue generated within this segment has demonstrated a notable increase of 95.83%, it is imperative to note that this uptick in revenue has been accompanied by a corresponding escalation in the cost of sales.

Company's Revenue in terms of lubricant segment and petroleum segment is stated below:

DESCRIPTION	REVENUE	PROFIT/(LOSS) BEFORE TAX				
DESCRIFTION	Rupee in thousand					
Lubricants	8,055,522	248,141				
Petroleum products	15,960,960	(85,740)				
Total	24,016,482	162,401

#### STATEMENT OF PROFIT OR LOSS VERTICAL ANALYSIS

Over the past six years, both gross profit and EBITDA have exhibited a mixed trend, with fluctuations in their performance. However, in the current fiscal year, there has been a noteworthy decline in the financial performance indicators. Specifically, Gross profit and EBITDA now represent only 6.02% and negative 0.07% of the net revenue, respectively. These figures indicate further deterioration in financial performance compared to the previous fiscal year, FY 2023.

The primary factor contributing to this decline is a significant increase in the cost of sales. This shift in the revenue-to-cost ratio has had a pronounced impact on the company's ability to generate gross profit and maintain healthy EBITDA. It underscores the challenges faced by the organization in managing its cost structures, which have, in turn, adversely affected its overall financial performance in the current fiscal year.

## VERTICAL **ANALYSIS**

#### FOR THE CURRENT AND LAST FIVE YEARS

# FINANCIAL POSITION'S **VERTICAL ANALYSIS**

Vertical analysis of statement of financial position provides a comprehensive overview of the company's financial structure, emphasizing the distribution of assets, equity, and liabilities across both short-term and long-term categories.

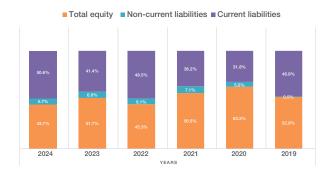

As of June 30, 2024, the composition of the company's total assets can be classified into two categories: non-current assets, accounting for 54% of the total, and current assets, representing 46% of the total asset base. In contrast, the company's equity and liabilities structure comprises share capital and reserves, accounting for 43.7% of the total, while non-current

liabilities and current liabilities constitute 5.7% and 50.6%, respectively. Share capital and reserves, a significant portion of the equity and liabilities, encompass issued subscribed and paid-up share capital (15.4%), share premium (16.0%), surplus on the revaluation of freehold land (8.4%), and unappropriated profit (3.8%).

Non-current liabilities consist of lease liabilities (5.5%) and long term deposits (0.2%), contributing to the company's long-term obligations.

On the other hand, current liabilities primarily consist of short-term borrowings (19.7%) and trade and other payables (28.4%), reflecting the company's short-term financial obligations and trade-related liabilities.

## HORIZONTAL ANALYSIS

### FOR THE CURRENT AND LAST FIVE YEARS

## FINANCIAL POSITION HORIZONTAL ANALYSIS

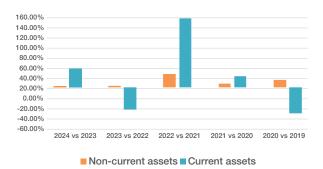

Non-current assets exhibited a modest increase of 1.60% in comparison to FY 2023. This increase was primarily attributed to the recognition of a deferred income tax asset during the year.

Similarly, there was a substantial increase of 58.68% in current assets. This increase can be attributed to increase in inventory stocks, trade debts and cash & bank balances.

The total equity of the company witnessed an incline of 3.02%. This incline was primarily driven by the net profit incurred during the fiscal year.

Non-current liabilities showed a slight increase of 0.79%. This increase was attributed to increase in lease liabilities.

#### HORIZONTAL ANALYSIS-TOTAL ASSETS

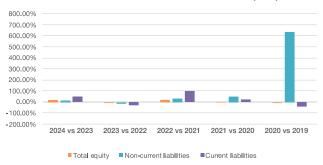

Current liabilities experienced a significant increase of 48.83%. This incline was primarily due to increase in trade and other payables, indicating increased short-term financial obligations.

Shareholders' equity has been increased by Rupees 115.415 million (3.02%) mainly on account of profit earned during the year.

Non-current liabilities for the year have been increased by Rupees 3.995 million (0.79%) due to increase in lease liabilities.

Current liabilities have been increased by Rupees 1,495.992 million (48.83%) mainly due to increase in trade and other payables.

#### HORIZONTAL ANALYSIS-TOTAL EQUITY & LIABILITIES (2024)

#### HORIZONTAL ANALYSIS-PROFIT OR LOSS

## STATEMENT OF PROFIT OR LOSS **HORIZONTAL ANALYSIS**

In the fiscal year 2024, the company faced a notable decline in its financial performance compared to the preceding fiscal year, FY2023:

The Company's net revenue witnessed a significant increase of 55% in FY2024 when contrasted with FY2023.

The cost of sales experienced a 62% increase in FY2024. However, this increase in the cost of sales did not align with the increase in revenue, leading to a decrease in gross profit margins.

Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA) plummeted by 117%, indicating a substantial decline in the company's operational performance.

Finance costs saw a significant increase of 15%. This increase attributed to higher interest rates during the year.

The company incurred a profit after taxation of Rupees 111.404 million in FY2024.

#### SHARE PRICE **SENSITIVITY ANALYSIS**

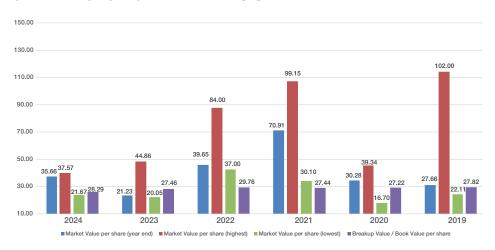

Share price in the stock market moves due to various factors such as company performance, general market sentiment, economic events and interest rates, etc. Being a responsible and law-compliant Company, HTL circulates price sensitive information to stock exchanges in accordance with the requirements of listing regulations in a timely manner.

Share price sensitivity analysis using key variable with consequent impact on the Company's earnings:

KEY VARIABLE	RELATIONSHIP	IMPACT ON EARNINGS	SHARE PRICE IMPACT
Selling price	Direct	Increase in selling price directly increase in earnings of the Company and vice versa.	Increase in earnings directly increase share price of the Company and vice versa.
Stock-in-trade price	Indirect	Increase in stock-in-trade price directly increase cost of sales, resultantly decrease in earnings of the Company.	Decrease in earnings directly decrease share price of the Company and vice versa.
Interest rate	Indirect	Increase in interest rate directly increase finance cost, resultantly decrease in earnings of the Company.	Decrease in earnings directly decrease share price of the Company and vice versa.
Currency	Indirect	Depreciation in Pak Rupee directly increase import cost of inventory, resultantly decrease in earnings and vice versa.	Decrease in earnings directly decrease share price of the Company and vice versa.

During the year 2024, HTL's share price touched the peak of Rupees 37.57 while the lowest recorded price was Rupees 21.67 with a closing price of Rupees 35.66 at the end of the year.

#### SHARE PRICE SENSITIVITY **ANALYSIS**

### COMPOSITION OF LOCAL VS IMPORTED MATERIAL

In FY 2024, 17% of the total material purchased for the OMC business and 8% of the total material purchased for the lubricants segment were imported. As a result, imported materials constituted 14% of HTL's overall material purchases for the year. Consequently, a 10% depreciation in the USD/PKR exchange rate, assuming all other factors remain constant, would lead to a 1.4% increase in HTL's total cost of sales.

#### ANALYSIS OF **CASH FLOWS**

### CASH FLOWS **ANALYSIS**

In FY2024, the company reported a significant deterioration in its operating cash flows, with increase in cash outflows from operating activities to Rupees 704 million from Rupees 129 million in FY2023. This indicates need for improvement in efficiently managing day-to-day operations. In terms of investing activities, there was a notable shift from a negative cash outflow of Rupees 194 million in FY2023 to a positive cash inflow of Rupees 1060 million in FY2024. This is mainly due to the dividend received from subsidiary company and short term loan repaid by subsidiary company.

Financing activities also underwent a substantial change, as the company experienced increase in cash outflow from financing activities, inclining from Rupees 95 million in FY2023 to Rupees 243 million in FY2024. This indicates reduced external financing.

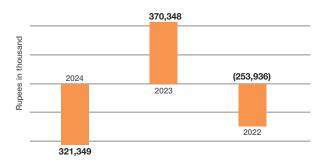

The most noteworthy change can be observed in the company's cash and cash equivalents position, which increased to Rupees 352 million in FY2024 from Rs 239 million in FY2023 mainly due to inflows from investing activities.

## QUARTERLY **ANALYSIS REVENUE**

Total revenue showing mixed trend during the year with the highest in fourth quarter which represent 34.62% of total revenue. FY-2023-2024 remained challenging, due to:

- · Political uncertainty
- · Fuel price volatility
- State Bank of Pakistan's Monetary Policy Committee raised Policy Rate to an unprecedented 22.00%
- · Increased import costs
- Challenging economic environment for businesses

### COST OF **SALES**

Cost of sales shows mixed trend in FY 2024 with lowest in first quarter and highest in fourth quarter mainly on account of increased cost of imports.

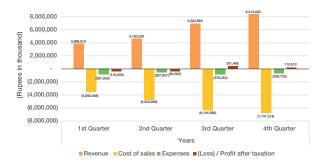

### NET PROFIT **AFTER TAXATION**

The company experienced fluctuating financial performance throughout the fiscal year. It incurred net loss in the first and second quarters but achieved profits in the third and fourth quarters. These profits were primarily due to increased sales revenue, and relatively lower finance costs. As a result, the company reported a net profit of Rupees 111 million for the fiscal year.

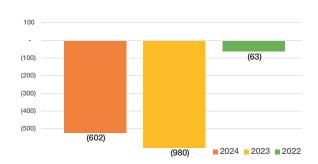

### **ECONOMIC VALUE ADDED**

Economic Value Added (EVA) stands as a critical metric employed for the comprehensive evaluation of the Company's overarching performance and the efficacy of its management. This assessment is visually represented through a graphical presentation, which encompasses a three-year span, spanning from FY 2022 to FY 2024, offering a clear illustration of the Company's EVA trends over this period.

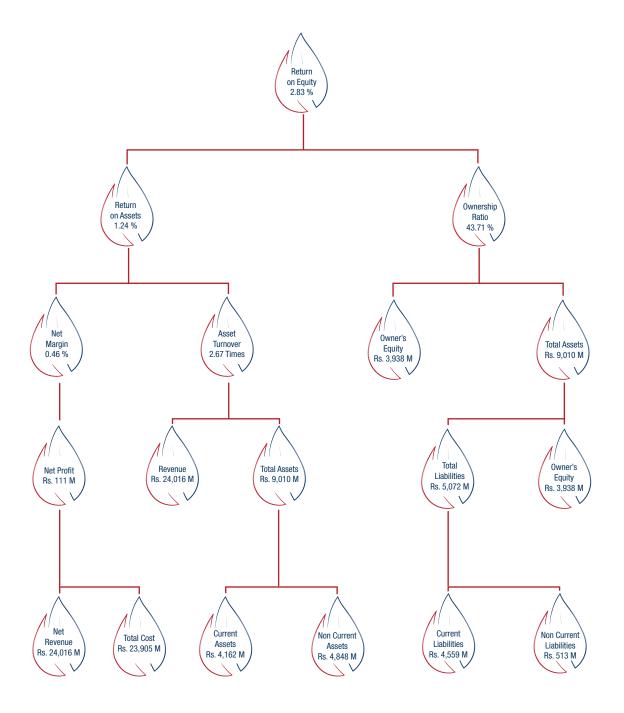

#### QUARTERLY **ANALYSIS**

#### ECNOMIC VALUE ADDED (EVA)

## **DUPONT ANALYSIS**

The Dupont analysis is a framework for analyzing fundamental performance and it is a useful technique used to decompose the different drivers of return on equity (ROE).

Dupont analysis for last six years depicts that the Company is generating mixed returns for its shareholders. The management of the Company regularly monitors all the drivers used in Dupont analysis to identify strengths and weaknesses and analyze the Company's fundamental performance.

Year	Return on assets	Ownership ratio	ROE
	(Net profit / total assets) A	Total equity / total assets B	A/B
2024	1.24%	43.71%	2.83%
2023	-1.26%	51.70%	-2.43%
2022	8.08%	45.34%	17.81%
2021	6.43%	56.65%	11.35%
2020	-0.80%	63.24%	-1.27%
2019	-7.11%	52.76%	-13.48%

# ANALYSIS OF FINANCIAL AND NON-FINANCIAL PERFORMANCE

HTL's Financial Department plays a pivotal role in annual budgeting. In the last quarter of the fiscal year, each business unit and cost center uses a system-based budgeting module to submit their financial plans. After careful review by the company's top management, these budgets go through an audit committee for further scrutiny and eventual approval by the Board of Directors. These budgets are meticulously prepared, taking into account forecasts and assumptions that align with the specific needs of the business. The Budgeting Department also conducts sensitivity analysis to ensure the budgets can withstand various scenarios, considering factors like costs that can be controlled, those that can't, seasonal fluctuations, and ongoing trends. Moreover, the CEO and management teams are assigned balanced scorecards based on business unit targets, profitability goals, and other qualitative metrics, ensuring a well-rounded approach to evaluating performance.

## PERFORMANCE AGAINST FINANCIAL MEASURES

Company sets financial targets for business units, their liquidity and working capital against defined targets.

## SUMMARISED OPERATING PERFORMANCE OF THE COMPANY FOR THE CURRENT YEAR

- The Company achieved a noteworthy 55% increase in revenue compared to the previous year. This increase can be primarily attributed to a significant increase in revenue of petroleum products by 96% during the year.
- The Company experienced a 9% reduction in its gross profit over the course of the year. This decline can be primarily attributed to increase in the cost of sales incurred by the Company.
- Distribution cost has been decreased by 5% in comparison from last year in correspondence to the increase in sales revenue.
- Administrative expenses registered a slight increase of 1% compared to the previous year.
- The Company experienced a 51% increase in its other expenses compared to the previous year. This increase can be primarily attributed to increase in allowance for expected credit losses recognized during the year.
- Other income has exhibited a notable increase of 110% in comparison to the previous year, primarily attributed to dividend income and promotional incentive received from SK Enmove Co., Ltd. - principal supplier and long term partner of HTL.
- The overall finance costs experienced an increase of 15% compared to the previous year, primarily driven by the escalation of bank charges and commission by 269% during the year.
- The Company recorded a net profit of Rupees 111.40 million for the year.

#### PERFORMANCE AGAINST NON-FINANCIAL MEASURES

The company places great emphasis on a comprehensive array of non-financial targets, encompassing human resource development, growth and expansion initiatives, and succession planning. Additionally, the organization

is committed to enhancing process and production efficiencies within HTL and HTBL, fostering quality improvements in both products and services, investing in automation, safeguarding intellectual capital, prioritizing health and safety measures, nurturing positive community relationships (social capital), managing diversity in its workforce, ensuring strict compliance with all applicable laws and regulations, and fulfilling its tax obligations diligently. These factors collectively define the core values and priorities of the company.

In addition to addressing various challenges, the HR department is diligently engaged in a multifaceted approach aligned with the outlined targets. This approach encompasses the recruitment of qualified individuals at competitive compensation levels, utilizing both internal and external talent sources. Furthermore, the department has conducted training sessions and conferences for employees, extended internship opportunities, facilitated the employment of individuals with special needs, and formulated succession plans at various organizational levels in accordance with the Company's evolving requirements. These endeavors reflect the HR department's commitment to nurturing a skilled and diverse workforce in support of the Company's strategic objectives.

The IT department has achieved a noteworthy milestone by ensuring uninterrupted operation of information systems and essential tools throughout the entire year, making a substantial contribution to our overall business achievements.

In parallel, the department has prioritized fire safety, conducting comprehensive training sessions and safety drills at the HTBL plant site to ensure strict compliance with health and safety requirements.

Our dedicated business intelligence department has also continued its efforts to safeguard our intellectual capital, further enhancing our brand equity in the market. These initiatives underscore our unwavering commitment to excellence and the protection of our valuable assets.

The company monitored following KPIs in the achievement of above targets:

- Analyze various prospects of investment in the industry
- Production efficiency, current, gearing and activity ratios
- Optimization and better allocation of available resources
- Provision and monitoring of supportive environment with special focus on health and safety of the employees
- EPS, ROE, Analysis of market price as a measure of relationship capital and provision of maximum customer support beyond the general relationship

## ANALYSIS OF CHANGES IN THE PERFORMANCE

Pakistan's economy has shown recovery in FY2024 after FY2023's contraction. Government initiatives boosted economic activity, with strong

# ANALYSIS OF FINANCIAL AND NON-FINANCIAL PERFORMANCE

agricultural growth, easing inflation, and improved current account balance. Inflation decreased, with CPI averaging 23.4% in June 2024, down from 29.4% the previous year. The State Bank of Pakistan reduced its Policy Rate by 150 basis points to 20.50% in June 2024. Pakistan's GDP growth rebounded to 2.4% in FY24.

During the year in review, on an unconsolidated basis, HTL incurred a net profit of Rupees 111 million, translating to earnings per share of Rupees 0.80.

#### PERFORMANCE MEASURE INDICATORS

In the year 2024, the Company diligently adhered to the Balance Scorecard approach as a robust framework for assessing performance indicators across each division and the organization as a whole. This strategic approach served as a comprehensive tool to gauge and enhance the overall effectiveness and productivity of our operations.

## METHODS USED IN COMPILING THE INDICATORS

- Customer satisfaction Index through recurring feedback and retention of old customers
- Contribution / Value addition analysis
- Return on capital expenditures

## MARKET **SHARE** EXTERNAL **SOURCES**

In the fiscal year 2016-17, an external assessment of the company's market share was commissioned, conducted by the independent entity "Kantar TNS," a prominent international research agency. As per the research report provided by Kantar TNS, the utilization rate for our product "ZIC" was documented at 21%, securing a ranking of 3rd in terms of market share for that particular year. This impartial evaluation served as a valuable benchmark in our market positioning analysis.

#### INTERNAL SOURCES

According to the internal market data analysis HTL has a sizeable market share in Lubricants.

## BUSINESS RATIONAL OF MAJOR CAPITAL EXPENDITURES / PROJECTS

To facilitate growth and diversification initiatives, the Company made substantial capital investments in its petroleum segment operations during the fiscal year. Furthermore, the Company remains steadfast in its ongoing endeavors to expand and fortify its presence in this sector for the foreseeable future, aligning with its strategic objectives

## TIMELY PAYMENT OF DEBTS AND GOVERNMENT DUES

The Company paid all its debts and government dues on time during the year.

# DISCLOUSURES BY SHARIA COMPLIANT COMPANY AND THE COMPANY **LISTED ON ISLAMIC INDEX**

Disclosures required under clause 10 of the Fourth Schedule of the Companies Act, 2017 for the Shariah compliant companies and companies listed on Islamic Index are stated in Note 49 to the annexed unconsolidated financial statements.

#### BOARD'S RESPONSIBILITY STATEMENT ON FULL COMPLIANCE OF FINANCIAL ACCOUNTING AND REPORTING STANDARDS **AS APPLICABLE IN PAKISTAN**

The Board of Directors of the Company strongly believes in adherence to full compliance with all the applicable International Accounting Standards (IAS) / IFRS issued by the International Accounting Standards Board (IASB) and as adopted by SECP vital to fair preparation and presentation of financial information.

Compliance with IFRS encourages sufficient disclosures of the financial statements that are beneficial for informed decisions of stakeholders. Financial statements for the year have been prepared in accordance with the accounting and reporting standards issued by IASB as are applicable in Pakistan. IFRS adoption status is explained in detail in note 2.1 of the annexed unconsolidated financial statements.

# ADOPTION OF INTERNATIONAL INTEGRATED REPORTING FRAMEWORK BY FULLY APPLYING THE 'FUNDAMENTAL CONCEPTS, CONTENT ELEMENTS **AND GUIDING PRINCIPLES**

The Company is in the process of adoption of International Integrated Reporting Framework..

# ANALYSIS OF FINANCIAL AND NON-FINANCIAL PERFORMANCE

NON FINANCIAL RATIOS	UOM	2024	2023
Percentage of plant availability	%	84%	-
Production per employee	units	15,142	-
Revenue per employee	Rs. ('000')	63,035	32,493
Spares Inventory as % of Assets Cost (Consolidated)	%	1.09%	2.01%
Maintenance Cost as % of Operating Expenses	%	2.14%	1.56%

<sup>\*</sup> These ratios are newly included in the current year's report so no comparatives are shown.

## ANALYSIS OF FINANCIAL AND NON-FINANCIAL PERFORMANCE **AGAINST TARGETS / BUDGET**

HTL has reported a gross revenue of Rs. 26.76 billion for the year, which reflects 11.6% decrease compared to the budgeted gross revenue. This shortfall can be primarily attributed to a significant drop in the sales volume within the lubricants sector, which experienced a decline due to intense price competition among various market players. Additionally, the overall automobile sector faced a substantial downturn, with a staggering 37.4% decline, further impacting HTL's revenue performance. These factors combined have contributed to the overall underachievement in revenue for the year.

At the end of the previous year, HTL's fuel station network comprised a total of 30 fuel stations, all located within the Punjab Province. Meanwhile, the total number of sites approved by OGRA (Oil and Gas Regulatory Authority) stood at 87, which included 52 sites in Punjab and 35 in KPK Province. Throughout the year, the company successfully inaugurated 10 new fuel stations in Punjab and 15 new fuel stations in KPK Province. This expansion brought the total number of fuel stations to 55. However, it is important to note that the total number of OGRA-approved sites remained unchanged at 87.

HTL is actively working to expand its fuel station network further. However, this endeavor is not without its challenges. Opening new fuel stations is a lengthy process that requires significant time and capital. The lead time for establishing a new station can be quite extensive, and the capital investment needed is substantial. Despite these hurdles, HTL remains committed to growing its presence in the market and enhancing its service offerings to better meet the needs of its customers across the regions.

#### **BEST CORPORATE REPORTS AWARDS**

Starting from FY 2018 onwards, HTL has actively engaged in the annual Best Corporate and Sustainability Report Awards competition organized by ICAP (Institute of Chartered Accountants of Pakistan) and ICMAP (Institute of Cost and Management Accountants of Pakistan). Below, we present a year-wise overview of our performance in this esteemed competition:

YEAR	POSITION	SECTOR
2018	Second	Fuel and Energy
2019	Fourth	Fuel and Energy
2020	Third	Fuel and Energy
2021	Fourth	Fuel and Energy
2022	Fourth	Fuel and Energy

## BEST CORPORATE REPORT AWARDS

### INDEPENDENT AUDITOR'S REPORT

To the members of Hi-Tech Lubricants Limited Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the annexed financial statements of Hi-Tech Lubricants Limited (the Company), which comprise the statement of financial position as at 30 June 2024, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2024 and of the loss, other comprehensive income, the changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

Sr. No.	Key audit matters	How the matter was addressed in our audit
1	Revenue recognition	
1	Revenue recognition  The Company recognized net revenue from contracts with customers of Rupees 24,016.482 million for the year ended 30 June 2024.  We identified recognition of revenue as a key audit matter because revenue is one of the key performance indicator of the Company and gives rise to an inherent risk that revenue could be subject to misstatement to meet expectations or targets.  For further information, refer to the following:  - Material accounting policy information, Revenue recognition note 2.21 to the financial statements.  - Net revenue from contracts with customers as shown on the face of statement of profit or loss.	<ul> <li>Our procedures included, but were not limited to:</li> <li>We obtained an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue.</li> <li>We compared a sample of revenue transactions recorded during the year with sales orders, sales invoices, delivery documents and other relevant underlying documents.</li> <li>We compared a sample of revenue transactions recorded around the year-end with the sales orders, sales invoices, delivery documents and other relevant underlying documentation to assess if the related revenue was recorded in the appropriate accounting period.</li> <li>We tested the effectiveness of the Company's internal controls over the calculation and recognition of discounts.</li> </ul>
		We assessed whether the accounting policies for revenue recognition complies with the requirements of IFRS 15 'Revenue from Contracts with Customers'.
		We also considered the appropriateness of disclosures in the financial statements.

#### Sr. No. Key audit matters

#### How the matter was addressed in our audit

#### Stock-in-trade existence and valuation

Stock-in-trade as at 30 June 2024 amounted to Rupees 1,789.235 million and represented a material position in the statement of financial position.

The business is characterized by high volume and the valuation and existence of stock-in-trade are significant to the business. Therefore, considered as one of the key audit matters.

Stock-in-trade is stated at lower of cost and net realizable value. Cost is determined as per material accounting policy information disclosed in note 2.8 to the financial statements.

At year end, the valuation of stock-in-trade is reviewed by management and the cost of stock-in-trade is reduced where stock-in-trade is forecast to be sold below cost.

For further information on stock-in-trade, refer to the following:

- Material accounting policy information, Stock-in-trade note 2.8 to the financial statements.
- Stock-in-trade note 21 to the financial statements.

Our procedures over existence and valuation of stock-in-trade included, but were not limited to:

- To test the quantity of stock-in-trade at all locations, we assessed the corresponding stock-in-trade observation instructions and participated in stock-in-trade counts on sites. Based on samples, we performed test counts and compared the quantities counted by us with the results of the counts of the management.
- For a sample of stock-in-trade items, re-performed the weighted average cost calculation and compared the weighted average cost appearing on valuation sheets.
- We tested that the ageing report used by management correctly aged stock-in-trade items by agreeing a sample of aged stock-in-trade items to the last recorded invoice.
- On a sample basis, we tested the net realizable value of stockin-trade items to recent selling prices and re-performed the calculation of the stock-in-trade write down, if any.
- We assessed the percentage write down applied to older stock-in-trade with reference to historic stock-in-trade write downs and recoveries on slow moving stock-in-trade.
- In the context of our testing of the calculation, we analyzed individual cost components and traced them back to the corresponding underlying documents. We furthermore challenged changes in unit costs.
- We also made inquires of management, including those outside of the finance function, and considered the results of our testing above to determine whether any specific write downs were required.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

### INDEPENDENT AUDITOR'S REPORT

To the members of Hi-Tech Lubricants Limited
Report on the Audit of the Unconsolidated Financial Statements

Board of directors are responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit
  procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of
  not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
  intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Atif Anjum.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2024

#### 1. THE COMPANY AND ITS OPERATIONS

Hi-Tech Lubricants Limited ("the Company") was incorporated under the repealed Companies Ordinance, 1984 (Now Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. The registered office of the Company is situated at 1-A, Danepur Road, GOR-1, Lahore. The principal activity of the Company is to procure and distribute lubricants and petroleum products. During the year ended 30 June 2017, Oil and Gas Regulatory Authority (OGRA) granted license to the Company to establish an Oil Marketing Company (OMC), subject to some conditions. On 31 May 2019, Oil and Gas Regulatory Authority (OGRA) has granted permission to the Company to operate new storage facility at Sahiwal and marketing of petroleum products in province of Punjab. On 20 January 2020, the Company has started marketing and sale of petroleum products. On 21 February 2020, OGRA has granted permission to the Company to apply for No Objection Certificates (NOCs) from concerned departments to setup petrol pumps in Khyber Pakhtunkhwa. On 09 August 2021, OGRA has acknowledged the satisfactory completion of oil storage facility at Nowshera, Khyber Pakhtunkhwa. On 13 January 2022, OGRA has further extended / renewed the provisional license for setting up of an OMC upto 31 December 2023. On 16 March 2023, OGRA has granted permission to the Company to operate new storage facility at Nowshehra and marketing of petroleum products in the province of Khyber Pakhtunkhwa. On 21 December 2023, OGRA has further extended / renewed the provisional license for setting up of an OMC upto 31 December 2025.

#### **1.1** Geographical location and addresses of all business units are as follows:

Business units	Address
Registered and head office	1-A, Danepur Road, GOR-1, Lahore
Regional office – Karachi	C-6 /1, Street No. 3, Bath Island, Clifton, Karachi
Regional office – Islamabad	Suite No. 1402, 14th Floor, Green Trust Tower, Jinnah Avenue, Blue Area, Islamabad.
Regional office – Multan	House No. 95, Block C, Phase III, Model Town, Multan
Regional office – Peshawar	Office No. 280, 3rd Floor, Deans Trade Centre, Islamia Road, Peshawar
Warehouse	Property No. 35 A/M, Quaid-e-Azam Industrial Estate, Kot Lakhpat, Lahore
Customs bonded warehouse	7-KM, Sundar Raiwind Road, Bhai Kot, Lahore
Warehouse	7-KM, Sundar Raiwind Road, Bhai Kot, Lahore
Oil Depot – OMC Project	Mouza No. 107/9L, Sahiwal
OMC Project office	House No. 57 C-1, Gulberg III, Lahore
Oil Depot – OMC Project	Mouza Aza Khel Bala, Nowshera
Oil Depot – Extension	Mouza Aza Khel Payan, Nowshera

Masha Allah CNG	M.CC Kamra Road, Attock City, Attock

1.2 These financial statements are the separate financial statements of the Company. Consolidated financial statements of the Company are prepared separately.

#### 2. **MATERIAL ACCOUNTING POLICY INFORMATION**

The material accounting policy information applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

#### 2.1 Basis of preparation

#### a) Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### b) Accounting convention

These financial statements have been prepared under the historical cost convention except as otherwise stated in the respective accounting policies.

#### c) Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgments were exercised in application of accounting policies are as follows:

#### Income tax and levy

In making the estimates for income tax and levy currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past. Instances where the Company's view differs from the view taken by the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

#### Useful lives, pattern of economic benefits and impairments

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Further, the Company reviews the value of the assets for possible impairments on an annual basis. If such indication exist assets recoverable amount is estimated in order to determine the extent of impairment loss, if any. Any change in the estimates in the future might affect the carrying amount of respective item of operating fixed assets, with a corresponding effect on the depreciation charge and impairment.

#### **Inventories**

Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made on each reporting date on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines.

#### Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

#### Impairment of investment in subsidiary company

In making an estimate of recoverable amount of the Company's investments in subsidiary company, the management considers future cash flows

#### Revenue from contracts with customers involving sale of goods

When recognizing revenue in relation to the sale of goods to customers, the key performance obligation of the Company is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

For the year ended 30 June 2024

#### **Provisions**

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

#### **Classification of investments**

The management of the Company determines the appropriate classification of its investments at the time of purchase or increase in holding and classifies its investments in accordance with IFRS 9 "Financial Instruments".

#### **Contingencies**

The Company reviews the status of all pending litigations and claims against the Company. Based on the judgment and the advice of the legal advisors for the estimated financial outcome, appropriate disclosure or provision is made. The actual outcome of these litigations and claims can have an effect on the carrying amounts of the liabilities recognized at the statement of financial position date.

#### Revaluation of freehold land and investment property

Fair values of freehold land and investment property are determined by independent valuer engaged by the Company. The key assumptions used to determine the fair values of freehold land and investment property are complex in nature. Further, determining adjustments for any differences in nature, location and condition of freehold land and investment property involves significant judgment. The effect of any changes in fair values are considered as estimate and are accounted for on a prospective basis.

#### d) Amendments to published approved accounting standard that are effective in current year and are relevant to the Company

Following amendments to published approved accounting standards are mandatory for the Company's accounting periods beginning on or after 01 July 2023:

- Disclosure of Accounting Policies (Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 'Making Materiality Judgement').
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12 'Income Taxes').
- Change in definition of Accounting Estimate (Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors').
- Amendments to IAS 12 'Income Taxes' International Tax Reform Pillar Two Model Rules.

The above-mentioned amendments to approved accounting standards did not have any impact on the amounts recognised in prior period and are not expected to significantly affect the current or future periods.

#### e) Amendments to published approved accounting standards that are effective in current year but not relevant to the Company

There are amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2023 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

#### Standards and amendments to published approved accounting standards that are not yet effective but relevant to the Company

Following standards and amendments to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2024 or later periods:

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 01 January 2024. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

On 31 October 2022, the IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments are effective for reporting periods beginning on or after 01 January 2024.

On 22 September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The amendments are effective for annual periods beginning on or after 01 January 2024.

On 25 May 2023, the IASB issued 'Suppliers Finance Arrangements (Amendments to IAS 7 and IFRS 7)' to add disclosure requirements, and 'signposts' within existing disclosure requirements, that ask entities to provide qualitative and quantitative information about supplier finance arrangement. The amendments are effective for reporting period beginning on or after 01 January 2024.

Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures' (deferred indefinitely) to clarify the treatment of the sale or contribution of assets from an investor to its associates or joint venture, as follows: require full recognition in the investor's financial statements of gains and losses arising on the sale or contribution of assets that constitute a business (as defined in IFRS 3 'Business Combinations'); require the partial recognition of gains and losses where the assets do not constitute a business, i.e. a gain or loss is recognized only to the extent of the unrelated investors' interests in that associate or joint venture. These requirements apply regardless of the legal form of the transaction, e.g. whether the sale or contribution of assets occur by an investor transferring shares in a subsidiary that holds the assets (resulting in loss of control of the subsidiary), or by the direct sale of the assets themselves.

Lack of Exchangeability (Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates'). The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not. The amendments are effective for annual reporting periods beginning on or after 01 January 2025.

IFRS 18 'Presentation and Disclosure in Financial Statements' (effective for annual periods beginning on or after 01 January 2027) with a focus on updates to the statement of profit or loss. The objective of IFRS 18 is to set out requirements for the presentation and disclosure of information in general purpose financial statements to help ensure they provide relevant information that faithfully represents an entity's assets, liabilities, equity, income and expenses. The key new concepts introduced in IFRS 18 relate to: the structure of the statement of profit or loss; required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, management-defined performance measures); and enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general. IFRS 18 will replace IAS 1; many of the other existing principles in IAS 1 are retained, with limited changes. IFRS 18 will not impact the recognition or measurement of items in the financial statements, but it might change what an entity reports as its 'operating profit or loss'.

The above standards and amendments are likely to have no significant impact on the financial statements.

#### g) Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Company

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2024 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

#### 2.2 Fixed assets

Operating fixed assets except freehold land and capital work-in-progress are stated at cost less accumulated depreciation and accumulated impairment losses (if any). Cost of operating fixed assets consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable costs of bringing the asset to working condition. Freehold land is stated at revalued amount less any identified impairment loss. Capital work-in-progress are stated at cost less any recognized impairment loss. All expenditure connected with specific assets incurred during installation and construction periods are carried under capital work-in-progress. These are transferred to operating fixed assets as and when these are available for use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to profit and loss account during the period in which they are incurred.

Increases in the carrying amounts arising on revaluation of freehold land are recognized, in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognized in the statement of profit or loss, the increase is first recognized in the statement of profit or loss. Decreases that reverse previous increase of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to the statement of profit or loss.

For the year ended 30 June 2024

#### **Depreciation**

Depreciation is charged to statement of profit or loss by applying the reducing balance method whereby cost of an asset is written off over its estimated useful life at the rates given in Note 13.1. Depreciation on additions is charged for the full month in which the asset is available for use and on deletion up to the month immediately preceding the deletion.

Useful life of assets is reviewed at each financial year end and if expectations differ from previous estimates the change is accounted for as change in accounting estimate in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

#### **De-recognition**

An item of operating fixed assets is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

#### 2.3 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditures relating to their implementation and customization. After initial recognition, an intangible asset is carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized from the month when these assets are available for use, using the straight line method, whereby the cost of the intangible asset is amortized over its estimated useful life over which economic benefits are expected to flow to the Company. The useful life and amortization method are reviewed and adjusted, if appropriate, at each reporting date.

#### 2.4 Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost less accumulated depreciation and accumulated impairment losses (if any). Cost comprises of the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Company has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

#### 2.5 Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

#### 2.6 Investment in subsidiary company

Investment in subsidiary company is stated at cost less impairment loss, if any, in accordance with the provisions of IAS 27 'Separate Financial Statements'.

#### 2.7 Foreign currency transactions and translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the reporting date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the dates of the transactions. Foreign

exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are charged or credited to statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined.

#### 2.8 Stock-in-trade

Stock-in-trade, except for stock-in-transit, is stated at lower of weighted average cost and estimated net realizable value. Cost comprises of invoice value, charges like custom duties and similar levies and other direct costs.

Cost in relation to items in transit comprises of invoice value and other charges thereon.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

#### 2.9 Investments and other financial assets

#### a) Classification

The Company classifies its financial assets in the following measurement categories:

- · those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

#### b) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### **Debt instruments**

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

#### **Amortized cost**

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

#### Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2024

through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in other income / (other expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income / (other expenses) and impairment losses are presented as separate line item in the statement of profit or loss.

#### Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCl are measured at FVTPL. A gain or loss on a debt instrument that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income / (other expenses) in the period in which it arises.

#### **Equity instruments**

The Company subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

#### Fair value through other comprehensive income (FVTOCI)

Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

#### Fair value through profit or loss

Changes in the fair value of equity investments at fair value through profit or loss are recognised in other income / (other expenses) in the statement of profit or loss as applicable.

Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

#### 2.10 Financial Liabilities - classification and measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

#### 2.11 Impairment of financial assets

The Company recognizes loss allowances for Expected Credit Losses (ECLs) on:

- Financial assets measured at amortized cost;
- Debt investments measured at FVTOCI; and
- Contract assets.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Debt securities that are determined to have low credit risk at the reporting date; and
- Other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

The Company has elected to measure loss allowances for trade debts using IFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Company has established a matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment including forward-looking information.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

#### 2.12 De-recognition of financial assets and financial liabilities

#### a) Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Company is recognized as a separate asset or liability.

#### b) Financial liabilities

The Company derecognizes a financial liability (or a part of financial liability) from its statement of financial position when the obligation specified in the contract is discharged or cancelled or expires.

#### 2.13 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which assets carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-

# NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2024

generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. Reversals of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if impairment losses had not been recognized. An impairment loss or reversal of impairment loss is recognized in the statement of profit or loss.

#### 2.14 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

#### 2.15 Provisions

A provision is recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

#### 2.16 Taxation and levy

#### Current

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. Final taxes levied under the Income Tax Ordinance, 2001 and any excess over the amount designated as provision for current tax are charged as levy in the statement of profit or loss. The charge for current tax and levy also includes adjustments, where considered necessary, to provision for tax and levy made in previous years arising from assessments framed during the year for such years. Previously, component representing levy was included in provision for current tax and was not separately charged in the statement of profit or loss. Now, the Company has changed its accounting policy of taxation and levy in accordance with "IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes" issued by Institute of Chartered Accountants of Pakistan through circular 7/2024. This change in accounting policy has been applied retrospectively in accordance with the provisions of IAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" and resulted in following reclassification of corresponding figures:

Reclassified from	Reclassified to	30 June 2023
		Rupees
Statement of profit or loss:		
Taxation	Levy	65,705,846
Statement of financial position:		
Provision for taxation	Levy payable	83,537,154
Advance income tax	Prepaid levy	5,390,534

Had there been no change in the above referred accounting policy, amount of levy Rupees 111.560 million, prepaid levy 6.376 million and levy payable Rupees 111.560 million would have been presented as taxation expense, advance income tax and provision for taxation respectively in these financial statements for the year ended 30 June 2024. This change in accounting policy has no impact of earnings per share of the Company. Furthermore, the Company has not presented the third statement of financial position as at the beginning of the preceding period as the retrospective application does not have an effect on the information in the statement of financial position at the beginning of the preceding period.

#### **Deferred**

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case the tax is also recognized in other comprehensive income or directly in equity, respectively.

#### **Group taxation adjustments**

Current and deferred taxes based on the consolidated results of the Group (under Section 59AA of the Income Tax Ordinance, 2001) are allocated within the Group on the basis of separate return method, modified for determining realizability of tax credits and tax losses which are assessed at Group level. Any adjustments in the current and deferred taxes of the Company on account of group taxation are credited or charged to statement of profit or loss in the year in which they arise.

#### 2.17 Borrowings

Financing and borrowings are initially recognized at fair value of the consideration received, net of transaction costs. They are subsequently measured at amortized cost using the effective interest method.

#### 2.18 Borrowing costs

Borrowing costs are recognized as expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of cost of that asset.

#### 2.19 Trade debts and other receivables

Trade debts are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

#### 2.20 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value, which is normally the transaction cost and subsequently measured at amortized cost using the effective interest method.

#### 2.21 Revenue recognition

#### (a) Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

#### (b) Interest

Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

#### (c) Dividend

Dividend on equity investments is recognized when right to receive the dividend is established.

#### (d) Rental income

The Company earns rental income on some of its property leased out. Rental income is recognized on accrual basis over the period of lease agreement as per the requirements of IFRS 16.

#### 2.22 Contract assets

Company performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due. Contract assets are treated as financial assets for impairment purposes.

# NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2024

#### 2.23 Customer acquisition costs

Customer acquisition costs are capitalised as an asset where such costs are incremental to obtaining a contract with a customer and are expected to be recovered. Customer acquisition costs are amortised on a straight-line basis over the term of the contract.

Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained or which are not otherwise recoverable from a customer are expensed as incurred to profit or loss. Incremental costs of obtaining a contract where the contract term is less than one year is immediately expensed to profit or loss.

#### 2.24 Customer fulfilment costs

Customer fulfilment costs are capitalised as an asset when all the following are met: (i) the costs relate directly to the contract or specifically identifiable proposed contract; (ii) the costs generate or enhance resources of the Company that will be used to satisfy future performance obligations; and (iii) the costs are expected to be recovered. Customer fulfilment costs are amortised on a straight-line basis over the term of the contract.

#### 2.25 Right of return assets

Right of return assets represents the right to recover inventory sold to customers and is based on an estimate of customers who may exercise their right to return the goods and claim a refund. Such rights are measured at the value at which the inventory was previously carried prior to sale, less expected recovery costs and any impairment.

#### 2.26 Contract liabilities

Contract liability is the obligation of the Company to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs its performance obligations under the contract.

#### 2.27 Refund liabilities

Refund liabilities are recognised where the Company receives consideration from a customer and expects to refund some, or all, of that consideration to the customer. A refund liability is measured at the amount of consideration received or receivable for which the Company does not expect to be entitled and is updated at the end of each reporting period for changes in circumstances. Historical data is used across product lines to estimate such returns at the time of sale based on an expected value methodology.

#### 2.28 Segment reporting

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the chief executive officer to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the chief executive officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those incomes, expenses, assets, liabilities and other balances which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated.

The Company has following reportable business segments:

- Lubricants (purchase and sale of lubricants, parts and rendering of services).
- Petroleum products (Marketing and sale of petroleum products).

#### 2.29 Contingent liabilities

Contingent liability is disclosed when the Company has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of the outflow can be reliably estimated, a provision is recognized in the financial statements.

#### 2.30 Non-current assets (or disposal groups) held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. They are stated at the lower of carrying amount and fair value less costs to sell.

#### 3 SUMMARY OF OTHER ACCOUNTING POLICIES

#### 3.1 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency. Figures are rounded off to the nearest Pak Rupees.

#### 3.2 Employee benefits

The Company operates a contributory provident fund scheme covering all regular employees. Equal monthly contributions are made by the Company and employees to the fund at the rate of 10% of basic salary of employees. The Company's contributions to the fund are charged to statement of profit or loss.

#### 3.3 Ijarah contracts

Under the ljarah contracts the Company obtains usufruct of an asset for an agreed period for an agreed consideration. The Company accounts for its ljarah contracts in accordance with the requirements of IFAS 2 'ljarah'. Accordingly, the Company as a Mustaj'ir (lessee) in the ljarah contract recognises the Ujrah (lease) payments as an expense in the profit and loss on straight line basis over the ljarah term.

#### 3.4 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax.

#### 3.5 Earnings per share

The Company presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

#### 3.6 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the purchase of fixed assets are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets.

#### 3.7 Dividend and other appropriations

Dividend distribution to the Company's shareholders is recognized as a liability in the Company's financial statements in the period in which the dividends are declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

#### 3.8 Investment property

Land held for capital appreciation or to earn rental income is classified as investment property. Investment property is carried at fair value.

Independent valuation is performed periodically, the carrying amount is reviewed against the valuation and adjustment is made where there is material change. Increase in the carrying amount arising on revaluation of investment property is recognised in the statement of profit or loss.

#### 3.9 Offsetting of financial instruments

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legal enforceable right to set off and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

#### 3.10 Contingent assets

Contingent assets are disclosed when the Company has a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized until their realization becomes certain.

# NOTES TO THE FINANCIAL STATEMENTS

### 12. CONTINGENCIES AND COMMITMENTS

### 12.1 Contingencies

- 12.1.1 Deputy Commissioner Inland Revenue (DCIR) passed an order under section 122(1) and 122(5A) of the Income Tax Ordinance, 2001 for tax year 2013 whereby a demand of Rupees 83.595 million has been raised. On 26 October 2018, the Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] against the order of DCIR. CIR(A) vide order dated 18 December 2018 upheld some of the additions made by DCIR and also directed the DCIR to give opportunity of hearing to the Company in one of the said matters. Being aggrieved by the order of CIR(A), the Company filed appeal before the Appellate Tribunal Inland Revenue (ATIR) on 19 May 2021. ATIR decided the case in favour of the Company. The tax authorities have filed an income tax reference before Honourable Lahore High Court, Lahore against the order of the ATIR which is pending for adjudication. No provision against the case has been made in these financial statements, as the management, based on the advice of the legal counsel, is confident of favorable outcome of litigation.
- 12.1.2 During the year ended 30 June 2018, assessment under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2014 was finalized by the Deputy Commissioner Inland Revenue (DCIR) creating a demand of Rupees 18.207 million against the Company. Being aggrieved, the Company filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] on 14 November 2017 who decided the case in favor of the Company and reduced the total demand to Rupees 0.191 million. However, the department filed an appeal against the order of CIR(A) before the Appellate Tribunal Inland Revenue (ATIR) on 31 March 2018. On 09 April 2024, ATIR granted partial relief to the Company and confirmed demand of Rupees 0.563 million. Further, ATIR remanded back the issue relating to default surcharge to assessing officer for fresh calculation. No remand back proceedings have been initiated by the department yet. No provision has been recognized in these financial statements, as the management, based on advice of the tax advisor, is confident of favorable outcome of the matter.

For the year ended 30 June 2024

- 12.1.3 Deputy Commissioner Inland Revenue (DCIR) passed an assessment order on 28 November 2018 under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2015 whereby a demand of Rupees 22.358 million has been raised. On 21 December 2018, the Company filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] against the order of DCIR. CIR(A) accepted the Company's stance on certain issues assailed in appeal and reduced the aggregate demand to Rupees 10.735 million. Being aggrieved by the order of CIR(A), the Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) which is pending adjudication. No provision against this demand has been recognized in these financial statements, as the management, based on advice of the tax advisor, is confident of favorable outcome of the matter.
- 12.1.4 On 27 June 2022, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2016 whereby a demand of Rupees 5.467 million including default surcharge has been raised against the Company on account of non / short deduction of withholding tax in respect of certain payments. The Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] against the order of DCIR. On 17 November 2022, CIR(A) decided the appeal in favor of the Company. On 12 January 2023, the tax department has filed appeal before the Appellate Tribunal Inland Revenue (ATIR) against the order passed by CIR(A) which is pending adjudication. No provision against this demand has been recognized in these financial statements, as the management, based on advice of the tax advisor, is confident of favorable outcome of the matter.
- 12.1.5 On 24 March 2022, the Deputy Commissioner Inland Revenue (DCIR) has issued an amended assessment order under section 122(1) of the Income Tax Ordinance, 2001 for the tax year 2018 creating a demand of Rupees 1,115.673 million on account of various issues. Against the aforesaid order, the Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 19 April 2022. On 29 August 2022, CIR(A) vacated the entire tax demand. However, in respect of various issues, the matter has been remanded back to the department for fresh consideration. Against the order of CIR(A), the Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR), which is pending for hearing. The management, based on the advice of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- 12.1.6 On 26 February 2022, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 177 and section 122(1) of the Income Tax Ordinance, 2001 for the tax year 2019 whereby a demand of Rupees 843.451 million has been raised against the Company on various issues. Against the order of DCIR, the Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 22 March 2022. On 16 May 2022, CIR(A) vacated the tax demand. However, in respect of certain issues, the case has been remanded back to assessing officer for fresh consideration. On 13 July 2022, the tax authorities have filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the order of CIR(A) which is pending adjudication. The management, based on the advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- 12.1.7 During the year ended 30 June 2020, Deputy Commissioner Inland Revenue (DCIR) issued a notice to recover an amount of Rupees 21.124 million against super tax for the tax year 2019 under section 4B of the Income Tax Ordinance, 2001. The Company through its tax advisor submitted its reply that liability on account of super tax did not arise for subject year. However, on 29 September 2021, DCIR confirmed the matter and re-issued an order to recover Rupees 21.124 million against super tax for the tax year 2019 under section 4B of the Income Tax Ordinance, 2001. Against the aforesaid order, the Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)]. On 25 February 2022, CIR(A) remanded back the case to department for fresh consideration. However, these remand back proceedings have not been initiated yet. The management, based on advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- 12.1.8 On 28 February 2022, Deputy Commissioner Inland Revenue (DCIR) issued an order for tax periods from July 2016 to June 2017 creating a demand of Rupees 1,353.135 million alongwith penalty and default surcharge on various issues under relevant provisions of the Sales Tax Act, 1990. Against the aforesaid order, the Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 22 March 2022. On 27 May 2022, CIR(A) provided partial relief to the Company. However, sales tax default in respect of certain issues was upheld by CIR(A). Being aggrieved with the order of CIR(A), the Company and tax department filed appeals before Appellate Tribunal Inland Revenue (ATIR). On 07 December 2022, ATIR accepted the Company's stance in respect of all matters except for imposition of penalty and default surcharge relating to late filing of sales tax returns and late payment of due sales tax liability. However, appeal filed by the tax department is yet to be heard. The management, based on advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- 12.1.9 On 15 March 2022, Deputy Commissioner Inland Revenue (DCIR) issued an order for tax periods from July 2018 to June 2019 creating a demand of Rupees 901.257 million alongwith penalty and default surcharge on various issues under relevant provisions of the Sales Tax Act, 1990. Against the aforesaid order, the Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 11 April 2022. On 31 May 2022, CIR(A) provided partial relief to the Company. However, sales tax default in respect of certain issues was upheld

by CIR(A). Being aggrieved with the order of CIR(A), the Company and tax department filed appeals before Appellate Tribunal Inland Revenue (ATIR). On 07 December 2022, ATIR accepted the Company's stance in respect of all matters except for imposition of penalty and default surcharge relating to late filing of sales tax returns and late payment of due sales tax liability. However, appeal filed by the tax department is yet to be heard. The management, based on advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these financial statements.

- 12.1.10 On 30 May 2023, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2017 whereby a demand of Rupees 22.545 million including default surcharge has been raised against the Company on account of non / short deduction of withholding tax in respect of certain payments. On 25 June 2023, the Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)]. On 01 January 2024, CIR(A) granted partial relief to the Company and accepted the Company's stance in respect of certain matters. Further, CIR(A) remanded back certain matters to assessing officer for verification of Company's position. However, the department has not yet initiated the remand back proceedings. The management, based on advise of tax advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- 12.1.11 On 06 February 2019, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 4B of the Income Tax Ordinance, 2001 for the tax year 2018 whereby a demand of Rupees 29.323 million was raised. Being aggrieved with the order, the Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 04 March 2019. On 16 May 2019, CIR(A) upheld the order of DCIR. Being aggrieved with the order of CIR(A), the Company filed an appeal before Appellate Tribunal Inland Revenue (ATIR) on 29 May 2019. On 17 April 2024, ATIR passed an order and upheld the decision of CIR(A). Being aggrieved with the order, the Company is in the process of filing Income Tax Reference before Lahore High Court, Lahore. The management, based on advise of legal advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- 12.1.12 On 01 March 2024, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2020 to recover an amount of Rupees 43.575 million in respect of withholding tax default along with default surcharge of Rupees 19.168 million. The Company filed an application before Commissioner Inland Revenue (CIR) on the grounds that the order was passed without considering the documents / records submitted by the Company. On 07 March 2024, CIR set aside the order of DCIR and remanded back the case to assessing officer. The remand back proceedings hasve not been initiated yet. The management, based on advise of tax advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- 12.1.13 On 18 March 2024, Deputy Commissioner Inland Revenue (DCIR) passes an order under section 11 of the Sales Tax Act, 1990 for tax periods from July 2018 to June 2019 creating a demand of Rupees 405.983 million along with default surcharge and penalty on the issue of difference between value of closing stocks as per Company's financial statements and the amount adopted in sales tax declaration. Against the aforesaid order, the Company preferred an appeal before Commissioner Inland Revenue (Appeal) [CIR(A)] which is pending for hearing. The management, based on advice of the tax advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these financial statements.
- **12.1.14** Corporate guarantees of Rupees 2,967.5 million (2023: Rupees 2,967.5 million) have been given by the Company to the banks in respect of financing to Hi-Tech Blending (Private) Limited subsidiary company.
- **12.1.15** Guarantee of Rupees 58 million (2023: Rupees 58 million) is given by the bank of the Company to Director Excise and Taxation, Karachi against disputed amount of infrastructure cess.
- **12.1.16** Guarantees of Rupees 22.314 million (2023: Rupees 22.314 million) are given by the bank of the Company to Chairman, Punjab Revenue Authority, Lahore against disputed amount of infrastructure cess.
- **12.1.17** Guarantee of Rupees 15 million (2023: Rupees 15 million) and Rupees 2.25 million (2023: Rupees 2.25 million) are given by the banks of the Company to Total Parco Pakistan Limited and Pakistan State Oil Company Limited respectively against fuel cards obtained by the Company for its employees.

The above assets are not in possession of the Company as these have been provided to dealers of retail outlets and operators of HTL Express Centres to facilitate them to promote and sell Company's products.

13.1.6 This includes apartment amounting to Rupees 25.976 million in Grand Hayatt (the "Project") at 1-Constitution Avenue, Islamabad. On 29 July 2016, Capital Development Authority (CDA) cancelled the leased deed of BNP (Private) Limited on the grounds of violating the terms and conditions of the said lease and sealed the Project. Against the alleged order, BNP (Private) Limited filed a writ petition before the Honorable Islamabad High Court ("IHC") challenging the cancellation of said lease. IHC dismissed the writ petition of BNP (Private) Limited. However, the honorable judge of IHC ruled that it is a duty of the Federal Government to ensure that the purchasers do not suffer due to Government's own wrongful actions and omissions, particularly when the regulatory failure of the CDA stands admitted. The Company and others filed appeals against the aforesaid judgment of IHC before Honorable Supreme Court of Pakistan. On 09 January 2019, Honorable Supreme Court of Pakistan has passed order whereby the Court has ordered BNP (Private) Limited to pay Rupees 17.5 billion in eight years to CDA to revive the original lease together with all approvals and permissions already granted. The Court has further ordered that BNP (Private) Limited shall complete the entire project within a reasonable time. CDA and BNP (Private) Limited have filed review petitions against the order of the Supreme Court of Pakistan which are still pending for review. Supreme Court of Pakistan referred the matter to the Public Accounts Committee (PAC) and asked them to submit its recommendation on the subject matter. During the year ended 30 June 2021, PAC endorsed the amount of Rupees 17.5 billion to be paid to CDA in six years for the revival of lease and de-sealing of the Project in accordance with the settlement held between CDA and BNP (Private) Limited. On 06 January 2021, on the directives of PAC and payment of first installment of settlement amount by BNP (Private) Limited, CDA de-sealed the Project. Pursuant to the settlement of the matter as stated above and de-sealing of the Project, BNP (Private) Limited and the Company started negotiations to finalize the terms and conditions of "Undertaking and Indemnity Agreement" to take the possession of the apartment. However, in March 2023, CDA has cancelled the lease deed of BNP (Private) Limited once again due to non-payment of due installment of settlement amount of Rupees 17.5 billion and taken the possession of the Project. BNP (Private) Limited filed petition before IHC against the cancellation of lease deed by CDA who decided the case against BNP (Private) Limited. Subsequently, BNP (Private) Limited filed petition before Supreme Court of Pakistan who also dismissed the petition and upheld the decisions of the Apex courts. On 15 April 2024, CDA handed over the possession of the apartment to the Company. However, BNP (Private) Limited has again started litigation against CDA in IHC.

	Total number of employees as on 30 June	383	107	363	115	
	Average number of employees during the year	380	108	395	113	

### 45. CAPACITY AND PRODUCTION

Considering the nature of the Company's business, the information regarding production has no relevance whereas product storage capacities at Company's facility during the current year is detailed below:

Storage	Capacity
Metric	Tone

Description	SK0	PMG	HSD
Sahiwal depot	198	2,040	1,858
Nowshera depot	-	1,401	1,551

For the year ended 30 June 2024

### 46. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

#### (i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements at 30 June 2024	Level 1	Level 2	Level 3	Total
Financial assets				
Financial assets at fair value through profit or loss	222,717,061	-	-	222,717,061
Recurring fair value measurements at 30 June 2023	Level 1	Level 2	Level 3	Total
		Rup	ees ———	
Financial assets				
Financial assets at fair value through profit or loss	222.582.946	_	_	222.582.946

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

**Level 1:** The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

### (ii) Valuation techniques used to determine fair values

Specific valuation technique used to value financial instruments is the use of quoted market prices on Pakistan Stock Exchange and for funds, Net Asset Value (NAV) of respective Asset Management Company.

#### 47. RECOGNIZED FAIR VALUE MEASUREMENTS - NON-FINANCIAL INSTRUMENTS

#### (i) Fair value hierarchy

Judgments and estimates are made in determining the fair value of non-financial assets that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

At 30 June 2024	Level 1	Level 2	Level 3	Total
		Rupe	es	
Freehold land	-	1,280,368,750	-	1,280,368,750
At 30 June 2023	Level 1	Level 2	Level 3	Total
		Rupe	es	
Freehold land	-	1,276,357,250	-	1,276,357,250
Investment property - land	-	135,000,000	-	135,000,000
	-	1,411,357,250	-	1,411,357,250

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

### (ii) Valuation techniques used to determine level 2 fair values

The Company obtains independent valuations for its freehold land (classified as fixed assets) at least annually. At the end of reporting period, the management updates the assessment of the fair value of property, taking into account the most recent independent valuations. The management determines a property's value within a range of reasonable fair value estimate. The best evidence of fair value is current prices in an active market for similar lands.

#### Valuation processes

The Company engages external, independent and qualified valuer to determine the fair value of the Company's freehold land at the end of every financial year. As at 30 June 2024, the fair value of the free hold land has been determined by M/S Unicorn International Surveyors, an independent valuer.

Changes in fair values are analyzed at each reporting date during the annual valuation process between the Chief Financial Officer and the valuer. As part of this discussion the team presents a report that explains the reason for the fair value movements.

#### 48. FINANCIAL RISK MANAGEMENT

### 48.1 Financial risk factors

The Company's activities exposes it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors (the Board). The Company's finance department evaluates and hedges financial risks. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk, liquidity risk and investment of excess liquidity. All treasury related transactions are carried out within the parameters of these policies.

#### (a) Market risk

### (i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising primarily from the United States Dollar (USD). As on reporting date, the Company's foreign exchange risk exposure is restricted to the amounts payable to a foreign entity. The Company's exposure to currency risk is as follows:

For the year ended 30 June 2024

	2024	2023
	USD	USD
Trade and other payables	(393,515)	(188,771
Other receivables	250,000	
Net exposure	(143,515)	(188,771
The following significant exchange rates were applied during the year:		
	2024	2023
	Rupees per U	S Dollar
Average rate	283.70	253.0
Reporting date rate	278.80	287.10

#### **Sensitivity analysis**

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD with all other variables held constant, the impact on profit after taxation for the year would have been Rupees 2.001 million lower / higher (2023: loss after taxation for the year would have been Rupees 2.710 million higher / lower), mainly as a result of exchange losses / gains on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. The sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

#### (ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Company is not exposed to commodity price risk since it does not hold any financial instrument based on commodity prices.

### Sensitivity analysis

The table below summarizes the impact of increase / decrease in the Pakistan Stock Exchange (PSX) Index on the Company's profit after taxation (2023: loss after taxation) for the year. The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Company's equity instruments moved according to the historical correlation with the index:

	Impact on (loss) /	profit after taxation
Indox	2024	2023
Index	Rupees	Rupees
PSX 100 (5% increase)	411,395	(204,262)
PSX 100 (5% decrease)	(411,395)	204,262

### (iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no long term interest bearing asset. The Company's interest rate risk arises from bank balances on saving accounts, short term borrowings and lease liabilities. Financial instruments at variable rates expose the Company to cash flow interest rate risk. Financial instruments, if any, at fixed rate expose the Company to fair value interest rate risk.

At the reporting date, the interest rate profile of the Company's interest bearing financial instruments was as follows:

	2024 Rupees	2023 Rupees
Fixed rate instruments		
Financial assets		
Term deposit receipt	-	175,000,000
Financial liabilities		
Lease liabilities	566,860,780	487,010,986
Floating rate instruments		
Financial assets		
Bank balances - saving accounts	48,549,022	7,873,895
Financial liabilities		
Lease liabilities	80,456,937	155,870,335
Short term borrowings	1,777,187,767	1,851,556,185
	1,857,644,704	2,007,426,520

### Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Company.

#### Cash flow sensitivity analysis for variable rate instruments

If interest rates at the reporting date, fluctuates by 1% higher / lower with all other variables held constant, profit after taxation for the year would have been Rupees 18.091 million lower / higher (2023: loss after taxation for the year would have been Rupees 19.996 million higher / lower), mainly as a result of higher / lower interest expense on lease liabilities and short term borrowings. This analysis is prepared assuming the amounts of assets and liabilities outstanding at reporting dates were outstanding for the whole year.

### (b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2024 Rupees	2023 Rupees
	40,000,450	10,000,150
Long term security deposits	13,966,150	13,939,150
Long term loans to employees	2,985,102	3,919,266
Short term deposits	2,437,595	2,197,595
Trade debts	1,019,801,916	159,239,694
Loans and advances	35,927,677	514,432,964
Other receivables	100,674,993	20,865,707
Accrued interest	3,486,137	52,987,973
Short term investments	222,717,061	222,582,946
Bank balances	351,809,245	237,640,712
	1,753,805,876	1,227,806,007

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counterparty default rate:

				574,526,306	460,223,6	

Due to the Company's business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly the credit risk is minimal.

The Company applies the IFRS 9 simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all trade debts.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. These trade receivables are netted off with the collateral obtained from these customers to calculate the net exposure towards these customers.

The expected loss rates are based on the payment profiles of sales over a period of 36 months before 30 June 2024 and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company has identified the Gross Domestic Product, unemployment, interest, and the inflation Index of the country in which it majorly sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

On that basis, the loss allowance as at 30 June 2024 and 30 June 2023 was determined as follows:

		Sales		
	Expected loss rate	Trade debts	Loss allowance	
	%	Rupe	ees	
At 30 June 2024				
Up to 30 days	0.00%	328,115,571	-	
30 to 180 days	19.41%	54,381,546	10,554,042	
181 to 360 days	58.56%	8,124,200	4,757,911	
Above 360 days	100.00%	2,279,640	2,279,640	
		392,900,957	17,591,593

Trade debts against which collateral is held	•	148,276,200	-	
		194,822,885	35,583,091	

#### (c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company manages liquidity risk by maintaining sufficient cash and bank balances and the availability of funding through an adequate amount of committed credit facilities. As 30 June 2024, the Company had Rupees 362.494 million (2023: Rupees 362.328 million) available borrowing limits from financial institutions and Rupees 352.417 million (2023: Rupees 239.412 million) cash and bank balances. Management believes the liquidity risk to be low. Following are the contractual maturities of financial liabilities, including interest payments. The amounts disclosed in the table are undiscounted cash flows:

Contractual maturities of financial liabilities as at 30 June 2024:

	Carrying amount	Contractual cash flows	6 months or less Rupees	6-12 months	1-2 years	More than 2 years
Non-derivative financial liabilities:			'			
Lease liabilities	647,317,717	1,103,759,110	126,409,995	88,707,146	167,213,004	721,428,965
Long term deposits	15,000,000	15,000,000	-	-	-	15,000,000
Trade and other payables	2,031,891,360	2,031,891,360	2,031,891,360	-	-	-

#### **50. CAPITAL RISK MANAGEMENT**

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares. Consistent with others in the industry, and the requirements of the lenders, the Company monitors the capital structure on the basis of gearing ratio. This ratio is calculated as borrowings divided by total capital employed. Borrowings represent lease liabilities and short term borrowings obtained by the Company as referred to in note 6 and note 10 to the financial statements. Total capital employed includes 'total equity' as shown in the statement of financial position plus 'borrowings'.

		2024	2023
Borrowings	Rupees	1,857,644,704	2,007,426,520

#### 52. UTILIZATION OF THE PROCEEDS OF THE INITIAL PUBLIC OFFER (IPO)

During the year ended 30 June 2016, the Company made an Initial Public Offer (IPO) through issue of 29,001,000 ordinary shares of Rupees 10 each at a price of Rupees 62.50 per share determined through book building process. Out of the total issue of 29,001,000 ordinary shares, 21,750,500 shares were subscribed through book building by High Net Worth Individuals and Institutional Investors, while the remaining 7,250,500 ordinary shares were subscribed by the General Public and the shares were duly allotted on 18 February 2016. On 01 March 2016, Pakistan Stock Exchange Limited approved the Company's application for formal listing of ordinary shares and trading of shares started on 03 March 2016.

Till 30 June 2017, the Company utilized the proceeds of the initial public offer of 29,001,000 ordinary shares for the purposes mentioned under heading 5.5 'Expansion Plan' in prospectus dated 28 December 2015, as per the following detail:

### NOTES TO THE FINANCIAL STATEMENTS

IPO proceeds (A)	1,812,562,500		
Amount un-utilized (A – B)	997,362,916		

As stated in the prospectus dated 28 December 2015, the Company planned to offer state of the art retail outlets across Pakistan with multitude of unique services and also planned to install additional filling lines at the blending plant of its subsidiary. The plan of the year 2015-16 covered 37 grand outlets openings in 11 major cities of Pakistan including Lahore, Gujranwala, Sialkot, Faisalabad, Multan, Islamabad, Rawalpindi, Karachi and Hyderabad. Over a period of 5 years, the Company planned to open 75 retail outlets (including 67 rented) across 16 major cities of Pakistan. As per quarterly progress report number 06 dated 14 July 2017, the Company informed all stakeholders the progress on implementation of project: Expansion through retail outlet: 1 owned service center under regulatory approval and out of the 10 rented service centers, 1 is operational, 3 are approved and under construction, 3 are under regulatory approvals and 3 are under negotiations. Accurate, effective and timely implementation of the above plans of the Company became a big challenge for the Company due to expensive lands and properties at key locations in almost all the cities for express service centers. Hence, the Company planned for incorporation of express centers into its fuel stations to be established under the umbrella of Oil Marketing Company (OMC) Project of the Company. In this regard, the Company obtained a financial feasibility report from KPMG Taseer Hadi & Co., Chartered Accountants regarding investment in OMC Project. In view of successful fulfilment of initial mandatory requirements of Oil and Gas Regulatory Authority (OGRA) for setting up of an OMC and future prospects of OMC in current international scenario as prospected under financial feasibility report, the shareholders of the Company in their 9th Annual General Meeting held on 29 September 2017 approved diversion and utilization of un-utilized IPO funds from HTL Express Centers and wholly owned subsidiary company to OMC Project of the Company keeping in view overall growth of the Company and ultimate benefit to all shareholders and stakeholders of the Company.

The Project envisages setting up 360 retail outlets across Punjab, Sindh and Khyber Pakhtunkhwa Provinces of Pakistan. The fuel stations will offer full range of services such as general store, tyre shop and a car shop amongst others. To support sales, the Company plans to invest in building storage capacities of 25,735 metric tons (Mogas and HSD) across the country over a period of 7 years.

During the year ended 30 June 2017, OGRA granted license to the Company to establish an Oil Marketing Company (OMC), subject to some conditions. During the year ended 30 June 2018, with reference to OMC Project of the Company, Oil and Gas Regulatory Authority (OGRA) has granted permission to proceed to apply/acquire No Objection Certificates (NOCs) from concerned departments including District Coordination Officer (DCO) for setting up of upto 26 retail outlets in Punjab Province with instructions that retail sales through petrol pumps can only be started after completion of necessary Storage Infrastructure, 3rd Party Inspector Report confirming that storage/depot meets OGRA's notified Technical Standards and OGRA's approval.

During the year ended 30 June 2018, the Company completed its oil storage site at Sahiwal. The Company also purchased land in Nowshera for oil storage site under OMC Project.

On 31 May 2019, Oil and Gas Regulatory Authority (OGRA) granted permission to the Company to operate new oil storage facility at Sahiwal and marketing of petroleum products in the Province of Punjab. The Company signed agreements with various dealers for setting up petrol pumps under the OMC Project and also started construction of another storage site at Nowshera, Khyber Pakhtunkhwa.

During the year ended on 30 June 2020, the Company started its OMC operations and expediently worked on completion of its Nowshera oil storage. During the year ended 30 June 2021, Company has completed its oil storage at Nowshera. On 09 August 2021, OGRA acknowledged the satisfactory completion of Nowshera oil storage based on third party inspection report. During the year ended 30 June 2022, the Company has started work on new oil storage facility at Shikarpur. On 16 March 2023, OGRA has granted permission to the Company to operate new storage facility at Nowshehra and marketing of petroleum products in the province of Khyber Pakhtunkhwa. Currently, the Company has seven operational HTL Express Centers, four in Lahore, two in Karachi and one in Rawalpindi. Further, the Company has fifty five retail outlets operational for sale of petroleum products as on 30 June 2024. Detail of payments out of IPO proceeds during the year ended 30 June 2024 is as follows:

	Rupees
Un-utilized IPO proceeds as at 01 July 2023	395,898,356
Add: Profit on term deposit receipts	29,946,368
Add: Profit on bank deposits	2,258,005
Add: Dividend on investments in mutual funds	41,333,595
Add: Gain on disposal of investment in mutual fund	338,810
Add: Unrealised gain on investments in mutual funds	1,069,581
Less: Payments made relating to OMC Project	(241,564,271)
Less: Withholding tax on profit	(4,830,656)
Less: Withholding tax on dividend from mutual funds	(6,200,039)
Less: Withholding tax on disposal of mutual funds	(127,701)
Less: Bank charges	(6,142)
Un-utilized IPO proceeds as at 30 June 2024	218,115,906

#### 53. SEGMENT INFORMATION

The Company has two reportable segments. The following summary describes the operation in each of the Company's reportable segments:

Lubricants Purchase and sale of lubricants, parts and rendering of services.

Petroleum products Marketing and sale of petroleum products.

#### INDEPENDENT AUDITOR'S REPORT

To the members of Hi-Tech Lubricants Limited

#### **Opinion**

We have audited the annexed consolidated financial statements of Hi-Tech Lubricants Limited and its subsidiary (the Group), which comprise the consolidated statement of financial position as at 30 June 2024, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2024, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

Sr. No.	Key audit matters	How the matter was addressed in our audit
1	Revenue recognition	
	The Group recognized net revenue of Rupees 24,317.223 million for the year ended 30 June 2024.	Our procedures included, but were not limited to:
	We identified recognition of revenue as a key audit matter because revenue is one of the key performance indicators of the Group and gives rise to an inherent risk that revenue could be subject to misstatement to meet expectations or targets.	We obtained an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue.
	For further information on revenue, refer to the following:	We compared a sample of revenue transactions recorded during the year with sales orders, sales invoices, delivery documents and other relevant underlying documents.
	<ul> <li>Material accounting policy information, Revenue recognition note 2.21 to the consolidated financial statements.</li> <li>Net revenue from contracts with customers as shown on the face of consolidated statement of profit or loss.</li> </ul>	We compared a sample of revenue transactions recorded around the year-end with the sales orders, sales invoices, delivery documents and other relevant underlying documentation to assess if the related revenue was recorded in the appropriate accounting period.
		We tested the effectiveness of the Group's internal controls over the calculation and recognition of discounts.
		We assessed whether the accounting policies for revenue recognition complies with the requirements of IFRS 15 'Revenue from Contracts with Customers'.
		We also considered the appropriateness of disclosures in the consolidated financial statements.

#### Sr. No. Key audit matters

#### How the matter was addressed in our audit

#### Stock-in-trade existence and valuation

Stock-in-trade as at 30 June 2024 amounted to Rupees 3,239.996 million and represented a material position in the consolidated statement of financial position.

The business is characterized by high volume and the valuation and existence of stock-in-trade are significant to the business. Therefore, considered as one of the key audit matters.

Stock-in-trade is stated at lower of cost and net realizable value. Cost is determined as per material accounting policy disclosed in note 2.8.2 to the consolidated financial statements.

At year end, the valuation of stock-in-trade is reviewed by management and the cost of stock-in-trade is reduced where stock-in-trade is forecast to be sold below cost.

For further information on stock-in-trade, refer to the following:

- Material accounting policy information, Stock-in-trade note 2.8.2 to the consolidated financial statements.
- Stock-in-trade note 22 to the consolidated financial statements.

Our procedures over existence and valuation of stock-in-trade included, but were not limited to:

- To test the quantity of stock-in-trade at all locations, we assessed the corresponding stock-in-trade observation instructions and participated in stock-in-trade counts on sites. Based on samples, we performed test counts and compared the quantities counted by us with the results of the counts of the management.
- For a sample of stock-in-trade items, re-performed the weighted average cost calculation and compared the weighted average cost appearing on valuation sheets.
- We tested that the ageing report used by management correctly aged stock-in-trade items by agreeing a sample of aged stock-in-trade items to the last recorded invoice.
- On a sample basis, we tested the net realizable value of stockin-trade items to recent selling prices and re-performed the calculation of the stock-in-trade write down, if any.
- We assessed the percentage write down applied to older stock-in-trade with reference to historic stock-in-trade write downs and recoveries on slow moving stock-in-trade.
- In the context of our testing of the calculation, we analysed individual cost components and traced them back to the corresponding underlying documents. We furthermore challenged changes in unit costs.
- We also made inquires of management, including those outside of the finance function, and considered the results of our testing above to determine whether any specific write downs were required.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and
  perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our
  opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Atif Anjum.

#### 1. THE GROUP AND ITS OPERATIONS

The Group consists of:

#### **Holding Company**

Hi-Tech Lubricants Limited

#### **Subsidiary Company**

Hi-Tech Blending (Private) Limited

Hi-Tech Lubricants Limited ("the Holding Company") was incorporated under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. The registered office of the Holding Company is situated at 1-A, Danepur Road, GOR-1, Lahore. The principal activity of the Holding Company is to procure and distribute lubricants and petroleum products. During the year ended 30 June 2017, Oil and Gas Regulatory Authority (OGRA) granted license to the Holding Company to establish an Oil Marketing Company (OMC), subject to some conditions. On 31 May 2019, Oil and Gas Regulatory Authority (OGRA) has granted permission to the Holding Company to operate new storage facility at Sahiwal and marketing of petroleum products in the Province of Punjab. On 20 January 2020, the Holding Company has started marketing and sale of petroleum products. On 21 February 2020, OGRA has granted permission to the Holding Company to apply for No Objection Certificates (NOCs) from concerned departments to setup petrol pumps in Khyber Pakhtunkhwa Province. On 09 August 2021, OGRA has acknowledged the satisfactory completion of oil storage facility at Nowshera, Khyber Pakhtunkhwa. On 13 January 2022, OGRA has further extended / renewed the provisional license for setting up of an OMC upto 31 December 2023. On 16 March 2023, OGRA has granted permission to the Holding Company to operate new storage facility at Nowshelra and marketing of petroleum products in the province of Khyber Pakhtunkhwa. On 21 December 2023, OGRA has further extended / renewed the provisional license for setting up of an OMC upto 31 December 2025.

#### 1.2 Hi-Tech Blending (Private) Limited

Hi-Tech Blending (Private) Limited ("the Subsidiary Company") was incorporated in Pakistan as a private company limited by shares on 13 March 2014 under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The principal activity of the Subsidiary Company is to construct, own and operate lubricating oil blending plant and manufacturing and sale of plastic products. The registered office of the Subsidiary Company is situated at 1-A, Danepur Road, GOR-1, Lahore. The Subsidiary Company is a wholly owned subsidiary of Hi-Tech Lubricants Limited.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The material accounting policy information applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

#### 2.1 Basis of preparation

#### a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### b) Accounting convention

These consolidated financial statements have been prepared under the historical cost convention except as otherwise stated in the respective accounting policies.

#### c) Critical accounting estimates and judgments

The preparation of consolidated financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the consolidated financial statements or where judgments were exercised in application of accounting policies are as follows:

#### **Income Tax**

In making the estimates for income tax and levy currently payable by the Group, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past. Instances where the Group's view differs from the view taken by the income tax department at the assessment stage and where the Group considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

For the year ended 30 June 2024

#### Useful lives, pattern of economic benefits and impairment

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Group. Further, the Group reviews the value of the assets for possible impairments on an annual basis. If such indication exist assets recoverable amount is estimated in order to determine the extent of impairment loss, if any. Any change in the estimates in the future might affect the carrying amount of respective item of operating fixed assets, with a corresponding effect on the depreciation charge and impairment.

#### **Inventories**

Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made on each reporting date on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines.

#### Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

#### Revenue from contracts with customers involving sale of goods

When recognizing revenue in relation to the sale of goods to customers, the key performance obligation of the Group is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

#### **Provisions**

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the consolidated statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

#### **Classification of investments**

The management of the Group determines the appropriate classification of its investments at the time of purchase or increase in holding and classifies its investments in accordance with IFRS 9 "Financial Instruments".

#### **Contingencies**

The Group reviews the status of all pending litigations and claims against the Group. Based on the judgment and the advice of the legal advisors for the estimated financial outcome, appropriate disclosure or provision is made. The actual outcome of these litigations and claims can have an effect on the carrying amounts of the liabilities recognized at the consolidated statement of financial position date.

#### Revaluation of freehold land and investment property

Fair values of freehold land and investment property are determined by independent valuer engaged by the Group. The key assumptions used to determine the fair values of freehold land and investment property are complex in nature. Further, determining adjustments for any differences in nature, location and condition of freehold land and investment property involves significant judgment. The effect of any changes in fair values are considered as estimate and are accounted for on a prospective basis.

#### d) Amendments to published approved accounting standards that are effective in current year and are relevant to the Group

Following amendments to published approved accounting standards are mandatory for the Group's accounting periods beginning on or after 01 July 2023:

- Disclosure of Accounting Policies (Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 'Making Materiality Judgement').
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12 'Income Taxes').
- Change in definition of Accounting Estimate (Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors').
- Amendments to IAS 12 'Income Taxes' International Tax Reform Pillar Two Model Rules.

The above-mentioned amendments to approved accounting standards did not have any impact on the amounts recognised in prior period and are not expected to significantly affect the current or future periods.

#### e) Amendments to published approved accounting standards that are effective in current year but not relevant to the Group

There are amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2023 but are considered not to be relevant or do not have any significant impact on the Group's financial statements and are therefore not detailed in these financial statements.

#### f) Amendments to published approved accounting standards that are not yet effective but relevant to the Group

Following amendments to existing standards have been published and are mandatory for the Group's accounting periods beginning on or after 01 July 2024 or later periods:

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 01 January 2024. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

On 31 October 2022, the IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments are effective for reporting periods beginning on or after 01 January 2024.

On 22 September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The amendments are effective for annual periods beginning on or after 01 January 2024.

On 25 May 2023, the IASB issued 'Suppliers Finance Arrangements (Amendments to IAS 7 and IFRS 7)' to add disclosure requirements, and 'signposts' within existing disclosure requirements, that ask entities to provide qualitative and quantitative information about supplier finance arrangement. The amendments are effective for reporting period beginning on or after 01 January 2024.

Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures' (deferred indefinitely) to clarify the treatment of the sale or contribution of assets from an investor to its associates or joint venture, as follows: require full recognition in the investor's financial statements of gains and losses arising on the sale or contribution of assets that constitute a business (as defined in IFRS 3 'Business Combinations'); require the partial recognition of gains and losses where the assets do not constitute a business, i.e. a gain or loss is recognized only to the extent of the unrelated investors' interests in that associate or joint venture. These requirements apply regardless of the legal form of the transaction, e.g. whether the sale or contribution of assets occur by an investor transferring shares in a subsidiary that holds the assets (resulting in loss of control of the subsidiary), or by the direct sale of the assets themselves.

Lack of Exchangeability (Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates'). The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not. The amendments are effective for annual reporting periods beginning on or after 01 January 2025.

IFRS 18 'Presentation and Disclosure in Financial Statements' (effective for annual periods beginning on or after 01 January 2027) with a focus on updates to the statement of profit or loss. The objective of IFRS 18 is to set out requirements for the presentation and disclosure of information in general purpose financial statements to help ensure they provide relevant information that faithfully represents an entity's assets, liabilities, equity, income and expenses. The key new concepts introduced in IFRS 18 relate to: the structure of the statement of profit or loss; required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, management-defined performance measures); and enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general. IFRS 18 will replace IAS 1; many of the other existing principles in IAS 1 are retained, with limited changes. IFRS 18 will not impact the recognition or measurement of items in the financial statements, but it might change what an entity reports as its 'operating profit or loss'.

The above amendments and improvements are likely to have no significant impact on the financial statements.

For the year ended 30 June 2024

#### g) Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Group

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2024 but are considered not to be relevant or do not have any significant impact on the consolidated financial statements and are therefore not detailed in these consolidated financial statements.

#### 2.2 Consolidation

#### **Subsidiary**

Subsidiary is an entity over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiary is fully consolidated from the date on which control is transferred to the Group. It is deconsolidated from the date that control ceases.

The assets and liabilities of Subsidiary Company have been consolidated on a line by line basis and carrying value of investment held by the Holding Company is eliminated against Holding Company's share in paid up capital of the Subsidiary Company.

Intragroup balances, transactions and unrealized gains on transactions between Group companies have been eliminated.

#### 2.3 Fixed assets

Operating fixed assets except freehold land and capital work-in-progress are stated at cost less accumulated depreciation and accumulated impairment losses (if any). Cost of operating fixed assets consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable costs of bringing the asset to working condition. Freehold land is stated at revalued amount less any identified impairment loss. Capital work-in-progress are stated at cost less any recognized impairment loss. All expenditure connected with specific assets incurred during installation and construction periods are carried under capital work-in-progress. These are transferred to operating fixed assets as and when these are available for use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to profit and loss account during the period in which they are incurred.

Increases in the carrying amounts arising on revaluation of freehold land are recognized, in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognized in the statement of profit or loss, the increase is first recognized in the statement of profit or loss. Decreases that reverse previous increase of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to the statement of profit or loss.

#### **Depreciation**

Depreciation is charged to consolidated statement of profit or loss by applying the reducing balance method whereby cost of an asset is written off over its estimated useful life at the rates given in Note 15.1. Depreciation on additions is charged for the full month in which the asset is available for use and on deletion up to the month immediately preceding the deletion.

Useful life of assets is reviewed at each financial year end and if expectations differ from previous estimates the change is accounted for as change in accounting estimate in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

#### De-recognition

An item of operating fixed asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

#### 2.4 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditures relating to their implementation and customization. After initial recognition, an intangible asset is carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized from the month when these assets are available for use, using the straight line method, whereby the cost of the intangible asset is amortized over its estimated useful life over which economic benefits are expected to flow to the Group. The useful life and amortization method are reviewed and adjusted, if appropriate, at each reporting date.

#### 2.5 Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost less accumulated depreciation and accumulated impairment losses (if any). Cost comprises of the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Group expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Group has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

#### 2.6 Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to consolidated statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

#### 2.7 Foreign currency transactions and translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the reporting date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are charged or credited to consolidated statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined.

#### 2.8 Inventories

#### **2.8.1** Stores

Useable stores are valued principally at moving average cost, while items considered obsolete are carried at Nil value. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon.

#### 2.8.2 Stock-in-trade

Stock-in-trade, except for stock-in-transit, is stated at lower of weighted average cost and estimated net realizable value. Cost comprises of invoice value, charges like custom duties and similar levies and other direct costs.

Cost of raw material, work-in-process and finished goods are determined as follows:

- (i) For raw material: Weighted average basis
- (ii) For work-in-process and finished goods: Average manufacturing cost including a portion of production overheads.

Finished goods purchased for resale are stated at the lower of cost, determined using weighted average cost method, and net realizable value. Cost of finished goods purchased for resale comprises of invoice value, charges like custom duties and similar levies and other direct costs.

Stock in transit is valued at cost comprising invoice value plus other charges incurred thereon.

For the year ended 30 June 2024

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

#### 2.9 Investments and other financial assets

#### a) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

#### b) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### **Debt instruments**

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

#### **Amortized cost**

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the consolidated statement of profit or loss.

#### Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in other income / (other expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income / (other expenses) and impairment losses are presented as separate line item in the consolidated statement of profit or loss.

#### Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCl are measured at FVTPL. A gain or loss on a debt instrument that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income / (other expenses) in the period in which it arises.

#### **Equity instruments**

The Group subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

#### Fair value through other comprehensive income (FVTOCI)

Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

#### Fair value through profit or loss

Changes in the fair value of equity investments at fair value through profit or loss are recognised in other income / (other expenses) in the consolidated statement of profit or loss as applicable.

Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

#### 2.10 Financial Liabilities - classification and measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in consolidated statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

#### 2.11 Impairment of financial assets

The Group recognizes loss allowances for Expected Credit Losses (ECLs) on:

- Financial assets measured at amortized cost;
- Debt investments measured at FVTOCI; and
- Contract assets.

The Group measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Debt securities that are determined to have low credit risk at the reporting date; and
- Other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

The Group has elected to measure loss allowances for trade debts using IFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking

For the year ended 30 June 2024

factors specific to the debtors and the economic environment. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment including forward-looking information.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt securities at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

#### 2.12 De-recognition of financial assets and financial liabilities

#### a) Financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Group is recognized as a separate asset or liability.

#### b) Financial liabilities

The Group derecognizes a financial liability (or a part of financial liability) from its consolidated statement of financial position when the obligation specified in the contract is discharged or cancelled or expires.

#### 2.13 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each consolidated statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which assets carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. Reversals of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if impairment losses had not been recognized. An impairment loss or reversal of impairment loss is recognized in the consolidated statement of profit or loss.

#### 2.14 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

#### 2.15 Provisions

A provision is recognized when the Group has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

#### 2.16 Taxation

#### 2.16.1 **Current**

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. Final taxes levied under the Income Tax Ordinance, 2001 and any excess over the amount designated as provision for current tax are charged as levy in consolidated statement of profit or loss. The charge for current tax and levy also includes adjustments, where considered necessary, to provision for tax and levy made in previous years arising from assessments framed during the year for such years. Previously, component representing levy was included in the provision for current tax and was not separately charged in consolidated statement of profit or loss. This change in accounting policy has been applied retrospectively in accordance with the provisions of IAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" and resulted in following reclassification of corresponding figures:

Reclassified from	Reclassified to	30 June 2023
		Rupees
Consolidated statement of profit or loss:		
Taxation	Levy	73,357,435
Consolidated statement of financial position:		
Provision for taxation	Levy payable	83,537,154
Advance income tax	Prepaid levy	5,390,534

Had there been no change in the above referred accounting policy, amount of levy Rupees 128.674 million, prepaid levy 6.376 million and levy payable Rupees 128.674 million would have been presented as taxation expense, advance income tax and provision for taxation respectively in these consolidated financial statements for the year ended 30 June 2024. This change in accounting policy has no impact on earnings per share of the Group. Furthermore, the third consolidated statement of financial position has not been presented as at the beginning of the preceding period as the retrospective application does not have an effect on the information in the consolidated statement of financial position at the beginning of the preceding period.

#### **Deferred**

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the consolidated statement of profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case the tax is also recognized in other comprehensive income or directly in equity, respectively.

#### **Group taxation adjustments**

Current and deferred taxes based on the consolidated results of the Group (under Section 59AA of the Income Tax Ordinance, 2001) are allocated within the Group on the basis of separate return method, modified for determining realizability of tax credits and tax losses which are assessed at Group level. Any adjustments in the current and deferred taxes of the Company on account of group taxation are credited or charged to consolidated statement of profit or loss in the year in which they arise.

For the year ended 30 June 2024

#### 2.17 Borrowings

Financing and borrowings are initially recognized at fair value of the consideration received, net of transaction costs. They are subsequently measured at amortized cost using the effective interest method.

#### 2.18 Borrowing costs

Borrowing costs are recognized as expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of cost of that asset.

#### 2.19 Trade and other receivables

Trade debts are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

#### 2.20 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value, which is normally the transaction cost and subsequently measured at amortized cost using the effective interest method.

#### 2.21 Revenue recognition

#### (a) Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

#### (b) Interest

Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

#### (c) Dividend

Dividend on equity investments is recognized when right to receive the dividend is established.

#### (d) Rental income

The Group earns rental income on some of its property leased out. Rental income is recognized on accrual basis over the period of lease agreement as per the requirements of IFRS 16.

#### 2.22 Contract assets

Contract assets arise when the Group performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due. Contract assets are treated as financial assets for impairment purposes.

#### 2.23 Customer acquisition costs

Customer acquisition costs are capitalised as an asset where such costs are incremental to obtaining a contract with a customer and are expected to be recovered. Customer acquisition costs are amortised on a straight-line basis over the term of the contract.

Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained or which are not otherwise recoverable from a customer are expensed as incurred to profit or loss. Incremental costs of obtaining a contract where the contract term is less than one year is immediately expensed to profit or loss.

#### 2.24 Customer fulfilment costs

Customer fulfilment costs are capitalised as an asset when all the following are met: (i) the costs relate directly to the contract or specifically identifiable proposed contract; (ii) the costs generate or enhance resources of the Group that will be used to satisfy future performance obligations; and (iii) the costs are expected to be recovered. Customer fulfilment costs are amortised on a straight-line basis over the term of the contract.

#### 2.25 Right of return assets

Right of return assets represents the right to recover inventory sold to customers and is based on an estimate of customers who may exercise their right to return the goods and claim a refund. Such rights are measured at the value at which the inventory was previously carried prior to sale, less expected recovery costs and any impairment.

#### 2.26 Contract liabilities

Contract liability is the obligation of the Group to transfer goods to a customer for which the Group has received consideration from the customer. If a customer pays consideration before the Group transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Group performs its performance obligations under the contract.

#### 2.27 Refund liabilities

Refund liabilities are recognised where the Group receives consideration from a customer and expects to refund some, or all, of that consideration to the customer. A refund liability is measured at the amount of consideration received or receivable for which the Group does not expect to be entitled and is updated at the end of each reporting period for changes in circumstances. Historical data is used across product lines to estimate such returns at the time of sale based on an expected value methodology.

#### 2.28 Contingent assets

Contingent liability is disclosed when the Group has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of the outflow can be reliably estimated, a provision is recognized in the consolidated financial statements.

#### 2.29 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the purchase of fixed assets are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets.

#### 2.30 Segment reporting

Segment reporting is based on the operating (business) segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief executive officer to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the chief executive officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those incomes, expenses, assets, liabilities and other balances which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated.

For the year ended 30 June 2024

The Group has following reportable business segments:

- Lubricants (Purchase, blend, package and sale of lubricants, parts and rendering of services).
- Petroleum products (Marketing and sale of petroleum products).
- Polymer (Manufacturing and sale of plastic bottles).

#### 2.31 Contingent liabilities

Contingent liability is disclosed when the Company has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of the outflow can be reliably estimated, a provision is recognized in the financial statements.

#### 2.32 Non-current assets (or disposal groups) held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. They are stated at the lower of carrying amount and fair value less costs to sell.

#### 3 SUMMARY OF OTHER ACCOUNTING POLICIES

#### 3.1 Investment property

Land held for capital appreciation or to earn rental income is classified as investment property. Investment property is carried at fair value. Changes in fair value are presented in consolidated statement of profit or loss as part of other income.

Independent valuations are performed periodically, the carrying amounts are reviewed against there valuations and adjustments are made where there are material changes. Increases in the carrying amounts arising on revaluation of investment property are recognised, in the consolidated statement of profit or loss.

#### 3.2 Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates (the functional currency). The consolidated financial statements are presented in Pak Rupees, which is the Group's functional and presentation currency. Figures are rounded off to the nearest Pak Rupees.

#### 3.3 Employee benefits

The Group operates contributory provident fund schemes covering all regular employees. Equal monthly contributions are made both by the employees and the employers to the funds at the rate of 10% of basic salary of employees. The Group's contributions to the funds are charged to consolidated statement of profit or loss.

#### 3.4 Offsetting of financial instruments

Financial assets and financial liabilities are set off and the net amount is reported in the consolidated financial statements when there is a legal enforceable right to set off and the Group intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

#### 3.5 Ijarah contracts

Under the Ijarah contracts the Group obtains usufruct of an asset for an agreed period for an agreed consideration. The Group accounts for its Ijarah contracts in accordance with the requirements of IFAS 2 'Ijarah'. Accordingly, the Group as a Mustaj'ir (lessee) in the Ijarah contract recognises the Ujrah (lease) payments as an expense in the profit or loss on straight line basis over the Ijarah term.

#### 3.6 Contingent assets

Contingent assets are disclosed when the Group has a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent assets are not recognized until their realization becomes certain.

#### 3.7 Dividend and other appropriations

Dividend distribution to the shareholders is recognized as a liability in the consolidated financial statements in the period in which the dividends are declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

#### 3.8 Earnings per share

The Group presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Holding Company by the weighted average number of ordinary shares outstanding during the year.

#### 3.9 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax.

#### 4. ISSUED, SUBSCRIBED AND PAID-UP SHARE CAPITAL

2024	2023		2024	2023
(Number	of shares)		Rupees	Rupees
41,002,000	41,002,000	Ordinary shares of Rupees 10 each		
		fully paid-up in cash	410,020,000	410,020,000

9.3.1 'The State Bank of Pakistan (SBP), through its Circular No. 01 of 2020 dated 17 March 2020 introduced a Temporary Economic Refinance Facility (TERF) for setting of new industrial units. The refinance was available through Banks / DFIs. One of the key feature of the refinance facility was that borrowers could obtain loan at mark-up rates that are below normal lending rates. As per International Accounting Standard (IAS) 20 'Accounting for Government Grants and Disclosure of Government Assistance', the benefit of a Government loan at a below-market rate of interest is treated as a Government Grant. The Subsidiary Company has obtained this loan as disclosed in note 6 to the consolidated financial statements. In accordance with IFRS 9 'Financial Instruments' loan obtained under the refinance facility was initially recognized at fair value which is the present value of loan proceeds received, discounted using prevailing market rates of interest for a similar instrument. Hence, the benefit of the below-market rate of interest has been measured as the difference between the initial carrying value of the loan determined in accordance with IFRS 9 and the proceeds received. This benefit is accounted for and presented as deferred grant in accordance with IAS 20. The grant is being amortized in the consolidated statement of profit or loss, in line with the recognition of interest expense the grant is compensating.

For the year ended 30 June 2024

### 14. CONTINGENCIES AND COMMITMENTS

### 14.1 Contingencies

- 14.1.1 Deputy Commissioner Inland Revenue (DCIR) passed an order under section 122(1) and 122(5A) of the Income Tax Ordinance, 2001 for tax year 2013 whereby a demand of Rupees 83.595 million has been raised against the Holding Company. On 26 October 2018, the Holding Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] against the order of DCIR. CIR(A) vide order dated 18 December 2018 upheld some of the additions made by DCIR and also directed the DCIR to give opportunity of hearing to the Holding Company in one of the said matters. Being aggrieved by the order of CIR(A), the Holding Company filed appeal before the Appellate Tribunal Inland Revenue (ATIR) on 19 May 2021. ATIR decided the case in favour of the Holding Company. The tax authorities have filed an income tax reference before Honourable Lahore High Court, Lahore against the order of the ATIR which is pending for adjudication. No provision against the case has been made in these consolidated financial statements, as the management, based on the advice of the legal counsel, is confident of favorable outcome of litigation.
- **14.1.2** During the year ended 30 June 2018, assessment under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2014 was finalized by the Deputy Commissioner Inland Revenue (DCIR) creating a demand of Rupees 18.207 million against the Holding Company. Being aggrieved, the Holding Company filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] on 14 November 2017 who decided the case in favor of the Holding Company and reduced the total demand to Rupees 0.191 million. However,

For the year ended 30 June 2024

the department filed an appeal against the order of CIR(A) before the Appellate Tribunal Inland Revenue (ATIR) on 31 March 2018. On 09 April 2024, ATIR granted partial relief to the Holding Company and confirmed demand of Rupees 0.563 million. Further, ATIR remanded back the issue relating to default surcharge to assessing officer for fresh calculation. No remand back proceedings have been initiated by the department yet. No provision has been recognized in these consolidated financial statements, as the management, based on advice of the tax advisor, is confident of favorable outcome of the matter.

- 14.1.3 Deputy Commissioner Inland Revenue (DCIR) passed an assessment order on 28 November 2018 under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2015 whereby a demand of Rupees 22.358 million has been raised against the Holding Company. On 21 December 2018, the Holding Company filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] against the order of DCIR. CIR(A) accepted the Holding Company's stance on certain issues assailed in appeal and reduced the aggregate demand to Rupees 10.735 million. Being aggrieved by the order of CIR(A), the Holding Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) which is pending adjudication. No provision against this demand has been recognized in these consolidated financial statements, as the management, based on advice of the tax advisor, is confident of favorable outcome of the matter.
- 14.1.4 On 27 June 2022, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2016 whereby a demand of Rupees 5.467 million including default surcharge has been raised against the Holding Company on account of non / short deduction of withholding tax in respect of certain payments. The Holding Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] against the order of DCIR. On 17 November 2022, CIR(A) decided the appeal in favor of the Holding Company. On 12 January 2023, the tax department has filed appeal before the Appellate Tribunal Inland Revenue (ATIR) against the order passed by CIR(A) which is pending adjudication. No provision against this demand has been recognized in these consolidated financial statements, as the management, based on advice of the tax advisor, is confident of favorable outcome of the matter.
- 14.1.5 On 24 March 2022, the Deputy Commissioner Inland Revenue (DCIR) has issued an amended assessment order under section 122(1) of the Income Tax Ordinance, 2001 for the tax year 2018 creating a demand of Rupees 1,115.673 million on account of various issues against the Holding Company. Against the aforesaid order, the Holding Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 19 April 2022. On 29 August 2022, CIR(A) vacated the entire tax demand. However, in respect of various issues, the matter has been remanded back to the department for fresh consideration. Against the order of CIR(A), the Holding Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR), which is pending for hearing. The management, based on the advice of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.
- 14.1.6 On 26 February 2022, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 177 and section 122(1) of the Income Tax Ordinance, 2001 for the tax year 2019 whereby a demand of Rupees 843.451 million has been raised against the Holding Company on various issues. Against the order of DCIR, the Holding Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 22 March 2022. On 16 May 2022, CIR(A) vacated the tax demand. However, in respect of certain issues, the case has been remanded back to assessing officer for fresh consideration. On 13 July 2022, the tax authorities have filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the order of CIR(A) which is pending adjudication. The management, based on the advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.
- 14.1.7 During the year ended 30 June 2020, Deputy Commissioner Inland Revenue (DCIR) issued a notice to recover an amount of Rupees 21.124 million against super tax for the tax year 2019 under section 4B of the Income Tax Ordinance, 2001 against the Holding Company. The Holding Company through its tax advisor submitted its reply that liability on account of super tax did not arise for subject year. However, on 29 September 2021, DCIR confirmed the matter and re-issued an order to recover Rupees 21.124 million against super tax for the tax year 2019 under section 4B of the Income Tax Ordinance, 2001. Against the aforesaid order, the Holding Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)]. On 25 February 2022, CIR(A) remanded back the case to department for fresh consideration. However, these remand back proceedings have not been initiated yet. The management, based on advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.
- 14.1.8 On 28 February 2022, Deputy Commissioner Inland Revenue (DCIR) issued an order for tax periods from July 2016 to June 2017 creating a demand of Rupees 1,353.135 million alongwith penalty and default surcharge on various issues under relevant provisions of the Sales Tax Act, 1990 against the Holding Company. Against the aforesaid order, the Holding Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 22 March 2022. On 27 May 2022, CIR(A) provided partial relief to the Holding Company. However, sales tax default in respect of certain issues was upheld by CIR(A). Being aggrieved with the order of CIR(A), the Holding Company and tax department filed appeals before Appellate Tribunal Inland Revenue (ATIR). On 07 December 2022, ATIR accepted the Holding Company's stance in respect of all matters except for imposition of penalty and default surcharge relating to late filing of sales tax returns and late payment of

due sales tax liability. However, appeal filed by the tax department is yet to be heard. The management, based on advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.

- 14.1.9 On 15 March 2022, Deputy Commissioner Inland Revenue (DCIR) issued an order for tax periods from July 2018 to June 2019 creating a demand of Rupees 901.257 million alongwith penalty and default surcharge on various issues under relevant provisions of the Sales Tax Act, 1990 against the Holding Company. Against the aforesaid order, the Holding Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 11 April 2022. On 31 May 2022, CIR(A) provided partial relief to the Holding Company. However, sales tax default in respect of certain issues was upheld by CIR(A). Being aggrieved with the order of CIR(A), the Holding Company and tax department filed appeals before Appellate Tribunal Inland Revenue (ATIR). On 07 December 2022, ATIR accepted the Holding Company's stance in respect of all matters except for imposition of penalty and default surcharge relating to late filing of sales tax returns and late payment of due sales tax liability. However, appeal filed by the tax department is yet to be heard. The management, based on advise of the tax advisor, is confident of favourable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.
- 14.1.10 On 30 May 2023, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2017 whereby a demand of Rupees 22.545 million including default surcharge has been raised against the Holding Company on account of non / short deduction of withholding tax in respect of certain payments. On 25 June 2023, the Holding Company filed an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)]. On 01 January 2024, CIR(A) granted partial relief to the Holding Company and accepted the Holding Company's stance in respect of certain matters. Further, CIR(A) remanded back certain matters to assessing officer for verification of Holding Company's position. However, the department has not yet initiated the remand back proceedings. The management, based on advise of tax advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.
- 14.1.11 On 06 February 2019, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 4B of the Income Tax Ordinance, 2001 for the tax year 2018 whereby a demand of Rupees 29.323 million was raised against the Holding Company. Being aggrieved with the order, the Holding Company preferred an appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] on 04 March 2019. On 16 May 2019, CIR(A) upheld the order of DCIR. Being aggrieved with the order of CIR(A), the Holding Company filed an appeal before Appellate Tribunal Inland Revenue (ATIR) on 29 May 2019. On 17 April 2024, ATIR passed an order and upheld the decision of CIR(A). Being aggrieved with the order, the Holding Company is in the process of filing Income Tax Reference before Lahore High Court, Lahore. The management, based on advise of legal advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.
- 14.1.12 On 01 March 2024, Deputy Commissioner Inland Revenue (DCIR) passed an assessment order under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2020 to recover an amount of Rupees 43.575 million in respect of withholding tax default along with default surcharge of Rupees 19.168 million against the Holding Company. The Holding Company filed an application before Commissioner Inland Revenue (CIR) on the grounds that the order was passed without considering the documents / records submitted by the Holding Company. On 07 March 2024, CIR set aside the order of DCIR and remanded back the case to assessing officer. The remand back proceedings hasve not been initiated yet. The management, based on advise of tax advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these Consolidated financial statements.
- 14.1.13 On 18 March 2024, Deputy Commissioner Inland Revenue (DCIR) passes an order under section 11 of the Sales Tax Act, 1990 for tax periods from July 2018 to June 2019 creating a demand of Rupees 405.983 million along with default surcharge and penalty on the issue of difference between value of closing stocks as per Holding Company's financial statements and the amount adopted in sales tax declaration. Against the aforesaid order, the Holding Company preferred an appeal before Commissioner Inland Revenue (Appeal) [CIR(A)] which is pending for hearing. The management, based on advice of the tax advisor, is confident of favorable outcome of the matter. Therefore, no provision has been recognized in these consolidated financial statements.
- 14.1.14 During the year ended 30 June 2022, Additional Commissioner Inland Revenue (ACIR) issued amended assessment orders against the Subsidiary Company under section 122(5A) of the Income Tax Ordinance, 2001 for the tax years 2017, 2018, 2019, 2020 and 2021 raising demands aggregating to Rupees 533.277 million on various issues. Against the aforesaid orders, the Subsidiary Company preferred appeals before Commissioner Inland Revenue (Appeals) [CIR(A)] on 15 October 2021, 06 January 2022, 21 February 2022, 15 March 2022 and on 16 June 2022 respectively. On 04 November 2021, CIR(A) passed an order whereby the order of ACIR was annulled in respect of all matters relating to tax year 2017 except in the matters of Workers' Profit Participation Fund (WPPF) which was remanded back to ACIR for consideration in view of judgement passed by Honorable Lahore Court, Lahore. Remand back proceedings by ACIR have not been initiated against the Subsidiary Company. During the year ended 30 June 2023, CIR (A) decided most of the matters in favour of the Subsidiary Company, while remanded back the case on certain matters to ACIR for tax years 2018, 2019, 2020 and 2021 to the tune of Rupees 290.311 million. Further, demand in respect of donation amounting to Rupees 1 million for tax year 2021 was confirmed which was duly

provided for in these consolidated financial statements for the year ended 30 June 2023. However, remand back proceedings have not been initiated against the Subsidiary Company. Against the orders of CIR(A), the department has filed appeals before Appellate Tribunal Inland Revenue (ATIR) on 20 October 2022 for the tax year 2018 and on 12 October 2022 for the tax year 2019 and 2020 which are pending adjudication. Based on the opinion of tax advisor, the management has strong grounds to believe that the cases will be decided in favor of the Subsidiary Company. Therefore, no provision has been made in these consolidated financial statements.

- 14.1.15 On 04 February 2022, Deputy Commissioner Inland Revenue (DCIR) passed an order under section 11 of the Sales Tax Act, 1990 for the tax periods November 2019 and March 2020 creating a demand of Rupees 2.046 million on account of disallowance of input sales tax on building materials alongwith default surcharge and penalty against the Subsidiary Company. The Subsidiary Company filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] on 02 March 2022 against the order of DCIR. CIR(A) through its order dated 31 May 2022 upheld the decision of DCIR. Being aggrieved with the order of CIR(A), the Subsidiary Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) 08 June 2022 who vide its order dated 17 November 2022 decided the case against the Subsidiary Company. However, the Subsidiary Company filed a rectification application against the aforesaid decision of ATIR on account of Subsidiary Company's name wrongly mentioned in the decision alongwith challenging the grounds of decision addressed by ATIR. On 15 June 2023, ATIR accepted the Subsidiary Company's stance in rectification application and also directed to re-start the proceedings afresh. However, the proceedings against the Subsidiary Company have not been started yet. The management, based on the advice of its legal counsel, has strong grounds to believe that the case will be decided in favor of the Subsidiary Company. Therefore, no provision has been made in these consolidated financial statements.
- **14.1.16** The Subsidiary Company has filed application to Federal Board of Revenue ("the Board") to condone the time limits for issuance of adjustment orders on account of advance payment amounting to Rupees 4.092 million in excess of sales tax liability for tax period August 2016 and excess payment amounting to Rupees 2.422 million due to rectification of sales tax liability for tax periods June 2017 and September 2017. The Subsidiary Company's stance is verifiable from the record of tax department. Based on the advice of the tax advisor, the management expects favorable outcome of the matter. Hence, no provision has been made in these consolidated financial statements.
- **14.1.17** The Subsidiary Company identified certain sales tax invoices relating to tax period July 2021 wherein the Subsidiary Company has duly discharged the liabilities in respect of input sales tax at the time of imports amounting to Rupees 10.086 million. However, the same input sales tax has not been adjusted against the output sales tax of the respective tax period due to the tax department's system mal-functioning. The Subsidiary Company filed application to the department to condone the time limits regarding the above explained matter as the Subsidiary Company's stance is verifiable from the department's record. On 12 July 2024, subsequent to the reporting period, the Board has condoned the time limit to adjust the aforementioned input sales tax amounting to Rupees 10.086 million.
- 14.1.18 On 18 September 2023, Deputy Commissioner Inland Revenue (DCIR) passed an order under section 11 of the Sales Tax Act, 1990 for the tax periods July 2017 to June 2018 creating a demand of Rupees 80.602 million on account of various issues under relevant provisions of the Act. Being aggrieved with the order, the Subsidiary Company preferred an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] on 12 October 2023. CIR(A) through its order dated 25 April 2024 granted partial relief to the Subsidiary Company whereas defualt surcharge on various issues was upheld. Being aggrieved with the order of CIR(A), the Subsidiary Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) on 15 May 2024 except for defualt surcharge in respect of short declaration of taxable supplies amounting to Rupees 0.110 million. Subsidiary Company's appeal before ATIR has not been taken up for hearing yet. The management, based on the advice of tax advisor, has strong grounds to believe that the case will be decided in favor of the Subsidiary Company. Therefore, no provision has been made in these consolidated financial statements.
- **14.1.19** Corporate guarantees of Rupees 2,967.5 million (2023: Rupees 2,967.5 million) have been given by the Holding Company to the banks in respect of financing to Subsidiary Company.
- **14.1.20** Guarantees of Rupees 123 million (2023: Rupees 123 million) are given by the bank of the Group to Director Excise and Taxation, Karachi against disputed amount of infrastructure cess.
- **14.1.21** Guarantees of Rupees 66.314 million (2023: Rupees 66 million) are given by the bank of the Group to Chairman, Punjab Revenue Authority, Lahore against disputed amount of infrastructure cess.
- **14.1.22** Guarantees of Rupees 17.700 million (2023: Rupees 17.700 million) and Rupees 2.25 million (2023: Rupees 2.25 million) are given by the banks of the Group to Total Parco Pakistan Limited and Pakistan State Oil Company Limited respectively against fuel cards obtained by the Group for its employees.

The above assets are not in possession of the Group as these have been provided to dealers of retail outlets and operators of HTL Express Centres to facilitate them to promote and sell Group's products.

15.1.6 This includes apartment amounting to Rupees 25.976 million in Grand Hayatt (the "Project") at 1-Constitution Avenue, Islamabad. On 29 July 2016, Capital Development Authority (CDA) cancelled the leased deed of BNP (Private) Limited on the grounds of violating the terms and conditions of the said lease and sealed the Project. Against the alleged order, BNP (Private) Limited filed a writ petition before the Honorable Islamabad High Court ("IHC") challenging the cancellation of said lease. IHC dismissed the writ petition of BNP (Private) Limited. However, the honorable judge of IHC ruled that it is a duty of the Federal Government to ensure that the purchasers do not suffer due to Government's own wrongful actions and omissions, particularly when the regulatory failure of the CDA stands admitted. The Holding Company and others filed appeals against the aforesaid judgment of IHC before Honorable Supreme Court of Pakistan. On 09 January 2019, Honorable Supreme Court of Pakistan has passed order whereby the Court has ordered BNP (Private) Limited to pay Rupees 17.5 billion in eight years to CDA to revive the original lease together with all approvals and permissions already granted. The Court has further ordered that BNP (Private) Limited shall complete the entire project within a reasonable time. CDA and BNP (Private) Limited have filed review petitions against the order of the Supreme Court of Pakistan which are still pending for review. Supreme Court of Pakistan referred the matter to the Public Accounts Committee (PAC) and asked them to submit its recommendation on the subject matter. During the year ended 30 June 2021, PAC endorsed the amount of Rupees 17.5 billion to be paid to CDA in six years for the revival of lease and de-sealing of the Project in accordance with the settlement held between CDA and BNP (Private) Limited. On 06 January 2021, on the directives of PAC and payment of first installment of settlement amount by BNP (Private) Limited, CDA de-sealed the Project. Pursuant to the settlement of the matter as stated above and de-sealing of the Project, BNP (Private) Limited and the Holding Company started negotiations to finalize the terms and conditions of "Undertaking and Indemnity Agreement" to take the possession of the apartment. However, in March 2023, CDA has cancelled the lease deed of BNP (Private) Limited once again due to non-payment of due installment of settlement amount of Rupees 17.5 billion and taken the possession of the Project. BNP (Private) Limited filed petition before IHC against the cancellation of lease deed by CDA who decided the case against BNP (Private) Limited. Subsequently, BNP (Private) Limited filed petition before Supreme Court of Pakistan who also dismissed the petition and upheld the decisions of the Apex courts. On 15 April 2024, CDA handed over the possession of the apartment to the Holding Company. However, BNP (Private) Limited has again started litigation against CDA in IHC.

For the year ended 30 June 2024

For the year ended 30 June 2024

#### 48. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

#### (i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these consolidated financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements at 30 June 2024	Level 1	Level 2	Level 3	Total
		Rup	oees	
Financial assets				
Financial assets at fair value through profit or loss	222,717,061	-	-	222,717,061
Recurring fair value measurements at 30 June 2023	Level 1	Level 2	Level 3	Total
		Rup	oees	
Financial assets				
Financial assets at fair value through profit or loss	222.582.946	-	_	222.582.946

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer in and out of level 3 measurements.

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

**Level 1:** The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

# (ii) Valuation techniques used to determine fair values

Specific valuation technique used to value financial instruments is the use of quoted market prices on Pakistan Stock Exchange and for funds, Net Asset Value (NAV) of respective Asset Management Company.

# 49. SEGMENT INFORMATION

The Group has two reportable segments. The following summary describes the operation in each of the Group's reportable segments:

Lubricants Purchase and sale of lubricants, parts and rendering of services.

Petroleum products Marketing and sale of petroleum products.
Polymer Manufacturing and sale of plastic bottles

- **49.2** All of the sales of the Group relates to customers in Pakistan.
- **49.3** All non-current assets of the Group as at the reporting dates are located in Pakistan.

For the year ended 30 June 2024

#### 50. FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

#### (i) Fair value hierarchy

Judgments and estimates are made in determining the fair value of non-financial assets that are recognized and measured at fair value in these consolidated financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its non-financial assets into the following three levels.

Level 1	Level 2	Level 3	Total
	Rupe	es	
-	2,810,521,750	-	2,810,521,750
Level 1	Level 2	Level 3	Total
	Rupee	es	
-	2,795,341,250	-	2,795,341,250
-	135,000,000	-	135,000,000
·	2,930,341,250		2,930,341,250
	-	Ruped - 2,810,521,750  Level 1 Level 2  Ruped - 2,795,341,250 - 135,000,000	Rupees  - 2,810,521,750 -  Level 1 Level 2 Level 3  Rupees  - 2,795,341,250 -  - 135,000,000 -

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

#### (ii) Valuation techniques used to determine level 2 fair values

The Group obtains independent valuations for its freehold land (classified as fixed assets) at least annually. At the end of reporting period, the management of the Group updates the assessment of the fair value of property, taking into account the most recent independent valuations. The management determines a property's value within a range of reasonable fair value estimate. The best evidence of fair value is current prices in an active market for similar lands.

#### **Valuation processes**

The Group engages external, independent and qualified valuers to determine the fair value of the Group's freehold land at the end of every financial year. As at 30 June 2024, the fair value of the freehold land has been determined by M/s Unicorn International Surveyors, an independent valuer.

Changes in fair values are analyzed at each reporting date during the annual valuation process between the Chief Financial Officer and the valuer. As part of this discussion the team presents a report that explains the reason for the fair value movements.

#### 51. FINANCIAL RISK MANAGEMENT

#### 51.1 Financial risk factors

The Group's activities exposes it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance.

Risk management is carried out by the Group's finance department. The Group's finance department has provided 'Risk Management Policy' covering specific areas such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity. All treasury related transactions are carried out within the parameters of this policy.

#### (a) Market risk

#### (i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies

278.80

287.10

The Group is exposed to currency risk arising from the United States Dollar (USD). As on reporting date, the Group's foreign exchange risk exposure is restricted to the amounts payable to a foreign entity. The Group's exposure to currency risk is as follows:

	2024	2023
	USD	USD
Trade and other payables	(4,280,741)	(2,150,309
	250,000	
	(4,030,741)	(2,150,30
The following significant exchange rates were applied during the year:	-	
	Rupees per U	S Dollar
Average rate	283.70	253.0

#### Sensitivity analysis

Reporting date rate

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD with all other variables held constant, the impact on Group's loss after taxation for the year would have been Rupees 52.396 million (2023: Rupees 24.884 million) higher / lower, mainly as a result of exchange losses / gains on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. The sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

#### (ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Group is exposed to equity securities price risk because of short term investments held by the Group and classified at fair value through profit or loss. The Group is not exposed to commodity price risk since it does not hold any financial instruments based on commodity prices.

#### Sensitivity analysis

The table below summarizes the impact of increase / decrease in the Pakistan Stock Exchange (PSX) Index on the Group's loss after taxation for the year. The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Group's equity instruments moved according to the historical correlation with the index:

	Impact on Grou	Impact on Group's loss after taxation			
Index	2024	2023			
	Rupees	Rupees			
PSX 100 (5% increase)	(411,39	5) (204,262)			
PSX 100 (5% decrease)	411,39	204,262			

#### (iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group has no long term interest bearing asset. The Group's interest rate risk arises from bank balances on saving accounts, long term financing, lease liabilities and short term borrowings. Financial instruments at variable rates expose the Group to cash flow interest rate risk. Financial instruments, if any, at fixed rate expose the Group to fair value interest rate risk.

For the year ended 30 June 2024

At the reporting date, the interest rate profile of the Group's interest bearing financial instruments was as follows:

	2024	2023
	Rupees	Rupees
Fixed rate instruments		
Financial assets		
Term deposit receipt	-	175,000,000
Financial liabilities		
Long term financing	483,351,502	510,150,056
Lease liabilities	548,397,202	467,952,255
Floating rate instruments		
Financial assets		
Bank balances - saving accounts	48,549,022	7,873,89
Financial liabilities		
Long term financing	101,666,668	122,000,000
Lease liabilities	94,995,311	194,265,248
Short term borrowings	2,064,242,674	2,406,866,98
	2,260,904,653	2,723,132,233

# Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Group.

# Cash flow sensitivity analysis for variable rate instruments

If interest rates at the reporting date, fluctuates by 1% higher / lower with all other variables held constant, Group's loss after taxation for the year would have been Rupees 21.841 million (2023: Rupees 26.610 million) higher / lower mainly as a result of higher / lower interest expense on lease liabilities, short term borrowings and bank balances. This analysis is prepared assuming the amounts of assets and liabilities outstanding at reporting dates were outstanding for the whole year.

#### (b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2024	2023
	Rupees	Rupees
Long term security deposits	18,960,950	18,933,950
Long term loans to employees	2,985,102	3,919,266
Short term deposits	7,637,880	2,449,880
Trade debts	1,101,435,544	233,969,194
Loans and advances	99,294,782	138,844,712
Other receivables	100,674,993	20,865,707
Accrued interest	186,102	7,032,985
Short term investments	222,717,061	222,582,946
Bank balances	410,064,460	253,077,013
	1,963,956,874	901,675,653

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counterparty default rate:

Due to the Group's business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Group. Accordingly the credit risk is minimal.

The Group applies the IFRS 9 simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all trade debts.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. These trade receivables are netted off with the collateral obtained from these customers to calculate the net exposure towards these customers.

The expected loss rates are based on the payment profiles of sales over a period of 36 months before 30 June 2024 and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Group has identified the Gross Domestic Product, unemployment, interest, and the inflation Index of the country in which it majorly sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

For the year ended 30 June 2024

On that basis, the loss allowance as at 30 June 2024 and 30 June 2023 was determined as follows:

		Sales				
	Expected loss rate	Trade debts	Loss allowance			
	%	Rupe	ees			
At 30 June 2024						
Up to 30 days	0.00%	386,686,494				
30 to 180 days	14.71%	71,969,290	10,585,420			
181 to 360 days	37.81%	14,267,422	5,394,79			
Above 360 days	100.00%	2,279,640	2,279,64			
		475,202,846	18,259,853

#### Liquidity risk (c)

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group manages liquidity risk by maintaining sufficient cash and bank balances and the availability of funding through an adequate amount of committed credit facilities. As 30 June 2024, the Group had Rupees 549.070 million (2023: Rupees 2,421.517 million) available borrowing limits from financial institutions and Rupees 411.312 million (2023: Rupees 255.078 million) cash and bank balances. Management believes the liquidity risk to be low. Following are the contractual maturities of financial liabilities, including interest payments. The amounts disclosed in the table are undiscounted cash flows:

Contractual maturities of financial liabilities as at 30 June 2024:

	Carrying amount	Contractual cash flows	6 months or less	6-12 months	1-2 years	More than 2 years
	amount	Gasii iluws	Rupees		yours	yours
Non-derivative financial liabilities:

#### 51.3 Offsetting financial assets and financial liabilities

As on reporting date, recongnized financial instruments are not subject to off setting as there are no enforceable master netting arrangements and similar agreements.

#### 52. CAPITAL RISK MANAGEMENT

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders or issue new shares. Consistent with others in the industry, and the requirements of the lenders, the Group monitors the capital structure on the basis of gearing ratio. This ratio is calculated as borrowings divided by total capital employed. Borrowings represent long term financing, lease liabilities and short term borrowings as referred to in note 6, 7 and 12 to the consolidated financial statements. Total capital employed includes 'total equity' as shown in the consolidated statement of financial position plus 'borrowings'.

		2024	2023
Borrowings	Rupees	2,837,802,878	3,350,362,802
Total equity	Rupees	5,921,511,929	6,043,708,024
Total capital employed	Rupees	8,759,314,807	9,394,070,826
Gearing ratio	Percentage	32.40%	35.66%

The increase in gearing ratio is mainly due to increase in short term borrowings.

#### 53. UNUTILIZED CREDIT FACILITIES

	Non-fu	ınded	Funded		
	2024	2023	2024	2023

# 54. UTILIZATION OF THE PROCEEDS OF THE INITIAL PUBLIC OFFER (IPO)

During the year ended 30 June 2016, the Holding Company made an Initial Public Offer (IPO) through issue of 29,001,000 ordinary shares of Rupees 10 each at a price of Rupees 62.50 per share determined through book building process. Out of the total issue of 29,001,000 ordinary shares, 21,750,500 shares were subscribed through book building by High Net Worth Individuals and Institutional Investors, while the remaining 7,250,500 ordinary shares were subscribed by the General Public and the shares were duly allotted on 18 February 2016. On 01 March 2016, Pakistan Stock Exchange Limited approved the Holding Company's application for formal listing of ordinary shares and trading of shares started on 03 March 2016.

Till 30 June 2017, the Holding Company utilized the proceeds of the initial public offer of 29,001,000 ordinary shares for the purposes mentioned under heading 5.5 'Expansion Plan' in prospectus dated 28 December 2015, as per the following detail:

Total	1,812,562,500	<b>B</b> 815,199,584	
IPO proceeds (A)	1,812,562,500		
Amount un-utilized (A – B)	997,362,916		

As stated in the prospectus dated 28 December 2015, the Holding Company planned to offer state of the art retail outlets across Pakistan with multitude of unique services and also planned to install additional filling lines at the blending plant of its Subsidiary Company. The plan of the year 2015-16 covered 37 grand outlets openings in 11 major cities of Pakistan including Lahore, Gujranwala, Sialkot, Faisalabad, Multan, Islamabad, Rawalpindi, Karachi and Hyderabad. Over a period of 5 years, the Holding Company planned to open 75 retail outlets (including 67 rented) across 16 major cities of Pakistan. As per quarterly progress report number 06 dated 14 July 2017, the Holding Company informed all stakeholders the progress on implementation of project: Expansion through retail outlet: 1 owned service center under regulatory approval and out of the 10 rented service centers, 1 is operational, 3 are approved and under construction, 3 are under regulatory approvals and 3 are under negotiations. Accurate, effective and timely implementation of the above plans of the Holding Company became a big challenge for the Holding Company due to expensive lands and properties at key locations in almost all the cities for express service centers. Hence, the Holding Company planned for incorporation of express centers into its fuel stations to be established under the umbrella of Oil Marketing Company (OMC) Project of the Holding Company. In this regard, the Holding Company obtained a financial feasibility report from KPMG Taseer Hadi & Co., Chartered Accountants regarding investment in OMC Project. In view of successful fulfillment of initial mandatory requirements of Oil and Gas Regulatory Authority (OGRA) for setting up of an OMC and future prospects of OMC in current international scenario as prospected under financial feasibility report, the shareholders of the Holding Company in their 9th Annual General Meeting held on 29 September 2017 approved diversion and utilization of un-utilized IPO funds from HTL express centers and wholly owned Subsidiary Company to OMC Project of the Holding Company keeping in view overall growth of the Holding Company and ultimate benefit to all shareholders and stakeholders of the Holding Company.

For the year ended 30 June 2024

The Project envisages setting up 360 retail outlets across Punjab, Sindh and Khyber Pakhtunkhwa Provinces of Pakistan. The fuel stations will offer full range of services such as general store, tyre shop and a car shop amongst others. To support sales, the Holding Company plans to invest in building storage capacities of 25,735 metric tons (Mogas and HSD) across the country over a period of 7 years.

During the year ended 30 June 2017, OGRA granted license to the Holding Company to establish an Oil Marketing Company (OMC), subject to some conditions. During the year ended 30 June 2018, with reference to OMC Project of the Holding Company, Oil and Gas Regulatory Authority (OGRA) has granted permission to proceed to apply/acquire No Objection Certificates (NOCs) from concerned departments including District Coordination Officer (DCO) for setting up of upto 26 retail outlets in Punjab Province with instructions that retail sales through petrol pumps can only be started after completion of necessary Storage Infrastructure, 3rd Party Inspector Report confirming that storage/ depot meets OGRA's notified Technical Standards and OGRA's approval.

During the year ended 30 June 2018, the Holding Company completed its oil storage site at Sahiwal. The Holding Company also purchased land in Nowshera for oil storage site under OMC project.

On 31 May 2019, Oil and Gas Regulatory Authority (OGRA) has granted permission to the Holding Company to operate new oil storage facility at Sahiwal and marketing of petroleum products in the Province of Punjab. The Holding Company has signed agreements with various dealers for setting up petrol pumps under the OMC project and also started construction of another storage site at Nowshera, Khyber Pakhtunkhwa.

During the year ended on 30 June 2020, the Holding Company started its OMC operations and expediently worked on completion of its Nowshera oil storage. During the year ended 30 June 2021, Holding Company has completed its oil storage at Nowshera. On 09 August 2021, OGRA acknowledged the satisfactory completion of Nowshera oil storage based on third party inspection report. During the year ended 30 June 2022, the Holding Company has started work on new oil storage facility at Shikarpur. On 16 March 2023, OGRA has granted permission to the Holding Company to operate new storage facility at Nowshehra and marketing of petroleum products in the province of Khyber Pakhtunkhwa. Currently, the Holding Company has seven operational HTL Express Centers, four in Lahore, two in Karachi and one in Rawalpindi. Further, the Holding Company has fifty five retail outlets operational for sale of petroleum products as on 30 June 2024. Detail of payments out of IPO proceeds during the year ended 30 June 2024 is as follows:

	Rupees
Un-utilized IPO proceeds as at 01 July 2023	395,898,356
Add: Profit on term deposit receipt	29,946,368
Add: Profit on bank deposits	2,258,005
Add: Dividend on investment in mutual funds	41,333,595
Add: Gain on disposal of investment in mutual fund	338,810
Add: Unrealised gain on investment in mutual funds	1,069,581
Less: Payments made relating to OMC Project	(241,564,271)
Less: Withholding tax on profit	(4,830,656)
Less: Withholding tax on dividend from mutual funds	(6,200,039)
Less: Withholding tax on disposal of mutual funds	(127,701)
Less: Bank charges	(6,142)
	218,115,906

The un-utilized proceeds of the public offer have been kept by the Holding Company in the shape of bank balances and mutual funds.

# 55. DATE OF AUTHORIZATION FOR ISSUE

These consolidated financial statements were authorized for issue on 20 September 2024 by the Board of Directors of the Holding Company.

# **56. CORRESPONDING FIGURES**

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, except for reclassification as disclosed in note 2.16 to these consolidated financial statements, no significant rearrangements / reclassification have been made.

# 57. GENERAL

Figures have been rounded off to the nearest Rupee, unless otherwise stated.

Chief Financial Officer

ہے، جس سے ہمارے اسٹیک ہولڈرز، بشمول ڈسٹری بچٹرز، اداروں، صارفیین، ملازیین، سپلائزز، اور جن کمیونٹیز کی ہم خدمت کرتے ہیں، کے ساتھ دیر پا تعلقات استوار کرنے میں ہماری مدد کرتے ہیں۔ اس عزم کے ذریعے، ہم اپنے کاروبار سے منسلک تمام لوگوں کے ساتھ طویل مدتی کا میابی اور اعتاد کوفروغ دینا عاضے ہیں۔

# خطرات كي مينجمنث

بورڈ، ابنی خطرات و پائیداری سیٹی کے تعاون سے، سیخی کے رسک مینجنٹ کی گرانی کا ذمہ دار ہے۔ خطرات و پائیداری کیٹی کلیدی اور ابھرتے ہوئے خطرات کی گرانی، انتظام اور ان میں تخفیف کرتے ہوئے بورڈ کی مددکرتی ہے، جبکہ بورڈ اور سینئرا نتظام یکو کمپنی کی خطرے کی جھوک، رواداری، اور حکمت عملی کے بارے میں مشورہ و بی ہے۔ بورڈ مختلف آپریشنل اور مالیاتی رپورٹس کے ذریعے رسک مینجنٹ اپ ڈیٹس اور خطرے میں کسی بھی اہم تبدیلی کا با قاعدگی سے جائزہ لیتا ہے، بشمول رسک اسیمنٹس اور اندرونی اور بیرونی آڈٹ درپورٹس۔ انتظام یہ کوموثر کنٹرول کو نافذ کرنے اور برقر ارر کھنے کا کام مونیا گیا ہے۔ بورڈ نے ان خطرات کی شافخت اوران سے خطنے کے لیے ایک مکمل خطرے کا جائزہ لیا ہے۔

# مستقبل كاتصوركرنا

مالیاتی استخکام، مالیاتی سخق، جغرافیائی سیاسی تناؤ، اورمسلسل بلندا فراط زر کے چیلنجوں کے باوجود، حکومت کے موثر پالیسی اقدام کی وجہ سے مالی سال ۲۰۲۳ء میں معیشت میں معمولی بحالی دیکھنے میں آئی ہے۔

پاکستان میکرواکنا کما استخکام کے راستے پر ثابت قدم ہے، پائیدار اور جائع ترتی کے دور کی طرف گامزن ہے۔ حکومت نے آئی ٹی، الیس ایم این، کانوں اور معدنیات، سیاحت، برآ مدات اور زراعت چیسے اعلی صلاحیت والے شعبول پر اپنی آوجہ نئے سرے ہے مرکوز کی ہے۔ معاشی سرگرمیاں بندرت جمہتری کا مظاہرہ کررہی ہیں، افراط زر کی شرح میں کی آرہی ہے، اور بیرونی عوال متحکم ہوگئے ہیں۔ آگے بڑھتے ہوئے، معیشت کے لیے سازگار بیرونی اور گھر بلوا قضادی امکانات کی توقع ہے۔ آئی ایم الیف کے ساتھ اسٹینڈ بائی اربیجنٹ، جس پر حکومت نے مالی سال ۲۰۲۰ ہے کہ آغاز میں و شخط کیے تھے، کامیا بی کے ساتھ مکمل بوگیا تھا کیونکہ یا کستان اب ایک و سیج استخکام اور گھر بلوتر تی کے پر وگرام کا منظر ہے۔

آخر میں، میں اس موقع پراپنے قابل قدر کسٹرز کاشکر بیادا کرتا ہوں کہ وہ ہم پر جو بھروسہ کرتے رہتے ہیں، انتظامیدی ٹیم اور ملاز مین کاان کی مخلصانہ کوششوں کے لیے، بورڈ آف ڈائر یکٹرز کاان کی رہنمائی کے لیے اور تمام اسٹیک ہولڈرز کامکسل تعاون کے لیے۔

> شوکت حسن چیئر مین

کریں گے۔

علم گاہ سکولز کسماندہ کمیونٹرز کو کمپیوٹر کی پیشہ ورانہ تربیت بھی فراہم کرتے ہیں۔کورسز میں کمپیوٹرز، مائیکروسافٹ آفس، انٹرنیٹ، C ++، اور گرا فک ڈیزائن کی بنیادی باتیں شامل ہیں۔نو بچر کمل ہوئے، جن میں ۱۰۰ سے ذیادہ افراد تربیت یافتہ ہیں، جن میں ۱۲۰۲۷ء میں ۷۷ شامل ہیں، مستقبل کے مواقع کے لیے ڈیجیٹل مہارتوں کو بڑھارہے ہیں۔

ہم پارکس اینڈ ہار پیکلچر اتھار ٹی (PHA) کے ساتھ اپنی شراکت داری کے ذریعے ماحولیاتی پائیداری کی بھی جمایت کرتے ہیں۔ ہم سبز جگہوں کو بڑھانے اور ماحولیاتی توازن کوفروغ دینے کے لیے پی انتخاب کے شجر کاری کے اقدامات کو فنڈ دیتے ہیں۔ ۲۰۲۷ء ہیں، ہم نے PHA کے ساتھ ۵۰۰۰ درخت لگائے، ایک سرسبز ماحول کوفروغ یا اورطویل مدتی یا ئیداری کے اہداف کی جمایت کی۔

ہم اپنے اسکول اور ہائی ٹیک بلینڈنگ سہولت دونوں جگہ سبزیوں کے باغات قائم کرکے ماحول دوست اقدامات کوفروغ دینے کے لیے پرعزم ہیں۔ یہ پروجیکٹس سکھنے کے مواقع فراہم کرتے ہیں جو ماحولیاتی بیداری کوفروغ دیتے ہیں اور طلباء اور عملے کے درمیان کیسال طور پر پائیدار طریقوں کوفروغ دیتے ہیں۔

صابرہ حمیدہ ٹرسٹ قواعد وضوابط کی کمل تعمیل میں کام کرتا ہے، اکم ٹیکس آرڈیننس مجربیہ اِف بڑے کے تحق فخر کے ساتھ تسلیم کرتا ہے، اور پاکستان سینٹر فارفان تقرابی سے ایکریڈیشن حاصل کرتا ہے۔ یہ پاکستان کے تعلیمی منظرنا مے کو بڑھانے اور سب کے لیے ایک روثن مستقبل بنانے کے لیے اس کے پختہ عزم کوفا ہر کرتا ہے۔

HTL بامعنی طریقوں سے کمیوٹی کو واپس دینے کے لیے پرعزم ہے۔ اسعزم کو واضح طور پر HTL بامعنی طریقوں سے کمیوٹی کو واضح کیا گیا ہے۔ مختلف خیراتی اداروں کو ۲۲۔ ۲۲ ملین اروپ، جوساجی ذمہ داری کے لیے ہماری غیر مترازل لگن کو ظاہر کرتا ہے۔ یہ ہم شراکت نہ صرف انسان دوتی اور کمیوٹی سپورٹ کی ہماری بنیا دی اقدار کی عکائی کرتی ہے بلکہ معاشرے میں شبت تبدیلی پیدا کرنے کے ہمارے بدف پرجھی زور دیتی ہے۔ ہمیں یقین ہے کہ ابنی کمیوٹی میں سرمایہ کاری کرے، ہم اس میں شامل ہرفر دکے لیے ایک روثر متعقبل کوفر وغ دینے میں مدوکر سکتے ہیں۔

# یا ئیداری، فلاح و بهبوداور حفاظت

HTL مختلف اقتصادی، ماحولیاتی، ساجی، اورگورننس (EESG) کے مسائل کوحل کر کے اپنے بنیادی کاروباری طریقوں میں پائیداری کوشم کرتا ہے۔ کمپنیٰ کا نقطہ نظر جامع ہے، جدت، آپریشنل کچک، اور اس کے ملاز مین، کمیوشیر اور سیار کے فلا کے وبہود پر توجہ مرکوز کرتا ہے۔

HTL ماحول کوصاف تقرار کھنے اور اس بات کو بیٹی بنانے پر زور دیتا ہے کہ ہر کوئی صحت مند اور محفوظ رہے۔ یکن رہے۔ بہم ایک کام کی جگہ اور کاروباری ترتیب بنانا چاہتے ہیں جواجھی کارکردگی کا مظاہرہ کرے، لیکن جمارے کارکودگی کا مظاہرہ کرے، لیکن جمارے کارکودگی کا مظاہرہ کرے، لیکن جمارے کارکودل کا مظاہرہ کرے بیان جمارے کی دیکھ بھال بھی کرے۔ ہم اپنے کام کے تمام حصوں میں چیزیں کرنے کے ماحول دوست طریقوں کا خیال رکھتے ہیں، ایسی مصنوعات بناتے ہیں جوآلود گی نہیں کرتے اور کم نقصان دہ گیسیں چھوڑتے ہیں۔ ہم اپنی ٹیم کی صحت اور تھاظت کو بھی اولین تشویش بناتے ہیں۔ ہم سخت تو اپنین نافذ کرتے ہیں اور اپنے لوگوں کو بی تیشین بنانے کے لیے تربیت دیتے رہتے ہیں کہا م کی جگہ محفوظ

اوران کی صحت کے لیے اچھی ہو۔ HTL میں، ہم جس چیز پریقین رکھتے ہیں وہ منتقبل کے ساتھ مطابقت رکھتا ہے جو قائم رہ سکتا ہے۔ ہم نے فطرت کی حفاظت اور اپنے ساتھ شامل ہر فر د کا خیال رکھنے کی پوری کوشش کی۔

# سميني كاوُ هانچية عمل اوراندروني كنثرول كانظام

HTL میں، ہم ایک قابل اور مضبوط کارپوریٹ گورنس سٹم کے قیام پرتو جہ مرکوز کرتے ہیں جس میں کمپنی کے مناسب انتظام کوشامل کیا گیا ہے اور جو پائیدار ترقی کو آگے بڑھانے کے لیے کمپنی کے اسٹر یجگ اہداف میں حصہ ڈالٹا ہے۔ بورڈ آف ڈائر کیکٹرز کمپنی کے نظم ونسق کی نگرانی کرنے اور گورننس کے اعلیٰ معیارات، اخلاقی طریقوں، اور ریگولیٹری فٹیمل کوشین بنانے میں مرکزی کردارادارکتا ہے۔

ہمار آنظیمی ڈھانچیموثر فیصلہ سازی، شفافیت اور ذمہ داری کوفروغ دینے کے لیے بنایا گیا ہے۔ بورڈپیشہ ور افراد کی ایک ہنر مند اور منتوع ٹیم پرمشتل ہے، ہرایک کمپنی کی حکمت عملی کے لیے جامع رہنمائی اور قیادت فراہم کرنے کے لیے اپنی منفر دمہارت کا حصہ ڈالتا ہے۔

بورڈ کومختلف کمیٹیوں کی مدوحاصل ہے، ہرایک کے پاس مخصوص شرائط میں جوان کے کاموں کی رہنمائی کرتی ہیں۔

HTL کے بورڈ نے ایک مضبوط اندرونی کنٹرول سٹم قائم کیا ہے جوکاروبار کے ملی کا موں اور متعلقہ قانونی دفعات کے ساتھ اس کی تغییل کو طل کرتا ہے۔ ہماری سپنی کا اندرونی کنٹرول سٹم کلیدی افعال کومر بوط کرتا ہے جو ہماری کمپنی کے اثاثوں کے تحفظ کے ساتھ ساتھ درست اور بروقت مالی اور آپریشٹل رپورٹس کی فراہمی میں خطرات کے مجموعی انتظام کے لیے تیار ہیں۔

مالی سال کی مدت کے لیے، بورڈ اور آ ڈٹ کمیٹی نے معمول کے مطابق کمپنی کے داخلی کنٹرول کے مختلف نظاموں کا جائزہ لیا۔ ان جائزوں میں دیگر احتیاطی تدابیر جیسے رسک مینجنٹ، کوڈ کی تغییل اور مالیاتی ر پورٹنگ کنٹرونز کی کارکردگی کی بیائش کرنے کی کوشش کی گئی تھی۔ اس کے علاوہ، تا ثیر اور جوابدہی کو بڑھانے نے لیے بیرونی آ ڈٹ اوراندرونی جائزے کیے گئے ہیں۔

# اخلاقی اقدار

HTL میں، ہمارے اعمال سالمیت، احترام، معیار اور ذمہ داری کی بنیادی اقد ارسے چلتے ہیں۔ بیاصول اس بات کی وضاحت کرتے ہیں کہ ہم کون ہیں اور اس تصویر کوتشکیل دیتے ہیں جے ہم برقر ارر کھنے کی کوشش کرتے ہیں۔ ہم اس بات کویقینی بنانے کے لیے پرعزم ہیں کہ ہرفیصلہ او عمل ان اقد ارکی عکاسی کرتا

# چير مين كا جائزه

# محترم اسثيك مولدرز

ہم ہائی ٹیک لبریکنٹس گروپ بشمول ہائی ٹیک لبریکنٹس لمیٹٹر اور اس کی مکمل ملکیتی فریلی ممپنی ہائی ٹیک بلینڈنگ (پرائیویٹ) لمیٹٹر میں آپ کے مسلسل تعاون اوراعتاد کی تہددل سے تعریف کرتے ہیں۔ ہم اپنے تمام اسٹیک ہولڈرز کے لیے قدر پیدا کرنے کے اپنے عزم کو پورا کرنے کے لیے وقف ہیں۔

مالی سال ۱۳۲۰ نے ، کی فیک لبر بھنٹس لمیٹٹر کے لیے اہم چیلنجز بیش کیے، کیونکہ جغرافیائی سیاسی تنازعات، بڑھتی ہوئی افراط زر، اور توانائی اور موسمیاتی بحرانوں کی وجہ سے عالمی اور مقامی عدم استحکام برقرار ہے۔ ان رکاوٹوں نے ہماری صنعت سمیت دنیا بھر کی معیشتوں کو متاثر کیا۔ ان مشکلات کے باوجود، ہماری سمپنی پائیدارتر تی اور آپریشنل فضیلت کے لیے اپنی وابسٹگی کو برقرار رکھتے ہوئے، ابھرتے ہوئے ملازر ہی۔

گروپ نے کے ۱۳ ملین روپے کا مجموعی خالص نقصان ریکارڈ کیا (۹۹۔ \* روپے فی حصص کے نقصان کے ساتھ ) یہ نتیجہ بنیادی طور پر چکنا کرنے والے سگھنٹ کے اندر فروخت کی لاگت بیس نمایاں اضافے کی وجہ ساتھ ) یہ نتیجہ بنیادی طور پر چکنا کرنے والے سگھنٹ کے اندر فروخت کی فروخت کے قبم بیس کی واقع ہوئی، جس کی بنیادی وجہ مارکیٹ کے کھلاڑیوں کے درمیان بڑے مقابلوں اور گزشتہ مالی سال کے دوران پاکستان کے آٹو مو بائل سیکٹر میں ہے۔ یہ کھلاڑیوں کے درمیان بڑے مقابلوں اور گزشتہ مالی سال کے دوران پاکستان کے آٹو مو بائل سیکٹر میں ہے۔ یہ کی درآمدی پابندیوں کی وجہ سے پیداوار اور فروخت میں ست روی، بلندا فراط زر کی وجہ سے تو ت ترید میں تھی، اور تخت مانیٹری پالیسی کی وجہ سے ہوئی ہے۔ انتظامیان پیچیدہ چیلنجوں سے بھر پورطریقے سے نہوں کی وجہ سے اور آگے بڑھتے ہوئے گروپ کے مالی استخام کو مضبوط بنانے کے سے بھر پورطریقے سے نمٹ رہی ہے اور آگے بڑھتے ہوئے گروپ کے مالی استخام کو مضبوط بنانے کے سے بھر پورطریقے سے نمٹ رہی ہے اور آگے بڑھتے ہوئے گروپ کے مالی استخام کو مضبوط بنانے کے لیم پرغرم ہے۔

شبت خبروں میں، ہم اس کے OMC اور پولیمر سیگنٹ کی سالانہ بیلز ر یو نیو میں بالتر تیب ۹۱ فیصد اور ۱۳۴ فیصد اضافہ حاصل کرنے میں کامیاب رہے۔ ان حصوں میں مزید ترقی کی توقع ہے۔ HTL ایکیپریس سینٹرزنے پچھلے سال کی سطح پریلز ریو نیوکو برقر اردکھا ہے۔

موجودہ معاثی حالات کے پیش نظر، HTL اپنے مارکیٹ آپریشنز کوہموار کررہا ہے اور میسرزایس کے ایمو و کمیں میں اسلام اور میسرزایس کے ایمو و کمین لمیٹڈ (پرنہل سپلائر اور طویل عوصے ٹرم پارٹنز) کے ساتھ غیر بلینڈ شدہ خام مال کی فراہمی کے لیے ایک معاہدے کے ذریعے در آمدی مصنوعات کی پوری رینج کومقا می بلینڈ نگ اور فلنگ میں منتقل کرنے کا مقصد ہے ۔ اس تبدیلی ہی جہیں ملک کے لیے بیتی زرمباولہ بچانے میں مددل رہی ہے جبکہ HTL کے غیر ملکی زرمباولہ بچانے میں مددل رہی ہے جبکہ کا مقصد ہے داس تیزی سے اہم ہوگئ ہے۔ یہ پینی کے لیے ایک اہم پیش رفت ہے اور ہم پاکستان میں اس معیشت میں تیزی سے اہم ہوگئ ہے۔ یہ پینی کے لیے ایک اہم پیش رفت ہے اور ہم پاکستان میں اس علی میں مددل رہی ہے جبو اس معیشت میں تیزی سے اہم ہوگئ ہے۔ یہ پینی کے لیے ایک اہم پیش رفت ہے اور ہم پاکستان میں اس عیشت میں تیزی سے اس کے طویل مدتی امکانات سے کافی حوصلہ افزائی کررہے ہیں۔

# پورڈ کی مجموعی کارکردگی

ل طد کمپینز (کو ڈ آف کار پوریٹ گورنس)ر یگولیشنز ،مجربیہ ۱۹۰<u>٪</u>ء میں بیان کردہ نقاضوں کے مطابق ، کمپنی نے بورڈ ،اس کے انفرادی ممبران ،اور کی کارکردگی کی سالا نہ جانچ کے لیے ایک باضابطہ ، جامع اورموژ داخلی

طریقہ کار قائم کیا ہے۔اس کی کمیٹیاں بیفریم ورک، جو بورڈ کی منظوری کے بعد قائم کیا گیا تھا، گورنس اور اسٹر پیٹک نگر انی میں مسلسل بہتری کویٹینی بنانے کے لیے کا میابی کے ساتھ نا فذکیا گیا ہے۔

مالی سال ۲۰۲۰ یاء کے دوران، پورڈ کی کارکردگی کو واضح طور پر بیان کردہ میٹر کس کے ایک سیٹ کے مقال سال ۲۰۲۰ یاء جس سے ایک سخت اور معروضی تشخیص کو بیتین بنایا گیا۔ یہ کلیدی کارکردگی کے اشارے (KPIs) بورڈ کے لیے ضروری شنجوں کی عکامی کرتے ہیں تا کہ پہنی کواس کے اسٹر بیجگ مقاصد کو حاصل کرنے اور قصص یا فتگان کے لیے طویل مدتی قدر کوآگے بڑھانے میں مؤثر طریقے سے مدد فراہم کی جاسکے تشخیص کے لئے استعال ہونے والے معیار میں شامل ہیں۔

- و رکنیت کی ساخت اور معیار
- . کمپنی کے کاروبار اور صنعت کے بارے میں کمیٹیوں کی تفہیم
  - اخلاقیات اور قعیل
  - . ملا قاتون كاانعقاد
  - مجموعی درجه بندی

مالی سال ۲۰۲۷ء کے مجموعی تشخیصی نتائج کی بنیاد پر، بورڈ، اس کے انفراد کی اراکین، اور کمیٹیوں نے تمام اہم شعبوں میں مضبوط کا رکر دگی کا مظاہرہ کیا ہے۔ حاصل کر دہ اوسط درجہ بندی اس بات کی عکاسی کرتی ہے کہ بورڈ مؤ مثر طریقے سے کام کر رہا ہے اور اعلیٰ سطح پر کام کرنا جاری رکھے ہوئے ہے، اسپنے تقیقی فرائض کی پخیل اور کمپنی کے سٹر پخیگ مقاصد کی جمایت کرتا ہے۔

سمپنی عالمی بہترین طریقوں سے ہم آ ہنگ ہونے کے لیے با قاعدہ جانچوں ،تر بیتی پروگراموں ،اور گورننس کے ٹل کو بہتر بنانے کے ذریعے بورڈ کی تاثیر کومسلس بڑھانے کے لیے پرعزم ہے۔

گورنس کے اعلیٰ معیار کو برقرار رکھتے ہوئے، بورڈ پائیدار ترتی، مؤثر رسک مینجنٹ، اور تمام اسٹیک ہولڈرز کے لیے طویل مدتی قدری تخلیق کے لیے اپنے عزم کوتفویت دیتا ہے۔

# كاربوريث ساجي ذمه داري

HTL مضبوطی سے قوم کی تعمیر کے لیے وقف ہے۔ یہ عزم ہمیں سوچ سمجھ کرا پسے علاقوں کا انتخاب کرنے پر مجبور کرتا ہے جہاں ہماری کوششیں معاشرے پر سب سے زیادہ ہامعنی اور مثبت اثر ڈال سکتی ہیں، اس بات کویقینی بناتے ہوئے کہ ہماری شراکتیں ان کمیو شیر کو حقیقی معنوں میں فائدہ پہنچاتی ہیں جن کی ہم خدمت کرتے ہیں۔

HTL کابورڈ آف ڈائر کیشرزاس وقت صابرہ حمیدہ ٹرسٹ کی دلی نیت کے ساتھ نگرانی کررہا ہے جس کے دوکیمیس والے ہمارے سکول" علم گاہ سکول سٹم" کے ذریعے تعلیم پر مثبت اثر ڈالنا ہے۔ اسکول کا نظام عام زندگیوں کو غیر معمولی زندگیوں میں تبدیل کرنے کے حتی مقصد کے ساتھ اعلیٰ معیار کی تعلیم فراہم کرکے کمیو ٹیر کو بااختیار بنانے کی کوشش کرتا ہے۔ ہمیں خوشی ہے کہ ۵۵۰ سے زیادہ طلباء کی ایک ترتی پذیر ہماعت ہے، جو ہمارے بہترین نصاب اور ۲۰۰۰ کی پرعزم تدریکی ٹیم سے مستفید ہورہے ہیں۔ پذیر ہماعت ہے، جو ہمارے بہترین نصاب اور ۲۰۰۰ کی پرعزم تدریکی ٹیم سے مستفید ہورہے ہیں۔ اس باتے میں اسکول کے قیام کے بعد سے ۲۰۰۰ سے زیادہ طلباء ۱۱ فیصد پاس ریٹ کے ساتھ گر بجو کیش کر چکے ہیں۔ ہم اپنے طلباء کے مستقبل کی تشکیل کے منتظر ہیں جب وہ ہمارے ساتھ اپنے تعلیمی سفر کا آغاز

بی ڈیپارشنٹ ادارے کے کمپیوٹنگ سسٹمز کوجد ید دورے عین مطابق ، دستیاب اور مؤثر رکھنے میں مدودیتا ہے۔ HTL کی انفار میشن ٹیکنا لو جی کی ٹیم بزنس پونٹس کو معانت فراہم کرتے ہوئے نیٹ ورک اور آپریننگ سسٹمز کے استعمال کے دوران معلومات کے تبادلے کے ضمن میں ، تحفظ کے اعلیٰ معیارات اور بہترین خدمات کی فراہمی کو بھینی بنایا ہے تا کہ اس سارے عمل کے دوران سخت ترین انفار مینش سکیورٹی پالسیبز بڑمل درآ مذمکن بنایا جا سکے۔

بیتمام مذکورہ نظام کاروبار کے ہرکلیدی شعبے (جیسے مالی، سپلائی چین، پرو کیورمنٹ، سپلز، ایج آر، مارکیننگ، اوا یم سی، ایچ ٹی ایل ایکسپریس) کے کاروباری امور کوبطریق احسن اور بلافظل چلانے میں بقینی معاونت فراہم کرتے ہیں علاوہ ازیں بیرنظام ملازمین اور بیرونی صارفین (جیسے ڈسٹری بیوٹرز، خدمات فراہم کرنے والے افراد/ ادارے اور کارباری شراکت داروں) کوجھی ضروری معاونت فراہم کرتا ہے۔

# کاروبارکو بلانغطل حاری رکھنے کے لیے منصوبہ بندی (BCP)

بورڈ اورا نظامید کی رائے میں اس کیپٹل سے حصصد ارارن کے بہترین مفادمیں خدشات کو بہترین طریقے سے تدوین کیا گیا ہے۔

# مستنقبل كامنظرنامه

موجودہ اقتصادی صور تحال، تباد لے کے خطرات کو مد نظر رکھتے ہوئے، کمپنی لاگت میں کی پرتو جہمر کوزکرتے ہوئے اپنی مارکیٹ کی پرتو جہمر کوزکرتے ہوئے اپنی مارکیٹ کی پوزیشن کو سختکم کررہی ہے اور اس طرح اس نے بلینڈنگ بلائٹ میں مقامی بلینڈنگ اور فلنگ میں اضافہ کیا ہے، کورین جوائنٹ وینچر پارٹمزز کی فعال جمایت کے ساتھ، کمپنی کی ۹۰ فیصد مصنوعات جدیدترین بلینڈنگ بلائٹ میں تیار کیا جائے گا۔ اس سے کمپنی کو اپنی مصنوعات کوزیادہ مسابقتی قیموں پر پیش کرنے میں بھی مدد ملے گی۔

اس کے ساتھ ساتھ ہم OMC سیگنٹ میں مزید فلنگ اسٹیشنوں کو منظم طریقے سے بڑھا کراپنے پاؤں کے نشانات میں اضافہ کررہے ہیں۔

ہمارا پولیمر طبقہ بھی اب مارکیٹوں میں زیادہ موجودگی رکھتا ہے اور انتہائی اطبینان بخش انداز میں صارفین کی خدمت کررہا ہے۔ پولیمرسیکنٹ کی پروڈ کٹ لائن اور کشمر میں مسلسل بھیل رہا ہے۔

ہمارے لبریکنٹس سیکھنٹ میں لاگت کی بچت کی کوششوں، OMC سیکھنٹ میں توسیع اور پولیمر سیکھنٹ آپریشنز میں بتدریج اضافے کے ساتھ، آپ پراعتاد حصص یافتیگان کو ایک ٹھویں مالیاتی ہیں ٹور فراہم کرنے کالقین رکھتے ہیں۔

# ہم انتظامی تبدیلیاں اور کاروباری ذمہ داریاں

ا ۱۳۰۰ جون ۲۰۲۴ء سے لے اب تک کمپنی میں کوئی اہم انتظامی تبدیلی نہیں کی گئی اور نہ ہی گروپ کمپنیوں میں کسی کمپنی کوئی اہم انتظامی تبدیلی نہیں کی گئی اور نہ ہی گروپ کمپنیوں میں کسینیوں میں کسینیوں میں کا قضادی صورت حال کا متاثر ہو ناممکن ہے، اس کے سوادیگر کا ذکر ۲۰۳ جو تحت ہونے والے معاثی سال کے لیے، کمپنی کے انتظام شدہ اور فیم انتظام شدہ معاثی گؤشواروں میں کر دیا گیا ہے۔

اللہ آڈیہ الشقیح کنندہ کی مرتبدر پورٹ میں کسی بھی سطح پر ایسی کوئی ترمیم نہیں کی گئی کہ جوگروپ کمپنی سے متعلق ہو۔

🖈 مذکورہ سال کے دوران گروپ کمپنیز کے ذمہ قرضہ جات کی مدیس کوئی بھی رقم واجب الا دانہیں۔

ان مالی گوشوارول کواکاؤنٹنگ اورر پورننگ سے متعلق پاکستان میں مروجہ معیارات کے عین مطابق تشکیل دیا گیا ہے۔ پاکستان میں مروجہا کاؤنٹنگ اورر پورٹنگ معیارات میں درج ذیل عناصر شامل ہیں۔ پہلے مین الاقوامی اکاؤنٹنگ شٹینڈرڈ بورڈ (آئی اے ایس بی) کی جانب سے جاری کئے گئے مین الاقوامی مالیاتی رپورٹنگ شٹینڈرڈ (آئی الف آرایس) جوکھینزا یکٹ، مجریہ کا ۲۰ ء کے تحت جاری شدہ ہیں۔ پہلے کمپنیزا یکٹ، مجریہ کا ۲۰ ء کے تحت دفعات اور ہدایات

🖈 جہال کمپنیزا کیٹ مجربیہ ۲۰۱۷ء کے تحت دفعات اور ہدایات اور آئی ایف آرایس کی شقوں میں تضاد

نظر آیا، وہاں کمپنیزا کیٹ مجربہ ۲۰۱۷ء کی دفعات اور ہدایات پڑٹل کیا گیا ہے۔ ﷺ کاروباری انضباط سے متعلق بہترین اقدامات (Best Corporate Governance) کو نظینی بناتے ہوئے، کسی بھی ایسے اہم امرے رواردانی نہیں کی گئی کہ جن کی تفصیل کسٹنگ ریگولیشنز اور لسٹڈ کمپنیز (کوڈآف کارپوریٹ گورنس) مجربہ ۲۰۱۹ء کے قواعد نامہ میں درج ہو۔

ار مینی کے قیام سے لے کراب تک (جو کہ گزشتہ ۲ سال کا عرصہ بنتا ہے) کا اہم بنیا دی انتظامی اور اقتصادی ڈیٹا میں اقتصادی ڈیٹا سال ندر پورٹ میں کی جگہ مہیا کر دیا گیاہے۔

🖈 ہرگروپ کمپنی کے مالی گوشواروں پر تنقیح کندگان کی جانب سے غیررتی/غیرمشر وط رائے درج کردی گئی ہے۔

# کوڈ آ ف کارپوریٹ گورننس یمل درآمد

اسٹر کمپنیز (کوڈ آف کارپوریٹ گورننس)ر گیولیشنز مجریہ ۲۰۱۹ء کی لازی شرائط کی با قاعدہ پابندی کی جاتی ہے اور اس سلسلے میں اشٹیٹنٹ آف کمپلا کنس مع اس پر ہیرونی آڈیٹرز کی جائزہ رپورٹ، سالاندرپورٹ کے ساتھ مذسلک ہے۔

#### تنقيع كنندگان

موجودہ تقیع کنندگان میسر ذریاض احمد اینڈ کمپنی، چارٹر ڈاکاؤنٹنٹس، ریٹائر ہوگئے ہیں اور انہوں نے خود کو دوبارہ تقرری کیلئے پیش کیا ہے۔ انہوں نے نصدیق کی ہے کہ وہ انٹی ٹیوٹ آف چارٹر ڈاکاؤنٹنٹس آف یا دوبارہ تقرری کیلئے پیش کیا ہے۔ انہوں نے نصدیق کی ہے کہ وہ انٹی کے حال ہیں جو ICAP کے اختیار کردہ کو ڈ آف استحکس آف انڈیشنل فیڈریشن آف اکاؤنٹنٹس (IFAC) کی رہنما ہدایات کے مطابق ہیں۔ آڈٹ کمپٹی کی تجویز کے مطابق، بورڈ آف ڈائریٹرز نے ان کو آئندہ ختم ہونے والے سال ۲۰۲۵ء کیلئے کمپنی کے مطابق، بورڈ آف ڈوئرری کی سفارش کی ہےجس کی فیس کا فعین یا ہمی رضامندی سے ہوگا۔

#### حصص كاطرز

مخصوص درجہ کے حصصد اران کی حصصد اری کا طرز برطابق • ساجون ۲۰۲۴ء جس کور پورٹنگ فریم ورک کے تحت ظاہر کرناضروری ہے، حصصد ارول کی معلومات کے ساتھ منسلک ہے۔

#### يور و کمیشال

بورڈ ابتدائی طور پررسک ملیجنٹ کا جائزہ اپنی کمیٹیوں کے ذریعہ کرتا ہے۔ آڈٹ کمیٹی فنانش، ریگولیٹری اور
کمپلائنس رسک پرتوجہ مرکوز کر کے شفا فیت اور احتساب عظم کوئیٹی بناتی ہے۔ کمپنی کی میٹنگ ہرسمائی
میں یا حسب ضرورت منعقد کی جاتی ہے۔ ہیؤس ریسورس اینڈ ریموزیشن کمیٹی اپنے شعبہ میں رسک کے
امکانات پرنظر رکھتی ہے جس میں معاوضے کے پروگرام کا جائزہ شامل ہے تا کہ اجتماعی رسک میں اضافہ نہ
ہونے کوئیٹینی بنایا جا سے۔ اس کے علاوہ کمپنی آپریشن کے ہراہم شعبہ میں اہل انسانی وسائل کی وستیابی کو
یقین بنانے کیلئے جائیٹین کی بلانگ کرتی ہے۔ خطرات و پائیداری کمپٹی تمام مادی کنٹرولز ( فنانش، آپریشنل
اور کمپلائنس) کی نگرانی کرتی ہے اور جائزہ گئی ہے نیز رسک کے خاتمے کیلئے بڑے اقدامات تیار کرتی
ہے اور مالیاتی معلومات کے خفط کا خیال رکھتی ہے۔ انویسٹمنٹ کمپٹی مجموعی انویسٹمنٹ پالیسیوں، حکمت عملی
اور ہر مادیکاری میں رسک منجونٹ کی تشکیل کی ذمہ دار ہے۔

# اندروني كنثرول كي مناسبيت

ڈائیر مکٹران اپنی گڈ گورنینس کی اقدار اور اندرونی کنٹرول کے کافی حد تک پابند ہیں۔ کمپنی کے پاس ڈیزائن میں اندرونی کنٹرول کامظوط نظام موجود ہے جو تمام افعال میں مضبوطی سے مر بوط ہے، موثر

# کاروباری مل کی کارکردگی

# بانی میک بلینڈنگ (یرائیویٹ) لمیٹڈ HTBL

HTBL آپ کی سینی کا مکمل ملکیتی ذیلی ادارہ ہے۔ HTBL نے اپنے پورٹ فولیو میں مسلس نئی مصنوعات شامل کی میں اور اپنی بلینڈنگ کی سہولیات کو بھی بڑھایا ہے۔ ہم اپنے درآ مدشدہ چکنا کرنے والے مادول کو HTBL میں بلینڈ کرنے کے لیے اور آخری صارفین کے لیے چکنا کرنے والے مادول کی قیمت کو کم کرنے اور مارکیڈنگ کے نئے مواقع پیدا کرنے کے لئے مزید مصوبہ بندی کررہے ہیں۔

جدید ترین بلینڈنگ پلانٹ، جو که نز و سندر انڈسٹریل اسٹیٹ، لاہور میں واقع ہے، نمایاں پیداواری صلاحیت کا حال ہے اوراس میں بلینڈنگ اورفلنگ آپریشنز کے لیے جدیدئینالو جی شامل ہے۔ HTBL اسہولت پر چکنا کرنے والوں کے لیے HDPL بقلیں اورکیس بھی تیار کرتا ہے۔

# يوليمرسيكمنك مين توسيع

پچھے مالی سال کے دوران ، ان گئی ایل نے اپنی کمل ملکیتی ذیلی کمپنی کے ذریعے ، پولیم سیکنٹ میں داخل ہو کر توع پیدا کرنے کے لیے ایک اہم اقدام اٹھایا۔ مالی سال ۱۹۳۴ کیا نے بیرونی کا آئٹس کے لیے پیداوار میں نمایاں بہتری کی نشان دہی کی ہے جو کہ ہمارے اسٹر پیٹل ترقی کے راستے پر ایک اہم سنگ میل ہے۔ یہ توسیع نہ صرف ہمارے پروڈ کٹ پورٹ فولیو کو مضبوط کرتی ہے بلکہ ہمارے صارفین اور شراکت داروں کے لیے حسب ضرورت ، قدر میں اضافہ اور پائیدار طل فراہم کرنے میں ہماری صلاحیت کو محمل طاہر کرتی ہے۔

اس کی وجہ رہے کہ جیسے جیسے ہم اس بڑھتے ہوئے شعبے میں اپنی موجود گی کو مضبوط اور گہرا کرتے ہیں، ہم خود کواعلی معیار کی پولیمر مصنوعات کی پیشکش کرنے کا عبد کرتے رہتے ہیں۔ ہم نئے تعاون اور اختر اعات کے مواقع کا مزید خیر مقدم کرتے ہیں جس کے متیعے میں صنعت کی مسلسل تر تی ہوگی۔

# انچ ٹی ایل ایکسپریس سینٹرز

HTL Express گاڑیوں کی دیکھ بھال کی صنعت میں غیر معمولی خدمات فراہم کرنے، انتہائی ہنر مند پیشہ ورا فرا اوکو ملازمت دینے، اور جدید ٹیکنالو جی کا استعمال کرتے ہوئے اپنی آپریشنل موجود گی کو مستقل طور پر وسیج کرنے کے لیے اپنی کوشٹوں کو جاری رکھے ہوئے ہے۔ ساا فرنچا کر ڈیل HTL یک پیر لیس سینٹر کے ساتھ اس وقت کام جاری ہے، کمپنی حفاظتی گاڑیوں کی دیکھ بھال کے شبعہ میں اپنی صارف بنیاد کو بڑھانے کے عزم کو برقرار رکھتی ہے۔ مربد برآس، اپنی ٹی ایل ایٹ فیول اسٹیشن (ڈیلر آپر بیٹر) قائم کرکے آؤٹ لیٹس کی تعداد بڑھار ہا ہے۔ اب تک، فیول سٹیشن ماڈل کے ساتھ فرنچا کڑ ماڈل کے انتہام کے نتیجے میں مارٹ کے ساتھ حاضافہ جاری رہے گا۔

# ا ﴿ أَي اللِّي اللَّهُ اللَّاللَّا الللَّهُ اللَّهُ اللَّهُ اللَّهُ اللَّهُ اللَّهُ اللَّهُ اللَّهُ اللَّهُ ال

اس وقت، کمپنی بنجاب میں ۵۵ ان گی ایل فیول اسٹیشن - ۴ اور صوبہ تیبر پختونخواہ (کے پی کے) میں ۱۵ کام کررہی ہے۔ دونوں صوبوں میں مزید فیول اسٹیشنر کے قیام کامنصوبہ ہے۔ اس توسیج کی وجہ سے کام کررہی ہے۔ دونوں صوبوں میں مزید فیول اسٹیشنر کے قیام کامنصوبہ ہے۔ اس توسیج کی وجہ سے OMC کی آمدنی میں ۱۹ فیصد اضافہ ہوا۔ بیا حتیاط سے منصوبہ بنداور احتیاط سے عمل میں لایا گیا توسیج OMC سیکٹر میں ہماری ترقی کی حکمت عملی میں ایک اہم سنگ میل ہے اور ہماری فرنچائز کے ذریعے توسیج شدہ صادفیمن کو قابل اعتباد خدمات بیش کرنے کے لیے کمپنی کے عزم کی عکاس ہے۔ اس سے نہ صرف OMC مارکیٹ میں ہماری زیادہ موجودگی کو تقویت لیے گی بلکہ دونوں صوبوں میں معاشی ترتی اور روزگار کے مواقع ہیدا کرنے میں بھی مدد لیے گی۔ ہمیں ہم بتاتے ہوئے خوشی ہورہ ی ہے کہ ہماری مصنوعات اور

خدمات کے معیار پرصارفین کا اعتمادا نتہائی آسلی بخش ہے۔ آ گے بڑھتے ہوئے ،ہمیں یقین ہے کہ بیشعبہ جمار چھھ یا فتھان کے لیےمنافع میں حصیدڈالےگا۔

# مائع وسائل كاانتظام (كيش مينجنث اوراسٹرينجُك فيصله سازي)

کیش مینجنٹ اور کیلویڈ یئی کنٹرول کمپنی کے اسٹر بیٹی فیصلہ سازی کے عمل کا بنیادی مرکز ہیں انتہائی ہنر مند مالیاتی بیشیکی ، مارکیٹنگ اور اندرونی آڈٹ پیشہ دورافراد کے ساتھ HTL نے موٹر مالیاتی ، معیار، مارکیٹنگ اور اندرونی آڈٹ کے نظام تیار کیے ہیں۔ وقتا فوقاً بجٹ اور پیشن گوئی کے کنٹرول کے ساتھ آپ کی انتظامیہ ملک کی موجودہ مشکل معاثی صورتحال کے دوران کمپنی کو کا میابی سے جلانے کی پوری کوشش کر رہی ہے۔ اس بہت زیادہ مالی لاگت کے دور میں ورکنگ کمپیٹل کی ضروریات کو احتیاط سے بیشن گوئی اور منظم کم بیاجا تا ہے۔

# کیپٹل کےاخراجات

منافع اوررسک مینجنٹ کے ذاویوں سے سرمائے کے اخراجات کا بغور جائزہ لیا جاتا ہے۔ اندرونی آڈٹ ڈپار شمنٹ اور آڈٹ کمیٹی منظور شدہ بجٹ پیرامیٹرز کے ساتھ بروقت پھیل کے لیے تمام سرمائے کے اخراجات کا جائزہ لیتی ہے۔ بورڈ کو یہ بتاتے ہوئے خوشی ہورہی ہے کہ ایسی کوئی مالی رکاوٹیس نہیں ہیں جو سمپنی کی طویل مدتی منصوبوں میں سرماییکاری کرنے کی صلاحیت میں رکاوٹ بن سکتی ہیں۔

# قومی خزانے میں ہماراحصہ

HTL گروپ نے مالی سال ختم شدہ جون ۱<mark>۳۰۴ ب</mark>ے میں سیلز اور اَئم ٹیکس کے ذریعے قومی خزانے میں ۱۹۸ سروپیکا حصیہ ڈالا ہے۔

# منافع كي تخصيص

مجموعی مانیٹری، مالیاتی اور افراط زر کے دباؤ کے پیش نظر، جس نے مالی سال ۱<u>۳۳۰ ب</u>رء کے لیے کمپنی کے مالیاتی نتائج کو بری طرح متاثر کیاہے، بورڈ آف ڈائر کیٹرز نے ۰ ۳ جون ۱<u>۳۰۰ بر</u> کوختم ہونے والے سال کے لیے کوئی ڈیویڈ نڈ استحقاق تجویز نہیں کیا ہے۔ جیسےہی مجموعی بنیادوں پرا کاؤنٹس میں فی حصص آمدنی میں بہتری آئے گی، بورڈ آف ڈائر کیٹرز کی مجمی ڈیویڈ نڈ استحقاق پرغور کریں گے۔

#### iP(انٹرز

# **TAHIR AZAM**

1951-2024

Founder & Director Hi-tech Lubricants Limited

He was a trail blazing business man, visionary leader and an irreplaceable mentor to many. His leadership and innovative spirit has left an indelible mark on the industry and the countless lives he touched with his kindness. We are committed to continue the values and principles he championed. His compassion and unwavering commitment to making the world a better place are a true testament to his remarkable character. His legacy will continue to inspire and guide us.

# **MUHAMMAD BASIT HASSAN**

1979-2017

**Executive Director Hi-tech Lubricants Limited** 

He was an inspiration for people around him, quick but well informed decision making, entrepreneurial vision, sheer hard work, quick wit and ability to inculcate team spirit is what defined his personality that led the company to new heights of success. His exceptional blend of corporate acumen and great human values made him into a leader not just well respected but genuinely loved

Departed but will never be forgotten.
